KITCHEN FURNISHING GOODS.

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

POEMS UNWRITTEN.

There are poems unwritten, and songs unsung,
Sweeter than any that ever were heard—
Poems that wait for an angel tongue,
Songs that but long for a Paradise bird.

Poems that ripple through lowliest lives—
Poems unnoted and hidden away
Down in the souls where the beautiful thrives,
Sweetly as flowers in the aire of the May.

Poems that only the angels above us,
Looking down from their eternal hearts, may behold,
Felt, though unseen, by the beings who love us,
Written on lives as in letters of gold.

Sing to my soul the sweet song that thou livest!
Read me the poem that never was penned—
The wonderful idyl of life that thou giv'st
Fresh from thy spirit, oh, beautiful friend.

—*Alfred Tennyson.*

A COURAGEOUS WITNESS.—Upon the trial of an American suit of divorce for drunkenness, one of the witnesses was asked wether he had spoken to any of the jury since the suit commenced. "Yes, sir, I spoke to Mr. H.——," pointing to a jurymman with a face as red as a beet. "What did you say to him?" Witness appeared reluctant to tell. The attorney insisted upon an answer. "Well," said the witness, "I told him that he had a pretty face to sit on a jury to decide whether a man was an habitual drunkard or not!"

On one occasion the Senior Stephenson accidentally met a gentleman and his wife at an inn in Derbyshire, whom he entertained for some time with shrewd observations and playful sallies. At length the lady requested to know the name of the remarkable stranger. "Why, madam," said he, "they used once to call me Geordie Stephenson; now I am called George Stephenson Esquire, of Tapton House, near Chesterfield. And further, let me say, that I have dined with princes, and peers, and commoners, with persons of all classes, from the highest to the humblest. I have made my dinner off a red herring at a hedge bottom, and gone through the meanest drudgery; I have seen mankind in all its phases, and the conclusion I have arrived at is, that if we'er all stripped, there's not much difference."

JOSEPH H. FOSTER

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next to the discovery of Vaccination or ether in surgery. Roots and plants, in themselves purgent and disagreeable, are by a new and scientific process of extraction, rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicines. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE, and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation Rubbers.

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are few elements in purgative medicines.

The hard and compact manner in which pills are prepared renders them indigestible—and when taken are passed through the system and bowels, half dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

Our fluid extract, containing Rubbers, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is equally diffused thru and throughout the whole circulation of the blood, imparting a healthy and vigorous action to the Stomach, Liver, Bowels, Kidneys, and gently stimulating dormant and torpid secretions through the whole system.

A single week will convince the sceptic and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for the period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check Neuralgic Affections, Rheumatism, Gout, Dropsy, and strengthening the blood, will remove the most fruitful

CAUSES OF CONSUMPTION.

It fortifies the various organs of the system to act their allotted parts among the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the Blood Root Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the secretions by its mild diffusive action. It is an effective and painless agent—has a decided, salutary action upon the Liver, and *there has been no medicine prepared for common family use which possesses equal merit.*

Travellers, both by sea and land, will find the Elixir a compact portable for the evils which they are obliged to meet from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the most valuable medicine ever discovered, and which has been in use over thirty years. He is a graduate of the New Hampshire Medical College, and many years afterwards matriculated at the Massachusetts Medical Society, and has made the study of medicine his profession since 1826.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 18 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 41 Hanover street, Boston. aug—3mo&d&w

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhœa, and is recommended in those cases of Whites, Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will send free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $3 per bottle or three bottles for $6.

Price—CHEROKEE INJECTION, $3 per bottle, or three bottles for $5.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall Stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a New style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a portable water Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of coal and ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers and inventors of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This difficulty is common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass through the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the dome can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the circulation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

HENRY WARD BEECHER'S INTERVIEW WITH THE KING OF BELGIUM.—Mr. Beecher gives the following account of an interview with the King of Belgium:

When I was in Ghent, at the request of the American Minister I consented, in the hopes of doing some good to our country, to call on the King of Belgium. It would not do for me to go without some preparation. As to borrowing a Court suit, I would not; but I did consent to get a white vest; and I did consent to get some white gloves; and I did consent to get a stiff hat. When I had got myself arranged for going to Court, in a manner unlike that to which I had been accustomed, I procured a splendid carriage, and started. As I rode through the streets, all the boys looked at me, and I felt very much like a fool going to court. And as I came to the king's residence, I thought the soldiers knew that I was dressed up for the first time in my life in such things, which was the fact. I did not know what to say to the servitors at the foot of the stairs, or to the servitors at the top of the stairs; but I made my way along somehow, and they conducted me through the hall, and whisked me at once before the King.

He is a venerable personage. He speaks the English language beautifully. He is the mentor, he is the adviser of European monarchs. If you were to see him dressed in ordinary clothes, you would think him a plain American citizen, but he was dressed, from the crown of his head to the sole of his feet, in all sorts of beautiful things and ornaments. He walked towards me in a very stately manner, with his sword rattling on the floor by his side, and I walked toward him the best way I could. He bowed and I bowed. We talked together, and I called him "Sir" all throug, and said a good many things that I should not have said, I could not get it out of my head that I was not afraid of the King, and that I was afraid of doing something disreputable. I wanted to observe Court forms; but the very desire to do so rendered the thing impossible. I saw that he knew it, for he smiled benignantly and seemed to have a fatherly consideration for me. Finally, in leaving the room, I ought to have backed out, I did go backward for one or two steps; but then I turned and whisked through the door, face foremost.

THE PHILOSOPHY OF HEALTH. Bread and butter is the only article of food of which we never tire, from early childhood to extreme old age. A pound of fine flour of Indian (corn meal) contains three times as much meat as one pound of butcher's roast beef; and if the whole product of the grain, bran and all, were made into bread, fifteen per cent. more of nutriment would be added. Unfortunately, the coarsest part is thrown away; the very part which gives soundness to the teeth, and strength to the bones, and vigor to the brain. Five hundred pounds of fine flour give to the body thirty pounds of the body element; while the same quantity of bran gives one hundred and twenty-five pounds.

This bone is "lime," the phosphate of lime, the indispensible element of health to the whole human body; the want of the natural supply of which multitudes of persons go into a general "decline." But swallowing "phosphate" in the shape of powders, or in syrups, to cure these "declines," has little or no virtue. The articles contained in these "phosphates" must pass through nature's laboratory; must be subject to her manipulations, in alembics specialy prepared by Almighty power and skill, in order to impart their peculiar virtues to the human frame; in plainer phrase, the shortest, safest, and most infallible method of giving strength to the body, bone, and brain, thereby arresting disease, and building up the constitution, is to eat and digest more bread made out of the whole grain, whether of wheat, corn, rye, or oats.

But we must get an appetite for eating more, and a power of digesting more. Not by the artificial and lazy method of drinking bitters and taking tonics, but by moderate, continued and remunerative muscular exercise in the open air every day, rain or shine. —*Hall's Journal of Health.*

A RICHMOND OPINION ON COMING EVENTS.—A late Richmond Enquirer says:

"We are of opinion that the next two months will witness the bloodiest conflicts this war has witnessed, and immediately around Richmond will be the theatre of the conflict. Are our people prepared? The army has the Government to look out for it, but are the people of Richmond prepared for a siege with all the railroads destroyed? The immense population that crowds the streets of Richmond had better betake themselves elsewhere. There will be suffering in Richmond this fall and winter which has not been witnessed during this war. The city may be shelled, for its immediate lines require a vast army to defend it. Its very streets may be the scenes of a bloody battle, for it will be defended as no other place has been. Upon the holding of Richmond depends for us everything. success and a speedy peace or failure and interminable war are involved in the coming struggle for Richmond.

All may be satisfied that the contest will be desperate, and all had better make provisions for their comfort elsewhere. There are required for the defence of the city many thousand more men. The details must be revoked, and all men between the ages of 18 and 45 sent to the front. But a very short time remains for preparation. The railroads that connect with Atlanta are being rapidly repaired. As soon as they are finished the movements will begin, and in a few weeks the conflict will open."

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle.**
For sale by druggists everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of Boots Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continued to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior, to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
Ihem, besides the largest library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeble proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *since* rejected applications SIXTEEN APPEALS, EVERY ONE of whmon was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Smith's Catarrh Snuff.
For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.
This Snuff does not excite one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is permanent.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, SEPTEMBER 24, 1864.

THE REBELLION.

Direct news from Gen. Sheridan to Wednesday morning was really cheering. After a severe battle our troops gained and held the crest of Flint Hill, a strong position just beyond Strasburg.

Official advices from Gen. Sheridan make the total number of killed, wounded and captured rebels in the late battles about ten thousand five hundred, — about one-third of Early's army. The remaining two-thirds were panic stricken and disheartened, and nearly all of them threw away portions or the whole of their arms.

News from Charleston to the 19th says firing on the city is continued, and deserters report immense damage done.

The rebel commander refused to allow Gen. Foster to send supplies to our prisoners in Georgia. Several rebel officers on Morris Island have expressed a desire to take the oath of allegiance.

The Richmond Examiner reports large fires in Charleston, doubtless the effects of our guns.

There comes a doubtful rumor to New Orleans of the capture of Little Rock by the rebels.

Gen. Hood, by a special arrangement with Hood, has effected an exchange of 3000 prisoners. Of 900 rebels 17 refused to be exchanged, and took the oath. Of 100 picket men on duty, with a flag of truce, at Rough and Ready, 21 deserted. This is a fair indication of the demoralized condition of Hood's army.

The truce between Sherman and Hood expired yesterday, Friday, but is extended several days to complete the removal of families.

Gen. Grant's artillery fired a salute of 1000 shotted guns at the enemy Wednesday, in honor of Gen. Sheridan's victory.

The Richmond Enquirer of Sept. 17 contains a telegram from Macon, Ga., dated the same day, which states that Gen. Sherman has sent an informal request to Gov. Brown, Vice President Stephens, and H. V. Johnson to come to Atalanta, and converse with him on the subject of peace.

The Richmond Dispatch of the 20th has a long editorial on the subject of peace. It is very bitter, but does not believe that the request will be granted.

Sec. Stanton's official report mentions that dispatches from Gen. Sheridan are received, to 9 o'clock Wednesday evening. A portion of the rebel cavalry having turned off to Front Royal, they were pursued, attaked and driven by our cavalry, which are still in pursuit. The rebel infantry made a stand at Flint Hill, a strongly entrenched position beyond Strasburg, which was attacked by our forces last evening and the crest carried and held by our troops. There is reason to believe that later dispatches were captured Wednesday night by Mosby near Winchester. Gen. Stevenson reports that Sheridan's supply train arrived safely at Winchester Wednesday night.

The Boston Courier says, "much anxiety is manifested at Washington to learn the result of General Sheridan's pursuit of Early beyond Strasburg, as it was at Fisher's Hill, a point three miles below Strasburg, where Early made his effective stand and ended the pursuit, in July. This point is called the key to the valley, and is said to be so fortified that five thousand of the enemy can hold it against fifty thousand."

The recent arrest of the Lake Erie pirates is owing partially, if not altogether to the friendly offices of the British authorities, those in Canada acting in accordance with the instructions of Lord Lyons.

The raid by our cavalry on the Rapidan, in which the bridge across that stream was destroyed, was performed by 400 cavalry under the command of Col. Lazelle, of the 16th N. Y. cavalry, and was sent out by Gen. Augur. The movement was ordered in reference to the then impending battle between Sheridan and Early. The expedition was successful in the destruction of the railroad bridge, and also the Liberty Mills, about six miles above the Orange and Alexandria Railroad, and 4000 barrels of flour with considerable other property.

The N. Y. Commercial's special Washington dispatch says 4000 soldiers have been sent to Grant and Sheridan from Camp Distribution within 10 days. The same dispatch says the new rumor of peace negotiation has no foundation.

MISSOURI AND ARKANSAS.—Col. Thompson, of the 1st Iowa cavalry, who has just arrived at St. Louis, says it was understood that from 20,000 to 30,000 rebels under Price had crossed the Arkansas River between Little Rock and Fort Smith, and all communication cut between those points. It was not known whether Price would strike Fort Smith or march direct to Missouri. Shelby is expected to co-operate with him and enter Missouri from the southeast while he pushes his column into the southwest. A report from another source says Price already has a force 7000 strong in Bear county, Missouri.

A heavy Federal force is concentrating at Brownsville, between Little Rock and Duvall's Bluff.

FROTHINGHAM AND KING.—Hon. Richard Frothingham of Charlestown, Mass., (well and widely known as an editor of the Boston Post,) has honored himself and his subject, by a beautiful tribute to the memory of STARR KING, which is published in the Universalist Quarterly, and is to be, as we understand, issued also in another form. We have room for only a few extracts:

Being dead, Starr King will yet speak. As he moved along on the earth, practising the virtues and achieving the work that will keep his memory green, his immediate object was very simple. He strove to keep himself unspotted. He aimed for the established Christian heights. He consecrated, even as youth was budding, the powers with which the Almighty had endowed him, to the good of his fellow-men. He early grasped 'a glorious Faith, and a noble Philosophy,' which were to him inspiration and protection. This morning consecration, with the inner spring of fidelity to duty working under every outward phase and ever triumphant, is the key of this remarkable life."

Nor is there room for more than a glance at Mr. King's California crowning work. He sent to the parish, as a forerunner, the words, 'My great ambition in life is to serve the cause of Christianity, as represented by the noblest souls of all the liberal Christian parties.'

In the meantime, he saw in the lecture-room here, also, a noble medium of influence; his calls were constant in this field; and his triumph was great. There was still another field in the social, educational, and philanthropic activities, that bring together leading spirits in labors for the common humanity, irrespective of sect or party or social position; and his catholicism that recognized the noble life filled with love to man, as evidence of the Christian spirit, was fitted for such labor of love. He triumphed here. And then, at his home, he dispensed, in weekly receptions, a refined hospitality, where persons of discordant politics and creeds met in harmony. Thus he had become a force in society by service in its organism, when another great field opened.

'I have not felt,' he wrote during the last presidential campaign, 'the first stir of an emotion in politics in this campaign. I should not know there is a campaign.' But his feelings changed as things changed from an ordinary contest of party into the vital question of country; and when the rebellion rose he entered the field of politics as a champion of the Union. He no longer repined that he could not speak extempore. He won new faith, in his capacity. He did not depend on his notes, but as the theme of country possessed him, he rose into the vehement passion of the great orator. He riddled the fatal heresy of secession. He met in mortal combat the incipient suggestion of a Pacific republic. The formula of freedom, which, fourteen years before, he developed with academic calmness and philosophic insight, at the base of Bunker Hill, he sounded with a magnificent energy over California and Oregon. He was before loved as the man, and now he was accepted as the patriot.

"A great and good and generous man is dead," are the simple words of the journals as they announce this event; and their mourning columns, their gushing tributes, their record day after day of what was said and done in memory of the departed, will be a faithful and enduring mirror in which the after-time will see the general and deep sorrow, the passion and the pathos of the public grief.

It is our duty to remind the people of our city, in this connexion that there was *one* exception, (and so far as we know *but one* in the country,) to what Mr. Frothingham says about the journals. A nameless and shameless print that disgraces the city where Starr King appeared as an honored Son, said, when the news came,—"We have news from California that Rev. Thos. Starr King, a raving abolition traitor priest, is dead."

The contrast between a scholar and a dunce, between a gentleman and a clown, is not quite strong enough for the case between the two editors. It is rather between a man and a dog; between a whole man and a worthless cur. And some might say, 'Kick the Cur.' But we say 'No;' dont hurt *him*; he knows no better. Better show your indignation at the richer and more crafty men who *bought* this cur and who *feed* him, on purpose to bark at their betters, to snarl at our rulers, to do the dirty work of treason and lie and libel. No doubt in this case he went out of their enclosure a little too far for their reputation; but he only showed his reckless mendacity, for which quality they bought him. They are the really guilty parties; he is only their tool.

Mr. Frothingham was a parishoner of Mr. King's early parish; he was a friend as long as they both lived. His standing as a man and as a democrat, needs no word of ours; and the strength of the contrast is our only apology for naming him in such company. U. T.

☞ Gen. Fremont has withdrawn his name from the Presidential contest, and written a letter, into which the Boston Courier pitches indignantly. Gen. John Cochrane of New York, publishes an address to the War Democrats of the United States, withdrawing his name from the nomination for the Vice Presidency on the ticket with Gen. Fremont. So this ticket *non est*.

GOLD opened in New York Friday morning at 217, and declined to 211 3-4 at 1:10 p. m. Flour is 25 cents lower and dull; wheat 5 to 7 cents lower; corn 1 cent lower; beef dull and heavy, and lard 1-4 cent lower.

A DROP LETTER.

LEXINGTON, MASS.
Sept. 22, 1864.

Dear Chronicle, — Your "Jotter" has been here and stolen all my thunder, but I will try and enlighten you a little. Here, where, on that April morning so many years ago, Britain's arms met their first check from the rebellious American colonists, the day passes almost as quietly as it did then; the arrival and departure of the cars being the principal innovation.

Fresh from nightly contact with your Congress street, the total lack of anything like rowdyism in the streets here, and the freedom of public thoroughfares from loafers, seem like a dream. Such a thing as a bar-room does not exist in Lexington, and I was about to pronounce this town a paradise for husbands, when I saw a milliner's shingle stuck in between two stores, giving hints of a duck of a hat or a love of a bonnet. Not a barber's shop is to be found, but the people probably get shaved full as often as is agreeable.

The farmers here are taking advantage of the dry weather to drain very low lands and to haul the rich residuum from the bottom of dry ponds on high lands. A good second crop of hay is being housed from many meadows, in what may be called a perfect condition. The yield of apples in this vicinity is small, and many wormy and gnarled at that.

Dr. Lewis opens his boarding school for young ladies at the Lexington House on the 1st prox., and certainly a more admirable location and building would be hard to find for such a purpose; and then Dr. Lewis's absorbing purpose to make physical culture a special characteristic of the school, while thoroughness in intellectual training and accuracy in the acquisition of knowledge are earnestly aimed at, should fill the noble building to overflowing with the children of parents who wish to see their daughters arrive at maturity with healthy bodies as well as cultivated minds. Thoroughly ventilated rooms, every facility for bathing and exercising, and the centre of delightful walks and drives, the house is all that can be asked for; while the names Dr. and Mrs. Lewis, Mr. Carleton (formerly classical instructor at Phillips Andover Academy) and lady, Theodore D. Weld (many years Principal of the Eagleswood School, N. J.,) and Phebe Hathaway are among those who direct the chief studies of the school.

Miss Haskell is also here, and many of your readers will regret that she does not return to Portsmouth this winter.

ION.

WHEELER'S RAID AND HOOD'S LOSSES. The Nashville correspondent of the Chicago Journal says the great body of Wheeler's forces escaped Rosseau's pursuit by getting across the Tennessee, that stream having fallen very rapidly just in time to admit of an exit. But the result was highly satisfactory, even as things terminated. In all the battles and skirmishes we lost but 15 killed and 70 wounded, while the rebel loss in the same was about as follows: Killed, 65; wounded, 190: prisoners, 480; total, 735 When Wheeler's raid began, Rosseau's forces were scattered, and it was not till the last day's pursuit that he had anything like an adequate force to meet his antagonist Yet he drove the raiders before him all the time. As for Wheeler, he accomplished just nothing. The railroads were repaired in two or three days, and Sherman did not change his plans in the least on account of it. Of Hood's losses the writer says:

"I see that Hood is trying to gloss over his defeat by saying that his loss did not exceed 2000. Why, 2228 unwounded prisoners have already reached the city from Atlanta, and more are coming. The fact is, the rebel loss was not a man less than Sherman's orignal estimate—3000 prisoners and 3000 killed and wounded—6000 in all.

Our loss was less than at first supposed, and will not exceed 1100, of whom 200 were killed."

—The ship Nicholas Biddle has arrived at New York from Calcutta. She is the vessel erroneously supposed to have been destroyed by the Florida off the coast of Brazil.

— At the trotting match on the Fashion Course, Wednesday, between Gen. Butler, John Morgan, Lady Emma and Prince, best three in five, Butler won the first two heats, and Prince the last three heats. Shortest time 2:27. There were 6000 persons present.

— A fire on Summer St. Providence, on Thursday evening, destroyed 15 or 20 buildings, including two foundries, a box shop, a keg shop and half a dozen tenement houses. Twenty families were rendered houseless. Loss $50,000. An acre of land was burnt over.

AYER'S PILLS.
ARE YOU SICK, FEEBLE AND COMPLAINING? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take AYER'S PILLS, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, and purify the system from the obstructions which make disease. A cold settles somewhere in the body and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep-seated and dangerous disorders. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure.
For the speedy and certain cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Intermittent Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance nor does it produce quinism or any injurious effect whatever. Shaking brothers of the Army and the West, try it and you will endorse these assertions.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. K. Preston, David Kimball, and all druggists. s24d1taw 2m Tu

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GREY HAIR" in all cases to its original color. It promotes luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off, and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PREPARED, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Jel—tf

Local.

☞ There was no draft in this city on Friday. About twenty substitutes and volunteers were accepted.

AID FOR THE SAILORS.—A National Fair is to be holden in Boston in November next, to make an effort to provide a Home for disabled sailors in our naval and merchant service. There is to be a New Hampshire table at the Fair, and of course the energetic Ladies' Soldiers' Aid Society of this city is enlisted in the cause, and we hope the benevolent citizens of Portsmouth, the only seaport of the State, will contribute as liberally for the sick and disabled *sailors* as they have heretofore done for the soldiers. All contributions left with Mrs. Haley and others of the Society, will be properly disposed of.

☞ The "packing" (as it is technically termed—which means the timber on which the vessel rests before launching) of the steamer Franklin, did not float out from beneath her at the time of launching, on account of being secured in one way and another by ropes. Therefore measures are being taken by the use of the diving-armor to cut the lines by going down underneath the vessel and operating there for an hour or two with a knife. Accordingly, on Thursday morning, the diver—Mr. Wiley, son of Mr. Reuben Wiley, of Sebastopol harbor celebrity—went down, and after being submerged a few minutes, by some means became so entangled by the air hose that it was impossible to extricate himself save by cutting it; and his uncommon presence of mind prompted him to do this, and also to give the signal to the men above to draw him up immediately. The signal was given, while he was entangled, to "slack off" and allow him to clear himself, but it was not understood, and the men were trying to draw him to the surface of the water in this condition, the hose choking him and throwing him off his feet. Consequently he was forced to take some immediate action, and he accordingly severed the hose. He was in an exhausted condition when pulled up, and could not have survived much longer.

☞ A queer idea of what is "just," a fellow must have, who thinks he can unprovokedly sling from his dirty tongue, all the vile ideas of his corroded heart; and shake his impotent fist, even at a safe distance (for himself), at any gentleman he likes, or rather hates. We advise him to look before he leaps into a passion, next time—if, indeed, he isn't always in one; and to be careful how he comports towards his betters in future. F.

☞ Read the advertisement of Mr. L. M. Emery, a native of this city, who has opened a new Picture Saloon on State St., just above Pleasant. He makes very cheap photographs and ambrotypes; or rather, he promises to make very nice ones at a very low rate. He has spent much time with the army, and has some fine battle-views, &c., for sale or exhibition. He will be found a courteous and pleasant gentleman, at any rate; and perhaps some people would as soon patronize a loyal man as a copperhead Gr—owler, especially if they can get as good work at less price.

☞ On Wednesday night, fifteen or twenty sailors attempted to escape from the steamer Colorado, at the Navy Yard, by jumping overboard, and swimming to some boats lying out in the river for them. It is said that one was killed by a musket shot fired by the sentry, two others drowned, and the rest escaped. The larger portion of this crew are a rough set of fellows, being mostly bounty-jumpers and cut-throats.

☞ A schooner of about 300 tons was launched at 5 p. m. yesterday at the yard of Wm. Fernald. It is to bear the name of Edward H. Furber, and is intended for the carrying trade, we hear.

NEWCOMB'S MINSTRELS gave a bang-up Concert at the Temple last night, to a large audience; and are going to do the like again to-night.

—Joseph Story Fay, President of the Democratic Ratification Meeting in Faneuil Hall, not only set his flag at half mast, last Fourth of July, but threatened to shoot any one who interferred with it, and said that was the last Fourth of July that would be celebrated at the North. He had better leave the S off his middle name in future, for if that isn't Tory-ism, we don't know what would be. Such conduct is a disgrace to the name of Story.

GOLD AND THE MARKETS. A dispatch from New York, dated last evening, states that a sale of gold of $90,000 was made at the Second Board, same afternoon, at 217 allowing the seller thirty days option. Cotton, flour, wheat and other staple articles fell of in price, with a very dull market. Wool suffered a decline of 10 to 12 per cent. —*Boston Journal, 22d instant.*

NEW HAMPSHIRE ITEMS.

—The 4th Regiment were cordially received at Concord, on Wednesday, by Gov. Gilmore, and appropriately entertained. Addresses were made to them by the Governor, Hon. Frederick Smyth, Col. Harriman, and others.

—CAPT. JAMES F. MCQUESTION, a young and accomplished officer of the 2nd N. H. Cavalry, was killed in the battle between Sheridan's and Early's forces in the Shenandoah Valley on Monday, Sept. 19th. He was 28 years old, a native of Litchfield, N. H. and married in Manchester but a few months ago.

—The transfer of all New Hampshire soldiers not fit to be sent to duty within thirty days, will be made immediately, together with men from all the other eastern States. If the General Hospital at Manchester is not ready speedily, Dr. Webster will furlough all N. H. volunteers, to report at that place upon the expiration of furlough.

—Maj. Alexander Gardiner, of the 14th regiment, has been commissioned Colonel of that regiment, (vice Wilson, resigned,) upon the recommendation of his superior officers and prominent citizens of New Hampshire.

WE ASSERT IT BOLDLY.—There are no other Medicines so reliable, effectual and convenient as Holloway's Pills and Ointment, always ready for use. They are invaluable to the Soldier exposed to Wounds, Sores, Fevers and Bowel Complaints. They never fail.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 229

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists must all sell it. The Wholesale Agents are Wholesale Grocers.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation*. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "
and by all National Banks which are depositaries of public money, and
ALL RESPECTABLE BANKS AND BANKERS
throughout the country will give further information and afford

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 35 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood of the same pile, he burned three barrels full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

THE TROOPER TO HIS MARE.

BY PRIVATE MILES O'REILLY.

Old girl! that has borne me far and fast
Out of a swarming hoode that were never lasth.
Our gallop to-day may be the last
For thee, or for me, or purchance for both!
As I tighten your girth do you nothing daunt
Do you catch the hint by our flaming front?
And now the artillery move to the front,
Have you never a qualm, Bay Bess of mine!

It is dainty to see you side and stare
As you move to the battle's cloudy marge,
And to feel the vessels of life throbbing beneath
When our sonorous bugles sound a charge
At the scream of the shell and the roll of the drum
You forign to be frightened, with roguish glance;
But up the green slopes where the bullets hum,
Coquettishly, darling, I've known you dance.

Your skin is satin, your nostrils red,
Your eye are a bird's or a loving girl's;
And from delicate fetlock to stately head
A throbbing vein coursing around you curls:
Oh, joy of my heart! if you they slay,
For triumph or rout I little care;
And there isn't in all the Shenandoah valley to-day
Such a dear little, bribble-wise, thorough-bred mare. —*Harper's Weekly.*

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of TWELVE YEARS, and is now presented to the public as an efficient cure for

CONSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves, unpleasant and disagreeable, are, by a new and scientific process of extraction, in vacuo, rendered MORE EFFICACIOUS IN THE PREPARATION, entirely divested of the griping and distressing pain which attends the action of all other purgatives whatever. The medicine is made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE, and by their peculiar combination work so perfectly in HARMONY WITH NATURE, that no unpleasant reaction will follow its operation. It also purges.

A Diffusive and Alterative Effect,

which can only be attained by medicines of a mild state. These are new elements in purgative medicines.

The hard and compact manner in which pills are prepared renders them indigestible—and when taken are found through the stomach and bowels almost whole, producing a PARTIAL ACTION, thereby creating irritation and pain in the parts connected with their passage.

One pill dissolved in the mouth, or stomach, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no parallel in medicine, it is found to be equally diffused there and throughout the whole circulation of the blood, imparting a healthy and invigorating action to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and the whole system, and by its purifying action cleansing the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted part, thereby, in most cases, will reduce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the thousand ills, diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no acrid, nor stimulates the secretions by its mild diffusive action. It is as effective and painless aperient—has a decided, salutary action upon the Liver, and there has been no medicine prepared for constipation, to which possesses equal merit.

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, of water, or diet.

See the pamphlet annexed each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been for years favorably known to the public by his celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and has been used for over thirty years. He is a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1820.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be convinced of its entire benefit from, to refund to said person the amount which is paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 21 Hanover street, Boston. aug6—3mo&W

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC it imparts a healthy action to the Urinary Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in Oporto; recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and as a stimulant for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as inconvenience of the bloom, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhoea, and a certain cure is guaranteed in those cases of Fever Albus or Whites in females where all the old numbered medicines have failed.

It is prepared in a highly concentrated form, the dose being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying the blood and skin, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have produced disease.

CHEROKEE INJECTION is intended as an early or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhoea, Gleet, Fever Albus or Whites. Its effects are healing, soothing and diuretic; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will send free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats is prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would asks those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, there cannot be produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, and possessed but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other furnaces, is obviated in the

MAGEE FURNACE.

The use of pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of air, which is brought in through, and heats them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, through the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 20 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world.—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

THE LAST SUPPER.—"Gamma," the Paris correspondent of the New Orleans Picayune, gives the following Frenchy incident in a late letter:

A few days since a man, only some five and thirty on eight and thirty years old, went into the Cafe Anglais and said to the mistress: "I wish you would retain No. 13 for me this evening. Lay plates for eight, and have dinner on the table at 7 o'clock precisely. I leave the selection of the dinner to you; give us a dinner of four dollars a head, wine included; here is a bank note for $40; four times eight, thirty two; the change, eight dollars, is for the waiters." At a quarter of 7 he returned; he was shown into No. 13. He asked for pen, ink, and paper. After he received them he tore a sheet of paper into eight several parts, wrote something on each of them, and placed one of them upon each plate. When the clock struck 7, to waiter: "I will wait until half-past 7."

At the appointed time he took his seat at the table and said to the astounded waiter: "Serve the dinner just as if all my guests were present." The waiter obeyed, and placed a dish of soup on each plate, managing while doing so to read the names on the plates. He found nothing on the bits of paper but "Ho, Mi, Fa, Sol, La, Si, Do." When he went back to the kitchen he told the servants the odd guest he had in No. 13. The rumor reached the ears of the master of the house; he at once suspected something was wrong. "How is the gentleman dressed?" he asked the waiter. "He is dressed in black. When he went into the room he took off his overcoat and placed it on the piano, where it still remains." "Bring me his overcoat. It doubtless contains letters or visiting cards, and we shall find out from them what sort of a guest we have. Act cautiously and be quick."

The waiter soon returned with the overcoat. Master and servant instantly searched the pockets. They found neither letters nor visiting cards; but they found two small pockets, which were capped and loaded. The master left the caps on the nipples, replaced them in the pocket and made the servant carry the overcoat back to the private room. As he was eating dessert the waiter asked him, I mean this strange guest, if he would take coffee. "Yes." "How many cups?" Eight, of course." The eight cups were filled. "Now leave me; when I want you I will ring the bell." The waiter retired, shut the door, and put his eye to the key-hole to see what was going to take place.

As soon as the guest was alone he heaved a deep sigh, rose, went to the piano, opened it; played an air from one of Verdi's operas, and tried to sing it—in vain. His voice was completely gone. His hands fell into his lap, tears coursed out and then down his cheeks. He murmured: "All is over! 'Tis hopeless! My voice is broken! I shall never again be able to obtain another engagement! My career is at an end! I am a dead man!" Then he added, with an hysterical laugh: "Gads, wasn't it a devilish ingenious notion I had, to give a farewell dinner to my notes—a parting banquet to those poor notes which, last year, were so brilliant and so sonorous, my throat. Artists alone can conceive and execute such ideas. Ah! poor fellow; the game is up with you; nothing is left you but to die." He put his hand in the pocket of his overcoat, took out the two pistols, placed the muzzle of each in each of his ears and pulled the triggers. The caps exploded and the poor fellow fell senseless on the carpet.

The keeper of the restaurant, who was hard by, ran into the room, and, aided by his servants, lifted up the would-be-suicide. The usual restoratives were applied, and when consciousness returned it was found impossible to convince the guest that he was still alive. He insisted upon it that he was dead. He had gone crazy. He raved: "Now that I'm a dead man, I don't care who knows who I was when I was alive. Mme. George Sand has told my history in one of her novels. My name is Alban Gerbier—Albany is my stage name. I was on the eve of signing a magnificent engagement with the manager of the Italian Opera, when that rascal Fraschini cut me out. I fell sick and lost my voice. For humanity my pistols did not snap. I did not miss the vital organs, and I am dead. Carry me to Pere la Chaise if you please." The master of the house sent for the police, and the ill-starred wretch was immediately carried to a lunatic asylum.

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even confine her to her house very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH LENNES.

PORTSMOUTH, April 23, 1862.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From EZRA I. CHESLEY, *Esq., May 21, 1851*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1850, she had been confined for a number of months, without her natural rest by day or night. She had applied to a numbered physician, and continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one entering the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

The Testimonials below given prove that more BUSINESS IS DONE AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has obtained for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *since* rejected applications SIXTEEN APPEALS, EVERY one of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at the old established Hospital, No. 5 Beaver Street, Albany, N.Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such being in correspondence with the most eminent Physicians of the OLD WORLD, of obtaining the best as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Pimples on Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN,
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds thus depriving themselves of the pleasures of life, are warned against consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, and rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for every body.—Startling disclosures: Dr. TELLER'S great work on the Married, those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid, on receipt of copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of these diseases upon which his books treat.
SPECIAL NOTICE TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Lebon's Italian Female Monthly Pills. The sale of more than 200,000 boxes establishes their reputation as a female remedy, unsurpassed, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions of nature.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

MONDAY, SEPTEMBER 26, 1864.

THE REBELLION.

Gen. Sheridan sends to Gen. Grant, an official account of his victory over Early at Fisher's Hill, dated six miles from Woodstock, Thursday Sept. 22, near midnight, in which he says that he found the rebels occupying a position which appeared almost impregnable. After a great deal of maneuvering Crook's command furiously attacked the left of the enemy's line, carrying everything before him. At the same time the 6th and 19th army corps attacked the rebel works in front, and the whole army fled in confusion. Sixteen pieces of artillery were captured, also a great many caissons, artillery horses, &c., &c. Only darkness saved the whole of Early's army from destruction. The attack could not be made until 4 o'clock P. M. which left but little daylight to operate in. The victory was complete. Sec. Stanton adds, that Early's command embraced the Stonewall Brigade, and the troops constituting Jackson's corps, and was the elite of the rebel army.

Sheridan says he "does not think that there ever was an army so badly routed. The valley soldiers are hiding away and going to their homes." Sec. Stanton ordered a national salute to be fired in New York, of 100 guns for the victory. Gen. Stevenson reports that 3000 prisoners from the field had reached Winchester last night. Reinforcements and supplies have been forwarded to Gen. Sheridan. The rebel battle flag of the 2d Virginia Infantry—the old "Stonewall Brigade"—with 13 battles inscribed on it, was captured by a member of the 37th Massachusetts infantry. Its captor is missing.

By Telegraph—Sunday noon.

WASHINGTON, Saturday 24.—A rumor has prevailed here extensively to-day, that the rebels have evacuated Petersburg, but Government has no advices to that effect, nor does the rumor come from any reliable source. Capt. Thomas, 5th Mass., brought up 50 deserters to-day without any armed guard, all of whom took the oath of allegiance. They say Lee has been largely reinforced by conscripts, but express the opinion that he cannot cope with Grant, as the conscripts will desert at the first opportunity. The news of the first defeat of Early in the Shenandoah Valley had reached Richmond, and caused great consternation.

It is probable the head of the Interior Department, Sec. Usher, will resign the coming week, to accept the vacant Judgeship in the U. S. District Court of Indiana. Col. Fox is named as his successor in the Department.

Warrants to complete the pay of the whole army and navy were to-day signed by Sec. Fessenden. Nothing additional from Sheridan, Grant or Sherman.

☞ A northern ally of the rebels writes thus:

It will be greatly to the interest of our people to understand one thing before they vote, namely: That the administration accounts of the military situation are entirely false.

Let us see. The administration accounts tells us that one General Sherman holds Atlanta, that one Gen. Sheridan has lately gained an important victory in Virginia, and that one General Grant threatens Richmond. None of this however is to be believed, because somebody might not vote to please Davis and Lee,—and if Richmond should fall before election, we must not believe it,—until after we have voted! Perhaps "our people" will take this wise advice—and perhaps they will not.

☞ Some falsehoods are smaller than others: some are very small. The New York World has this remarkable assertion:

Democrats voted freely in every state to give soldiers the right to vote.

The editor of the World knows perfectly well, that in most of the State Legislatures, the "Democrats" voted against the soldiers, in a solid body: and where the people have voted, every NAY came from that side! That some few democrats voted the other way is doubtless, true,—but as a party it cannot be denied they tried to prevent the soldiers' voting.

☞ As the Union flag goes up, Gold must come down. In Boston, Saturday noon, the Journal says, "from $40,000 to $50,000 was sold on State street at 200, and some of the brokers refused to pay even two dollars for one. At half-past one o'clock the brokers asked 202 a 203 1-4. The continued fall of gold has again unsettled the markets for all kinds of products, and prices are lower. The steamers City of Manchester and America, which left New York Saturday for Europe, take out $641,800 in specie."

Army pies are so terribly tough that the soldiers call them leather pies. A poor fellow of Grant's army, whose arm had just been amputated, was being carried past a stand the other day where an old woman was selling pies, when he raised himself in the ambulance and called out "I say old lady, are those pies sewed or pegged?"

NEW HAMPSHIRE ITEMS.

—— A smart old lady is widow John Meserve, of Jackson, aged 82 years. She has spun her full stint at the wheel eleven weeks in succession. The day she was 82 years old she spun a skein of yarn and reeled it before six o'clock in the morning. She can read fine print readily without glasses. Look out, or she'll beat you all, girls.

—— A woman named Clara Foss was brought before the Concord Police Court, charged with being a common prostitute, and was sent to the jail for thirty days and ordered to pay the costs of prosecution.

—— A woman in Londonderry took down a gun to frighten a little girl, and snapped it, whereupon a charge of shot was lodged in the arm of a neighbor's wife who was making a call at the time.

—— One hundred and fifty substitutes for the 5th regiment, left Concord Thursday, in command of Capt. Crafts, who rejoins his regiment. The guard is in command of Lieut. White.

—— Among the deaths in Hampton Hospital: John Worthly, 4th N. H.; D. M. Huntoon, 12th N. H.

—— On Sunday night, the 18th inst. a colt worth $250, was stolen from the stable of John Wheeler, of Reed's Ferry. The thief led the horse about thirty rods to Dea. McGaw's, where he took a wagon and harness and drove off.

—— Capt. Henry S. Dow, 3d Regt. N. H. V., arrived in Manchester Friday morning to receive recruits for his regiment.

—— A New Hampshire soldier sent down to Galloup's Island Friday from Boston on board the tug-boat S. D. Massy, was missing on arrival at the Island. He was subsequently found under the boiler of the boat, literally roasted to death. He hid in order to desert, and probably fainted with the heat and died there.

—— The Concord Monitor says, the loss by the burning of B. F. Dunklee's farm buildings, Thursday afternoon, will probably reach upwards of $1500, upon which there was an insurance of $800. The fire was set by a man going into the barn smoking a pipe. The steamer "Governor Hill" went out on "double quick," it being just fifteen minutes from the time she left her house until she put a stream upon the fire.

—— The town of Londonderry voted to pay volunteers for one year $500, for two years $600, and for three years $700, and the quota was soon filled. The town of Hudson paid volunteers for one year $800.

—— The Manchester Union says that a court martial has exonerated Col. Donohoe, after a full trial, of charges brought against him.

—— The Peterborough Transcript says: "The pleuro-pneumonia commissioners are prosecuting their work with vigor, being determined to eradicate the disease if possible. Isaac Hadley's stock has all been exterminated. Traces of the disease have been found in Sharon, one creature having been killed."

☞ Our thanks perhaps are due to various one-horse advertising agencies, in different cities, for their very kind offers, from time to time, to furnish us goods and merchandise of all sorts, and take "one-half or three-quarters cash," or so, and the rest of the pay in advertising. Also to those "Societies," "Associations," etc., not to mention individuals, at a distance, for their kindness in recommending selections for our reading columns.

Thank you all, gentleman; but when we don't feel capable of editing *our own* papers we'll sell out; and we always thought that when we couldn't do our own bargaining, and make both ends meet, we should apply for a guardian. "We want no trade except for cash;" and it is of no use to waste postage on us. "Talk to the marines," with your "dicker" propositions — they are too much like a jug-handle for us.

THE LAKE ERIE PLOT.—The Cleveland Herald says the ringleader of the pirates who seized the steamers on Lake Erie is a man named Charles H. Cole. He appeared in Cleveland about six weeks ago, made a large display of gold, entered into negotiations for the purchase of two schooners, pretended to be very loyal, made the acquaintance of the officers of the U. S. steamer Michigan, gave them suppers, and created a sensation generally. He was recognized by a Southern refugee as a former captain in the rebel service, information of his real character was given to the police, and he was placed under surveillance, which resulted in securing ample evidence of his guilt, when he was arrested and confessed the plot that had been formed. It seems that he intended to get the officers of the Michigan ashore to a grand supper, and drug them, his confederates in the meantime attacking and capturing the steamer. Six citizens of Sandusky have been arrested for complicity in the plot.

—— A woman named Emma Ross, in Youngstown, Ohio, recently sued James Rano for having tarred and feathered her. She claimed $2,000 damages. The jury gave her $4950. The defense set up was the bad character of the plaintiff: but the jury didn't see that she should be tarred and feathered even if she was disreputable.

—— The West Newbury, Mass., Farmers' Club held its Annual Fair Thursday on the grounds of Mr. Calvin Rogers.

—— Maj. B. S. Treanor, late of Boston, died of fever and ague on the 30th ult., in New Orleans, aged 48 years.

—— The horse Capt. McGowan, which was to trot 20 miles in an hour, if he could, at New York, last week—threw a shoe in the eleventh mile, and had to give it up so.

—— A pedestrian in England recently ran a mile in 4 minutes 26 seconds. The man can't be an ass, for it takes a pretty good horse to do that.

—— An arrival from Aiken's Landing at Fortress Monroe reports that Major Mulford was apparently making an exchange of the 1000 prisoners taken up on the 19th.

—— The receipts of the Springfield Fair amounted to $16,000; the premiums to $5,600, and the expenses to $5,500, leaving a surplus of $4,900.

—— The 1000 pound cannon, a 20-inch gun, cast at Pittsburg, has been placed in Fort Hamilton, New York. The largest gun now in use perhaps in any part of the world.

—— It is believed that the varrious credits on the last call for troops have reached such a figure that the draft will not be for over one hundred and fifty thousand man.

—— Oysters are more plentiful on the shores of the Chesapeake this season than they have been for a number of years. The creeks and bars are said to abound with those of the best quality.

—— Two boys were reading the McClellan placard: "What's G. B. for? What's his name?" said one. "Gun Boat McClellan," was the reply. "What do they call him Gun Boat McClellan for?" "Because he was six hours on board of one at Malvern Hill fight, and didn't remember anything about it."—*Tribune.*

—— The Cincinnati Gazette says there is as much coal in the hands of dealers in that city as will supply demands until May, 1856. All the large establishments have laid in a year's supply.

—— There lives in Canada an old Dutch woman who received at her marriage, from her husband, a paper of pins. All of these, with the exception of one or two, she has preserved for thirty years, using them constantly all the while.

—— Bridgeport, Conn., has been excited about a runaway match between a prominent merchant and a young lady of East Bridgeport. The "cruel parient" tried the "horsewhip" argument, which did not convince, so she sought refuge in the arms of her "lover" and consolation in her clergyman.

—— The New York Democratic Committee have issued campaign editions of "Bishop Hopkins' Bible View of Slavery," and "Prof. Morse on the Ethical Position of Slavery in the Social System." Rather queer campaign documents, in these times especially; virtually admitting that the contest is one between Freedom and Slavery, and that on this issue they go for slavery

A tourist stopping at a French Hotel, saw the phrase 'fresh water chicken,' on the bill of fair. Desiring to know what this meant, he sent for a dish of water chicken. He tried it, and, finding it excellent, recomended it to the rest of his party, ladies and all. All liked the dish wonderfully, and so became frog eaters without knowing it.

THE MOOSE HUNTER, a tale by John Neal, Portland, fills the 72d Number of Beadle's Dime Novels. The name of the author is sufficient to commend it—and the price low enough for every body to obtain it. It is for sale by J. H. Foster. It may not be generally known that John Neal, nearly half a century ago, was one of our Market street clerks, in the store of the late James Rundlett.

THE TIME OF THE ELECTION.—The Presidential Election is fixed by law to take place on the Tuesday following the first Monday of November, and not the first Tuesday, as many suppose. This year, the first Monday not coming till the 7th, the election takes place on the second Tuesday, which is the 8th. The Monitor says, the Presidential election will not again occur on the second Tuesday for twenty-eight years, or until 1892.

—— It appears from the news by the Persia, that the agent of Lloyd's gives a report of a large and swift steamer having arrived at Bremerhaven, which hoisted the Confederate flag, and is said to be commanded by Semmes. Official information received in Washington says that the vessel to which allusion is made is one of those built at Bordeaux, supposed on rebel account, but which was sold to the Prussian Government. So the latter part of the agent's story is untrue.

☞ From New Orleans, Sept. 16, via, Cairo, additional particulars of the recent capture of Brownsville by Cortinas have been received. The transport Alabama, arrived from Brazos, brings the intelligence that another fight had occured at Bagdad between the French and Cortinas. A private letter written ten minutes before the Alabama sailed, says: "A fight is now progressing. Artillery is used on both sides. The French marines are good gunners and are entrenched. The result is purely conjectural.

Col. D. K. Wardwell, formerly in command of a Massachusetts regiment, and more lately in charge of the rendezvous at Concord, N. H., has resigned his commission, and taken the stump for McClellan.

Isn't this the same Col. Wardwell who was abused so by the "copper and copperhead" organ in this city, for alleged cruelty to soldiers, when in command of the Invalid Corps here? And didn't Conductor Clough, of the Concord and Manchester R. R. (one of the most loyal of men), put him out of his train, for refusing to pay his fare, and calling Mr. C. a copperhead.

NEW HAMPSHIRE WOUNDED.—Rev. A. G. Comings writes a letter to the Manchester Mirror, dated from Annapolis, Md., Sept 12th, which says:

To-day I have learned of another noble fellow, of Co. A, who was captured, and seen in Richmond by the man here, believed to be J. G. P. Putnam, of Co. A. When Comings, of Co. D, lay helpless beyond our line, amid a shower of balls, this noble fellow ran to him, spread a rubber blanket over his face to keep off the sun, and hurried away to get him some water, regardless of death missiles of every kind. His kindness cost him a capture by the rebels.

Comings says that while he lay where the balls of our men were hitting all around him so thick as to threaten death every moment, Prescott of Co. B ran out in plain sight and bearing of where he lay, rifle in hand, and within short range of the rebel lines, and called out in so bold and humorous a manner, at the same deliberately firing his seven rounds at them, that, in defiance of all his sufferings and danger, he had to laugh heartily. Prescott went back safe.

There are between five thousand and six thousand in three hospitals here, and near sixty of them belong to New Hampshire Regiments. I have visited as many of these as I could. They bear their sufferings with as much fortitude as men can show. Here are scenes to move men, and too hard for some to behold; but the most dreadful of all is the condition of those who have come from an imprisonment in rebeldom. I send you a photograph of a young man of the Seventh Michigan, taken immediately after his arrival here. The effect of rebel starvation is visible. What do you think of that picture?

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

A Horse and Baker's Wagon

FOR SALE BY
s2 CHAPIN & YEATON.

Local.

POLICE COURT, *Saturday, Sept. 24.*—Before Justice Odell,—John Murphy, for drunkenness was fined $3, cost $3.86; paid.

Mary Happeny, for night walking, sent to the House of Correction for two months, and pay cost $5.14.

☞ Our city church-bells rang out a merry, rejoicing peal, Saturday at sundown, in honor we suppose of Sheridan's victory. That's right, "Ring loud the liberty bell" for National success.

☞ We mentioned a few days ago, that a pair of livery horses in this city were driven almost to death, and one of them did die. About the same time, another good animal belonging to Mr. Whidden's livery, on being taken out one morning, and driven only to the Plains, fell dead in the harness—no doubt from previous overdriving. Flesh and blood can't stand such abuse.

☞ The diver who was so near meeting a mishap, at the Navy Yard on Friday, was not Mr. Wiley as stated, but a Mr. Wilmot of New York, who had but very little experience in diving. Mr. Wiley senior was tending the lines.

☞ Messrs. C. H. Mendum & Co.'s Cloak and Dress Making Rooms have their Fall Opening to-day. We give their advertisement this morning.

Bachman & Co. have also announced their new stock and styles of ladies' Cloaks.

☞ Mr. Nelson S. Cobleigh, of Boston, a pupil of Dr. Lewis, proposes to open a class in the new gymnastics, in this city, in October.

☞ Tickets for the Lyceum will without doubt be on sale the last of this week. Probable price $2; and cheap at that too, with Gough, Holland, J. S. C. Abbott, Russell and the rest—and the Cornet Band we hope.

☞ The Wilton Cornet Band have been discharged from service at Fort Constitution, and are to give a grand farewell Promenade Concert and Dance at New Castle Town Hall this Monday evening. Karl Krebs plays the clarionet there.

☞ The old building on the Navy Yard, used for a boat-shop, offices, and storerooms, was sold at public auction on Saturday last, to Mr. Ephraim C. Spinney, Kittery, for the sum of $255. It is to be removed within a week from the time of sale.

☞ Meeting of Lyceum Committee at Chronicle Counting Room, this Monday evening, at 7 o'clock.

OUR HARBOR FISHERY.—On Monday and Tuesday of this week, there were taken at the Isle of Shoals, by the residents there, about $5000 worth of Mackerel, which mostly went to the Boston market.

The boat Flying Dart, in the last four weeks, has averaged from one to two hundred barrels of Mackerel each week. These they have taken to the Boston market, and arriving on good market days, have sold their best for 32 cents per lb.—the smallest and meanest commanding 8 cents. The owners of the boat have stocked over $7000 in the last four weeks.

Messrs. Marston, Randall, & Co., of the Portsmouth Fish Market, have taken-in 10,000 Mackerel in the last week, averaging nearly one pound each. These they have sold from 10 to 15 cents per lb.

Mackerel, however, are not the only fish taken. On Monday last master rigger A. K. P. Deering, one of those noble men who never do any thing by halves, and can "sit upon a rock and bob for whale," took down the river the Pilot boat Dragonet, (quite an ominous name,) to try his luck. In that day he took four tons of Pollock Fish, worth at two cents per pound, $160.

The Ocean Traveller, Capt. H. Baker, took about the same quantity on the same day.

Old ocean is thus liberally pouring in her supply of bounties for us of the seaboard to live upon, while our cattle can be turned into use for those who are fighting our battles elsewhere.—*Ports. Journal.*

FATAL ACCIDENT ON THE EASTERN RAILROAD.—While the up train on the Eastern railroad was taking water at Ipswich Station, Friday evening, the flue-sheet burst, throwing out such a volume of water, steam and burning coals as to blow one of the firemen, Mr. John Robertson, from the fire-box to the rear end of the tender, scalding him in every part of the body except the feet. The other fireman, Mr. Timothy Bryant, was badly scalded in the face and stomach. The engineer was out oiling up the engine and escaped. The scalded men were taken into the station and surgical aid called. Mr. Robertson, however, died Friday night. Mr. Bryant, though suffering greatly, will probably recover. The train was not seriously delayed by the accident.

☞ Demorest's Illustrated Monthly and Madame Demorest's Mirror of Fashion, have been merged into one magazine, which come to us this month, radiant with pictures of demoiselles in gay attire, and filled moreover with bits of their brown paper in divers strange shapes, which we take to be patterns.

☞ Harper's Magazine for October, received from A. Williams & Co., Boston, is for sale in this city by Mr. Shores.

HEAR HIM. — One of the noblest spirits whom the war has made conspicuous is the Rev. Dr. Robert J. Breckinridge of Kentucky, the uncle of John C. Breckinridge, now a general in the rebel army, and of whom the Doctor remarked in a late speech at Lexington, Ky., "The prospect of being President of the United States was a great temptation, and he fell under it. But I do not know that he fell worse or any further than Gen. McClellan has lately fallen." The Doctor, in his speech, presented the following startling picture of the national sacrifice which the election of McClellan would involve:

Now, for God's sake, and for your country's sake look at it. Here we are, after between three and four years war; after spending two or three thousand millions of dollars; after spilling the blood of a million of our brothers, and consigning five hundred thousand of men to their graves; after conquering an extent of territory 1500 miles in length by 600 in breadth; we have an army in every State of the Confederacy, and the majority of them under our control; we have every stronghold taken from them, except Mobile and Charleston and Richmond; and notwithstanding all this, we are asked, as if we were a set of poltroons, to disgrace ourselves to the latest generation of mankind, to sacrifice everything we have fought for, and that is worth living for, and make all the world say free government is worthless, that it cannot take care of itself. God Almighty in heaven grant that every man who utters such a thought may be choked until he becomes a penitent and better man. [Great applause.]

WE ASSERT IT BOLDLY.—There are no other Medicines so reliable, effectual and convenient as Holloway's Pills and Ointment, always ready for use. They are invaluable to the Soldier exposed to Wounds, Sores, Fevers and Bowel Complaints. They never fail.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 229

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and Designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "
and by all National Banks which are depositaries of public money, and
ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and afford

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

Morning Chronicle.

NEW BOOKS — Walker, Wise & Co. Boston, propose to issue two works of great value, and well deserving a place in every public and private library. The first is Miss Martineau's "History of England from 1815 to 1844," with an Introduction covering the period from 1800 to 1815, thus forming a complete history of England from 1800 to 1854. The foundation of the work is the author's "History of the Peace" from 1815 to 1846. She has continued the narrative from 1846 to 1854 expressly for the American edition. The work will be published in four volumes, post octavo, at a cost to subscribers of only $2.25 a volume. Miss Martineau's industry is as great as Alison's, her accuracy greater, and though belonging to the liberal school of politics, her view of statesmen and public affairs is generally candid and impartial. Her concise style, laden with meaning, is in refreshing contrast to the verbosity of Alison, who has, as our readers will remember, gone over the same ground in the continuation of his monster history.

The second of these works is Henri Martin's noble "History of France," from the earliest times to the Revolution of 1789, translated into English by Mary L. Booth, with the approbation of the author. This history enjoys a distinguished reputation in England and on the continent, and the present translation is one of those enterprises which should attract universal attention. It is divided into eight parts, of two volumes each, each part complete in itself, but all to be published in uniform size, style, lettering, etc., and rendered accessible, as a united whole, by an analytical index. The first parts issued will be "The Age of Louis XIV.," in two volumes, price $3.50 a volume. The work is to be published by subscription, and among the subscribers already obtained are Gov. Andrew, Mr. Everett, Mr. Sumner, and other prominent public men. Those who wish for a History of France in which great research is associated with broad views and expressed in brilliant diction, will not fail to enroll their names on the list as subscribers.

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results in medical science not less important to the humanity of other surgery. Roots and plants, in themselves purgent and disagreeable, are, by a new and scientific process of extinction, rendered vastly MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the use of other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE, and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation. Hence proves

A Digestive and Alterative Effect,

which can only be attained by medicine in fluid state. These are two elements in purgative medicine.

The hard and compact manner in which pills are prepared renders them indigestible—and when taken are swallowed whole, through the bowels, but dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

One pill dissolved, remains seven, will produce more mechanical and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no particulation upon the bowels, but is equally diffused there and throughout the whole circulation of the blood, imparting a healthy action to the liver, and to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating CORRUGATION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance of the medicine for a period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check Scrofulous Affections, Eruptions, Ulcers, Boils, Itching and strengthening the blood, will remove the most frightful

CAUSE OF CONSUMPTION.

It invigorates the various organs of the system to set their allotted part, removing the causes which induce RHEUMATISM, DYSPEPSIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and purifying the circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the secretions by its mild and effusive action. It is an effective and painless agent—has a decided, salutary action upon the Liver, and there has been no medicine proposed for common forms on which possesses equal merit.

Travellers, both by sea and land, will find the Elixir a certain antidote for the evils which they are subjected to arising from a change of climate, of water, or of diet.

See the wrapper around each bottle for a history of the Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the most valuable medicine discovered, and which has been in use over thirty years. He is a graduate of the New Hampshire Medical College, and many years the office of member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1829.

And so fully convinced is the Doctor of the wonderful salutary effects of his Blood Root Elixir, that he hereby offers to refund the money to any person who will use one-half of a bottle of his Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the oil-paper bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, cp. post the Post Office, and No. 19 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street, Boston. aug—3mcodlw

WHISKEY.

C. A. RICHARDS,

99 WASHINGTON STREET,

Boston.

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or use THE BEST OF ALL THE PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in cases of one dozen each, the large and family size, and will be found convinced the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon Whiskey.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients, which conveyed the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fruit, spices, lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These will age, improve by age, and no exposure of climate can affect them.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is invaluable in those cases of Diabetes, Leucorrhœa (Whites in females) where all the old nauseous medicines have failed.

Prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, ridding it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have produced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, relieving the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the secretory organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Confusion of Ideas, Nervousness, and all the cheerful compliments caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have tried with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and the relapsed constitution have failed.

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, we have no wish to pay one dollar for the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S

REJUVENATING ELIXIR.

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing, secret indulgent pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the unfortunate suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, or the Incurring of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hearing, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfulfilling nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large wash-bowl and closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers of the above valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, most and agreeable—and as none of these are to be found in other furnaces with the ordinary modes of warming, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the fire, thus saving at least 25 per cent of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the oven can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your building.

This Furnace does away with the great number of pipes and flues, and the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert E. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as her hands have stood more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humor. I have sold to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with ulcers at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Fremont ELDER I. CHESLEY, *Lee, May* 31, 1841

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA AND HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 1 High street, Portsmouth, N. H., promptly attended to. mav26

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear several times longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle.**

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water-proof and thereby protects your feet from dampness. Leaving the ground in all ways more or less moist, either from rain or the morning and evening dew.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)

76 State street, opposite Kilby street,

Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantage securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below plainly prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to secure the late a vast collection of specifications and official decisions relative to patents.

Hence, besides his unsurpassed library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability in this part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected application SIXTEEN ADDITIONAL, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

The Old Established Hospital,

No. 5 Beaver Street, Albany, N. Y.

QUICK CURES AND LOW PRICES.

Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his medicines are unrivalled in correspondence with the most eminent Physicians of the Old World, of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotes, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. Teller, have been in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of the subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for every body.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of these diseases upon which his books treat.

THE LADIES.

DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.

TUESDAY, SEPTEMBER 27, 1864.

THE REBELLION.

Several U. S. Officers who arrived on the 24th, at Louisville, Ky. from Atlanta, report all quiet there. A portion of the city is being destroyed, the lumber from the dwellings being used to construct camps. The rebel army is swinging around to cover the Atlanta and West Point Railroad, to prevent our advance on Mobile. Gov. Brown of Georgia has offered to Gen. Sherman propositions for peace, notwithstanding the assertions of Eastern correspondents to the contrary.

The people of Richmond and vicinity are suffering terribly for the necessaries of life, and particularly firewood, the cost of which places it almost beyond the reach of the mass of the community. Richmond papers contain very little news. They admit their defeat in the Valley and give their loss 2500, about 500 of whom are prisoners. Rhodes' division lost 1000 men.

North Carolina dates of the 22d have been received. The steamer Fawn, which was recently captured and burned by the enemy, contained Boston mails of the 4th and 5th inst., a large part of which have been recovered from the wreck and brought to Newbern. A flag of truce recently brought into Newbern quite a number of refugees, many of whom belong to the first families of the State, who are on their way North, having lost all confidence in the rebel cause since the fall of Atlanta. Among the number was the wife of the rebel Gen. Martin.

Reports of the unconditional surrender of Mobile came on Monday, round about from Memphis, Cairo and Holly Springs.—Officers of the steamer Circassian, which arrived at Boston on Monday from Mobile, express the opinion that there is no truth in the report of the capture of that place. Mobile Bay advices of the 14th state that all was quiet then, but movements were on foot by both the fleet and army. Preparations were making for the removal of the guns, machinery, etc., of the sunkon monitor Tecumseh.

Little Lock, Ark., papers to Sept. 16 are received. There is no truth in the report via New Orleans that it had been captured by the rebels.

Dispatches from Gen. Sheridan, dated 11 o'clock, Saturday night, six miles south of New market, have been received. He had driven the enemy from Mount Jackson without being able to bring on an engagement. The enemy were moving rapidly and he had no cavalry present to hold them. Twenty pieces of artillery were captured at Fisher's Hill, 1100 prisoners, a large amount of ammunition, caissons, limbers, &c., a large amount of intrenching tools, small arms and debris. No list of the captured material has yet been received. The small towns through the Valley have a great many of the rebel wounded.

POLITICAL DIRECTORY, March 4th, 1865. George B. McClellan, White House, Washington.

Abraham Lincoln, Springfield, Illinois, or Rail-splitter, Salt River, Kentucky.

The President's secretaries have been drafted. They will soon be called to march.—*Portland Argus*

Well, it is a good thing to be able to turn your hand to any kind of business that offers, and not be tied up to one thing. "Act well your part, there all the honor lies." And there is another good thing about it—if Mr. Lincoln is invited out at the close of his term, or is not invited in again—he and all his underlings will quietly vacate and march out to the music of the Union, and not kick up a row as another party did on a similar occasion.

— The telegraph was dumb as an oyster about the uprising of the McClellan men on Saturday.—*Dem. Papers.*

It would have been better for the "McClellan men" themselves, if they also had kept silent on that occasion.

Tea is now taxed twenty-five cents per pound. Our nation had a war once over the tea tax, and will soon have another one for the same cause.—*Laconia Democrat.*

Don't flatter yourself. When you undertake to get a war "over the tea tax," you will find that it makes a vast deal of difference to the American people whether they are taxed to support their own Government or that of England. — *Mirror.*

GOLD in New York, Monday morning, 192; at such price $50,000 were sold. It was afterwards as low as 185, and at 12:55 it was 189 3-4. Goods of all kinds unsettled and lower.

WHAT BECAME OF THEM? — Seven millions of one and two-cent pieces were coined last month.

— The internal revenue tax of the Portland Match Company will be two hundred and forty thousand dollars a year.

Sydney Smith defines English benevolence to be "a strong impulse on the part of A, when he sees B in distress, to compel C to help him."

— Butter is now selling in Western Massachusetts for 40 cents per pound, and wood for $6 per cord.

An obedient wife commands her husband.

THE NEW YORK CENTRAL PARK.—Our correspondent "N." writes thus, concerning the pride of the metropolis, in a letter necessarily deferred in publication:

We excursionised the Central Park last week, and note some objects of interest. The marked improvement constantly taking place is commendable. The preservation of the Park, the universal observance of the regulations, and the excellent decorum of the immense throng of visitors, is truly remarkable, and the numberless devices for the interest and amusement of the multitudes, and arragements for their rest and recreation admirable. On the blue wide-spreading lake, girdled by the rich green undulations, the snowwhite swans chase the many boating parties; while in another part, in a quietly sheltered nook, the paddling ducks quackle cherrily over the waters of their muddy little ocean, while along the banks stand the long limbed crane, the stately stork, the brilliant peacock, the bright eyed pheasant, and the ungainly pelican—like ambassadors from different lands in silent confab on affairs of State.

Not far off is the park where graze the deer; and a few steps further the mall, where are all the other "dears;" and the band which plays beautifully, and the fountain which does ditto; and the cascade which runs gamboling over the rocks, and innumerable small children who follow its example. And up on the bluff is the Casino, a combination of every conceivable and inconceivable style of architecture, where desirable delicious dainty delectables may be had for greenbacks; and in front of it is the "circle" of the drive where wealth whirls richly, in a bewildering maze; while amid all the beauty, and all the sport, the American eagles in their enclosure wrangle over a bit of eatable, or sit dolefully on their perches, as if regretting for the respectability of their race that they ever were chosen as the emblem of America. (And why shouldn't they when such newspapers as the 'S. and U.' are allowed to be published?) The attendance at the Park last Saturday, is estimated by the Herald at $50,000.

GOLD.—The fall in the price of gold is the happy result of the great victories achieved by Sherman and Sheridan at Atlanta and in the Shenandoah Valley. As gold tumbles, says the Boston Herald, down goes the price of everything with it, much to the joy of the people and much to the disgust of the speculators and the copperhead politicians who are at work to make the people believe that the Administration is responsible for the high prices of provisions and clothing.

CURIOUS CALCULATIONS.—The simple interest of one cent, at six per cent. per annum, from the commencement of the Christian era to the close of the present year 1864, would be but the trifling sum of eleven dollars, seventeen cents, and eight mills; but if the same principal, at the same rate and time, had been allowed to accumulate at compound interest, it would require the enormous sum of 84,840,000,000,000 of globes of solid gold each equal to the earth in magnitude, to pay the interest; and if the sum were equally divided among the inhabitants of the earth, now estimated to be one thousand millions, every man, woman and child would receive 84,340 golden worlds for an inheritance.

There are two things that ought to suffice to make every American vote against Gen. McClellan at the Presidential election. The first is, that our enemies in England all desire that he should be nominated by the Democrats, and then elected; and the second is, that mere assurances sent to London, from private individuals in New York, that he was certain to receive the democratic nomination, caused the Confederate Loan to rise three per cent. These things show what party and what men our foreign enemies wish to see succeed in America. They should be disappointed, and they will be disappointed, by the action of the people on the 8th of November.—*Traveller.*

— Appropriate funeral services were observed last Sabbath, in the Methodist Church at East Livermore, Maine, in memory of the brothers, Capt. William W., and Corp. Daniel H. Morrell, sons of Francis Morrell, Esq., who fell in defence of their country, the former at the battle of the Wilderness, May 8th, the latter at the battle of Spottsylvania Court House, on the 12th of the same month. Interest was added to the solemnities by the presence of a *third* brother, still bearing in his body rebel lead received on the same sanguinary field, who participated in this last tribute of love to his heroic brothers whose bodies fill soldiers' graves on the field stained with their blood.

— Gen. Burnside says he has "always had the fullest faith in our Union's success, and though he has gone through some dark hours, it has never failed or faltered in the least We must succeed—he felt there was not a shadow of a doubt of it; I honestly and candidly believe that the end is near. I see no occasion for the despondency which has existed in some quarters. Grant wants some more men and they will be given to him. They will be forthcoming and the war will be closed in short order."

"Good morning, Jim."

"Good morning, Dan, what's the news?"

"Another glorious victory—what 'll you drink?"

"*Sherry, Dan.*"

ITEMS—NEW AND OLD.

FLAX MANUFACTURE IN IRELAND.—It is stated that 300,000 acres of flax were sown in Ireland this year. New mills are springing up there, and the number of looms for linen power-loom weaving has increased 126 per cent. in five years.

BOYS AND GIRLS. The tastes of children are alike all over the world. Girls love something to pet, fondle, comb, wash, above all, dress, and — crowning glory and power of motherhood — put to bed. Boys prefer an article with which they can do mischief — a sword, a gun, or a cannon — they like destruction — anything that smokes or smells like gunpowder. As a friend of mine ob erved, "If fireworks are so nice, what must a battle be?"

— Latest fashions state that sleeves are still shaped to the arm, but are somewhat looser at the wrist, for rich toilettes especially, allowing deep square cuffs of point lace, attached to a fine undersleeve, to be visible.

—Sherman should be suspended for excessive cruelty. To flog Hood with the sword and then annihilate him with the pen, was an excess of affliction the statute against unusual and extreme punishment should have shielded the rebel from. To hang a man and make him pay forty shillings is against sound "crowner's quest" law. Poor Hood, how high he swings! — *Post.*

— Mrs. Abba Quincy Adams, wife of Gilson Adams, of Denmark, Me., in a fit of mental derangement, drowned her two children, Harry and Frank, aged 5 and 2 1-2 years, and then finished up the horrible tragedy by drowning herself.

"By George! Lincoln and Johnson will be elected." says a Republican, who always "craftily qualifies" his oaths and his whiskey. "By two Georges! they will be beaten," was the quiet response of his friend, and they both smiled. — *Lew. Jour.*

THE MAINE ELECTION. — Returns from three hundred and sixty-one towns show for Governor, Cony 54,868, Howard 39,706. Majority for Union Candidate, 15,162. Last year in same towns, the vote stood for Cony, 59,923; Bradbury, 44,697 — Union majority, 17,226.

— It is small to talk of the petty crimes of this or that man — if one is silent upon that everlasting crime of this gigantic rebellion, which surpasses all other crimes in the world's history. — *Newburyport Herald.*

— Alexander Dumas, the younger, has uttered a great many wretched impertinences concerning women. Here is one: "Heaven in its merciful providence gave no beard to women, because it knew they could not hold their tongues long enough to be shaved."

— "I think the intimacy which is begotten over the wine bottle," said Thackery, "has no heart. I never knew a good feeling come from it, or an honest friendship made by it; it is only a phantom of friendship and feeling, called up by the delirious blood and the wicked spells of the wine."

— An eminent judge said to a jury which had passed a sleepless night in their room, unable to agree on a verdict, "Gentlemen, I am surprised that you cannot agree in this case. I could agree either way in five minutes."

— Mackerel have been plenty and very large in our bay for a few days past. On Tuesday, one thousand barrels of the first quality were caught around Smith's Islands, or the Isles of Shoals as they are vulgarly termed. — *Newburyport Herald.*

— A torpedo-boat, designed by Chief Engineer Wood, was a few days ago launched at Fairhaven, Conn. Her hull was built and modeled by Mr. S. H. Pook, son of the naval constructor.

POLITICAL CONUNDRUM. — Why are the copperhead papers like the heir apparent to the crown of Great Britain? Because they are prints of wales.—*Nevada Gazette.*

— The republicans fully expected Hon. Reverdy Johnson would support Lincoln, but his letter shows that he is squarely and earnestly opposed to him.

THE FALL SEASON.—The tide of Victory this fall is sweeping all before it. Gold, produce, dry goods, are all falling. The fall season has begun.—*Boston Herald.*

— About $4000 of the consolidated bonds of the York & Cumberland bonds (with accrued interest) were sold at auction Saturday in Portland. They brought about twenty cents on the dollar.

The military problem seems, after the waste and blunders of four eventful years, to be approaching a solution. The rebels have but one great army left.—*N. Y. World.*

— On the 7th Sept. the entire force of compositors on the Chicago Times was dismissed and forty young women were instituted.

One last, sharp struggle to be free;
To do is to succeed—our fight
Is waged in Heaven's approving sight —
The smile of God is victory!

— There is only one penny paper left in the country — the Philadelphia Ledger. And that ought to be stopped or put up to a paying price.

— The republican papers have been circulating a statement that Gen. Lewis Cass, does not support Gen. McClellan. It is an electioneering lie. He gives Gen. McClellan his cordial support.—*Portland Argus.*

— The way to avoid perpetual war and high prices is to destroy the rebel armies, which Grant, Sheridan, Farragut and Sherman are doing most effectually.

GREAT HAUL OF MACKEREL.—On Saturday, Capt. George D. Thurlow, of sch. Coral, seined 160 bbls. of large mackerel off Boon Island.

☞ Kittery has its quota filled, and forty or fifty men over, says the Portland Argus.

— During the past twelve months 608,629 bales of cotton have been exported from China.

— Eugenie, the Empress, pouts because she cannot go to Rome.

— A three hundred dollar bonnet was sold in New York on opening day.

— Gen. Sheridan's victory is called the battle of Winchester.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heal humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

☞ The Draft has not been resumed in this city since Friday. On Saturday ten substitutes and volunteers were examined; two rejected, eight accepted—one for a drafted man from Tamworth. Monday 24 examined, 4 rejected, 18 accepted—one for another drafted Tamworth man.

☞ Very heavy winds have prevailed on our coast, for a few days. Boats which put out for Smith's Isles, on Saturday and Sunday, were obliged to put back on account of the gale, and the heavy sea running.

On Saturday, the fishing schooner Guerrilla, of Harwich, when near Boon Island, was struck by a squall, and had her foremast carried away, which falling upon the mainmast, also carried that by the board. The Guerrilla was towed into this port on Sunday by the sch. Palmetto State, also of Harwich.

The sch. Wave Crest, of Portland, fishing, had her mainmast sprung on Sunday, and put into this port for repairs.

☞ The Shoals season being about over, the steamer Pioneer announces to run to Dover daily, for a few days—and will return immediately, on account of the tide. There is to be a trot at Dover on Wednesday, and another on Friday, we believe; H. H. Smith's Ajax to go on both occasions, against other horses. This trip also affords a rare opportunity to go up our beautiful river. She starts this Tuesday morning at 8 o'clock.

☞ Women are rapidly supplanting men as type setters, all over the country. It is a good move, and one that we mean to encourage. There is no reason why women shouldn't do most of the work in a printing office, even to editing and publishing the papers; and let the men plant corn. We are ready for the change, providing we can first *make* "change" enough to buy the farm.

☞ Our most fragrant thanks to Capt. A. K. P. Deering, for that splendid floral testimonial of his regard for us, no less than to the good taste and skill of another and fairer resident of Gates street than he.

☞ We notice that several of the New Hampshire papers, in accordance with the vote of the State Editorial Convention, announce that for the publishing of Marriage notices, 25 cts. will be charged. This is not half enough (although we publish a good many for nothing); for if a man is afraid of spending a little on such occasions, he never ought to be allowed an insertion in the press.

☞ Sale of Furniture, Bedding, etc., at Wendell's Auction Room, this Tuesday morning.

☞ The Theatre continues at the Temple this week, each evening.

FIREMAN'S VISIT.—Atlantic Engine Co. No. 6 of Portsmouth, Charles S Tucker, Foreman, with the Portsmouth Cornet Band, visited Salem on Thursday afternoon, on their way home from Lawrence. They were a fine, substantial looking set of men, handsomely uniformed, and received attention from Relief Engine Co. No. 3.—*Salem Register.*

☞ Some gentlemen in the train from Portland for Portsmouth on Monday morning took the following vote by a canvass of the passengers: McClellan 58, Lincoln 78, Vallindingham 1, Doubtful 5.

SECURED A PEACE. — The defeat of Mr. Sweat, the Democratic member of Congress from the 1st District of Maine, secures a "peace" for that gentleman, though hardly the sort of one which he, in company with his yoke-fellow in this State, Mr. Marcy, has been seeking at the hands of the rebels for the past two years. The Maine Republicans, however, have secured for him what he could not do for himself. The Union voters in the 1st District of this State will perform the same service for Mr. Marcy next March, in a very peaceable but effective way. — *Nahua Telegraph.*

NEW HAMPSHIRE ITEMS.

—— The New Fannel Mill at Gonic, to be erected by the Gonic Falls Co. (formerly Hon. N. V. Whitehouse's mills,, which since incorporation have been under his management as agent), is fast being hurried along.

—— M. L. Hayes of Farmington, has shown the Rochester Courier a very fair handsome apple, weighing almost 12oz, and girting very nearly one foot.

—— If there be Republicans in New-Hampshire who suppose the electoral ticket, at the head of which stands Hon. William H. Y. Hackett, is to be chosen without an effort on the part of its friends, they had better awake from that delusion in the least possible time. The Democrats have organized for a campaign of much vigor, and there is danger that, under the cry of "peace" and "better times," some Republicans will be induced to vote for McClellan in the hope that times will be better and the Union restored if a new Administration comes into power.—*Concord Statesman.*

—— Last week the Rochester Courier saw six nice working oxen that had been bought about there to be driven up country. This is reversing the usual course of trade.

—— W. P. Hill, the barber of Farmington, accidentally shot himself on the 19th. The charge tore the flesh from his arm pretty badly, and injured the tip of his shoulder.

☞ Rev. George Beebe, M. D. of Gosport, Smith's Isles, has received the appointment of Assistant Surgeon in the Army—a position for which he is well qualified and adapted.

PRESIDENTIAL CANDIDATES!—A splendid colored Engraving of GEORGE B. MCCLELLAN and ABRAHAM LINCOLN (on one plate,) will be sent to any address, on receipt of two three cent stamps to pay postage. Address Dr. W. R. MERWIN & Co., 63 Liberty Street, New-York.

WE ASSERT IT BOLDLY.—There are no other Medicines so reliable, effectual and convenient as Holloway's Pills and Ointment, always ready for use. They are invaluable to the Soldier exposed to Wounds, Sores, Fevers and Bowel Complaints. They never fail.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 229

A TRUE AIM.—It has not been the aim of the proprietor of Hunnewell's great preparations, advertised on our inside columns, to base a false reputation by long and unmeaning advertising, but a real one by true results, to which all who try them will cheerfully assent. See advertisement.

Would you save yourself from suffering after eating, or from cordity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

YOUNG LADIES' BOARDING SCHOOL,

LEXINGTON, MASS.,

DIO LEWIS, A. M., M. D., *Principal,*

ISAAC N. CARLETON, A. M., Assoc. Principal.

The School here announced has been in contemplation ten years, but until now DR. LEWIS has not been able to procure the buildings and other facilities indispensable to its establishment.

A noble structure with every advantage of grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is a quiet, farm village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.

DR. and MRS. LEWIS will conduct the department of Anatomy, Physiology and Physical Training.

MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.

THEODORE D. WELD, for many years the Principal of the Englewood School in New Jersey, will give familiar lectures on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakspeare and other masters of thought and speech.

PHEBE HATHAWAY, a well-known member of the Society of Friends, will conjointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.

EXPERIENCED TEACHERS will conduct the exercises in every department.

Special attention will be given to Music and French.

While thoroughness in intellectual training, and accuracy in the acquisition of knowledge, will be the earnest aim of the school, PHYSICAL CULTURE will be its special characteristic.—Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To illustrate the capabilities of physical improvement in this numerous class, is Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely-managed training, such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement Cure*, the *New Gymnastics*, and the popular exercises of the English and German peoples, will be employed to secure the best results in bodily training.

So intimate are the relations between mind and body, that pupils, particularly those of delicate constitutions, will improve much more rapidly in mental and moral culture while enjoying a complete course of physical training.

It will be the constant aim of the Principals to provide for their pupils a pleasant home, whose genial and refined influence shall tend to the formation of an elevated and Christian character.

TERMS AND VACATIONS.

The School Year will consist of a single term, beginning on the 1st day of October and closing on the 1st day of June.

This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

Lexington, Mass, Sept. 26.

Special Notice.

To the Readers of the Morning Chronicle, Portsmouth, N. H.

The undersigned would respectfully ask attention to the preparations known as

Hunnewell's Universal Cough Remedy

The Great Remedy for all Throat and Lung Complaints.

HUNNEWELL'S TOLU ANODYNE,

A perfect relief for Neuralgia, all Nervous Complaints, and Loss of Sleep.

HUNNEWELL'S ECLECTIC PILLS,

Declared to be the most perfect Cathartic and Family Pill; seldom requiring more than *One* for a dose, without *Griping*, and one that should be known to every family.

These preparations will be noticed each month, and originating from most potent questions in Medicine, enjoyed for ten years unbounded reputation, readers are invited to accept such notices as a true index of character, and give me their confidence to test them.

L. M. EMERY, ARTIST,

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a traction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,

and by all National Banks which are depositaries of public money, and

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only used 8. We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the application of ether in surgery. Roots and plants, in themselves pungent and disagreeable, are, by a new and scientific process of extracting, made to produce MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combining work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation. It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicine.

The hard and compact manner in which pills are prepared renders them indigestible—and when taken are *forced* through the bowels, hardened, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

The pill dissolved, uniformly diffused, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no parts settling upon the bowels, but is equally *diffused* there and throughout the whole circulation of the blood, imparting a healthy and invigorating action to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the Scurvy and hidden humors to the surface of the skin, and relieve or check SCROFULOUS AFFECTIONS—and by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted part, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the secretions by its mild diffusive action. It is an effectual pulmonary regulator—has a decided, salutary action upon the Liver, and *there has been no medicine prepared for common family use which possessed such merit.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been for many years well known to the public by his celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and which has been used for over two years. He is a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1825.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be conducted to good effect therefrom, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 33 Hanover street, Boston. ant—tuesw 8 w

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never yet been equalled, where others, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the barriers of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pains and distress in the regional glands, Inflammations and Ulcerations of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of diseases, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate victim for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness and Pain in the Loins, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Pimples on the face, Consumption, &c. The fearful effects on the mind are those to be dreaded; loss of memory, confusion of ideas, depression of spirits, nervous irritability, aversion of society, self-distrust, timidity, &c., are some of the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days can find pleasant rooms furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. These for $1 and a stamp. 1y22

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted only for all diseases incident to the female system, such as Whites, Uteri, or falling of the Womb, Floor Albus, Suppression, and other menstrual derangements, are all treated upon a new and improved method, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most valid complaints only, endure a month the afflicted person soon rejoices in perfect health.

Dr Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1825, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, ask no other recommendation than the test of time, and the numerous testimonials of cures in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr Dow or consultant will be in Boston, A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extensive practice, gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon, should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. 1 dollar and 1 cent and a red stamp.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of Urine, Gravel, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is recently recommended in those cases of Fluor Albus or Whites in females, where all the old famous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, carrying it with him in all of its original purity and vigor; thus removing from the system all pernicious causes which give rise to disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases where the symptoms, Gleet, Fluor Albus or Whites, its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain. Instead of the burning and almost insupportable pain that is experienced with nearly all the *clumsy quack injections.*

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the whole secretory organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE,

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Sight, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pain in the Head, Nervous Irritability, and all the diversified complaints caused by departing from the path of nature.

This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

To those who have trifled with their constitution, and still they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, when other old quack doctors have failed.

For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

Prices, $2 per bottle or three bottles for $5, sent forwarded by express to all parts of the world.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of curing, irrespective of all the old worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despondent, or devotees of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, or those suffering from premature debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir, imported by him.

Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than most other stoves, the oven lined with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and eccentric boiler combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which pastry can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this new valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objections aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason of this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 30 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, but pass off with a large amount of the heat generated, making the chimney the hottest part of your Furnace.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

EXE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

FROM ELDER I CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter suffering with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay forth, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. mav26

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear double the time longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,** at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for its leaving the ground is always more or less moist, either from rain or the morning and evening dew.

As what is said about it by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 86 Hanover st.; M. S. Burr & Co., 26 Tremont st.; Carter, Hunt & Co., 48 Hanover st., and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

American and Foreign Patents.
R. H. EDDY,

SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to procure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantage for securing Patents; or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and the SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no other Agency of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, contain full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.

QUICK CURES AND LOW PRICES.

Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the best remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Bliss, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage, 250 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The only Medical Work for the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

Dr. TELLER still remains the only Agency in America, for the sale of Dr. Nichols's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the usual per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

WEDNESDAY, SEPTEMBER 28, 1864.

THE REBELLION.

Gen. Dana, of the U. S. army, has just commenced active operations from Vicksburg.

The Richmond Whig of 24th says heavy reinforcements to Grant's Army are still coming in. "The enemyare very vigilant on our right,evidently fearing an attack on the Weldon Railroad."

A rebel brigade has torn up the track between Atlanta and Dalton to trouble Gen. Sherman. On the 21st Sept., 1000 of our men were exchanged at Rough and Ready, Georgia. The oath of allegiance was offered at Atlanta and freely taken by many prisoners. One entire Georgia regiment took the oath. There has been no movement by the enemy.—A dispatch from that quarter Sept. 21, says, Farragut does not design attacking Mobile at present. Sherman has issued an order forbidding all citizens from coming this side of Nashville. From Mobile a steamer brings the news of a gunboat expedition up Fish river. Saw mills, grist mills, shipyards and lumber were destroyed, valued at $100,000. Returning down the river it was found that the rebels had felled trees across the stream. At the same time a force appeared upon the banks of the river and fired upon the boats. The gunboat Randolph cleared a passage for the rest of the fleet. A telegraph cable has been laid from Fort Morgan to Fort Gaines. It is thought the hole in the monitor Tecumseh's bottom is so large that she cannot be raised. Fort Gaines is in fine condition. But very little of Fort Morgan can ever again be made serviceable. The Commercial's special Washington dispatch says:—Gen. Smith's command was recently sent up from Memphis to counteract the rebel movements against Missouri, and other Union troops have also been concentrated in that State, all under Gen. Rosecrans. It is not believed that Early will reach Staunton with one-third of his original force. The reinforcements to Sheridan have reached Strasburg. The War Department has no confirmation of the surrender of Mobile.

The Baltimore American dispatch from Gen. Sheridan's headquarters, Monday, says: The degree of demoralization at which Early's command had arrived may be judged from the following: Amongst 1500 prisoners captured in Thursday's fight was a rebel colonel (who commanded a brigade) who, when brought in, threw down his sword, exclaiming, "the confederacy is going to hell; the men won't fight any more, neither will I." From dispatches captured on a rebel staff officer it appears that Early was instructed by Lee to hold the valley at all hazards. Gen. Sheridan is still pursuing the rebels and picking up prisoners all along the road. It is stated on reliable authority that the number captured within the past three days amounts to 3000. Col. Edwards, commandant of the post has been busily engaged in collecting arms from the battlefield and from citizens, who secured them after the rebels threw them away. He has already collected 6000, and a great many more are yet to come in.

Secretary Stanton's dispatch says Early was driven from Mount Jackson without an engagement. The rumors of Peace Negotiations in Georgia, are renewed.

Rebel forces are marching to invade Missouri. A Nashville dispatch of the 26th says, the rebel Gen. Forrest with his whole force destroyed the Sulphur Spring bridge yesterday. Elkhorn was evacuated last night and taken possession of by Forrest with 7000 men and three batteries. Five hundred Union cavalry reported to have been captured at Athens, Saturday. Forrest is reported to have butchered all the negroes captured in Federal uniforms.

THE SICKNESS AT THE MAPLEWOOD INSTITUTE.—The Boston Journal states there have been twenty deaths from the mysterious disease contracted at the Maplewood Institute, including two mothers of young ladies who took the disease at school. This mortality, among those in the bloom of youth is fearful, and has carried mourning into many families. The sickness is of a malignant typhoid type, similar to ship fever, and has proved as insidious and fatal as the National Hotel disease. There can be little doubt,from the investigations made, that the disease was the result of a malaria caused by the exposure of putrid animal and vegetable matter upon the removal of an old barn, and by the soil becoming saturated with matter from long used sinks and drains, impregnating the water as well as the air with deleterious matter.

An investigation of the facts has been made by competent physicians, and it is due to the public that the report should be widely published. The most thorough sanitary regulations are necessary in all buildings which are occupied by a large number of persons for a series of years, especially where the only drainage is into the soil.

NEW HAMPSHIRE ITEMS.

—— Mrs. Woods, a lady 82 years of age, residing at Hollis, N. H. visited her grandchildren on the 21st inst., walking half mile each way, taking her work along with her. She has made the past year 500 pairs of army drawers. Some weeks 25 pairs in a week. Young ladies take notice.

—— The following New Hampshire soldiers died in the New York hospitals for the week ending Sept. 22d: Henry Barton, Co. A, 3d; Perez E. Dunigan, Co. H. 6th; Charles Johnson, Co. C, 11th; Levi N Lillie, Co. C, 14th; James W. Merrill, Co. C, 1st cavalry.

—— Rev. Lyman Chase, late of Lake Village, has accepted a call from the Baptist Church of Kennebunkport, Me.

—— Snow has appeared on the tops of the White Mountains several times within the past fortnight.

—— On the 25th a flag of truce steamer, arrived at Fortress Monroe from Varnica, with 850 prisoners from a Southern prison. Among them are Brig. Gen. Bartlett, Capt. A. J. Hough, 9th, R. S. Dunn, 5th N. H.

—— John D. Emerson of Haverhill, this State, has been given an invitation to accept the pastorate of the Congregational Church, at Rochester.

— George O. Townsend, 3d Battery, Heavy Artillery, N. H. Vols., died of diptheria at Fort Slocum, Washington, D. C. last week, and his body was started for home for burial in Bedford, where his father resides.

—— The term of the 1st N. H. Battery, which was raised in Manchester in 1861, expires on the 26th inst. We learn that they are expected to arrive there this week and that measures will be taken to give them a proper reception. As but about 40 re-enlisted, nearly one hundred will return.

A DROP LETTER.

LEXINGTON, Mass., Sept. 26.

One of the greatest curiosities in this vicinity, aside from things rendered sacred to the patriotic heart from their revolutionary associations, is the "Old Elm" growing a short distance off from the main road to Waltham. Although two centuries are said to have elapsed since first its leaves fluttered in the breeze and found vigor in the morning dew and sunshine, it is still very thrifty. I found it to measure 31 feet in circumference at the ground, and 14 1-2 feet at a height of 4 feet from the ground. The branches cover a circumference of 230 feet. The striking feature of the tree is its immense size where it branches out, 25 or 30 feet from the ground, where its circumference must be over 30 feet; and this immense patriarch of the elms is held together by no adventitious bands of iron, or the like.

In a graveyard here, where I could find no date of burial anterior to 1825, I found this inscription:

Come all you my friends, 'tis a melancholy sound,
The arrows of Death fly swiftly around;
It is one of your number that was all in her bloom,
She is called away by Death and is laid in her tomb.

Although she is dead, she is inviting you to come;
To read the inscription that is written on her tomb
And now you are here you will read it with care,
But remember, it is not long, before your bodies must lie here.

Upon the largest tombstone I ever saw is an inscription stating that it is sacred to the memory of Capt. *Clover* ——." I take it the orthography is intended to suggest that it is *all over* with him.

While on the subject of orthography, I notice by an advertisement in the Boston Journal, that a teacher is wanted for the Adams "Gramma" School, in Quincy. I suppose no young man, unless a "Gramps," need apply.

Dan Rice having become a Republican candidate for State Senator in Pennsylvania, denied at Louisville that he ever adopted the views of secession while at the South. To which the N. O. Picayune says: "At the time of secession, Dan was here, and went very much out of his way, quite unnecessarily too, to express himself in favor of secession, when no one cared what he was for, or what against." To which your correspondent says, "That's so, but can't Dan who has so long thrown somersaults in sawdust to please others, throw one in politics to please himself?"

Politics like everything else, are rather quiet here. At East Lexington a McClellan flag has been raised, but that is all the sign of active warfare I have seen on either side here. ION.

—— The abuse which the McClellan men heap upon Mr. Lincoln is bitter, but not to be compared with the torrents of wicked injustice that was hurled at Washington in his day. But Washington prevailed against it all, and lived a patriot, and died universally lamented, and left a name that is today as fresh in the hearts of the people as if he were yesterday upon the field of action.

Benedict Arnold charged upon the Father of his Country just what Vallandigham and his associates charge upon Lincoln. Let the people remember these things, and there will be no danger of seeing the old flag go down in dishonor.—*Gloucester. Tel.*

— Montgomery Blair expects the Maryland Senatorship.

— The New York ladies are in raptures over the new color, violine.

— Peace through success is Union.—Peace through surrender is Disunion.

THE NEW COMMANDANT at Portsmouth Navy Yard, is thus spoken of by the New York Herald. We believe he relieves Com. Pearson on the 1st Oct:

Rear Admiral Theodorus Bailey was born in 1805, in the town of Chateaugay, now Franklin county, New York; and on the 1st of January, 1818, received his appointment as a midshipman in the Navy. His first cruise was in the corvette Cyane, thirty-two guns, captured from the British by the Constitution. This vessel convoyed out the first colonists to Liberia.

Midshipman Bailey's next cruise was in the line-of-battle ship Franklin, in the Pacific. He then was ordered to the Shark, on the West India station. He was promoted to a lieutenancy on the 3d of March, 1827. He then joined the Natchez, twenty-four guns, and subsequently was the first lieutenant of the Grampus, twelve guns, Lieut. Com. Josiah Tattnal (now rebel.)—On the 23d of June, 1830, he married Sarah A. Platt, and a few months afterwards he sailed for a cruise in the Vincennes, flagship of Commodore Wadsworth, to the Pacific. This cruise was one of much interest, and during the time absent Lieut. Bailey visited the Marquesas, Society, Friendly, Caroline and Pelew groups.

In December, 1840, he sailed in the frigate Constellation on a voyage around the world, which occupied about three and a half years. In 1846 he was ordered to the command of the steamship Lexington. In this ship he performed much valuable service on the coasts of California and Mexico.

His next command was the sloop-of-war St. Marys, attached to the Pacific squadron for three years. He arrived at Panama during the celebrated riots, and by his activity he quelled them.

The news of the fall of Sumter induced him to immediately repair to Washington, when he tendered his services to the government. In a few days afterwards he was assigned to the steam frigate Colorado, and proceeded in haste to Pensacola, where, by his restless activity, he became a terror to the rebels. He co-operated with General Harvey Brown in operations there, planned and matured the expedition to the mainland and the capture of the privateer Judith, making the first attempt in person in his gig on a dark night.

From Pensacola he was ordered to the Southwest Pass, to co-operate in the expedition against New Orleans. Finding the Colorado could not go over the bar, although suffering from the effects of a recent painful surgical operation, he asked of Flag Officer Farragut permission to go up as a volunteer, transferring his guns, men and officers to vessels of lighter draught. His known ability and anxiety to enter the list of active service led Flag Officer Farragut to place him second in command. The records show how well he performed his duty on this occasion, and subsequently at New Orleans in his conference with the excited rebel authorities.

His health demanded that he should return home and bring the despatches to the Navy Department. He left New Orleans in his flagship on the 1st of May.

On his arrival here he was ordered to the command of the naval station at Sackett's Harbor. With renewed health he was ordered to the command of the Eastern Gulf blockading squadron. During the time he has been in command he has seriously annoyed the rebels, and has captured a large number of prizes.

GLOUCESTER, MASS., Sept. 26th.

Editor of Chronicle:—A few weeks ago, on taking up a copy of your journal, I chanced to see a paragraph setting forth the merits of the Rubber Collars and Cuffs manufactured by Peter A. Ross & Co., of Albany, N. Y., and stating that by enclosing fifty cents to Mr. Ross's address, the collar and cuffs would be forwarded by return of mail. Two weeks ago last Friday I sent to Mr. Ross, enclosing the required amount, and have not as yet received the articles, nor a word in relation to them, and so I have come to the very natural conclusion that I am "sold." The reason why I did not receive them is—— can you enlighten me on that point? Probably you will come to the same conclusion as myself, viz.: that *either the mail does not return from Albany very often*, (which I doubt) or that *Peter A. Ross & Co. are not* ——.

Yours respectfully, E. W. SPRAGUE.

REPLY.—We know not who Mr. Sprague is, nor do we know anything of Ross & Co., except that in the absence of the publisher of the Chronicle from home, the advertisement referred to was inserted without prepayment, as it certainly would *not* have been had we been at home. As *our* promised pay has not come to hand, we begin to think with Mr. Sprague, that Ross & Co. are humbugs. Will some Albany paper please inform us; or will Mr. Ross himself clear up the mystery.

☞ We are indebted to the author for a copy of an Address delivered at Fort Popham by John A. Poor, Esq., Aug. 29, 1862, in commemoration of the planting of the Popham Colony, at the mouth of the Kennebec, Aug. 19, 1607. It is a very interesting pamphlet, evincing much research and intimate acquaintance with the early history of our country. It is astonishing, though, to some folks, how the old classic ground of the Sabino modernzies Plymouth Rock. Great is Maine, great is Portland; and chiefest among the champions and defenders of the Dirigo State,stands our friend Mr. Poor. Success to him, and all his great public enterprises. He is personally one of the most genial, interesting and fascinating men we ever met; and Falstaff himself never gave a more unctuous chuckle of good humor, than does "the railway king of America" on any happy turn of the conversation, by himself or others. All hail to him!

AN ACT in relation to the taxing of deposits in Savings Banks.

Be it enacted, &c. SECTION 1. It shall be the duty of the Treasurers of all Savings Banks in this State annually on or before the first day of May to make out and return to the Secretary of State a statement under oath of the whole amounts of deposits and accumulations due from such Savings Banks to each depositor on 1st day of April next preceding; together with the name and residence of each depositor residing in this State,and said Treasurer shall,on or before first day of July next succeeding, pay to the Treasurer of the State, three-fourths of one per cent. on the amount of such deposits and accummulations, on the said first day of April next preceding, which said tax of three-fourths of one per cent. shall be in full for all taxes imposed on the deposits and accumulations in said Banks or on the depositors therein on account of such deposits or accumulations; and the State Treasurer shall pay to the several towns in this State, on or before the first day of October annually their proportion of the aforesaid tax according to the amount of the deposits and accumulations held in said Savings Banks by the residents of said towns, and the tax on non resident depositors,and such depositors whose residence is unknown, shall remain in the State Treasury for the benefit of the State.

SEC. 2. All laws now in force requiring the Treasurers of Savings Banks to make return to the assessors of the several towns in this State of the amount due depositors, and all acts and parts of acts inconsistent with this act be and the same are hereby repealed.

SEC. 3. This act shall take effect from and after its passage. Approved, Aug. 19, 1864.

YOUNG LADIES'
BOARDING SCHOOL,
LEXINGTON, MASS.,
DIO LEWIS, A. M., M. D., *Principal,*
ISAAC N. CARLETON, A. M., Assoc. Principal.

The School here announced has been in contemplation ten years, but until now DR. LEWIS has not been able to procure the buildings and other facilities indispensable to its establishment.

A noble structure with every advantage of grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is a quiet, farm village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.

DR. and MRS. LEWIS will conduct the departments of Anatomy, Physiology and Physical Training.

MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.

THEODORE D. WELD, for many years the Principal of the Englewood School in New Jersey, will give familiar lectures on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakspeare and other masters of thought and speech.

PHŒBE HATHAWAY, a well-known member of the Society of Friends,will conjointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.

EXPERIENCED TEACHERS will conduct the exercises in every department.

Special attention will be given to Music and French.

While thoroughness in intellectual training, and accuracy in the acquisition of knowledge, will be the earnest aim of the school, PHYSICAL CULTURE will be its special characteristic—Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To illustrate the capabilities of physical improvement in this numerous class, is Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely-managed training, such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement Cure*, the *New Gymnastics*, and the popular games of the English and German peoples, will be employed to secure the best results in bodily training.

So intimate are the relations between mind and body, that pupils, particularly those of delicate conditions, will improve much more rapidly in mental and moral culture while enjoying a complete course of physical training.

It will be the constant aim of the Principals to provide for their pupils a pleasant home, whose genial and refined influence shall tend to the formation of an elevated and Christian character.

TERMS AND VACATIONS.

The School Year will consist of a single term, beginning on the 1st day of October and closing on the 1st day of June.

This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

AN ACKNOWLEDGMENT.—*Editors Chronicle*:—A few evenings since the Wardens and some of the members of the Universalist Society, called at my study, as is their custom at the close of each fiscal year, to inform me of the condition of the Parish, and confer with me concerning its future prospects and prosperity. After an evening spent in most agreeable conversation, in the course of which I was gladdened by the assurance that the prospects of the Parish financially and otherwise, are more encouraging than at the close of the last year, I was made the recipient of one hundred and fifty dollars, a gift from the society. Permit me through your columns to thank the generous donors. Their gift is valuable in and of itself. At such times as these the man who depends upon a salary knows how to appreciate all extra favors. But as an expression of the good will of my people, and their approbation of my labors during these years of war, their gift is beyond all price.

To the sender of that anonymous note containing a handsome sum of money, I also make this public and grateful acknowledgment, as I know not how to reach the unknown giver by more private means.

Surely the people here, are fulfilling the old prophecy "I will satiate the soul of the Priests with fatness, and my people shall be satisfied with my goodness, saith the Lord." May the blessing of the Infinite Father rest upon my own dear parish, and this city of my adoption. May he help me to be more efficient and faithful in all the relations of pastor and citizen; and may we all be "steadfast, unmoveable, always abounding in the work of the Lord; for as much as we know that our labor is not in vain in the Lord."

A. J. PATTERSON.

Glen Cottage, Portsmouth,
Sept. 26th, 1864.

☞ We take great pleasure in giving place to Rev. Mr. Patterson's Card; for we are happy to count him among our personal friends, and to rejoice with him in his own prosperity and that of his Society, and we always find satisfaction in acknowledging the merits and success of so true and reliable a man and so public spirited a citizen. Mr. Patterson, though a young man, is by far the longest settled pastor in our city; and notwithstanding some few of his parishioners have found fault with his outspoken patriotism, (as the tory hearers of Father Ballou's day did with him,) yet the event has amply proved that the Society has lost no strength, and its devoted pastor no popularity. We are glad of it, and hope the Universalist Society will double their pastor's term among us, for we have not too many such liberal and unselfish men. F.

THE LYCEUM this year bids fair to be one of the most brilliant and successful courses ever given in this city. Beginning with Gough, Oct. 25th; and be followed by Judge Russell, "Timothy Titcomb," J. S. C. Abbott, A. L. Stone, and others of the most distinguished and popular lecturers in the country—with Readings and we hope a Poem interspersed; and a splendid Concert by the Portsmouth Cornet Band every night of the ten; what can be lacking, to render the second attempt of the committee to furnish the people with pleasant and profitable entertainment, even more satisfactory than that of last winter?

The number of tickets is absolutely limited to 800—upwards of 1000 having been disposed of last year; so while all who do attend will be sure of a comfortable seat, it will be necessary to secure tickets in season, as many who will want to go will be unable to procure them at the last.

The price is necessarily put at $2, owing to the increased cost of the lecturers and everything else; and no evening tickets announced. And at this rate even, the Lyceum is the cheapest, as well as the best of all entertainments. For a first-class lecture, and a grand concert, only the paltry sum of 20 cents!

The receipts last year were just about equal to the expenses—the Committee taking no pay for the great amount of work they did for the public. If the new Course es pays its way and satisfies the people, it is all the management ask.

☞ On Monday night, six or eight sailors (bounty jumpers, of course) attempted another kind of jumping, which consisted in leaping overboard from the berth deck of the Vandalia. They however had their bath interrupted somewhat by musket and pistol shot discharged carelessly among them—the result of which being the death of one of the scamps, the wounding of two others pretty badly, while the rest escaped by swimming to the shore, and through the aid of the intense darkness eluded capture. It is supposed that some one or more of these latter were wounded, as a resident of the Island to which they swam, heard terrible groanings on shore shortly after the shots were fired, but they was soon hushed, and probably borne away by his more fortunate comrades.

☞ The U. S. steamer San Jacinto was undocked on Tuesday, and will soon go to sea.

☞ The steamer Colorado will *probably* sail to-day.

☞ The Theatre continues at the Temple this week, each evening.

☞ The Draft for the First District was resumed in this city on Tuesday.

Seventeen Substitutes and Volunteers were also accepted, this number including five Substitutes for men drafted from Tamworth. Six men were rejected.

☞ Respecting the explosion of the locomotive on the Eastern Railroad, the Traveller says, at the time a number of persons were gathered about the train, who found themselves enveloped in a cloud of falling cinders, but they all escaped injury, as did the passengers, though somewhat alarmed at the suddenness of the explosion. The locomotive injured was the Gov. Endicott, a first-class machine. The cause of the accident has not yet been ascertained. The flue-sheet is the iron which covers the flues, or tubes, at the end of the boiler.

ITEMS FOR THE CHRONICLE.—"Where's the fire?" Sneeringly demanded Mr. Copperhead of a man who was vigorously ringing one of our church bells in honor of our recent victories. "In front, flank and rear of the enemy," was the prompt reply.

The growlers have said a great deal about the tardiness of our military movements. They can not deny, however, that Sheridan has gained an *Early* victory.

The *licker* that inspirits the Union army.—Sherry-Dan. LOYALIST.

☞ The gentleman who canvassed the cars Monday beween Portland and this city, and gave us the item, is of the democratic party;—and he informs us that the canvas began in the Smoking Car, where he and his friends were largely in the majority,—but on going through the train, the majority was reversed.

WE ASSERT IT BOLDLY.—There are no other Medicines so reliable, effectual and convenient as Holloway's Pills and Ointment, always ready for use. They are invaluable to the Soldier exposed to Wounds, Sores, Fevers and Bowel Complaints. They never fail.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 229

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a stove before he left, and there has been no complaint since.

These stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S
BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,
and the best remedy ever prepared for
Diseases of the Liver,
SCROFULA,
All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science and to humanity, the importance of which defies all cavil or surgery. Roots and plants, in themselves pungent and disagreeable, are, by a new and scientific process, extracting the vacuum, rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,
and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicines.

The hard and compact manner in which pills are prepared renders them indigestible—and when taken are *forced* through the stomach and bowels, undissolved, producing PERIPHERAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

One pill dissolved, diffused and active, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is equally diffused throughout the whole circulation of the blood, imparting a healthy and invigorating action to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently eliminating the morbid and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMUNION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS AFFECTIONS—and by thus purifying and strengthening the blood, will remove the seed fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted portion in the chain, which induces RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious ingredient, no excitement, no ferment, but stimulates the secretions by its mild diffusive action. It is an effective and painless aperient—the decided, and only action upon the *Liver*, and *there has been no medicine prepared for common family use which possesses equal merit.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by the celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and which has been in use over thirty years, and is a graduate of New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1824.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers the sum of one dollar to any person who will use one-half of a bottle of his Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. B. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street, Boston.—3m*eod&w

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has arrived at a knowledge of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most aggravated cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleets, pain and urinary troubles, loss of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrid symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of these cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early indulgence, are Loss of Sight, Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervous irritability, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, excitement, Nervous fear, Horrid dreams, Hypochondria, Thoughts of self-destruction, Aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating marriage, reflect that the happiness of another is added to the one entrusted to their care.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppressed, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that the most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the treatment of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unrivalled attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SHIELD. Order by mail. Two for $1 and a red stamp.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, (which the burning and almost unbearable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will immediately send you a full treatise.

Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Fevers and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and medium heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable invention, would advise those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing little improvement over Grandfather's while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air above the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the best part of the Drawing.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world.—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Joseph H. Mendum,
Henry F. Wendell,	John Sise, and others.

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by its influence. I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and violent vomiting up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. JOHN W. LOWD.
From ELDER I CHESLEY, *Lee, May* 31, 1841
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. mav26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under act of 1837,)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting the Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at the office of the Subscriber the charge for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and all the documents of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoicing in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

THURSDAY, SEPTEMBER 29, 1864.

THE REBELLION.

A St. Louis dispatch of Sept. 27, gives these items from Missouri. The rebel Gen. Price's main force is at Fredericktown with the advance at Farrington, St. Francis county. The main body is estimated at from 10,000 to 12,000, principally cavalry. The advance, about 4000, are mounted. Light attacks were made on Pilot Knob and Ironton 26th, which were easily repulsed. It now appears that Pilot Knob has not been evacuated, as previously reported.

Citizens of Missouri are calling for defence. The Richmond papers are all endeavoring to check the gloom which Early's defeat has cast over the city. The Richmond papers of the 24th had learned of Early's second defeat at Fisher's Hill, and say he left twelve cannon in our hands.

The rebel Gen. Hood has replied to Gen. Sherman's letter, justifying his removal of the inhabitants of Atlanta beyond the army lines. The Confederate General sees nothing in Sherman's communication to induce him to modify the language of condemnation with which he characterized that order. He proceeds:

You say, "let us fight it out like men." To this my reply is, for myself, and, I believe, for all true men, aye, and women and children, in my country, we will fight you to the death. Better die a thousand deaths than submit to live under you or your Government and your negro allies.

Gen. Hood talks exactly like the copperhead papers.

The N. Y. Commercial's Washington dispatch says several prominent Georgia refugees are now there and are confident that some kind of an arrangement will soon be effected between Governor Brown and General Sherman, through which Georgia will secede from the confederacy.

A full description and number of the Lake Erie pirates has been telegraphed to different points of Canada, and every exertion is being made for their arrest.

C. C. Harris a relief agent of the Sanitary Commission, who was captured in the Shenandoah Valley in June last, has returned from Richmond to Washington.

There are new rumors of the probable evacuation of Petersburg.

The Tribune's Harper's Ferry correspondent of the 27th, says the completeness of the surprise of the rebels at Fisher's Hill may be imagined from the fact that the guns were all loaded to the muzzle with grape and canister, but Gen. Crook's charge was so impetuous and rapid that the rebels did not get time to discharge them. The losses of the rebels in the recent fight as reported by a government official sent to ascertain the facts are as follows:

Arrived at Harper's Ferry, including 206 officers, 2100; wounded at Winchester 2200; captured between Fisher's Hill and Woodstock 2200; wounded carried off by the rebels, estimated at 1700; wounded at roadside houses, estimated at 1000; killed and wounded by cavalry in Lura Valley 350. Total 10,550.

In Missouri, the rebels attacked Pilot knob on the 27th, but were repulsed easily.

In Tennessee, near Pulaski, the rebel Gen. Wheeler with 7000 men, skirmished all day Monday with the U. S. army under Gen. Rosseau.

FORTY MILLION DOLLARS OF SEVEN-THIRTIES SUBSCRIBED.—The subscriptions to this popular loan are now over forty million dollars, and they continue to come in at the rate of a million a day. The public are satisfied that there are no other investments so profitable as U. S. Securities. While nearly all the hundreds of miscellaneous stocks sold in the New York market have been declining for several weeks (in many instances 25 per cent.) Government stocks have remained firm; and while lenders loan very sparingly and at high rates, on the best mercantile paper, they have plenty of money to lend on Government paper, at as low rates as ever. While the Government needs the people's money, and pays for it liberally, it offers the highest possible consideration besides, and that is, *safety*.

☞ On Tuesday evening, in Boston, a few minutes before seven o'clock, a fire broke out in the building on Newton street, occupied by Hallett, Davis & Co. for the manufacture of piano fortes, which was wholly destroyed. It was partly wood and partly brick, four stories in height. A large amount of stock was destroyed, and two hundred piano-fortes in various stages of construction About two hundred men were employed in the establishment. All the workmen lost their tools, and a steam engine was destroyed, with a great amount of machinery. The entire loss is estimated at $200,000. Insured for about $100,000.

—— The Supreme Court of New Hampshire have unanimously decided the Soldiers' Voting bill to be a valid and binding law, without the signature of the Governor. So our soldiers can vote for President.

ITEMS—NEW AND OLD.

—On Tuesday in New York, at Auction, dry goods fell 33 and 40 per cent.

— Crinoline has been abolished at the opera in Paris, under penalty of fine.

— Hon. Montgomery Blair has taken the stump for Lincoln and Johnson in Maryland.

— The U. S. gunboat Kearsarge is cruising in search of a noted rebel pirate, which Captain Winslow hopes to capture or sink.

— In New York or Monday, three thousand men were waiting transportation to the armies.

— Discard and discourage alike the prejudices of ignorance and the conceits of learning.

— The N. Y. Commercial's dispatch says a gentleman from Montgomery, Ala., reports that there are in that city and vicinity 480,000 bales of cotton.

Jeff Davis says that "the last tie is severed." Prentice says he hasn't got his last "tie" yet, and he won't be able to sever it when he does get it.

— The papers generally throughout the country speak of the potato crop as coming in first rate. No signs of rot have appeared.

A great many persons wish to live their lives over again because they see where they might have sinned—and didn't.

— It is said that the military authorities are about to erect extensive fortifications in each of the Gaps of the Shenandoah Valley to prevent raids.

— At the New Haven Railroad depot at Hartford, on Saturday last, four ladies had their pockets picked; one of $260, one of $60, one of $55, and one of $40.

— A lady has computed that if the women of America would dispense with the extra twelve inch tail piece to their dresses a saving of $1,000,000 would be effected.

— Chas. E. Bean, formerly associate editor of the Bangor Democrat, was taken prisoner a few days since by the Federal army.

— The Government, apart from newspaper publications, has no information of peace propositions through the lines of Atlanta, or from any other quarter.

☞ E. N. Fuller, editor Newark Journal, is indicted before the U. S. Circuit Court at Trenton on the charge of publishing articles counselling resistance to the draft last July.

— A young traveller has just been engulfed in a crevasse at Mont Blanc. He was walking along, and suddenly sank through the snow, a depth of ninety feet. His body was not recovered.

— The conspirator H. H. Dodd, "Commander" of the "Sons of Liberty," who was arrested in Indiana a few days ago, is to be tried at Indianapolis by court martial.

— David Kelly, belonging in Damariscotta, Maine, while driving from Thomaston to that place on Thursday evening, was thrown from his team, and falling in front, was kicked to death by his horses.

— A valuable cranberry meadow of forty acres, belonging to John Gilmore of North Brookfield, was burnt over last week, and a large amount of cranberries were destroyed on the vines. The loss is $3000.

— John Lynch, the new Republican member of Congress from the Portland (Me) district, was born of Irish parents, and began life as a cart driver, and has worked himself up to an intelligent and wealthy merchant and honored citizen.

THE EXCHANGE OF PRISONERS.—Hereafter our Government will exchange the rebel prisoners that are sick for our men in the same condition. The rebels will not be allowed to receive well and hearty men, to be put immediately in the ranks.

— The returns of the vote of Vermont soldiers who were authorized by the Legislature to vote for members of Congress and Presidential electors show the following result: Union, 1,238; Democratic, 155; scattering, 62; Union majority, 1,021.

— Tall grass and rank weeds are growing in one of the handsomest throughfares of Charleston, according to a letter from that city, which appears in a Richmond Journal. This is good for the Southern horses, but not good for the Southern asses who got up the rebellion.

☞ At St. Louis, on Monday night, the ropewalk of Gold & Higby, in the southern part of the city, was burned. The very extensive quarters which were being erected by the Government for refugees and contrabands from the South, were also consumed. Loss not ascertained.

— Out of the three hundred people who undertook recently to cross a river near Cracow, Poland, in a grain barge, on the return from a religious celebration, one hundred and twenty-five were drowned through the drunkenness and carelessness of the boatman.

— A man in Appleton, Minnesota, recently perceived flames issuing from his well. His neighbors gathered to put out the fire, when it was discovered that an oil spring had burst through the well and becoming ignited was blazing away. The fire was extinguished and the man is beginning to "realize."

HIT 'EM AGAIN, SHERMAN!

Under certain circumstances, "the pen is mighter than the sword," so the old poet hath it. Gen. Sherman, if not a man "entirely great," has proved himself some in handling the sword; and his pen being sharpened by justice and dipped in truth, though he keeps within the lines of mercy—is more agreeable for patriots than rebels to read after. The mayor and council of Atlanta addressed an elaborate letter to Gen. Sherman, requesting him to revoke or modify his order for the removal of the inhabitants of the city. The General replied as follows:—

Gentlemen:—I have your letter of the 11th, in the nature of a petition to revoke my orders removing all the inhabitants from Atlanta. I have read it carefully, and give full credit to your statements of the distress that will be occasioned by it, and yet shall not revoke my order, simply because my orders are not designed to meet the humanities of the case, but to prepare for the future struggles in which millions, yea, hundreds of millions, of good people outside of Atlanta have a deep interest. We must have peace, not only at Atlanta, but in all America. To secure this we must stop the war that now desolates our once happy and favored country. To stop war we must defeat the rebel armies that are arrayed against the laws and constitution, which all must respect and obey. To defeat these armies we must prepare the way to reach them in their recesses, provided with the arms and instruments which enable us to accomplish our purpose.

Now, I know the vindictive nature of our enemy, and that we may have many years of military operations from this quarter, and therefore deem it wise and prudent to prepare in time. The use of Atlanta for warlike purposes is inconsistent with its character as a home for families. There will be no manufactures, commerce or agriculture here for the maintenance of families, and sooner or later want will compel the inhabitants to go. Why not go now, when all the arrangements are completed for the transfer, instead of waiting till the plunging shot of contending armies will renew the scenes of the past month? Of course I do not apprehend any such danger at this moment, but you do not suppose that this army will be here till the war is over. I cannot discuss this subject with you fairly, because I cannot impart to you what I propose to do; but I assert that my military plans make it necessary for the inhabitants to go away, and I can only renew my offer of services to make their exodus in any direction as easy and comfortable as possible. You cannot qualify war in barsher terms than I will.

War is cruelty, and you cannot refine it; and those who brought war on our country deserve all the curses and maledictions a people can pour out. I know I had no hand in making this war, and I know I will make more sacrifices than any of you to secure peace. But you cannot have peace and a division of our country. If the United States submits to a division now, it will not stop, but will go on till we reap the fate of Mexico, which is eternal war. The United States does and must assert its authority wherever it has power; if it relaxes one bit to pressure it is gone, and I know that such is not the national feeling. This feeling assumes various shapes, but always comes back to those of union. Once admit the Union, once more acknowledge the authority of the national government, and instead of devoting your houses and streets and roads to the dread uses of war, I, and this army, become at once your protectors and supporters, shielding you from danger; let it come from what quarter it may. I know that a few individuals cannot resist a torrent of error and passion such as has swept the South into rebellion; but you can point out, so that we may know those who desire a government and those who insist on war and its desolation.

You might as well appeal against the thunder-storm as against these terrible hardships of war. They are inevitable, and the only way the people of Atlanta can hope once more to live in peace and quiet at home is to stop this war, which can alone be done by admitting that it began in error and is perpetuated in pride. We don't want your negroes or your horses, or your houses or your land, or any thing you have, but we do want and will have a just obedience to the laws of the United States. That we will have, and if it involves the destruction of your improvements, we cannot help it. You have heretofore read public sentiment in your newspapers, that live by falsehood and exitement, and the quicker you seek for truth in other quarters the better for you.

I repeat, then, that by the original compact of government, the United States had certain rights in Georgia which have never been relinquished, and never will be; that the South began war by seizing forts, arsenals, mints, custom-houses, &c., &c., long before Mr. Lincoln was installed, and before the South had one jot or tittle of provocation. I myself have seen in Missouri, Kentucky, Tennessee and Mississippi, hundreds and thousands of women and children fleeing from your armies and desperadoes, hungry and with bleeding feet. In Memphis, Vicksburg and Mississippi we fed thousands upon thousands of the families of rebel soldiers left on our hands, and whom we could not see starve.

Now that war comes home to you, you feel very different; you deprecate its horrors, but did not feel them when you sent car-loads of soldiers and ammunition, and moulded shell and shot to carry war into Kentucky and Tennessee, and desolate the homes of hundreds and thousands of good people, who only asked to live in peace at their old homes, and under the government of their inheritance. But these comparisons are idle. I want peace and believe it can only be reached through Union and war, and I will ever conduct war purely with a view to perfect and early success.

But, my dear sirs, when that peace does come, you may call on me for anything. Then will I share with you the last cracker, and watch with you to shield your homes and families against danger from every quarter. Now, you must go, and take with you the old and feeble; feed and nurse them, and build for them in more quiet places proper habitations to shield them against the weather, until the mad passions of men cool down, and allow the Union and peace once more to settle on your old homes at Atlanta. Yours, in haste,

W. T. SHERMAN, Major-General.

THE RIGHT OF SECESSION.—The doctrine of States Rights cuts at the very foundation of Mr. Lincoln's Imperial Federalism. The elementary condition of a Union of Sovereignties, it is also the very foundation-stone of a Union of personal freedom. The right of Secession flows, it is true, from that time-honored dogma of the Democracy. *N. Y. News.*

The extreme and absured doctrine of States Rights or *sovereignties*,—as held by the rebels and their allies,—"cuts at the very foundation of the" United States Constitution, which says the laws of Congress are the *Supreme* Law of the land, any thing in the Constitution or Laws of any State to the *contrary* notwithstanding! Thus we see that this "time honored dogma of the [miscalled] democracy" is against the constitution and contrary to it: and it is also contrary to the Union, and aims to destroy it,—for, says the News, "right of secession flows from it."

Again, the elementary condition of a Union of sovereignties," is a condition of confusion, disorder, and distress. Under our old Confederation, the United States were in this condition,—and they formed our present Constitution on purpose to get rid of it.

The crazy doctrines of Kentucky in '98, made an attempt to get back again into Chaos,—but no other State ever adopted them, and so Chaos did not come—for many years:—but finally South Carolina and her sister democracies (?) did adopt them in practice,—seceded—and Chaos did come at the South, with a witness!

To adopt the same ideas here would bring Chaos at the North:—but if our people be wise they will continue to spurn the doctrine and avoid its consequences. U. T.

GOLD, in New York on Tuesday evening, closed at 200. The New York Journal of Commerce reports sales of gold on Monday at 160, 30 days. Leading mercantile houses in the retail dry goods trade, in New York, have marked down the bulk of their stock twenty to thirty per cent. Everybody is taking in sail, and every one is striving to realize.

Gold in New York, Wednesday at noon was 204 7-8:—showing an advance of about nineteen per cent. from the lowest point 1 85, which was reached on Monday. This reaction, it was generally anticipated, would follow the rapid decline. The result is that markets are at a stand still, transactions being made only to meet the immediate wants of the public,—and some articles have rallied a little. In many articles, the tendency is decidedly downward, and purchases can be made at lower prices. Vegetables have declined in price and other articles will soon follow in the same direction.

Sailed from San Francisco, Sept. 28, for Hong Kong, ship Daniel Marcy, with $82,000 in bullion, from Chinese shippers. Confidence in American bottoms for the Chinese trade in greatly reduced.

Greenbacks are selling at 52a53c in San Francisco.

The Mexican troops are repored to have gained a decided success in Durango City. That city was probably evacuated by the French, who were greatly outnumbered. Eight thousand acres of cotton are under cultivation in Sinaloa, with fine prospects.

YOUNG LADIES'
BOARDING SCHOOL,
LEXINGTON, MASS.,
DIO LEWIS, A. M., M. D., *Principal,*
ISAAC N. CARLETON, A. M., Assoc. Principal.
The School here announced has been in contemplation ten years, but until now DR. LEWIS has not been able to procure the buildings and other facilities indispensable to its establishment.
A noble structure with every advantage of grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is a quiet, farm village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.
DR. and MRS. LEWIS will conduct the departments of Anatomy, Physiology and Physical Training.
MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.
THEODORE D. WELD, for many years the Principal of the Eaglewood School in New Jersey, will give familiar lectures on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakspeare and other masters of thought and speech.
PHEBE HATHAWAY, a well-known member of the Society of Friends, will conjointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.
EXPERIENCED TEACHERS will conduct the exercises in every department.
Special attention will be given to Music and French.
While thoroughness in intellectual training, and accuracy in the acquisition of knowledge, will be the earnest aim of the school, PHYSICAL CULTURE will be its special characteristic—Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To illustrate the capabilities of physical improvement in this numerous class, Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely-managed training, such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement Cure*, the *New Gymnastics*, and the popular games of the Germans and German peoples, will be employed to secure the best results in bodily training.
So intimate are the relations between mind and body, that pupils, particularly those of delicate constitutions, will improve much more rapidly in mental and moral culture while enjoying a complete course of physical training.
It will be the constant aim of the Principals to provide for their pupils a pleasant home, whose genial and refined influence shall tend to the formation of an elevated and Christian character.
TERMS AND VACATIONS.
The School Year will consist of a single term, beginning on the 1st day of October and closing on the 1st day of June.
This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of NEW HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off, and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

Local.

THE OLDEST NEWSPAPER.—With this week's issue, the *New Hampshire Gazette* closes its 108th yearly volume; the first number having been published in Portsmouth Oct. 7th, 1756. And the paper never having been interrupted or suspended in publication, nor the title changed except by additions, its claim to being the patriarch of the American press is incontrovertible.

From the San Francisco "American Flag."

"THE NEW HAMPSHIRE GAZETTE—A VENERABLE.—We have received the Gazette, published at Portsmouth, N. H., with request to exchange. To be sure we will! In view of the Gazette's great antiquity, who would refuse the most respectful and reverent civilities? It is in its 108th year, having been established in October, 1756, and has undergone but few changes since, except the sending of several generations of editors, publishers and printers off to the spirit-world. The Gazette must have quite a family of them in that shadowy region. Nothwithstanding its great age, the paper is very small; but the experience of divers generations has been of use to the present editor, who fills his paper with great variety and good judgment."

Thank you, Brother "Flag" — and although we don't think much of mutual admiration societies, yet we will improve this occasion to say that the Daily and Weekly American Flag is one of the largest, handsomest, best filled newspapers even in the Golden States; and withal is loyal enough to be worthy of its high title. Long may it wave! and waver never!

The Daily Flag, singularly enough, is published every morning except Monday. The Weekly Flag is *not* a "small" paper in any signification of the word, but a great double sheet of eight pages, crammed full of good things. And the price is $5 a year, and pay in gold at that.

☞ The business of catching deserters from U. S. vessels at the Navy Yard continues active, two being caught on Wednesday. One steady man on board the Colorado had a pass to go on shore, and on Tuesday night one of these bounty jumpers finding it out, offered the young man $600 for it; the individual, to his credit be it said, declined the offer.

☞ Lieut. Frank D. Webster, U. S. Marines, of the Charlestown Navy Yard, has been ordered to the Pacific squadron, on board U. S. steam frigate Lancaster, at Panama. It will also be seen by our marital record, that our old friend the Lieutenant, has likewise entered another and more agreeable, even if more onerous service. We wish him success in both.

☞ The "R. S. Dunn, 7th N. H. Regt., reported as arrived at Fort Monroe from a Southern Prison, we have no doubt is Lieut. Robt. S. Dame of this city.

☞ The steamer Pioneer is withdrawn from that Dover route, on account of the absence of the engineer The omission of Wednesday's trip was a disappointment to quite a large company, but it couldn't be helped.

☞ By a late arrival from England, the statement that Semmes is to have a new vessel is contradicted. The Daily News says the Federal successes reduce the proceedings of the Chicago Convention to comparativo insignificance. Leinue and Morris, in the American trade, have suspended.

The English papers generally are discussing the prospects of peace, most of them seeming to take the view that peace by armistice is highly probable.

The rebel loan recovered one half per cent. on the 14th, owing to doubts being thrown on the fall of Atlanta.

— The Traveller says the Emperor Napoleon's complaint is said to be sciatica, which means big gout. Its presence requires him to refrain from work and play, which is a sad sentence for a man whose mind is so active, and who needs exercise. His appearance shows decay, and that he is going fast, and is rapidly breaking up. The Empress, too, is sick. Look out for a Dance of Death that shall shake the world.

— No army, it is said, was ever better fed than our army on the James river, the Subsistence Department being active and the communication uninterrupted. Some of the individual commissions for supplying vegetables to the army have been overdoing the onion and cabbage business. Thirty thousand of the latter vegetable received were lying rotting at City Point for want of consumers.

NAVAL RECRUITING.—Naval recruits are still seeking to enlist on board the Sabine, now in Portland harbor, faster than they can be taken. At least a half hundred recruits are now awaiting their turn. It was necessary to suspend enlistments on Saturday to get matters "straightened out.'

— Of what account will be the sneers at Massachusetts of those who "hold it heresy to think," so long as one man's labor in Massachusetts is found by the census to be as productive of real wealth as the labor of five men in South Carolina? — while the annual earnings of her industry exceed the annual earnings *per capita* of any other community in the world? — *Gov. Andrew.*

REMARKABLE ESCAPE FROM BUSHWHACKERS.—On the body of a rebel bushwhacker, killed in Platte county, Missouri, a short time since, was found a list of one hundred and twenty Unionists to be shot or hung, the mode of death stated opposite each name. On the list was a German living near Weston. Soon after twenty bushwhackers went to his house at night and ordered him out. On his refusal to obey they forced the door. He fled up stairs, when they tried all arts to induce him to come down, but in vain. One emptied his revolver harmlessly. They left for a light, and the German procured a pitchfork and awaited their return. At the door he received one of them with a dreadful thrust. They then fired the house and stayed until it was nearly enveloped in flames, when they left, thinking him dead; but he had found a spot to remain in long enough to escape, and, on seeing their departure, he sprang from the window to the ground, a distance of sixteen feet, and in less than a minute the building fell. He is now at Weston, Mo., with the 17th Ill. regt.

TO ARMS! TO ARMS!—The Citizen Soldier will find a more deadly foe in the brackish, muddy water and damp night air, than in the most determined enemy. HOLLOWAY'S PILLS so purify the blood and strengthen the stomach and bowels that the soldier can endure these hardships and be strong and healthy.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they can not make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 230

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "
and by all National Banks which are depositaries of public money, and

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, *IN FACT*,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. J. W. CHANNING,

—THE GREAT—

Cancer, Tumor and Humor Doctor,

Formerly of Boston, now of New Bedford

Has Arrived in Portsmouth,

And taken Rooms at the CITY HOTEL, where he will remain till OCT. 17th, or longer, if patients under treatment require it.

Dr C. gives particular attention to the cure of CANCERS, which he cures without pain and without the use of a knife. Do not say you cannot get any relief, until you have tried his medicines, which will remove all humors, such as Cancers, Scrofula, Abscesses, White Swelling, Affections, Erysipelas, Salt Rheum; Inflammatory, Chronic, Mercurial and Syphilitic Rheumatism; Fever Sores, old and stubborn Ulcers and Sores of all kinds; and all Impurities of the blood which the flesh is heir to.

Dr. C. will give examinations and advice free on all diseases. Invalids of both sexes are respectfully invited to call and consult the Doctor. The poor liberally considered.

N. B.—Certificates of cures may be had of him, from all parts of the country. s88

DR. S. O. RICHARDSON'S
BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS; and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science equal in importance to the inhalation of ether in surgery. Roots and plants, in themselves pungent and disagreeable, by a new and elegant process of extracting (in vacuo,) rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE, SMELL, AND SIGHT,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant sensation will follow its operation. It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicine.

The hard and compact manner in which pills are prepared renders them indigestible, and when taken are forced through the stomach and bowels, half-dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts coming in contact with their passage.

One pill dissolved, as taken above, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partiction upon the bowels, but is *equally diffused there* and throughout the whole circulation of the blood, imparting a healthy tone and action to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A few doses for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check Scorbutic or Syphilitic diseases, by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted part, removing the causes which induce RHEUMATISM, NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stage, will immediately yield to the action of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the system without any difficult bodily action. It is an effective and painless aperient—has a decided, salutary action upon the Liver, and *there has been no preparation prepared for common use, that can vie with it, in possessing equal virtues.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, or water, or of diet.

See the pamphlet around each bottle for a history of the Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the first article of the kind ever discovered, and which has been in use over thirty years. He is a graduate of the New Hampshire Medical College, and many years a member of the Massachusetts Medical Society; and has made the study of medicine his profession since 1826.

It is fully convinced in the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will purchase half of a bottle of the Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and by Druggists generally, and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street, Boston.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. Dow is now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND GLEET.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, Gravel, Stricture, Pain in the act of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Blotches, Painful Swellings, and the long train of terrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by this habit are, Nervous Weakness of the back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Consumption, all digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating marriage, reflect that the well exercise of the procreative faculties is the first evidence of health and happiness.

Persons who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case, or by the patient calling personally at the Doctor's office, and be at once restored to health and happiness.

MAINE.—The Kennebec Journal of this week has the official returns from 475 towns, cities and plantations, or nearly the whole vote of the State, which foots up as follow:

Cony, (Union) 62,389.
Howard, (Dem.,) 46,476.
Last year the vote of these places stood:
Cony, (Union,) 67,799.
Bradbury, (Dem.,) 50,233.

The vote on the constitutional amendment allowing soldiers, absent in the field, to vote, stands: 64,430 in favor of its adoption, and 19,127 against

— The Tribune learns from a rebel Captain that Lee's army a month ago was from 65,000 to 70,000 strong, including Early's command. Lee was the only General in whom the Southern people had any confidence, but his army was full of disaffected men.

MAN SHOT BY A SHERIFF.—Sheriff Graham A. Root of Sheffield, while attempting on Thursday to arrest the negro Callender, (the father of James Callender, executed at Lenox last year for murder of the Jones family at Otis) for threatening life, was attacked by Callender with an uplifted axe. Mr. Root called upon him to lay down the axe, and deliver himself up, and refuse at his peril. He refused, when the sheriff drew his revolver and shot him dead.—*Springfield Republican.*

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less damp, either from rain or the morning and evening dew.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1857.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments and all Papers and Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his *favor*, by the Commissioner of Patents. **R. H. EDDY.**

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany. For Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Boils, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and thousands have cented in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their constitutions, health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend, in the console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoices in all that has made life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Starling disclosures Dr. TELLER'S great work for the Married or those contemplating marriage—96 pages—100 plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. DR TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

FRIDAY, SEPTEMBER 30, 1864.

THE REBELLION.

A St. Louis dispatch of the 28th says, nothing has been heard from Pilot Knob since 11 o'clock yesterday forenoon, when Big River bridge, about 50 miles from here, was burned by the rebels, since which communication had been cut off. up to that time Gen. Ewing had successfully repulsed the attacks of the enemy and succeeding in sending to trains of commissary stores away. It is now believed that the demonstrations on Pilot Knob and Iron Mountains are feints to cover the movement. Price's main force is in another direction, probably against Rolla and thence to the central part of the State. It is also believed that Shelby's cavalry will make a desperate effort to dash into Memphis.

The passenger train which left here yesterday morning on the Northern Missouri Railroad was captured at Centralia by Bill Anderson's bushwhackers, and twenty-one soldiers taken out and murdered. According to reports from the Army of the Potomac, the present comparative quiet in military affairs, does not promise to be of much longer continuance.

☞ No further Draft in this District on Wednesday and Thursday. Thirty-two substitutes and volunteers were accepted; ten rejected.

Gen. Rousseau is reported to have checked the advance of Forrest at Pulaski. There had been some hard fighting between them. The last dispatch states that Forrest had retreated, followed by our cavalry.

The draft is progressing in all the States quietly.

Desperate efforts will be made by the enemy to force Gen. Sherman from Atlanta by destroying his communications. Volunteer enlistments being more speedy than the draft, all loyal and patriotic people should urge forward rapid enlistments in order to reinforce Gen. Sherman, and enable him not only to hold his positions, but also without delay to push on his campaign.

It is said that Jeff. Davis has gone to Georgia to head off Stephens and Brown in their efforts to restore the State to the Union. The situation in that direction is considered critical, and Davis's presence is required.

A rebel dispatch states that the U. S. cavalry entered Staunton on Monday at 8 A. M., that our forces were at Waynesboro'; that no damage had been done up to 4 P. M., but the smoke indicated that that they were burning the railroad track between Christian Creek and Staunton.

No direct communication with Gen. Sheridan has been had for several days. Couriers to and from him are known to have been captured by guerillas that infest the country in his rear.

Dispatches to 9 40, Wednesday night, have been received from Gen. Sherman, at Atlanta, but no movements at that point are reported.

The Richmond Dispatch speaks of "the deep depression late disasters have produced."

COURT MARTIAL AT WASHINGTON.—Another record of the Courts Martial has been promulgated, from which it appears that there were convicted 2 Brigadier Generals, (Hammond and Spear) 1 Colonel, 2 Lieut. Colonels, 1 Major, 12 Captains, 18 1st Lieutenants, 36 2d Lieutenants and 1 Assistant Surgeon. These were nearly all dismissed the service—one-fifth for drunkenness while on duty.

According to the record, Brig. Gen. James G. Spears, of the U. S. Volunteers, was tried for using disloyal language and conduct prejudicial to good order and military discipline, furnishing guard and giving full protection to property of a notorious rebel before obliging him to take the oath of allegiance. He was found guilty of the charges and sentenced to be dismissed from the service of the United States. The proceedings, findings and sentence were disapproved by the Commanding General on the ground of want of jurisdiction of the Court, and the record forwarded to the President with a recommendation that he be dismissed from the service of the United States. The recommendation was approved and Gen. Spears summarily dismissed.

— The Transcript learns that Mrs. General Lander, formerly Miss J. M. Davenport, the accomplished and well-known actress, has decided to resume her profession next November.

— Prof. Bache, for twenty-one years Chief of the United States Coast Survey, is dangerously ill with an affection of the brain. He is with Prof. Pierce, in Cambridge.

— It is officially announced that the quota of the city of New York, under the last call, is quite full.

Pack your cares in as small a space as you can, so that you can carry them yourself and not let them annoy others.

LETTER FROM NEW YORK.

From our Regular Correspondent.

NEW YORK, Sept. 27, 1864.

Dear Chronicle:—

If there is one thing that can be done here better than anywhere else, it is a Mass Meeting, and of course a Mick-Clellan one is the largest of the kind. Some may object to the kind, but that's only a difference of opinion, the same as between a bird with one wing and one with two. The Mick-Clellanites congregated a grand one last week. Union Square, and every square foot in the vicinage, was jammed. There were about a dozen "stands" for speakers. The air was full of shouts and fireworks, except a section above each stand, which was reserved for gas. Sky-rockets, blue-lights, torches, transparencies, Roman candles, and even the full glorious moon, contributed to the general illumination,—which last surprised a good many republicans because they have thought all along that Providence was on their side.

Several of the speakers were so specially thoughtful and loyal as to suggest to their listeners the concealment of muskets in their stores, so that they might be prepared to support the government in a sudden emergency! The Mick-Clellanites must have been well satisfied. It was one of the largest meetings New York ever saw. The procession extended half the length of Broadway, and the towering fronts of marble took the various hues of the blue and red lights which blazed above the crowd. The attendance was probably fifty thousand: the Herald says over a hundred, but the Herald has the singular peculiarity of estimating a crowd by a count of the feet instead of the heads.

Mrs. John Wood is to bring out Dicken's "Martin Chuzzlewitt" at her theatre to-night. The adaptation of the story is the work of a junior editor of the Herald. Mrs. Wood is doing much better with her theatre this season than last. An elegant Fairy play is in preparation. We obtained the privilege of a stroll through the scenic department last week. The delineations of fairy land in various advanced stages of completion were beautiful, and a return to the motley crowds and gothic stage horses of Broadway seemed like journeying back from Paradise

An evening at the "Broadway," last week (Wallack's "old theatre"), now under excellent management, reminded me of an attendance four years ago, in which you, "F.," shared, together with our friend of the Rockingham, and a brother now out by the broad blue lake where the sun bathes its face at evening. When shall all we four meet again 'mid the gayety of the metropolis?

H. B. Cromwell of the New York and New Orleans and New York and Portland steamers is dead.

The opera troupe at the Academy have hired fifty feet of the railing round Union Square, against which to erect immense unsightly show boards, on which to placard in gigantic letters their programmes.

The Central Park is to be lighted with gas.

New York has been the scene of much excitement for two weeks. Both the gold and commercial market is feverish, and speculators and importers have been crazy. Large quantities of merchandise have been thrown into the auction rooms, by speculators, to raise funds, which has broken down the market thirty per cent. Strong efforts were made to keep the gold market bouyant, but under the news of repeated victories and rumors of peace movements it fell steadily, — selling for a few moments on Saturday at 197, rallying a little above 200, and closing at 204 3-4.

The market is gradually becoming depressed and staggering. Many houses carry heavy stocks, that of the two leading ones being stated severally at eight and six millions. A continuance of the depression through the week will undoubtedly compel many manufacturers to throw their goods on the market, and it is generally believed that if it extend into another month it will entail the suspension of nearly all of our "high pressure" business houses. The storm threatens. N.

— The Portland Argus states that in consequence of a decided falling off in the Canadian trade, the Montreal steamship company have accepted charter parties for two of their vessels. One is engaged by the Portuguese Government to perform the work, perhaps for which the Georgia was engaged when she was captured. The other has been taken up for the Mediterranean trade during the coming winter.

— A gentleman in Portland was astonished one day last week at receiving a bill from the Argus office for an obituary notice of himself, which his friends had caused to be printed a year ago on false report of his death in battle.

— It is understood that arrangements are contemplated for the purchase of cotton in insurrectionary States on U. S. Government account, and agents will be soon appointed at New Orleans, Memphis and other points for that purpose under the act of July last.

GOLD, at the second board in New York on Wednesday, closed at 197; in the evening at 202 1-2, in the vain effort to keep it up.

Coal, at New York, same day, at the auction sale changed hands at a decline of more than $2 per ton.

The fall in dry goods in Philadelphia, on Monday, was as sudden as in New York. At an auction sale of one of the leading dry goods houses, goods brought the same prices as when gold was at par, which is a decline of over one-half. One prominent merchant stated that, owing to the large stock on hand, his loss would be over fifty thousand dollars. Another declared that he had promptly marked his stock down to the present market rates. He saw that although a large loss, some thirty thousand dollars, was inevitable, he would, nevertheless, save many thousands by anticipating and avoiding a further decline by rapid sales.

Gold in New York, Thursday, at 10 o'clock, quoted 200; then varied from 198 to 202; and at 12:30 was 201.

TROTTING.—At the Boston new Riverside park, Wednesday, there were two trots. The first, mile heats, best 3 in 5, was contested by Lady Norcross and Grey Eagle, the former winning in three straight heats, in 2 34 3-4, 2.36, and 2.36 3-4. It was a very fine race. The other was between Duchess and Lady Auburn, five miles, to harness. The Duchess won the race in 16.58.

At the great trotting match, on the Fashion Course, New York, Wednesday, mile heats to wagons, Lady Emma beat Prince, John Morgan and Gen. Butler in three successive heats. Gen. Butler was distanced on the last heat. Time, 2:27 1-4, 2:26 1-4, and 2:26 3-4.

At the Concord Fair, Wednesday—Citizens' purse $25, mile heats, best 3 in 5, to harness; trot between Lady Farnum, Lady Ann and Kate, was won by Farnum—time 3 04, 3 05, 2 57. A good race.

TOBACCO, *Pro* and *Con.*—Henry F. French, in the "County Gentleman" newspaper, has a very ingenious article on the Morality of raising tobacco," from which we cut a few extracts of his arguments on both sides of the question:

For one, I hate and detest tobacco in all its forms—solid, fluid, and vaporous. I never used a pennyweight of it except to kill ticks upon sheep, or to poison something else. I thank the client who chews, to sit at least six feet off in the most private consultation. I frankly tell the friend who asks if smoking is disagreeable to me, "Yes sir, it is; I don't think you will lose so much comfort by not smoking for ten minutes as I shall by your indulgence just at this time." It has driven me home in good season from many a social gathering, and so saved me perhaps from ruinous dissipation. Who then shall say that tobacco has done no good!

I think that tobacco blunts the morals as well as manners of gentlemen, and morals and manners are all the same in Latin, and very near of kin in all languages. I hardly know an inveterate smoker who will not smoke in a dining-room, in a public parlor, in a stage-coach or a rail-car, although he knows it is disagreeable to half the company, if he is not absolutely forbidden by some positive rule. It satisfies his conscience, if, as he scratches his match, he blandly expresses the hope that smoking is not disagreeable to you, and it satisfies his sense of decency, if, as he kicks his disgusting spittoon across the room toward his chair, he regrets that you cannot join him in his innocent indulgence. A smoker is always behind hand, in business or pleasure. When the carriage is at the door, and everybody else is in, and anxious to start, the smoker, after diligent search, is found quietly sitting in the back piazza, with his feet on the railing, half asleep, dreaming dreams and seeing visions, and when aroused from his lethargy, would vastly prefer to finish his cigar to any pleasure your society can afford. Now if I say a word in favor of tobacco, it surely cannot be thought that I am carried away by any personal partiality.

It has not been proved by any statistics, that the use of tobacco shortens human life; and disagreeable as the weed may be to many of us, if it brings innocent enjoyment to the thousands who use it, why should we set ourselves up against it, while we indulge ourselves in equally useless articles of taste or luxury. If tobacco is not only useless, but is hurtful always, then no good man should be induced by any amount of profit to raise it. The slave-trade was always profitable, but even while it was lawful it was an accursed traffic, in which no Christian man could engage. With our temperance ideas, few of us would quite like to establish ourselves even in a legal business of distilling New England rum. Perhaps we should be deterred partly by principle and partly by taste. Rum-distillers are not in very good odor in any sense, and we should not feel exalted by the association. On the other hand, few farmers would be deterred from raising barley or rye because they knew their crops might probably be converted into whiskey; and most of them perhaps would send their grain directly to the distillery if that offered the best market.

— In one of a lot of old army canteens, recently purchased by a hardware speculan in Memphis, was found, the other day, a roll of Treasury notes amounting to $2000.

"Peace to the knife" is a fair interpretation of the McClellan platform, and an appropriate battle-cry for the democracy. *Gloucester Tel.*

— A locomotive got astray at Columbus, O., and went through two brick walls. So did the engineer and escaped unhurt.

"What we are afraid to do before 'men, we should be afraid to think of before God."

☞ As a droll specimen of learned ignorance, we notice that the London Daily News says there can be no cordiality in the future relations of France with the United States if McClellan is elected, as he is known to be a strong anti-imperialist. This will be news to Gen. McClellan, as it is to every body else on this side of the water.

☞ It is authoritatively announced that Gen. Sherman will negotiate with Georgia, or any other State in rebellion, only on the condition precedent of submission without phrases. The "Unconditional Surrender" terms of Gen. Grant, first laid down by him at Fort Donelson, almost three years ago, and ever since upheld by him, embody the government policy with reference to the rebellion,—and it is the only sound policy, and government will be supported by the people in maintaining it.

FRESH BEEF AND VEGETABLES FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 2 o'clock P. M. on the 13th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. Hrtsc30

YOUNG LADIES' BOARDING SCHOOL,

LEXINGTON, MASS.,

DIO LEWIS, A. M., M. D., *Principal,*

ISAAC N. CARLETON, A. M., Assoc. Principal.

The School here announced has been in contemplation ten years, but until now Dr. Lewis has not been able to procure the buildings and other facilities indispensable to its establishment.

A noble structure with every advantage of grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is a quiet, farm village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.

DR. and MRS. LEWIS will conduct the departments of Anatomy, Physiology and Physical Training.

MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.

THEODORE D. WELD, for many years the Principal of the Englewood School in New Jersey, will give familiar lectures on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakespeare and other masters of thought and speech.

PRIEBE HATHAWAY, a well-known member of the Society of Friends, will conjointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.

EXPERIENCED TEACHERS will conduct the exercises in every department.

Special attention will be given to Music and French.

While thoroughness in intellectual training, and accuracy in the acquisition of knowledge, will be the constant aim of the school, PHYSICAL CULTURE will be its special characteristic—Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To illustrate the capabilities of physical improvement in this numerous class, is Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely-managed training, such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement Cure*, the *New Gymnastics*, and the popular games of the English and German peoples, will be employed to secure the best results in bodily training.

So intimate are the relations between mind and body, that pupils, particularly those of delicate constitutions, will improve much more rapidly in mental and moral culture while enjoying a complete course of physical training.

It will be the constant aim of the Principals to provide for their pupils a pleasant home, whose genial and refined influences shall tend to the formation of an elevated and Christian character.

TERMS AND VACATIONS.

The School Year will consist of a single term, beginning on the 1st day of October and closing on the 1st day of June.

This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

But at any rate, our cigar puffers are all off duty, at this time. Our working editor and local, is "doing" New York; and our foreman is laid up for repairs. So all we can do in the premises, is to pass the nasty things over to our head reporter and fighting editor, with the re-condemnation to "burn em!" F.

NEW HAMPSHIRE ITEMS.

—— Some bold thief or thieves on Tuesday night entered the house of Mr. Charles Haley, in Exeter, ransacked the drawers, and took from them bedding and other articles, and even entered Mr. Haley's chamber and took from his pantaloons his pocket-book, which they left on a table in a low er room, after taking what money it contained. The value of all the plunder the Ballot has not ascertained.

—— The Merrimac County Fair is being held at Concord, this week. It is well spoken of, the attendance very good, and a larger number of membership tickets were sold than at any previous year. But who said the 20th of September is always "the equinoxial?"

—— The returned members of the Fourth N. H. Regiment were "received" by the citizens of Manchester Tuesday evening, at the City Hall.

— The New Hampshire papers have been reduced in number from 40 to 27 since last year. Paper, printers and ink too high.

EVAN DALE: a Novel, is just published by A. Williams & Co., Boston; and for sale by J. H. Foster, Portsmouth. The heroine, Grace Lee, is the daughter of a Boston merchant, and is inspired with a love for Evan Dale, whom at times she has seen, but whose name and circumstances and character are entirely unknown to her. Evan Dale is the son of a New York merchant, and Destiny. Poetry and Romance are interwoven in the novel, which is very highly spoken of.

The too frequent use of authority impairs it. If thunder were continual, it would excite no more sensation than the noise of a mill.

It is as bad to carry the spirit of peace into war, as to carry the spirit of war into peace.

A SOLDIER'S OPINION.—*Messrs. Editors*:—I herewith enclose you extracts from the letter of a soldier, a native of this city, always heretofore a Democrat, who has been fighting in behalf of the Union for the past three years. G.

"First U. S. V. V. Engineers, Co. C, Chattanooga, Tenn., Sept. 18th, 1864.—I suppose McClellan and Pendleton are the choice of the Chicago convention—Vallandigham thrown in. If McClellan will run on the same platform with Pendleton & Co., I consider him no better than they. In fact I do not believe in changing the President for any other, and one great reason is that if we can get a man who *will* prosecute the war, it will take him and his cabinet six months at least to re-organize, and that will prolong the struggle one year. I am satisfied the South will have peace on no terms but their recognition as a confederacy, and that will not suit us, after battling with them over three years. Sherman and his brave army have captured and now hold Atlanta; let us have the expected tidings that Grant has captured Richmond, and then I shall think the rebels are about whipped. Undoubtedly they are waiting on their friends in the North, and are in great hopes that they will elect McClellan and Pendleton.

D. says the democrats think "if they elect McClellan we shall have peace," and peace is very desirable; and as much so to the soldiers as to any one, but he does not say how we are going to *have* peace. *That* is the question; we want a lasting peace; we *know* what war is now, and we do not care about trying war again soon. A divided nation we will not have.

It is time every one was looking with both eyes into the present and as far into the future as he can see. I can see no peace, until we are rid of these traitors. They talk of their constitutional rights; all the constitutional rights they are entitled to is a combination of hemp and wood. Some of them are getting their rights dealt out to them by a righteous God, who will do all things well. Let every one of us do *our* duty in our several capacities; all of us have our part to act in this great struggle between Liberty and Oppression. There are but two sides to this question, let us see to it that we are not on the side of oppression.

C. E. H.

A TRUE AIM.—It has not been the aim of the proprietor of Hunnewell's great preparations, advertised on our inside columns, to base a false reputation by long and unmeaning advertising, but a real one by true results, to which all who try them will cheerfully assent. See advertisement.

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

☞ Mr. Spear, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

TO ARMS! TO ARMS!—The Citizen Soldier will find a more deadly foe in the black-ish, muddy water and damp night air, than in the most determined enemy. HOLLOWAY'S PILLS so purify the blood and strengthen the stomach and bowels that the soldier can endure these hardships and be strong and healthy.

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H, Nat. Mech. & Traders' Bank,

and by all National Banks which are depositaries of public money, and

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 35 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

CONSTIPATION,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves powerful and disagreeable, are, by a new and scientific process of extracting (in vacuo) rendered MORE EFFECTIVE BY THIS PREPARATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicines. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation. It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state, because are new elements in purgative medicines.

The hard and compact manner in which pills are prepared renders them indigestible—and when taken are *forced* through the stomach and bowels, half-dissolved, causing DRASTIC ACTION, followed by griping irritation and pain to the parts connected with their passage.

One pill dissolved, *secundum artem*, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is *equally diffused* throughout the whole system, mingling with the circulation of the blood, imparting a *healthy and invigorating action* to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMPOSITION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS AFFECTIONS—and by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted parts, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases when arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no opiate, nor stimulates the secretions by its mild diffusive action. It is an effective and painless aperient—has a decided, salutary action upon the *Liver, and there has been no medicine prepared for common family use which possesses equal merit.*

Travellers, both by sea and land, will find the Elixir a most valuable preventive for the evils which they are obliged to endure from a change of climate, of water, or of diet.

See the circular around each bottle for a history of the Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known in this city as a medical student, he graduated at the Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1826.

And so fully convinced is the Doctor of the wonderful curative effects of the Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be conscious of a good effect therefrom, to refund to such person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street, Boston.—3mcow4

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Inguinal, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Strictures, Gleets, Blemishes, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the mental and nervous effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Nervous Irritation, Nervous Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, love of solitude, &c., is among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for their use, on receiving the price of your cases. Dr. Dow has also for sale the French Aspetter, warranted the best preventive. Order by mail. There for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system, Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon correct pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted persons soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all diseases of a private character, treated upon correct pathological principles, and uncommon success attended with perfect health and happiness, has brought patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than Dr. Dow, established Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is specially recommended in those cases of Fluor Albus (or Whites in females) where all the old announced worthless have failed.

It is prepared in a highly concentrated form, the dose being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent;* removing all scalding, heat, chordee and pain, leaving oil the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and and drum heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every morning.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The fire or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to do the same the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert E. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

AYER'S PILLS.

ARE YOU SICK, FEEBLE AND COMPLAINING? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some ill-turn, sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take AYER'S PILLS, and cleanse out the disordered humor—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, and purify the system from the obstructions which make disease. A cold settles somewhere in the body and deranges its natural functions. These, if not relieved, resent upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep-seated and dangerous distempers. The same purgative effect expells them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure

For the speedy and certain cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the miasma of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to a patient. It contains no quinine or other deleterious substance nor does it produce quinism or any injurious effect whatever. Shaking brothers of the Army and the West, try it and, you will endorse these assertions.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thatcher, W. K. Preston, David Kimball, and all druggists.

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,** at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unexcelled by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANCED ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of his subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private disease, at his old established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures in cases such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shins, Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN,

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of life, should by all means avail themselves of consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every town in the United States, who applied to Dr. J. broken down in health, having rejoice in all that makes life desirable and manhappy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures Dr. Teller's great work on the Married or those contemplating marriage—200 pages—full of plates—price 25 cts—sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy—A lecture on Love, or how to choose a Partner—A complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

SATURDAY, OCTORER 1, 1864.

KEEP COOL.—The Boston Herald well says, the attempts which are being made by certain political papers and party orators to stir up the people, and to create political hate, should be discountenanced by every intelligent man. It is of no use for party men in a time like this to call Mr. Lincoln a tyrant or Gen. McClellan a fool. Both of them are respectable men, and neither of them will change the current of the river or set it on fire.

The people are quietly attending to their business; and when election day comes they will go to the polls and deposit their votes according to their notions, and that will be the end of the whole matter. We would urge upon the leaders and the presses of both parties to keep cool and to say nothing calculated to irritate or to inflame the public mind; and above all we would urge everybody to keep cool and good natured, and when the day of election comes go to the polls and vote as they please. Any orator or press of either party who urges the people to arm themselves, and tells them their rights are in danger, is an enemy to free institutions, an enemy of the people, and unworthy of notice.

A BLUNDER AND A CRIME.—In an editorial headed as above, the Newburyport Herald has the following paragraphs:

The rebels have, therefore—we do not speak of the loyal men in the South acting upon compulsion—no demands they can make upon us. But the last men upon whom they have any claims of sympathy, are the democrats of the North. When they were in power, they tyrannized over those democrats, till there was not one of them who had the spirit of a man in him, but hated them in his heart of hearts. They made such extravagant demands, as in the fugitive slave law, in the Kansas case, and in pressing the Dred Scott decision, that no Northern man could go with them without losing caste and character at home; and even then, when such a man—and we could name many of them in Massachusetts—applied for an office in their gift, he would have to be examined and dissected to see if he had no taint of humanity, as connected with the African race, in him.

We know of men now living and active, who to have influence in Washington had to visit that city once in two years at least, to clear their characters from the charge of abolitionism. And take those who were holding office under Buchanan; what claim have the rebels upon them, when they had it in their power, if they had remained in the Union, to have retained every one of them in office, but abandoning their position, left every one of them to drop politically dead? If the rebels had remained, exercising their constitutional powers, if there had been any rebellion it must have been at the North, and they would have been the government to suppress it.

Truly might Alexander H. Stephens say this is a blunder! Jeff. Davis and several others foresaw it, and held back from the catastrophe at the last; but they were unable to control the spirit they had invoked, or the storm they had caused, and were swept before it. Human history nowhere else shows such a blunder or such a crime. Cataline's conspiracy is elevated to profound wisdom and a great moral reform movement, by comparison with it.

But the folly continues and the madness is unabated; if it was not, even to-day they could extricate themselves and rescue their former political friends, hopeless in the North.

THE 18TH N. H. REGT.—Gov. Gilmore made an urgent appeal to have the 18th regiment remain in this State until fully organized; but Sec. Stanton replied that, "every man must come forward without an hour's delay. The Reg't cannot be detained to complete the organization, but all enlisted men must hasten here now. This department replies upon your energy and patriotic feelings to urge them on." In response to this appeal, Gov. Gilmore telegraphed that "two companies of the 18th would leave Concord Friday morning, and three more in a day or two—just as soon as we can send them."

The Monitor says: It will be seen that these companies leave as a matter of necessity. They have had their furloughs, and will receive their State bounty before they leave home. They are fully uniformed, armed and equipped, and composed of the bone and sinew of New Hampshire. Their arrival at Washington will release one of the old regiments from garrison duty and add materially to the success of the pending conflict.

PAY OF POSTMASTERS.—By the act approved July 1, 1864, commissions to Postmasters have been stopped and fixed salaries substituted. Postmasters are divided into five classes—the first class to receive not more than $4000, nor less than $3000; the second class to receive less than $3000, and not less than $2000; the third class to receive less than $2000, and not less than $1000; the fourth class to receive less than $1000, and not less than $100; the fifth class to receive less than $100. New Hampshire has no offices which come into the first class. The following are the offices in the second and third classes with their respective salaries: 2d Class — Manchester $2600, Concord 2600, Nashua 2600, Portsmouth 2500, Dover 2500. 3d Class—Keene $1900, Exeter 1600, Claremont 1500, Great Falls 1400, Hanover 1200.

THE REBELLION.

Gen. Grant telegraphs from Chapin's Farm, Va., Thursday, 10.45 A. M.,—Gen. Ord's corps advanced this morning and carried the very strongly fortified long line of entrenchments below Chapin's farm; took about 15 pieces of artillery and from 200 to 300 prisoners. Gen. Ord was wounded, though not dangerously.

Gen. Birney advanced at the same time from Deep Bottom, and carried the New Market road and entrenchments, and scattered the enemy in every direction, though captured but few. He is now marching on towards Richmond. The whole country is filled with field fortifications thus far.

The N. Y. Commercial's special Washington dispatch says it is ascertained that Gen. Rousseau has routed Forrest completely, driving him nine miles.

The Government feels no apprehension concerning Sherman's communications.

Reinforcements are going to Sheridan.

Admiral Farragut is ordered to the command of the North Atlantic Blockading Squadron.

The Richmond papers of Monday state that it was reported Tuesday that Hood's army was in Gen. Sherman's rear, between him and Chattanooga.

A large force of mounted Yankees are collecting at Pound Gap, with the intention of making a raid on the Virginia salt work. This is probably the same force that was at Lexington, Ky., two weeks ago. They number about 12,000.

Rebel dispatches from Charleston Sept. 23, says that stores and clothing, to the amount 160 boxes from the Sanitary Commission, for the Yankee prisoners in their hands, were seized and brought to that city.

Our returned prisoners report an increase in number of troops as Hilton Head from New York.

On the 1st of October an exchange of Naval prisoners will take place in the harbor.

Four hundred more Confederate prisoners have been placed in the prison on Morris Island.

A Nashville dispatch of the 28th says: A carrier just arrived from Gen. Rousseau with dispatches to the effect that during the night Forrest withdrew his whole force from the vicinity of Pulaski, and he is believed to have crossed the Chattanooga Railroad.

A posse of officers surrounded the house of a deserting conscript in Poland, named Knight, one night last week, and battered the door down, which was defended by the man's wife, who inflicted a severe wound on one of the officers with an axe. Meantime Knight escaped by the back door to the woods, leaving a piece of his shirt in a pursuer's hands. Mrs. Knight was arrested for the assault, and committed to jail.

The N. Y. World's Washington dispatch says it is believed that Petersburg is being evacuated, and that Gen. Grant has taken advantage of this fact to make his movement on the right. He has succeeded in deceiving Lee. He made demonstrations on his left, massing troops, holding the Weldon railroad, and running the City Point railroad to the new line, making the rebels look for the next movement in that quarter. Suddenly Grant masses troops on the right, surprising and carrying an important point ten miles from Richmond. Chapin's farm is directly opposite Fort Darling. The seizure of this position by General Ord flanks Ball's Bluff Fort, just below Chapin's Bluff. Birney's success on the Newmarket road places him within ten miles of Richmond, and secures another advantageous position. Rebel deserters report great consternation in Richmond, citizens packing up and departing, having lost confidence, and Davis himself has gone to Georgia, ostensibly to visit Hood.

Gen. Sheridan's advance is engaged in picking up prisoners from the rebel Gen. Early's army.

In Missouri our forces have evacuated Pilot Knob and De Soto, and concentrated the commands of Gens. Ewing and Smith. The rebels under Gen. Price attacked our forces under Gen. Ewell, at Ironton, on the 28th. The account says:

"The rebels came up in fine style to our ditches, when they went back to the mountain in decent haste, leaving 1500 killed and wounded on the field, — among them Gen. Cabell, a Lieut. Colonel, two Captains, and two Lieutenants. Our entire loss was nine killed and sixty wounded."

Great excesses and cruelties have been enacted in Missouri by guerrillas, who have all south of De Soto at will, butchering Union citizens, of whom they have lists. Forces are mustering to oppose them.

WASHINGTON ITEMS.— After careful inquiry it cannot be ascertained that any importance is attached in official circles to the rumored peace propositions from Georgia.

In consequence of unavoidable delay in printing and numbering money order blanks, the system cannot be put into operation before the middle of next month.

The Post's special Washington dispatch says the Government has decided that a drafted man may furnish a substitute after he is accepted and in camp.

— Late Paris fashions represent the ladies wearing coat-tails a yard long.

A DROP LETTER.

LEXINGTON, MASS., Sept. 28, 1864.

Your correspondent is one of those fellows who been revolving around the "hub," *Anglice*, walking the streets of Boston—and after much painful study he has arrived at the conclusion that the feet of the ladies of Boston generally have more symmetry than their faces have beauty, hence they lower their veils and raise their dresses.

It is to be hoped that retailers everywhere will exhibit the same commendable alacrity in discovering the recent great fall in gold that they do in noticing the slightest advance in the same precious metal. In Boston there seems to be a disposition to "mark down" in accordance with the gold slide; for instance, poplins were offered for $2 per yard on Monday, which last week were held at $2.50.

A resident of a neighboring city informs the Traveller that potatoes of the same quality that he gave 62 cents per peck for at home he bought for $1 per bushel in Boston. Eventually produce dealers in our smaller cities and towns will be obliged to adopt one of two plans, either offer a fair buying price, so that the producer cannot pay additional freight and still realize a larger profit, or reduce their selling price, so that the consumer will not be obliged in self-defence to follow the producer, buy his goods in a distant market, and pay return freight.

Large quantities of peat are being cut and dried for fuel. Over a hilly road, heavy with sand, we went yesterday, a carriage load of us, on a tour of observation. Passing through the town of Lincoln, which is said to have increased its population by four during the last half century, we came to Sandy Pond, near the edge of the town limits. The pond didn't appear to be much more populous than the village, to judge from the number of fish we caught.

Moving on toward Concord we stopped at Walden Pond, the beautiful little sheet of water which Henry Thoreau, the hermit author, has brought so prominently before the public. Small, entirely surrounded by hills, and having a maximum depth of 102 feet, its waters are very cool and clear, and from great depth appear as blue as the ocean.

At Concord our chief sight was the battle monument, of course. Erected 'neath the spreading branches of noble elms, in a bend of the pretty little Concord River, it marks the spot where the first British fell in the war which ended in our independence; the American militia having been posted on a little knoll across the river. Approached through a beautifully shaded avenue, and forty years more recent in the date of its erection than the monument in Lexington, it is a much more graceful affair. A visit to the vineyard of Mr. Bull, the originator of the Concord grape, allowed us an opportunity of procuring some delicious fruit and learning a few statistics. From three acres of ground there are raised seven tons of grapes per acre, and these are sold in their natural state—this year at 20 cents per lb. From an acre of very high, gravelly land, where the grapes are much smaller and of more spirit, the proprietor makes annually 400 gallons of wine. The only cannon ball fired at the battle of Lexington, which went through a house near the green, and was dug from a hillside beyond by the occupants of that house, was recently presented to Dr. Lewis. It is a six pound shot, a pigmy beside the missiles hurled at the rebels to day.

ION.

A GOOD PUNISHMENT.—A letter received from the 3d Battery H. A. N. H. Vols., relates an amusing incident that occurred on board the steamer New York. While crossing the Sound all the clothing was stolen from the knapsack of a soldier by one of the deck hands. In the morning the boys determined to punish the offender; accordingly they took all the deck hands and tied them up till they told which was the thief. The boys then tied a rope to the culprit and threw him overboard, keeping him there till he confessed where the stolen property was, and one of the hands brought it forth. He was then taken from the water and put upon the deck, where the other boatmen took him in hand and gave him a sound thrashing. He was then discharged from the boat by the Captain.

CHARLES SUMNER was one of the speakers at a Union meeting in Boston, on Wednesday evening. Among other things he said; The offensive character of the Chicago platform was made evident by the efforts made to get away from it. The cry of the railroad conductor is transferred to politics—"It is dangerous to stand on the platform." McClellan's letter is a specimen of "how not to do it." It is an ingenious wriggle and twist, and the writer succeeds in getting off the platform only to get into another difficulty. The platform surrenders to the rebellion; the letter surrenders to slavery.

GOLD in New York City closed on Friday afternoon at 1.96, and at the evening exchange at 1 90 1-4.

GOLD in New York Friday morning at 10 o'clock 194, at noon it was 191 1-2.

— The report that Sheriff Root, of Sheffield, Mass., had shot the negro Callender, while attempting to arrest him, is a hoax.

THE OCTOBER ELECTIONS.—Pennsylvania, Ohio and Indiana hold elections in October, at which each of them will choose Representatives in the next Congress and the whole or a portion of its next Legislature. New Jersey, Iowa, and perhaps one or two other States, formerly held elections in October, but have severally changed to the day fixed by Congress for the general choice of Presidential electors—the Tuesday succeeding the first Monday in November.

☞ There were great ratification meetings of the Union nominees, Lincoln and Johnson, held in Boston, Wednesday evening. One of them, in the open air, was assailed by riotous rowdies. The Union Club of Ward Eight seemed to incur the special displeasure of the rioters, many of their transparencies as they marched into the square, about eight o'clock, being riddled by stones, clubs and brickbats, and their progress accompanied by groans, hisses and cheers for McClellan. Several citizens of this ward were more or less injured by missiles thrown during their march. About twenty of the rioters were arrested and put in jail.

— Burnside says the morale of the Union army never was better than now, notwithstanding our heavy losses, which have, however, been grossly exaggerated. Many of these very men which are supposed to be lost to the army, are forming a magnificent reserve force. There are from 30,000 to 40,000 men, who fell out between the Rapidan and Petersburg, who are ready for service again, and they are still coming in at the rate of a 1000 a day; and these men are much better than new soldiers.

— "My lad," said a lady to a little boy carrying a mail-bag, "are you the mail boy?" "You doesn't think I'm a female boy, does ye, ma'am?"

— Gen. Grant has been heard to say that Richmond is in his grasp now, and he can take it any moment.

FRESH BEEF AND VEGETABLES

FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 2 o'clock P. M. on the 15th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10td*s30

To be had at the Book Stores, Apothecary Store, and of the Committee of Arrangements.

☞ **No Single Evening Tickets.**

The limited number of 900 Season Tickets only will be sold,—two hundred less than last year,—which will allow all ample accommodations. The Committee are obliged to increase the price of tickets, on account of the advance in the fees of speakers and other expenses.

☞ The managers have also decided to issue the tickets in 10 separate numbered cards, one to be given up at the door on each evening, and good only for the lecture which number it bears. And they urge all to remember and *bring their tickets with them*, as positively no person will be admitted on any occasion without a ticket!

Doors open at half past 6, Concert at 7, Lecture at half past 7.

YOUNG LADIES'
BOARDING SCHOOL,
LEXINGTON, MASS.,
DIO LEWIS, A. M., M. D., *Principal,*
ISAAC N. CARLETON, A. M., Assoc. Principal.

The School here announced has been in contemplation ten years, but until now Dr. LEWIS has not been able to procure the buildings and other facilities indispensible to its establishment.

A noble structure with every advantage of grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is a quiet, farm village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.

DR. and MRS. LEWIS will conduct the departments of Anatomy, Physiology and Physical Training.

MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.

THEODORE D. WELD, for many years the Principal of the Eaglewood School in New Jersey, will give familiar lectures on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakspeare and other masters of thought and speech.

FRIDAY HATHAWAY, a well-known member of the Society of Friends, will conjointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.

EXPERIENCED TEACHERS will conduct the exercises in every department.

Special attention will be given to Music and French.

While thoroughness in intellectual training, and accuracy in the acquisition of knowledge, will be the earnest aim of the school, PHYSICAL CULTURE will be its special characteristic.—Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To illustrate the capabilities of physical improvement in this numerous class, is Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely-managed training, such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement Cure*, the *New Gymnastics*, and the popular games of the English and German nations, will be employed to secure the best results in bodily training.

So intimate are the relations between mind and body, that pupils, particularly those of delicate constitutions, will improve much more rapidly in mental and moral culture while enjoying a complete course of physical training.

It will be the earnest aim of the Principals to provide for their pupils a pleasant home, whose genial and refined influence shall tend to the formation of the elevated and Christian character.

TERMS AND VACATIONS.

The School Year will consist of a single term, beginning on the 1st day of October and closing on the 1st day of June.

This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

Number of Substitutes and Volunteers accepted during the past three days, 43; rejected, 16.

☞ The desertion of numbers of bounty-jumping new recruits, from the U. S. ships in this port, and the firing on them by the guard, continues nightly.

☞ Public services will be resumed at the Court Street Christian Church to-morrow—repairs being completed.

☞ Among the Auctions to-day there are two sales of real estate worth looking at.

☞ The publisher of the Portsmouth Journnal last month gave sixty-two cents (about one-third of a year's subscription) for a peck of potatoes, to one of his subscribers, who about thirty years ago gave ten bushels for a year's paper.

☞ The Portsmouth Steam Factory pays a dividend of four per cent. to its stockholders on Monday, October 3d.

☞ An additional telegraph wire is to be placed on the line of telegraph between Boston and Portland, which passes through this city.

☞ The first day of brown October—the beginning of the last quarter of the year—a good time to settle up and square the books.

☞ The Journal states that a substitute and bounty jumper, by the name of Edward Hill, was arrested as a deserter upon the arrival of the up train at Concord on Thursday morning. He enlisted at the Provost Marshal's office in this city on Wednesday—and his appearances excited the suspicions of J. Warren P. Carter, who is connected with the office. Hill's hair and mustache, originally auburn, was dyed black, in order to deceive the officials and enable him to play his game successfully. Mr. Carter, however, penetrated his disguise and forwarded to Concord a very accurate description of the suspicious personage. By sagacity and promptness the authorities were enabled to arrest Hill immediately upon his arrival at the general rendezvous.

"JEHUS" AND NIGHT-WALKERS TO BE ARRESTED. — The Boston Chief-of-Police has been ordered to arrest all parties disturbing the peace by fast driving. He has also received orders to arrest and lock up all prostitutes who may be found in the streets after dark plying their vocation, together with the men in their company, who are to be used as witnesses against them. These persons have become an intolerable nuisance, the Herald says in Boston; and a correspondent of ours adds, that in *our* Portsmouth streets also, especially Pleasant and Congress.

NEW HAMPSHIRE ITEMS.

—— Mr. Lowell Cawley, of Laconia, has left at the Democrat office a basket of potatoes—Danvers Seedlings—raised by him this season, which beat anything the editor ever saw in the potato line. Forty-two hills made over three bushels, less than fourteen bills to the bushel. Sixteen of the potatoes weighed thirteen pounds. They are excellent eating even now.

—— The Democrat says a hunting match—Capts. J. L. P. Whipple and George F. Mallard, with thirty trusty warriors each, came off in Laconia on Monday and Tuesday last, terminating with an excellent supper at the expense of the defeated party. There was some hunting, and a good deal of stealing. The result of the hunt was as follows: Capt. Mallard 21,820, Capt. Whipple 12,585.

—— The Ind. Dem. says on the 20th inst., at Plymouth, a couple of Copperheads, viz., James Barrett, of Littleton, and John Elliot, of Meredith, showed their devotion to McClellan and the "Democracy" he represents, by giving cheers for Jeff Davis, as the railroad train moved off under the flag of the Union.——The same paper also says some cowardly traitors in Bath have cut down the Union Flag in that place twice, and finally stole the flag. Fifty dollars reward have been offered for the apprehension of the vile Copperhead traitors.

—— At the Concord (Merrimac Co.) Fair, Wednesday, the trot for the County purse took place. Three premiums of $25, $15 and $10, were contested for by Leighton Maid of Concord, Lady Ann of Hopkinton, and Lady Franklin of Franklin. The Franklin mare showed good trotting, and won the first premium in three heats; time 3.01—3.00—3.00. The second premium was given to Lady Ann, and the third was not awarded, Leighton Maid being drawn after the first heat.

—— The boat train on the Dover and Winnipisseogee Railroad now leaves Dover for the Lake at 10.10 A. M. and 5.45 P. M. Consequently, passengers by the morning train from Portland will stop over in Dover until the afternoon.

—— Lieut. Joseph A. Fellows, of the 12th N. H. Regiment, and a resident of Upper Gilmanton, has been honorably discharged from the service for physical disability.

INSURANCE AGAINST ACCIDENTS.—An Insurance Company of a novel character has recently been started in Hartford under the name of the Travelers' Insurance Company, the object of which is to insure against accidents of every description. For instance, a man about starting on a journey pays $10 for a policy, which in case of his being killed while traveling during the year, will secure to his family $5000; or in case he is totally disabled will secure him $25 a week for six months. Or a mechanic who is liable to accident while working at his trade can pay $18 and obtain a policy which, in case of his being injured during the year, will secure him $15 a week for six months, should he be disabled so long. Larger or smaller premiums will insure larger or smaller policies in proportion to the sum paid. We are sure the mere statement of the object of this Company will commend it most heartily to thousands of men of moderate means, to whom an accident which would disable them for a few weeks would be a most serious calamity. Mr. John Sise is Agent for this Company in this city, and we invite all interested to notice his advertisement in this paper.

— The New York Herald says, "Before long gold must be at 1.40, which is about the legitimate premium. The prices of everything are coming down with gold. Provisions are coming down. The butchers and bakers are coming down. The tailors and hatters and shoemakers are coming down. Those who want to buy should wait for the crash. It will soon come. Speculators and speculating merchants and speculating dealers are beginning to come down, and are coming down with a crash."

— The Washington Chronicle says: On all well conducted railways it is quite common to read the following admonitory notice, conspicuously displayed in the cars: "It is dangerous to occupy the platform." So, evidently, thinks McClellan in regard to the platform erected for him at Chicago. Hence his anxiety to prosecute his Presidental journey on some other part of the train.

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, juciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

TO ARMS! TO ARMS!—The Citizen Soldier will find a more deadly foe in the brackish, muddy water and damp night air, than in the most determined enemy. HOLLOWAY'S PILLS so purify the blood and strengthen the stomach and bowels that the soldier can endure these hardships and be strong and healthy.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 230

L. M. EMERY, ARTIST,
State Street, near Stone Church.
Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his extensive practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

CONSTIPATION,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the initiation of other in surgery. Roots and plants, in themselves pungent and disagreeable, are by a new and scientific process of extracting (in vacuo,) rendered MORE EFFECTIVE IN THEIR OPERATION, without the disagreeable, griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no nauseating reaction will follow its operation. It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicine.

The hard, and compact manner in which pills are prepared, render them almost insoluble, when taken are *passed* through the stomach and bowels, half-dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain in the parts connected with their passage.

One pill dissolved, *sensation enters*, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is equally *diffused there* and throughout the whole circulation of the blood, forcing a healthy and vigorous action, first to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions throughout the whole system.

A single dose will produce a cheerful and refreshing COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS APPURTENANCES, by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted part, removing the causes which in time BRING MALARIA AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the use of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the recovery of the vital diffusive action. It is an effective and painless aperient—has a decided, salutary action upon the Liver, and *there has been no medicine prepared for* common use, which so effectually reaches the secret.

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are subjected to arising from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the best stomachic ever discovered, and which has been in use over thirty years. He is a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1828.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one bottle of the Blood Root Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the silage bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 17 Market Square, and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 34 Hanover street, Boston. apr6—3mecdeb ⚑

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the afflicted with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA, GLEETS AND STRICTURES.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pains and distress in the regions of generation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending the disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate victim for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Limbs, Pains in the Back, Dimness of the head, Dizziness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Pimples on the Face, Emissions, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are some of the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a 3 cent stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, can be consulted daily for all diseases incident to the female system, such as Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathology, and relief and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most cases of the complaint yield under one visit, and the afflicted persons soon rejoice in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1827, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Dr Dow is consulted daily from 8 A. M. to 9 P. M. as above, upon all diseases and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stand higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY

AND

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus or Whites in females where all the old numerous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus restoring the system from all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an adjunct to the Cherokee Remedy, and should be used in conjunction with the medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and diminishing* the secretions, allaying heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the Cherokee Remedy and Cherokee Injection—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by indulgence in such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pain, Consumption, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the Cherokee Cure will restore you to health and vigor, and save you quack nostrums and ruin.

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free, to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom, being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses cure the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing victim of sensual excess.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented. The castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which makes it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. When the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes—all improper discharges with the fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the Manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this highly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The considerable space being lighter than the air, passes off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off in a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

The Chronicle.

— Two young men, named Jarvis and Gifford Bowerman, belonging to a wealthy family at Farmington, N. Y., stepped over into Canada just before the 5th of Sept. to await the "eventualities" of the draft. The latter was drawn, and set about hiring a Canadian substitute. He engaged his man and was ready to leave with him, when the authorities, who had been apprised of the proceedings, arrested him on the charge of violating the foreign enlistment law. He was tried, found guilty, and sentenced to a term of eighteen year's imprisonment.

— In reply to an inquiry from Dr. Bedell, Assistant Bishop of the Diocese of Ohio, Gen. Fry has given his opinion that members of the Episcopal denomination, who shall by oath or affirmation declare that they are conscientiously opposed to bearing arms, and who shall establish the fact that they are prohibited from doing so by the rules and articles of faith and practice of that denomination, will be exempt from military duty, under the amended law of Feb. 24.

NAPOLEON'S SLEEPING-CAGE. — An ingenious Frenchman has invented a sleeping-cage for the Emperor Napoleon, which is to the sight a mosquito netting, but in reality a thin gauze wire covering to the bed. When once inside of it, by turning a crank, the Emperor can make this netting a powerful magnetic "battery," sufficiently strong to knock any one down who touches it from the outside.

— Let our readers remember that while they read of rebel raids in the West, which are only temporary, national victories before Petersburg and Richmond, and before Charleston and around Atlanta, and other strongholds, are being accomplished without firing a gun.

— Two young ladies in Henderson, Ky., lately dressed themselves in male attire and "went forth" mounted, passing themselves off as guerillas, scaring the town dreadfully.

— The military situation, like the political situation, and the financial condition, was never brighter for the Union.

— Brig. Gen. Neal Dow has been transferred from Butler's army to Sheridan's, and will be Post-Commandant at Martinsburg.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself.
Price 25 Cents Per Bottle,
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the Waterproof Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the bottom of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less wet, either from rain or the morning and evening dew.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal opinions or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add, that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *near pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of life, should shun the ruinous practice consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. Young men should of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for youth—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Vichot's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail, postpaid, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

MONDAY, OCTORER 3, 1864.

MONEY AND BUSINESS.—The Boston Shipping List says business continues completely unsettled. Gold fluctuates from day to day, up and down, and there is no fixed value for any kind of merchandise. Buyers in all branches of trade are holding off for a more settled state of affairs, and the movements in leading staples have been quite limited for some days past. In money there is no change; the demand is good, and first class paper ranges from 8 to 12 per ct.

The fluctuations of the currency are death to all business except gambling. Better gold at 500 or 5000, than to have it unsettled. Better still, and best of all, to return to a gold basis, which we never should have left. Why could not the United States and all the States, as well as California and Oregon, retain their specie basis? We believe the country could have carried on the war, on a cash basis; and what is far more difficult, we also believe that the Government could now restore specie payments at 90 days' notice, to the infinite advantage of all.

JARGON.—In New York Mayor Gunther has vetoed the resolution of the Aldermen to illuminate the streets in honor of our recent victories. The Mayor in his veto message says the victories are not considered Union triumphs by the President, but Abolition ones, and he (the Mayor) cannot rejoice over victories which are not Union victories.

The above item came along on Friday morning. In the Boston Post of that same morning, the following leading editorial appeared:

There is glorious news this morning. Gen. Grant is showing his hand and an iron-clad one it is, able to deal heavy blows upon the enemy. The rebel works at Chapin's Farm and on the Newmarket Road have been carried, fifteen guns captured and several prisoners taken. The fall campaign opens auspiciously. Doubtless, if the Administration does not weaken our forces by withdrawing large bodies of soldiers ordered to vote the Lincoln ticket, Grant will make such work with the enemy that we can celebrate McClellan's election and the capture of Richmond at one and the same time.

Mayor Gunther claims to be of the Democratic party, and so does the Boston Post. Yet Gunther says he can't rejoice in the Victories,—but the Post says it can and does. But about the soldiers voting, will the Post be good enough to tell us why the late Democratic legislatures of New Jersey, Delaware, Indiana and Illinois, didn't block this game by just enabling all the soldiers from their respective States to vote without going home? Why has no one Democratic legislature done this— initiating a constitutional amendment if that were deemed necessary? Why leave this "game" open to the Administration, if you want a fair and full soldiers' vote?

But really, the writer of the item in the Post knows full well that every success of the United States army in the field is a wet blanket on McClellan and Pendleton—and any pretense to the contrary is base hypocrisy. U. T.

THE PIRATE GEORGIA.—The Transcript says this vessel, once so noted as a rebel pirate craft, appears to be in a good condition, the only trace of her former warlike occupation being the traces of the gun carriages upon the deck. There is a probability that the Government will take her for the National service at an appraised valuation, giving bonds to pay the amount to any claimant who may appear in case of an adverse decision by the prize court. As yet no claim has been made, but it is supposed that one will be by a merchant of Liverpool named Bates. The theory of the Government that no enemy's vessel of war can escape capture by sale in a neutral port, is deemed to be sound by the legal authorities both of England and this country. The mate and engineer are both Englishmen, who were not in the vessel when she was in the service of the rebels, and who will be allowed to go at large as soon as their testimony has been obtained.

—— Why! Why!—Our gallant brother of the Manchester Mirror says, he "suppose's the new fashion for ladies' bonnets, without a cape, is to give prominence to waterfalls, cannon balls and other accumulations of false hair." And he adds, "how true it is: 'this world is all a fleeting show, for man's illusion given.'" Why didn't he say, "The *girls* are all a fleeting show, for man's delusion given," and done with it?

— The St. John (New Brunswick) Globe, the leading daily paper in that city and Province, goes in for the Union—*our* Union, as do all the best papers and men there. It copies Gen. Sherman's letters, (which is more than some of our copperhead papers do,) and says his pen is as keen as his sword. True—and one has two edges and the other two points.

— Friday was the beginning of the new year with the Jews, who celebrate it as the highest festival of the year, suspending business till Monday.

THE REBELLION.

Sec. Stanton Friday evening says a dispatch from Grant Friday afternoon, at City Point, states that Warren attacked and carried the enemy's line Friday on their extreme right, capturing a number of prisoners. He immediately prepared to follow up his success. Gen. Meade moved from his left Friday morning, and carried the enemy's line near Poplar Grove Church.—Gen. Butler reported that the enemy had just made an assault on his line near Chapin's farm, and had been repulsed.

Dispatches from Newbern, N. C., say yellow fever is prevailing in that place, but it is not very fatal among the troops, who are encamped outside the town.

A dispatch from Gen. Sherman, Thursday evening, says he made an actual exchange of 2000 of his own army, and has made an arrangement with Hood to send to other prisoners a supply of clothing, soap, combs, &c.

In Missouri, the rebels have burnt the towns of Cuba and Bourbon, destroyed some railroad, and captured 1000 pigs of lead. Gen. Ewing reached Harrison's Station at night, closely pursued by the enemy.

In Tennessee late advices report Gen. Rousseau at Tullahoma, and the railroad and telegraph wires are in running order to that point. A telegram from Pulaski 30th, reports that patrols then on the different roads had been fired upon. Several Federal officers, who were captured, had escaped; many privates are also coming into our lines. The rebels are reported in large numbers along the line of the river. It is believed that another attack will soon be made on Pulaski.

The Richmond Enquirer reports that our Gen. Sheridan attacked the rebel Gen. Early at Brown's Gap on Monday, but was repulsed and driven back 6 miles, and it was believed across the Shenandoah river.

The following are some of the facts in regard to the action on the north side of the James, which has thus far proved a most brilliant success. During the night of the 28th, the 10th and 18th corps crossed the James River to the North side, moving with great celerity, and at daybreak on the 29th suddenly came upon the enemy. The 18th Corps, Gen. Ord's, met the enemy at Chapin's Bluff and charged the rebel works most gallantly, successfully carrying the post of Fort Morris with 7 guns. They then charged and carried at the point of the bayonet six other earthworks, capturing in all 16 guns and 500 prisoners. The works thus captured are very strong and fully equal to any the enemy have around Richmond. Gen. Birney's corps also met with great success, driving the enemy from the works commanding the Newmarket road and gaining an important position seriously menacing Richmond. All accounts agree that the colored troops behaved admirably. The fact is abundantly proved by their large number of wounded. General Burnham was killed. He fell at the head of his Brigade while leading a charge.

By Telegraph—Sunday noon.

WASHINGTON, Oct. 1.—Nothing later from the Potomac army. It was reported at City Point, Saturday, that Gen. Hunter had flanked the enemy with his cavalry and cut the Danville Railroad. Gen. Burnham's remains have arrived at Bermuda Hundreds. In the attack on Chapin's Bluff the negro troops suffered severely. A very heavy rain is prevailing in Washington, and it is feared it extends to the army, and will interfere with its movements. President Lincoln has placed a representative recruit in the army, to be credited on the quota of the Ward in this District which has done its best to fill the quota. Gen. Banks is expected in Washington immediately. Rumors of his being tendered a position in the Cabinet prevail freely. Nothing from Sherman or Sheridan.

NEW YORK, Oct. 1.—Gold closed Saturday night firm at 1 91. The Commercial's Washington correspondent says Government has information that the invasion of Missouri is substantially quashed, and that Sherman has restored his communications with no apprehension of lack of supplies.—It is positively stated that Gen. Sherman has correspondence with Gov. Brown of Georgia concerning peace, and that the Government approves Sherman's course.

SOLDIER'S HYMN.

BY ALICE CARY.

There is a land where strife shall cease,
Where arms shall clash no more,
Where all is calm content and peace;
Lord bring us to that shore.

In the rough tent, in the wild tent,
In the marches by the way,
Be thou the soldier's comforter,
His strength, his staff, his stay.

About the graves of good men gone,
Make thou the grass to shine,
Our armies lead to victory on,
And make their victories thine.

In the rough tent, in the wild tent,
In the marches by the way,
Be thou the soldier's comforter,
His strength, his staff, his stay.

And when we have done with life's events,
When the dark shadows fall,
Help us, O Lord, to strike our tents,
For the last march of all.

To the sad tent, to the sick tent,
To the dying tent, come down.
And gem the rough wood of the cross
With the blossoms of the crown.

NEW HAMPSHIRE ITEMS.

—— A few nights since a blood thirsty dog entered a pasture belonging to J. W. Symonds, of Franklin, and killed five bucks, worth one hundred dollars. The same night it is supposed the same dog killed four sheep, worth forty dollars, belonging to J. M. Fellows. Two good sheep, belonging to H. Stimson, of Franklin, and four owned by J. Philbrook, of Sanbornton, were killed a few days before, it is supposed by the same dog.

—— A citizen of Concord, who informs us that he carted into the yard of the State Prison, in 1819, a portion of the 1,000 bushels with which that institution was furnished at ten cents a bushel, says that the same year potatoes were sold at starch factories in Vermont for six cents a bushel—and of the best variety too.—*Statesman.*

—— The Lyndeborough Artillery, which enlisted for ninety days for duty at Fort Constitution, has been discharged after two months' service, the Martin Guards having been filled to 150 men for one year, that number being sufficient for the place.

—— The Amherst Cabinet is now the cheapest weekly newspaper in America. We know of no other furnished at a dollar, and that ought not to be.

—— The Union says the Fulton Works, so called, near Manchester, have been sold to Waterman Smith, Agent of Manchester Mills. The buildings are very large, and were originally designed for the manufacture of Railroad cars, but were never used since constructed, nearly ten years ago.

—— The fireman on the tall flag staff at Manchester, the Mirror says, has lost his horn, and a good deal of sympathy is expressed for him by those who know how hard it is to go without a "horn" after you get used to it, particularly during an equinoctial storm.

—— The Merrimac County Fair, at Concord last week, was one of the most successful ever held by the Society, the receipts amounting to upwards of $2000, and the Monitor says it is not too much to say that everything passed off to the entire satisfaction of all concerned.

—— The enrolled men of Peterborough came together and subscribed $25 apiece and filled their quota. A good way, if they could'nt go themselves.

—— The staid old "Cabinet" of Amherst, has got to talking "horse." Speaking of the beautiful little trotting mare Empress, of that town, the editor says "she was reported at the Worcester County Fair last week, but not finding a worthy competitor, did not take her steps in public. She bides her time to do what she has not yet done;" and, we will add, she has already turned her mile in 2:30. It is just as Dr. Loring said at Springfield —*everybody* likes a good horse, talk of it as they will; and if a vote was taken in any church in the land even, said he, whether to have a fast horse in town or not, it would be an unanimous vote in favor, from minister and all.

TROTTING.—H. H. Smith's well known grey stallion Ajax did some good trotting at Dover last week. He was matched to go in four races—at Dover in harness with I. Copp's sorrell Boston stallion Henry Columbus, and to wagons with the Boston mare Lady Warren: and two like races, with the same horses on the new Boston track. The first trot came off at the Dover track on Tuesday—mile heats, best 3 in 5, to sulkeys, for a purse of $400. Columbus won the first two heats in 2 43, 2 41½; but Ajax won the next two heats in 2 39 and 2 38, and took the money, as Columbus was withdrawn.

SUMMARY.—Granite State Trotting Park, Dover, Tuesday Sept. 27th. Purse of $400. Mile heats, best 3 in 5, in harness.

H. H. Smith names g. s. Ajax . . . 2, 2, 1, 1.
Isaac Copp names s. s. Henry Columbus 1, 1, 2, 2, dr.
Time 2 43, 2 41½, 2 39, 2 38.

At the Concord Fair, Thursday, there was a nice trot between Lady Carlton of Concord, and Newport Maid. The Monitor says J. M. Carlton of Concord drove the Lady Carlton, and E. L. Putney of Newport handled the ribbons over Newport Maid the first two heats, and H. H. Smith of Newmarket the last two. They are all experienced drivers, and the race was well contested.

SUMMARY.—Society's purse, 1st premium, $50; 2d, $25—open to all horses. Mile heats, best three in five, to harness:

W. G. Shaw ns. b. m. Lady Carlton, 2, 1, 1, 1.

— The famine at Cape Verd continues. 7000 deaths by starvation had occurred.

— At the McClellan meeting in Philadelphia, Saturday night, one of the transparencies represented "the grave of the Union." The President and Cabinet were represented riding in a hearse, drawn by jackasses with human faces, representing Gen. Grant, Gen. Sherman, and other Union commanders. Gen. Grant was represented as saying "I'll pull for the side that pays best." Such is the honor our heroes get from men who miscall themselves Democrats. Rightly interpreted, however, this intended libel on Grant, is a terrible libel on McClellan.

— There is a prospect of peace between St. Domingo and Spain. Over 2000 Spanish soldiers have been sacrificed during the trouble there.

A quaint writer says: "I have seen women so delicate that they were afraid to ride for fear of the horse running away; afraid to sail for fear the boat should overset; and afraid to walk for fear the dew might fall.—But I never saw one that was afraid to get married."

— The various New England railroads will show an increase of gross earnings for the year 1864, but the enhanced cost of running the trains with the advance in the cost of locomotives, cars, the Government taxes, &c., will make the net result about the same as in 1863. A first class locomotive now costs $25,000, against 8,000 before the war.

— The Grand Jury of Passaic county N. J. have indicted the Paterson Horse Railroad as a public nuisance, giving as a ground for this action that "the said railroad has been located and constructed without regard to the convenience of public travel, and at some points to the great injury of private property."

— Dan Rice the circus rider, is the McClellan candidate for Senator in the district composed of Erie and Crawford counties, Pa. He is *not* the republican candidate, as suggested by a correspondent. It was, therefore, not much of a jump for him to change from aiding the rebels in one way, to aiding them in another.

☞ The New York Express of Friday says the largest coffee house in Brazil, with connections here and in Baltimore, has failed, owing to the heavy fall in sterling exchange, of which they were large holders. Gold closed at the evening Exchange, 194.

—There is an excess of females over males over in five States in the Union. Connecticut has 8000; Massachusetts, 37,000; New Hampshire, 7000; New York, 11,000; Rhode Island, 6000. In Pennsylvania the numbers are nearly equal.

— A motto for Gen. McClellan:—Some men are born great, some achieve greatness, and some are disappointed in their expectations of having greatness thrust upon them.

— It is said that the petroleum produced in the State of Pennsylvania was sold at the wells for $50,000,000 during the last 12 months.

YOUNG LADIES'
BOARDING SCHOOL,
LEXINGTON, MASS.,
DIO LEWIS, A. M., M. D., *Principal,*
ISAAC N. CARLETON, A. M., Assoc. Principal.

The School here announced has been in contemplation ten years, but until now Dr. Lewis has not been able to procure the buildings and other facilities indispensable to its establishment.

A noble structure with every advantage of grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is quiet, Rural village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.

DR. and MRS. LEWIS will conduct the departments of Anatomy, Physiology and Physical Training.

MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.

THEODORE D. WELD, for many years the Principal of the Englewood School in New Jersey, will give familiar lectures on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakspeare and other masters of thought and speech.

PHŒBE HATHAWAY, a well-known member of the Society of Friends, will conjointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.

EXPERIENCED TEACHERS will conduct the exercises in every department.

Special attention will be given to Music and French.

While thoroughness in intellectual training and accuracy in the acquisition of knowledge will be the earnest aim of the School, PHYSICAL CULTURE will be its special characteristic. Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To illustrate the capabilities of physical improvement in this numerous class is Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely managed training, such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement Cure*, the *New Gymnasium*, and the popular games of the England and German peoples, will be employed to secure the best results in bodily training.

So intimate are the relations between mind and body, that pupils, particularly those of delicate constitutions, will improve much more rapidly in mental and moral culture while enjoying a complete course of physical training.

It will be the constant aim of the Principals to provide for their pupils a pleasant home, where genial and refined influences shall tend to the formation of an elevated and Christian character.

TERMS AND VACATIONS.

The School Year will consist of a single term, beginning on the 1st day of October and closing on the 1st day of June.

This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

FRESH BEEF AND VEGETABLES
FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 2 o'clock P. M. on the 13th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will not be accounted for or paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10tDs30

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and clothing from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PROVOST MARSHAL'S OFFICE,
Portsmouth, N. H., Sept. 26th, 1864.

SEALED PROPOSALS, in duplicate, for furnishing Subsistence and Lodgings to Drafted Men and Substitutes will be received at this office until October 1st, 1864.

DANIEL HALL,
Capt. and Provost Marshal 1st. Dist. N. H.

Local.

☞ During the month of September there were 358 Substitutes and Volunteers enlisted by Capt. Daniel Hall, Provost Marshal of this District. Several of those were discharged soldiers who had served one full enlistment, or been discharged by reason of wounds.

☞ At the Navy Yard, Friday afternoon, R. Adm. Pearson assembled the officers and men, read to them his orders to report for duty on the Pacific coast, thanked all for their courtesy and attention to duty during his four years pleasant stay at the yard as Commandant, and bade them farewell. He then introduced R. Adm. Bailey, as his successor in command of the Yard—who also read his orders to report here; and made a few remarks of welcome to his new companions.

We understand Adm. Pearson takes his family with him to California.

THE FAIR FOR THE SAILORS' HOME.—*To the Editors of the Boston Daily Advertiser:*—Having been lately requested to call attention to the Fair about to be held for the Sailors,' Home, "I do not think I need add anything to the following brief paragraphs, sent me for publication by my daughter, Mrs. H. A. Wise, but without any expectation they would appear with her name. I have thought it best that her touching appeal for the Sailors' Home should be known to come from a sailor's wife.

EDWARD EVERETT.

The time is approaching for the opening of the Sailors' Fair in Boston, and it is to be hoped that those who have poured out their wealth so liberally for the soldiers, will not forget that "poor Jack" has done his share of the fighting.

Let those who have passed the summer in cool seaside homes, think of the brave fellows packed away in air-tight iron-clads, under the burning sun of Charleston or Mobile, and sickening of yellow fever in the pestilential atmosphere of Key West.

Let those who are preparing for winter in warm houses, with furnaces and double windows, remember the sailors going aloft in the cutting wind to take in frozen sails, with no fire to warm their numbed fingers, and no happy home to go to when their toil is done.

The fund raised by the Fair is to found a home for broken-down seamen, where—when past service—they can sit in peace, and talk over their sufferings, and feel that their country appreciates them.

Many have already come forward most generously to aid the good cause. Subscriptions have been taken up on many ships of war. The crew and officers of the receiving ship "Vandalia," at Portsmouth, contributed $700, and the officers and crew of the steamer "Merrimac" (lately from the Gulf, but now at Portsmouth) raised the sum of $850, her commander, Lieutenant William Budd, of the Volunteer Navy, giving for his share, with true sailor generosity, over $700. With such examples the Fair must succeed!

Seavey's Island, Portsmouth Harbor,
28 Sept., 1864.

THEATRE AT THE TEMPLE.—This evening the great 5 act play of Ingomar the Barbarian will be produced by *Bidwell & Pike's* celebrated Company. This is one of the most beautiful plays ever written, and had an immense run, both in Boston and New York, where it was played 300 consecutive nights. We are assured by the management that no pains has been spared to produce this great play in a style which cannot fail to please their numerous patron. Do not fail to see it. DRAMA.

☞ They are all the time building plenty of ships in Newburyport—why not in Portsmouth? "The Navy Yard" is no worthy and sufficient answer. From January 1st to Oct. 1st, nine months, B. Davis Jr. & Co. of Newburyport, have worked up 21,000 yards of canvas into ship's sails.

☞ The Lyceum Tickets will be on sale the last of this week. There is already a lively demand for them,—and of course all the 800 (no more) will be taken up.

☞ Meeting of Lyceum Committee at Chronicle Counting Room, this Monday evening, at 7 o'clock.

— The Chinese Government concedes to Protestants the same privilege of exemption from supporting idolatry and the ancestral worship, granted to Catholics a year ago.

☞ In London the Confederate loan fell three cents on the report of the capture of Mobile. It was quoted at 76 to 78.

— The office of the Griffin (Ga.) Union was lately mobbed and destroyed because the editor advocated a reconstruction of the Union.

— George H. Williams, Democrat, has been chosen Senator in Congress, for Oregon, for six years.

— The hand which cultivates flowers is not closed against the supplication of the poor, or the wants of the stranger.

— Gen. Sheridan is a native of Boston, and when a boy, sold newspapers in the street.

— The subscriptions to the 7-30 loan for the last two days amount to about $1,500,000.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambucus, imported from Portugal. It bears a grape whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

TO ARMS! TO ARMS!—The Citizen Soldier will find a more deadly foe in the brackish, muddy water and damp night air, than in the most determined enemy. HOLLOWAY'S PILLS so purify the blood and strengthen the stomach and bowels that the soldier can endure these hardships and be strong and healthy.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 230

L. M. EMERY, ARTIST,
State Street, near Stone Church.
Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "
and by all National Banks which are depositaries of public money, and

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

— The proposal to stop fighting the rebels and look sweetly at them and talk soft words, reminds an exchange of the following verse:

There was an old man who said, "How
Shall I flee from this horrible cow?
I will sit on the stile
And continue to smile,
Which may soften the heart of this cow."

— In the simplest and clearest definition of it, economy means the wise management of labor: and it means this mainly in three senses, namely, first, applying your labor rationally; secondly, preserving its produce carefully; and, lastly, distributing its produce seasonably.—*Ruskin.*

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice for a period of THIRTY YEARS, and is now presented to the public as an efficient cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir is attended with considerable medical science and it is of importance to the administration of ether in surgery. Roots and plants, in themselves purgent and disagreeable, are, by a new and scientific process of extraction (patented,) rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the use of all other purgatives medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE to the taste.

The BLOOD ROOT ELIXIR has no parts acting upon the bowels, but *is quickly diffused there* and throughout the whole circulation of the blood, imparting a healthy and invigorating action to the Liver, Stomach and Bowels, Kidneys, and gently stimulating dormant and morbid secretions through the whole system.

A course of this medicine will produce a thorough CORRUTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS AFFECTIONS, and by this purifying and strengthening of the blood, will remove the most fractious

CAUSE OF CONSUMPTION.

It renders the various organs of the system to act their allotted parts, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the secretions by its mild diffusive action. It is an effective and palatable specific—has a decided, salutary action upon the Liver, and *there has been no medicine prepared for common family use which possesses such a power.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and which has been for over fifty years the as a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1829.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Richardson's Office, No. 61 Hanover street, Boston.

CHEROKEE MEDICINES.

Cherokee Cure, the great Indian Medicine,

ROOTS, BARKS AND LEAVES.

An unfailing cure for Scrofulous, Venereal, Mercurial, Nervous and all other complaints, arising from self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Nervous Debility, Dyspepsia, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of rectitude.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per Bottle or three bottles for $5, and forwarded by express to all parts of the world.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus or Whites, in females, where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an auxiliary or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. It is effectual in healing, soothing and *mollent;* removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION, the two medicines at the same time - all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

They cure Ovarian Dropsy, Ulcerations, pains in the back and lower parts of the body, Heartburn, Fatigue on slight exertion, Palpitation of the Heart, Hysterics or Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Without a word of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute nature, and to assist, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, except during the first three months, during which the unfailing nature of their action would infallibly prevent pregnancy.

Full directions, containing information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASES.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The fashion overrated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the exception of burning up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from the least amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while others have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hull,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

EXETER, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands so much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla syrup, &c., &c., but she obtained no relief until she procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There is no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

POUTMOUTH, April 21st, 1863.

I have for several years been afflicted with dis ease at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841.

Dr. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without a natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines will have pay refunded, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water and dampness proof, thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

American and Foreign Patents.
R. H. EDDY.
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of whom was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can; and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Pimples, Ulcers, Abscesses, and all other Impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

Dr. TELLER still remains the only Agency in America, for the sale of Dr. Ashton's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 9 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.

N. B.—No students or boys employed. Notice this, address all letters to

Smith's Catarrh Snuff.

For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.

This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as I know, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, OCTORER 4, 1864.

☞ The Rochester Courier goes in for the re-election of Lincoln, in a sort of independent way—the same as this Chronicle does. That is, they and we are the organs of no party, and are free to adopt any policy we please, or advocate any principles we believe in. Either of us could work for McClellan if we choose, and nobody has any right to say why do ye so. But like Wilkes Spirit, which has come out square for Lincoln, "I have no sympathies with foreign enemies or with domestic traitors, and I will vote for the 'platform' which guarantees the life of the Republic, and accept the candidate who is pledged to universal freedom. In supporting him, I am not subscribing to an Administration, but voting for a Government; and I will cheerfully join or abandon any party, in the hope to save my country!"

FREE SPEECH AND FREE LYING.—There was a democratic party meeting at Newburyport, on Thursday. The Newburyport Herald says that there was "talk of revolution under certain contingencies," which it strongly and pointedly condemns. Such talk is evidence of the purpose of the party to which the men belong who use it; and that the Northern democracy mean to revolutionize the country, if they shall be strong enough to do so after the November election, we are as well satisfied as we are that November will come, and the election "come off."

Their purpose is to play the same game in the North that was played by their slave-holding associates in the South in 1860-'61. They are a far worse body of men than are the Southrons, who may have been, and most of whom probably were, the victims of ignorance and misrepresentation, whereas these Northern traitors well know that no danger could happen to them because of Mr. Lincoln's re-election.

They lie when they say that the people of the North do not have the full enjoyment of their rights; and nothing but a denial of their rights could justify the people in resorting to revolutionary movements. Thus Mr. Sweetser—whose speech is described by the Herald as "united to a revolutionary caucus, being a direct appeal to the prejudices and passions of the masses"—Mr. Sweetser was so brazen faced as to say: "Formerly an American citizen meant a free man; now it meant a slave. Before we had a constitution; to day it was broken and trampled down, violated in every part that gave protection to citizens; and if Lincoln was re-elected, no man would have the privilege to speak."

How could Mr. Sweetser air such nonsense as this? He is a man of mind, and he must know that there is not one word of truth in what he said. If he were speaking the truth, how happened he to do so without molestation? He says that the constitution is violated in every part that gives protection to citizens. Now one of the protections that the constitution gives to citizens is this, it secures to them the right to speak freely; and this right Mr. Sweetser has exercised with a vengeance. He has "pitched into" government at a fearful rate.

Does any one say that his mouth should be stopped, or his tongue tied, or his lips closed, because he libels the President and his party? No. The thought of interfering with his freedom of speech never has crossed the mind of any Republican, from the President downward. Neither Mr. Sweetser nor any other copper-fastened democrat is less free to denounce government than he was ten years ago, when democracy was supreme in the land.

The free and easy manner in which these gentlemen exercise the right of free speech is the best refutation of their charges. If what they say were true, they would never dare to say it. That they are allowed even to advise armed resistance to government, in case the people should legally re-elect President Lincoln, is quite sufficient to show that there is not only liberty in the land, but considerable license to boot. There is not a real grievance in the North, and the man who counsels resistance to the law is a nuisance, who should be placed under the ban of opinion, the only punishment which a powerful community should think of visiting upon so silly a criminal.—*Traveller.*

☞ A few days ago, Capt. Albert West, an old Holmes' Hole pilot, pulled off for the U. S. sloop-of-war Brooklyn, and at the same time another pilot started for the same ship first, but in a short time Capt. West's boat was noticed to be drifting off, and upon going to her, the old pilot was found dead in the bottom of the boat. This we call dying in harness—but such a death can hardly be regarded as dreadful or undesirable.

AN ORGANIZED SPECULATION IN GOLD. The New York Post learns that certain merchants and capitalists, known as supporters of the Chicago ticket, are engaged in an attempt to forestall the gold market, and raise the price in gold; and that they have confided the operation to a prominent broker in that city, furnishing him with the necessary capital. The Post has the names of the prominent persons in this combination, and warns all concerned that exposure awaits them if their plot is carried out.

THE PATRIOTISM OF COPPERHEADS.—Mayor Günther of New York vetoed the resolution of the Aldermen to illuminate the streets in honor of the late victories, on the ground that they are not Union triumphs, but triumphs of abolition. This is the richest and rankest specimen of Copperheadism which has yet found expression.

THE REBELLION.

The N. Y. Herald's correspondent at Butler's headquarters, writes under date of Sept. 30th:—"Early yesterday morning Gen. Butler had captured all the fortifications save one immediately opposite Fort Darling, and we still hold them, notwithstanding the vigorous shelling by the rebel rams. The fact that one of our hospitals was located within three miles of the city throughout yesterday is significant.

Gen. Grant last evening expressed himself to an army officer as being entirely satisfied with the operations of the day, and added that more had been accomplished at that period of the undertaking than he had expected would be.

Gen. Grant had an interview with Gen. Butler at 5 o'clock that morning.

It is reported that the rebels were rushing re-inforcements to their left by trains of 15 to 17 cars each.

We have captured 20 guns in all. Refugees from Richmond report great despondency there, and Jeff. Davis was seen on the streets on the 30th, exceedingly abject and worn in his appearance. Citizens are leaving the city by hundreds. They say Lee was caught napping this time, as our movements were not dreamed of.

HEADQUARTERS ARMY OF THE POTOMAC.—Oct. 1 — Morning. Gen. Gregg's cavalry were sent out quite a distance towards the left and found only a small force of Hampton's cavalry, which they drove south of Rowant's creek. The main body of the rebel cavalry are reported as having crossed the Appomattox yesterday morning. The fighting up to the present time, has not been renewed. Reports from Gen. Butler's department state that Gen. Hoke's division attacked our troops yesterday for the purpose of regaining the ground lost the day previous, but that they were repulsed every time.

Gen. Sheridan was at Harrisonburg Saturday night. He has been to Staunton and Waynesboro' with the cavalry, destroyed the iron bridge on South river at Waynesboro', throwing it into the river, also the bridge over Christiana Creek, and the railroad from Staunton to Waynesboro'.

Gen. Grant, at City Point, Sunday night, says, Butler on the right, on James river, and Meade, southwest of Petersburg, occupy the same position as Saturday. Very little fighting yesterday. A few prisoners have been captured. Last evening Butler sent two brigades of infantry, with a little cavalry, within a few hundred yards of the inner line of works east of Richmond.

No dispatches have been received for three days at Washington from Gen. Sherman, but vigorous measures have been taken by him to protect his communications from rebel raiding parties under Wheeler and Forrest.

Near Richmond, in front of Butler, it is said the rebels have a railroad through their works, thus enabling them to reinforce quickly any threatened point. Captures were made of several of the Richmond Home Guard, who report a great panic in Richmond, and that Jeff. Davis and his Cabinet have fled with the archives of the Confederacy.

In Missouri the rebels have destroyed much property within a few days.

GOLD in New York, Monday noon, 189-1-2. Same time was reported the failure of Messrs. Sturges, Bennett & Co., grocers, of New York city. This firm was considered the heaviest house in their line of business in the United States. A prominent New York house engaged in the coffee trade is also reported failed.

Gold in New York, Monday, at 3.15 was quoted at 191.

The reported failure of Sturges, Bennett & Co. is pronounced a hoax.

DOUGLAS'S WAR POLICY.—This is what Mr. Douglas said in the winter of 1860-1, referring to the secession movements of the Southern States:

"If they remain in the Union, I will go as far as the Constitution will warrant me in securing their rights; but if they secede, I am in favor of allowing them *just as many slaves and just as much slave territory* as they can hold at the point of the bayonet."

Even at that early day Mr. Douglas foresaw the advantage and necessity of adopting the very policy which was afterwards adopted by President Lincoln.

SOMETHING TO BE THANKFUL FOR.—The hat was passed round in a certain congregation for the purpose of taking up a collection. After it had made the circuit of the church it was handed to the minister, who, by the way, had exchanged pulpits with the regular preacher, and he found not a penny in it. He inverted the hat over the pulpit-cushion and shook it, that its emptiness might be known; then, raising his eyes toward the ceiling, he exclaimed with great fervor, "I thank God that I got back my hat from this congregation!"

— Gen. McClellan is abused for drawing his salary as an officer and not fighting. Andrew Johnson, the Republican candidate for the Vice Presidency, is drawing a salary as a General. Where does he fight? Cassius M. Clay drew salary as a General. So did Senator Lane. So did our vivacious friend General Busteed. Mrs. Lincoln's coachman draws the salary of a Major. Mr. Lincoln's private secretary, Mr Hay, does the same. When did these gentlemen fight, and where?—[N. Y. Sunday Times.

ITEMS—NEW AND OLD.

— In 1790 there were but seventy Post offices in the United States.

THE PRETTIEST HOOD IN THE WORLD.—Childhood.

— There is a better principle than that the majority should rule; it is that justice shall rule.

— The wasp attacks the ripest fruit first; so will slander attempt to wound the most honest fame.

— The Providence Coal dealers reduced their price $2 per ton on Friday — and sold at $13.

— The first paper published in the District of Maine, was the Falmouth (Portland) Gazette, by Thos. B. Waite, in 1785.

☞ Hall's Journal of Health for October has its leading article on Coughs; and contains several medical essays.

— The first newspaper ever published was probaly written (not printed) in Venice, monthly. The oldest "living" paper is a Dutch weekly, started in 1666.

— The N. Y. Tribune gives notice of a Lincoln man in that city willing to bet $100,000, in sums of from $1000 to $5000, that McClellan will not be elected.

— One young lady of this city furnished a representative recruit.—*Portland Transcript.*

— We are indebted to Hon. Jos. B. Hall, of the Portland Courier, for a copy of the "Report of the Doings of the first Editors and Publishers' Convention in Maine; with the address by Hon. Charles Holden."

— Michael Leavitt, a substitute broker, doing buisness in Boston, was arrested by the first station police, Saturday, for having stolen a gold watch in Portsmouth. The watch was found in his possession.

— Of all the rebel generals placed *hors du combat* in the late fights, the one most severely injured has been left unmentioned in the telegraphic dispatches. His name is George Brinton McClellan, and he commands the Confederate reserves.

A French chemist advertises a salve for producing a slight down on the lips of ladies. There is an application here that results with every trial in placing a moustache on the lips of beauty, but it doesn't stay there a great while.

— Horace Beals, the proprietor of the Togus House, Togus, Me., died a few days ago; and the papers say "he has left property estimated at two millions in value." Wonder how much he took with him.

— The old Lady who "would'nt ride in the same car with a Copperhead" is shortly to be married to the old gentleman who "saw Washington and thinks that Lincoln looks like him." It is but justice to state that the groom is in his dotage.

— The statue of Franklin, in Boston, has on its tablet, life-like representations of the great philosopher as an editor and printer. There is in Germany a statue of Guttemberg, with a compossing stick in hand, and an inscription, "Let there be light!"

CULTIVATE the physical exclusively, and you have an athlete or a savage; the moral only, and you have an enthusiast or a maniac; the intellectual only, and you have a diseased oddity, it may be a monster. It is only by wisely training all three together, that the complete man can be formed.—*Samuel Smiles.*

— The death of Captain Speke, the discoverer of the source of the Nile, and the solver of the great geographical problem of all ages, will take the public by surprise. No particulars are given, but it is supposed that he was suddenly carried off by disease, the seeds of which were planted in his African explorations.

CONCENTRATING.—The Governor of Arkansas, has ordered an extra session of his Legislature to be held in Louisiana. This is ominous of coming events. The day is not distant when the whole Confederacy may be shut up in South Carolina, and find in its traitorous birth-place its ignominious grave.

— Thackeray, in his "Vanity Fair," mentions some children whom he saw playing together on a heap of rubbish, when one of them cried, "I've found a sixpence." Immediately all the rest of the children formed themselves into her train, and with the obeisance of courtiers to a queen, followed her to the nearest gingerbread shop. The shrewd satirist saw in this the type of society, in which the one who has the sixpence beyond the rest is the leader. We are not disposed to think the picture overdrawn.

— Queen Victoria shares the fate of all crowned heads who have an heir of age. The Prince of Wales cannot agree with her, especially since England has abandoned Denmark. To show his opposition, he goes to pay a visit to his father-in-law at Copenhagen, though the Queen had openly intimated to him that she does not approve of such a demonstration. But the Prince is headstrong as his grandfather had been; he cares nothing either for Lord Palmerston or his mother, and, pleading that he is a free-born Englishman, does exactly as he pleases.

GOVERNMENT SECURITIES.—Some of our readers ask to be enlightened upon the different sorts of Government Securities now in the market.

The "Sixes of '81" are six per cent. bonds, the interest payable semi-annually in coin, and the principal payable in 1881, these bonds having been authorized by an act of 1861.

The "Seven-thirties" are bonds bearing interest at the rate of 7 3-10 per annum, or seven dollars and thirty cents on a hundred dollars, interest payable semi-annually in coin, and the bonds redeemable in three years from date, or they may at any time before maturity be converted into the regular six per cent. bonds. Most of this class have been converted. They were authorized in 1861.

"Five-twenties" are six per cent. bonds, interest payable semi-annually in coin, to run twenty years if not redeemed after five years, a right which the government reserves.

"Ten-forties" are the same as as the above, with the exception that they run forty years unless redeemed by the Government, at its option, after ten years.

In addition to these are the old greenbacks, receivable for all public dues and now nearly all returned, the interest-bearing treasury note, (six per cent. in currency) the certificate of indebtedness, and so forth. The Sixes of '81, the Five-twenties, and the Ten-forties are the varieties for popular subscription. So if you like the security, down with your greenbacks.

TO PREVENT CATTLE FROM JUMPING. At the last meeting of the Am. Inst. Farmers' Club, the following novel way of preventing cattle from jumping fences was promulgated. Its parentage is good: "We lately learned a curious remedy to prevent steers from jumping fences, which is so easy of application, and appears so effectual, that we give it to the public. It is simply to clip off the eyelashes of the upper lids with a pair of scissors; and the ability or disposition to jump is as effectually destroyed as Sampson's power was by the loss of his locks. The animal will not attempt a fence until the eyelashes are grown again. Of this we are informed by Samuel Thorne, the great breeder, of Duchess County, who assures us that he has tested it upon a pair of very breechy oxen. As it was of great value to him, he hopes it will be tried by others.

YOUNG LADIES'
BOARDING SCHOOL,
LEXINGTON, MASS.,
DIO LEWIS, A. M., M. D., *Principal,*
ISAAC N. CARLETON, A. M., Assoc. Principal.

The School here announced has been in contemplation ten years, but until now Dr. Lewis has not been able to procure the buildings and other facilities indispensable to its establishment.

A noble structure with every advantage—grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is a quiet, farm village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.

DR. and MRS. LEWIS will conduct the departments of Anatomy, Physiology and Physical Training.

MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.

THEODORE D. WELD, for many years the Principal of the Englewood School in New Jersey, will give familiar lecture on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakspeare and other masters of thought and speech.

PHEBE HATHAWAY, a well-known member of the Society of Friends, will jointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.

EXPERIENCED TEACHERS will conduct the exercises in every department.

Special attention will be given to Music and French.

While thoroughness in intellectual training and accuracy in the acquisition of knowledge will be the earnest aim of the school, PHYSICAL CULTURE will be its special characteristic. Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To eliminate the capabilities for improvement in this numerous class, is Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely-managed training such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement-cure*, the *Nent Gymnasium*, and the popular games of the English and German peoples, will be employed to secure the best results of physical training.

It will be the constant aim of the Principals to provide for their pupils a pleasant home, whose genial and refined influence shall tend to the formation of an elevated and Christian character.

TERMS AND VACATIONS.

The School Year will consist of a single term beginning on the 1st day of October and closing on the 1st day of June.

This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

FRESH BEEF AND VEGETABLES

FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 2 o'clock P. M. on the 12th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best that can be afforded, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10td s30

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off, and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

☞ The steamer Colorado, now lying at anchor in Lower Harbor, was reinforced on Monday by 120 sailors from the receiving ship Ohio at the Boston Navy Yard. They were brought to this city by railroad, and conveyed to the ship, on the tug-boat Portfire, which little steamer proves herself very useful for such and similar errands.

☞ Rear Admiral Pearson with his family will leave for Panama in the early part of next week, in one of the California steamers. Mr. Thomas R. Proctor, who has been employed as a clerk on the Navy Yard for the past year, is to accompany him as private Secretary. While we regret to lose Mr. Proctor from among us, we can but congratulate him in obtaining so good a «billet." W.

☞ The fast-sailing iron steamer Merrimac is now in the Dry Dock at the Navy Yard, for the purpose of being examined, and to receive such repairs as are necessary. This vessel was captured from the rebels while attempting to run the blockade off Wilmington, N. C., and is said to be a valuable prize, inasmuch as she is iron-plated and very swift.

☞ The Boston Sat. Eve. Gazette says, respecting our account of the Franklin's launch, that "Frank Miller, of the Portsmouth Chronicle, is so full of horse-talk since his late visit to the Springfield Fair, that he can't describe the launch of a ship without bringing it in". Well, what if we did, like Job (not Job Printer) of old, adopt horse-imagery a little in telling of the noble frigate's quarter-race—who has any right to "take us to do," but Grandpa Partington of the Gazette? What business had such fellows as he of the Gloucester Telegraph, who never see a horse but a sea-horse or a horse-marine,—to copy the item? If you don't look out, the whole of you, we'll mount our high horse and be after you.

NEW HAMPSHIRE ITEMS.

—Surgeon M'Dougall, Medical Director of the Eastern Department, arrived in Manchester, Friday evening, on a tour of inspection of hospitals.

—The eighth New Hampshire left Carrolton, near New Orleans, for Natchez, Miss., on the 21st ult. So a letter received from Wm. H. Morrill, of Manchester, informs his father. He says that if the soldiers of the Gulf have a chance to vote they will give a large majority for Old Abe. Mr. Morrill is Clerk in the Cavalry Department of the Gulf.

—Col. Titus, of the 9th regiment, is now at the Round Hill Water Cure, Northampton, Mass. Lt. Col. Babbitt, of the same regiment, (severely wounded at Spottsylvania) is on Court Martial duty at Baltimore. Maj. Chandler (also severely wounded) is in the Field Hospital. The 9th is therefore without a field officer.

—Col. Harriman, of the 11th, is at home doing effective service in the political field. Lieut. Col. Cogswell, of the same regiment, (a most meritorious officer) is at home seriously ill. Major Farr, of the same regiment, is away from his regiment on special duty, and hasn't seen the 11th for more than a year. This regiment, therefore, like the 9th, is at present without a single field officer. It is to the credit of the subordinate officers and privates of these regiments, that while without a single field officer during the entire campaign, they have so nobly done their duty.

—Fliel Littlefield, Milford, celebrated his 88th birth day last week. He has held the appointment of justice of peace from four governors, holding the office for twenty-eight years. He has been deputy sheriff eight years, town clerk fourteen years, drum major ten years, and a school teacher fourteen years. He has lived with his present with almost sixty-four years.—*Manchester Mirror.*

—The following casualties occurred in the 10th army corps before Petersburg during the ten days preceding the 24 inst:

Killed.—Henry Jones, B. 7th New Hamp.

Wounded.—Seventh New Hampshire—Pat'k. Baker, B; Walter Butler, B; Second Lieut. Chas. A. Lawrence; R. A. Brown E. Third New Hampshire—John H. Gillis, B.

FIRST CO. HEAVY ARTILLERY, N. H. V.—We are in receipt of a letter from Mr. C. H. Brown, of the Artillery Company which was stationed at Fort Constitution last year. They are now stationed at Fort Sloom, four or five miles from Washington, and the 3d, 4th and 8th Companies H. A. N. H. V. have also recently arrived there. He thinks they are to be consolidated into a regiment—to which his company are opposed. They have been hoping to return to Fort Constitution, but don't expect to now. He says he and his company generally go in strong for the election of Lincoln.

THE SWORD.—Lovers of Peace and haters of discord, we of New England are slow to draw the blade, but we are slower still to yield to the infamy which must blast a common cause, or to that infirmity of purpose which grows tired of a grand and momentous duty because it tasks our manhood or our faith.

To protect the printing press, the plow, the anchor, the loom, the cradle, the fireside and the altar, the rights of labor, the earnings of industry, the security and peace of home: if it must be, we can wield the sword, nor return it hastily to its wonted scabbard. For the brand of war then becomes the sacred emblem of every duty and every hope. —*Gov. Andrew.*

"The sword!—a name of dread, yet when
Upon the freeman's thigh 'tis bound,
While for his altar and his hearth,
While for the land that gave him birth,
The war-drums roll, the trumpets sound,
How sacred is it then!

Whenever for the Truth and Right
It flashes in the van of fight,—
Whether in some wild mountain-pass,
As that where fell Leonidas,—
Or on some sterile plain and stern,
A Marston or a Bannockburn,
Or 'mid fierce crags and bursting rills,
The Switzer's Alps, gray Tyrol's hills,—
Or, as beneath sank the Armada's pride,
It gleams above the stormy tide—
Still, still, whene'er the battle word
Is Liberty, when men do stand
For justice and their native land,
Then Heaven bless the SWORD!"
W.

TO ARMS! TO ARMS!—The Citizen Soldier will find a more deadly foe in the brackish, muddy water and damp night air, than in the most determined enemy. HOLLOWAY'S PILLS so purify the blood and strengthen the stomach and bowels that the soldier can endure these hardships and be strong and healthy.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 230

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists must all sell it. The Wholesale Agents are Wholesale Grocers.

AYER'S PILLS.

ARE YOU SICK, FEEBLE AND COMPLAINING! Are you out of order, will your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some bit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take AYER'S PILLS, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, and purify the system from the obstructions which make disease. A cold settles somewhere in the body and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep-seated and dangerous disorders. The same purgative effect expells them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure,

For the speedy and certain cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the Army and the West, try it and you will endorse these assertions.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchins, J. H. Thayer, W. E. Preston, David Kimball, and all druggists.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 24th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H, Nat. Mech. & Traders' Bank,

and by all National Banks which are depositaries of public money, and
ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and afford

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

LAWS OF NEW-HAMPSHIRE.

Passed at the Special Session, 1864.

AN ACT in addition to chapter 258 of Pamphlet Laws, entitled "An Act concerning contagious diseases among cattle."

Be it enacted, &c., Sec. 1. The commissioners on contagious diseases among the cattle are hereby authorized to examine, under oath, in the several cities and towns of this State, persons possessing, or believed to possess knowledge of any material facts concerning the existence, or dissemination, or danger of dissemination of diseases among cattle; and for this purpose shall have and exercise all the powers vested in Justices of the Peace to take depositions and to compel the attendance and testifying of witnesses by the Statutes of this State. And all costs and expenses incurred in procuring the attendance of such witnesses shall be allowed and paid to the said Commissioners from the State Treasury upon the same being certified by the Governor and Council and approved by him; and when so approved the Governor is hereby authorized to draw his warrant on the State Treasury for the same, to be paid out of any appropriation lawfully applicable to that purpose.

Sec. 2. The said Commissioners are hereby authorized to make all necessary regulations for the extirpation of the disease called pleuro-pneumonia, or any other contagious disease among cattle, in conjunction with the board of selectmen of said town, or the Mayor of said city, who shall have one vote, may cause the cattle in any town or city in this State, which are infected, or which have been exposed to infection to be secured or collected in some suitable place or places within such town or city and kept isolated; and when taken from the possession of their owners, to be maintained, one-fourth of the expense thereof to be paid by the town or city wherein the animal is kept, and three-fourths at the expense of the State, such isolation to continue so long as the existence of such disease, or other circumstances, renders the same necessary.

Sec. 4. Said Commissioners, and the selectmen of any town, or the Mayor of any city with power as in section 3 of this act, when any such animal is adjudged by them to be infected with the disease called pleuro pneumonia, or any other contagious disease, may, in their discretion, order such diseased animals to be forthwith killed and buried, at the expense of the town or city in which such animal is kept. And they shall cause all cattle which they shall so order to be killed to be appraised by three competent and disinterested men, under oath, at the value thereof at the time of the appraisal, and the amount of the appraisal shall be paid, one-fourth by the town or city wherein the animal is kept, and the remainder by the State. Provided that if the cattle so slaughtered are not adjudged the State shall pay the appraised value of the same.

Sec. 5. All appraisals made under the provisions of this act shall be in writing, and signed by the appraisers and certified by the Commissioners, and the same, or a certified copy thereof sent to the Governor and Council and to the selectmen of the several towns and the Mayor and Aldermen of the several cities wherein the appraised cattle belong.

Sec. 6. Said Commissioners are hereby authorized to prohibit the departure of cattle from any enclosure, or to exclude cattle therefrom.

Sec. 7. Whoever knows or has reason to believe the existence of any such disease among the cattle in his possession or under his care, shall forthwith give notice to the selectmen of the town or the Mayor and Aldermen of the city where such cattle may be kept, and they shall immediately make or cause to be made an examination of said cattle, and if, in their opinion, such contagious disease exists, they shall give notice to the Commissioners.

Sec. 8. Any person violating any of the regulations made and established by the Commissioners by virtue of this act, shall be punished by fine not exceeding one hundred dollars for every such offence.

Sec. 9. The said Commissioners shall keep a full record of their doings and expenditures which shall be open to the inspection of the authorities of any town or city, and report the same to the Legislature on or before the first day of June, in each year, unless sooner required by the Governor. And the Governor and Council are hereby empowered to audit and pay the expenses and expenditures incident to the fulfilment of the duties of the Commissioners imposed by this additional act, not exceeding the sum of four thousand dollars.

Sec. 10. This act shall take effect on and after its passage, and all acts and parts of acts inconsistent with this act are hereby repealed.

Approved, Aug. 20, 1864.

AN ACT in relation to the Clerk of the Senate, &c.

Be it enacted, &c. Section 1. After any bill or joint resolution requiring the approval of His Excellency the Governor, shall have been engrossed and signed by the Speaker of the House and the President of the Senate, to present the same to the Governor for his approval, and in the presence of the Governor to make upon the back of such bill or resolution a memorandum of the day and hour the same was received by the Governor, and sign the same, and the Clerk shall make a corresponding entry upon the records of the Senate. Approved, Aug. 26, 1864.

AN ACT for the preservation of fish in Profile Lake, Franconia Notch, N. H.

Be it enacted, &c. Sec. 1. That all persons be and are hereby prohibited from fishing in any manner in Profile Lake, Franconia Notch, or its tributaries, including the small pond on the opposite side of the road; and any person violating the provisions of this act shall be liable to a fine of ten dollars, one half of which shall be paid to the person prosecuting, and one half to the use of the State.

Sec. 2. Nothing in this act shall be construed to prevent the owners of the land surrounding said pond from establishing therein the cultivation of trout, and taking the product thereof in any manner most convenient.

Sec. 3. This act may be amended or repealed whenever the public good may require, and shall take effect from its passage.

Approved, Aug. 19, 1864.

Be it resolved, &c., That the selectmen of the several towns and places in this State be directed to insert in their several warrants calling town meetings for the election of Electors of President and Vice President on the first Tuesday of November next, an article which shall require the sense of the qualified voters to be taken on the following question, to wit:

Is it expedient that a Convention be called to revise the Constitution? The said Convention to be limited in its compensation to that now allowed members of the Legislature for travel and ten days' attendance, and to be limited in its action to the following particulars:

1st. To enable the qualified voters in this State engaged in the military or naval service of the country in time of war, insurrection or rebellion to exercise the right of suffrage while absent from the State.

2d. To abolish all religious tests as qualifications for office.

3d. To diminish the number of members of the House of Representatives.

4th. To increase the number of members of the Senate.

5th. To make provisions for future amendments of the Constitution. App. Aug. 16, 1864.

GOLDEN SHEAF

WHISKEY.

C. A. RICHARDS,

99 WASHINGTON STREET,

Boston.

Would most respectfully invite the attention and examination of all Druggists, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style of cut bottle in a pasteboard box; in case of one dozen each, the large and increasing sales of which convinces the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich spicy cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the cordial, Gentian and Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other art cles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S

CELEBRATED

LONDON DOCK

SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency in this country. They are sold only in Bottles, *entirely pure, and without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines can be complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THIS MARKET, of four qualities, in splendid style of labels, bottles and packages, viz:

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber at

C. A. RICHARDS,

99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for which he is the sole agent for this State; in addition, one of the largest stocks in America of Fine Bottled Wines and Spirits, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, Fine Cigars, from the best Havana, Manila and Sumatra. Wines and of table luxury usually found in a first-class wine store in this country or in Europe.

Orders are most respectfully solicited.

DR. W. R. MERWIN & CO.'S COLUMN FOR THE

CHEROKEE MEDICINES.

Cherokee Cure, the great Indian Medicine,

ROOTS, BARKS AND LEAVES.

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* The CHEROKEE CURE will restore you to health and vigor, as it has restored hundreds before failed.

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

No. 63 Liberty street, New York.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

Cures in from one

to three days.

CHEROKEE REMEDY

AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Generrhœa, and is confidently recommended in those cases of Fluor Albus (or Whites in females) where all the old numerous medicines have failed.

It is powerful in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with it, especially in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*, removing all irritation, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two expedients at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hemiplegia, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by regulating the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would inevitably cause a miscarriage.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its form animated with new life,"—so does this Elixir rejuvenate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable Kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing, or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the stove are entirely employed for cooking purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes and entirely removing the fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who have now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable ventilator.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The communicating gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot escape, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order; thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

RYE, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by its use. I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it; and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May* 31, 1841

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health, so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. mav26

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the wearer of such shoes more money by protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 56 Hanover st.; M. S. Burr & Co., 56 Tremont st.; Carter, Rust & Co., 45 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

Proved in use and in the Chemical Department of **The Cahoon Manufacturing Company.**

American and Foreign Patents.
R. H. EDDY.
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by mail, for nothing One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and accomplished* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

WEDNESDAY, OCTORER 5, 1864.

CONVENTION TO AMEND N. H. CONSTITUTION.—Among the Resolutions passed by the Legislature is one providing for a vote of the Freemen of this State on the question: "Is it expedient that a Convention be called to revise the Constitution?" The selectmen of the several towns are directed by the resolution to insert an article in their warrants for town meetings on the 8th Nov. next for choice of Presidential Electors, "requiring the sense of the qualified voters to be taken" on said question. It is highly important that due attention be paid to this matter in proper form, by all the Selectmen, and by the citizens at large. Read the Resolution, and be prepared for judicious action under it. The Convention is to be limited to these points:

1st. To enable the qualified voters of this State engaged in the military or naval service of the country in time of war, insurrection or rebellion, to exercise the right of suffrage while absent from the State.

2d. To abolish all religious tests as qualifications for office.

3d. To diminish the number of members of the House of Representatives.

4th. To increase the number of members of the Senate.

5th. To make provisions for future amendments of the Constitution.

HAS NOTHING BEEN DONE ?—The Hon. Henry C. Deming of Connecticut, in his eloquent speech at the mass meeting in New York concluded with the following words:

Nothing been done? Why in three years and a half we have done more than Julius Cesar with his ten years in Gaul—more than Hannibal with his seventeen years in Italy—more than the conqueror of British India with his fifteen years in that country. I challenge you to find in all history a single martial enterprise more conspicuous for the obstacles to be overcome, more numerous with examples of endurance and heroism, more magnificent in its results, and more fatal to the enemy, than that of opening the Mississippi. Was nothing done at Sebastopol? Then nothing was done at Vicksburg. Was nothing done at Antwerp? Then nothing was done at Port Hudson. We have won more substantial triumphs at the expense of fewer comparative reverses, than in the memorable seven years which filled the world with the fame of Frederick the Great, or in the three and a half years of the campaign of Napoleon the First, from the time he descended the Alps like an avalanche on the plains of Lombardy, until he turned his white charger in grim dismay from the crimsoned field of Waterloo.

Nothing been done? Say, O! Sherman, sweeping with thy besom the mountain fastnesses of Northern Georgia, gathering into thy toils all the arteries of rebel communication, and holding in thy palm the arsenal of the Confederacy, has nothing been done? Say, O! Grant, clearing that blind war path in the bloody Wilderness at the bayonet's point, advancing thy lines from point to point, from the Rapidan to the James, and tightening the death coil around Richmond: is the reproach, "nothing's been done," a fitting one to send back to the still bleeding but victorious legions of Sheridan? (Applause.) Read that; reproach if you dare, sons of New York, over the ashes of Corcoran and Wadsworth. Read it, sons of New Jersey, over the grave of the brightest leader in the army—Philip Kearney. Read it, sons of Connecticut, over the tombs of Lyons and Sedgewick. Nothing done? Passing through the enfilading fire of Forts Jackson and Philip, our naval armament on the Mississippi won a victory which pales not before Trafalgar. Under the concentrated fire of two forts and one battery, they won another in Mobile Bay which pales not before the Nile. Alas! alas! nothing has been done! Hear it, O! Farragut, in the maintop of the Hartford. (Tremendous and long continued cheers, the audience rising and waving their hats.)

GEN. DAN SICKLES of New York, has been invited to run for Congress, but declined, because he wishes to keep in the army. In his letter he says:

The war was deliberately begun by the rebels, and is persistently waged by them to divide and conquer the Union. It is not so strange that our enemies should find allies among European antagonists of free institutions, but it will never cease to be a matter of humiliation and wonder that our own people could be seriously *divided* upon the question of *submission* or *resistance*. Let who will be for submission, I am for resistance as long as we have a battalion and a battle-field left.

Until the Constitution and Laws are vindicated in their supremacy throughout the land, the Government should be confided to no hands that will hesitate to employ all the power of the nation to put down rebellion. The resources of the insurgents are already so far exhausted that they will give up the struggle as soon as a majority of the people at the *ballot-box*, seconding the martial summons of Farragut and Grant, demand the unconditional surrender of the enemy.

Peace, so won, through the noble aspirations of the people, will exalt the national character, and challenge the homage of all who honor patriotism and valor. Peace, imposed upon us by an audacious and arrogant foe, who would owe his triumph not to the superiority of his arms, but to a degenerate population, unworthy of their lineage and forgetful of their traditions, could only last until the contempt of mankind evoked from our shame enough manhood to renew the struggle.

— The Situation of our armies in Virginia is all that could be expected, and gives the strongest hopes of the rout of Lee's army and the capture of the rebel capital.

THE REBELLION.

On Saturday the U. S. 10th army corps reconnoitered to the rebel work, two miles from Richmond, at Howe's House. There they were met by a heavy artillery fire, from very formidable works.

In the rebel assault of the 30th about 500 prisoners were captured by our forces.—These prisoners say Lee has at Petersburg 20,000, men and north of the James river 40,000.

Sheridan's army up to Oct. 1, were doing well; since the fight at Fisher's Hill there has been no general engagement. The enemy left the valley through Brown's gap. Early was much dispirited and drank heavily. Over two thousand rebels are scattered among the mountains without arms and approaching starvation. The enemy have gone toward Charlottesville.

The U. S. Gen. Gillee has gained a victory over the rebel Gen. Vaughn in East Tennessee: and the U. S. Gen. Burbridge has captured the salt works near Abingdon, Va., with little resistance.

The rebel Gen. Price was advancing on Rolla, Mo., on Monday. All the fortifications at St. Louis were unarmed in consequence.

No news from Sherman in Georgia for four days.

Maj. Gen. Hooker has assumed command of the Northern Department with headquarters at Cincinnati. Maj. Gen. Heintzelman has been ordered to report at Wheeling.

GOLD in New York Monday noon 1 91.

☞ It appears that General Butler's advance upon the enemy's works at Chapin's farm, with the tenth and eighteenth corps, found but little resistance, and they took the rebel rifle pits with hardly any loss on either side. The particulars of this fight show it to have been a very brilliant affair. The rebel garrison was reinforced from Richmond and made a stubborn fight to defend fortifications, which are now discovered to be the strongest around Richmond. The loss appears to have been heavy. Every brigade commander in the division was either killed or wounded. Grant was present and witnessed the fight. A division of infantry (General Terry's) was sent to support General Kautz, and actually reached within musket range of the spires of Richmond.

☞ In Butler's advance on Richmond, about midnight of the 29th, Heckman's and Stannard's divisions crossed the James at Aiken's landing, while the Tenth corps crossed below, on the old Deep Bottom Bridges. Stannard was the first over, and immediately commenced a forward movement, with Burnham's brigade in advance. In the fierce contest which ensued officers and men suffered severely. The N. Y. Herald reports Gen. Ord seriously wounded, a captain of Gen. Stannard's staff and a captain of the 81st New York were killed with a number of privates. Capt. Berry, Lieut. Ladd (mortally), and Capt. Converse, of Stannard's staff, all wounded. Lieut. Hom, of Gen. Ord's staff, badly bruised, by his horse being killed and falling upon him. Gen. Burnham killed; Col. Donahoe of N. H. wounded, but not dangerously. Col. A. F. Stevens, 13th N. H., commanding first brigade first division, badly wounded in the thigh.

— The N. Y. Herald says,— "the latest information from Gen. Grant reports him as holding his position strongly, and putting the enemy in such a dilemma that either Petersburg or Richmond must be abandoned before many days. Our army is drawing a cord so tightly about the rebel capital that its possession cannot be far removed."

☞ The Republican papers say that at the grand Union Ratification Meeting in Boston, Wednesday night, the Union Club of Cambridge bore a transparency with the following significant device: Mac riding a horse and a jackass, galloping in opposite directions, the jackass labelled, "Peace" and the horse "War," while underneath was the motto "Mac's circus for six weeks only."

Now we don't see the difference in blackguardism, whichever party is guilty of it; and we despise all such stuff and nonsense as this. It is making light of too serious business—for if the right and the exercise of the ballot is not important work, then we know not what is. No, gentlemen, or politicians of both parties and all parties, let him be President who get most votes; but do pray let every thing be done decently and in order.

— The search in Canada for the Lake Erie pirates has up to this time proved unsuccessful, although the men are well known at Toronto. The principal men of the party were Englishmen.

— The story that a railroad train was stopped the other day by a United States Collector, because it lacked a revenue stamp, is contradicted.

☞ In a list of Government securities in Tuesday morning's Chronicle, no mention was made of the 7-30 loan, one of the most popular forms of security just now. See advertisement.

NEW HAMPSHIRE ITEMS.

——In Exeter Sunday afternoon, a young man by the name of John Hall, clerk at the Squamscott House, about 23 years of age, committed suicide. He belonged in Candia.

—— In Exeter on Monday evening, Rev. A. J. Patterson of Portsmouth addressed the citizens, on "The way to Peace."

—— The Exeter News Letter mentions the death of its army correspondent "WHIT," of Co. I, 11th Regiment N. H. Vols., before Petersburg, Virginia, of chills and fever. "Mr. Whit Gilman was an honest, industrious, and worthy citizen, before entering the army, where he has proved himself a faithful soldier. He was a lineal decendant of John Rogers who suffered martyrdom at the stake. His widow is left with five small children, and in her poverty should receive the sympathies and charities of the community."

—— The following deaths have occured in Hampton Hospital since the last report, including the dead brought from the hospital transports: James Burrows, 3d N. H.; James Wilson, 10th do.

—— The Social Ball at Kingston Plain on Friday evening last, was well attended —the prize of $10 was given to Miss J. Parker, she being the best dancer—the prize of $5 was given to Miss S. A. Foss, she being the second best dancer—both of the above young ladies were from Portsmouth. So says the News Letter.

—— Thieves are busy in Exeter and Hampton, stealing fruit, provisions, money and clothing.

—— The Trustees of the Manchester Five Cents Savings Bank declared a dividend of *nine* per cent, last Saturday evening, the earnings of the past year. To deposit money, expecting only six per cent. interest, and get nine, is rather gratifying, the Mirror thinks.

—— CANADA "CITIZENS."—Some 16 enrolled men left New Boston, N. H., and fled "beyond the lines" to avoid the draft, to somewhere in the Queen's dominions. Word reached them a few days since that there would be no drafting for New Boston, and home they came through the Equinoctial storm last Friday. That very day there was drafting for New Boston and one of the refugees was caught in the trap. It is a hard and bitter pill to take such a long trip and then be drafted. As long as the name of Richards lasts, we shall think of poor Richard's Almanac and the maxim, "Honesty is the best policy."—*Mirror.*

—— Lieut. John R. Hynes, Quartermaster 3d N. H. V., was promoted on the 20th ult to the position of Assistant Brigade Quartermaster with the rank of Captain.

—— We have received a copy of the proceedings of the Grand Lodge of I. O. O. F. of New Hampshire, at its meeting in August. It bears the imprint of Charles F. Livingston, of Manchester, and is executed in his usual neat style.

—— The 3d, 4th, and 7th N. H. regiments are in the 10th army corps, and the 2d, 10th, 12th, and 13th, in the 18th, that were in the movements on Thursday and Friday.

DEATHS OF N. H. SOLDIERS.—*Correspondence of Manchester Mirror.*—Annapolis, Md., Sept. 26, 1864.—As I was passing from one ward to another, in the U. S. General Hospital, a young man approached me and said he had a small Testament which had belonged to a boy who had died in Richmond. His name, written in the Testament, was "Henry C. Griffin, Co. C, 4th N. H. V." I give this, thinking it may reach the eye of some anxious friends, who might never otherwise learn the sad truth concerning their loved one.

To-day, seven bodies were buried from the fore mentioned Hospital. Among them was the name of James Morissey, of the 9th N. H., died Sept. 25th. Another was a very sad case of a peculiar kind. Against his name, State and Regiment, was written "Unknown."

This morning, the flag-of truce boat, from the direction of Richmond, brings 650 paroled prisoners, mostly from Belle Island. Four of them died on the passage, the above-mentioned "Unknown," being one of them. More died to-day, since being landed. The sight was indeed horrible. Men literally starved to death! Many of them are so broken down by starvation that they cannot recover. Some of the noble fellows reduced to a skeleton-like appearance, plucked up courage to walk from the boat a few rods and then fell, from weakness. A great number were carried from the boat to the wards on stretchers, being wholly unable to stand. Immediately the whole Hospital was alive with effort relating to the comfort of these men. A. G. COMINGS.

— It is understood that orders will soon be issued under proper authority for taking soldiers' votes for President and Vice President in the armies. The details have not yet transpired, but it is believed that persons will be empowered to receive votes at the various divisions in the absence of speech making, harangues and other open electioneering.

DISAPPOINTED.—A man applied to Dr. Jackson, the celebrated chemist, with a box of specimens. "Can you tell me what this is, sir?" "Certainly I can, sir; that is iron pyrites." "What, sir?" in voice of thunder. "Iron pyrites! and what's that?" "That's what it is," said the chemist, putting a lot on the shovel over the hot coals, where it disappeared. "Drom." "And what's iron pyrites worth?" "Nothing." "Nothing! Why there's a woman in our town who owns a hill of that—*and I've married her!*"

— It does not take long for the cotton holders to get over a panic. There is a decided scarcity of cotton, and must be; and there is a short production, and that will also continue.

— The reception of the re-enlisted veterans of Co. A, 17th Mass. Regiment, now on a furlough of forty days, took place on Monday at Newburyport, and created much military enthusiasm.

— One boy, the other day, borrowed a stick of candy from a comrade, to show him that he could pull it out of his ear. He swallowed it, and then twisted himself about in various ways to extract it; but at length informed his companion that he had forgotten that part of the trick!

— The Baltimore Evening Post has been suppressed by Maj. Gen. Wallace, "as the surest means of preventing the office being made the subject of violence." The actors on the stage also are not allowed to talk treason.

— A sharper who took passage in one of the steamships from Bremen to New York persuaded the emigrants that nothing but greenbacks were current in this country, and induced them to sell him their gold at a discount of thirty per cent. He made $3000.

— The Boston Traveller, that has a clear eye to the financial bearing of every event, advises those who wish to purchase dry goods, cotton, or woolens for the coming winter, to purchase now, anticipating an advance in prices.

— "Breeches of Etiquette," said Mrs. Partington, "who ever heerd of such things?" My poor old man used to wear nankeen and glad to get um. But now, oh how proud! Old Zack talked about Mexican breeches of faith; the old scamp, and now they talk about mending Poussin's breeches of Etiquette. The next we know, they'll be making breeches for the women, "and the rest of mankind." "Oh dear!" and she grasped her needle convulsively.

YOUNG LADIES' BOARDING SCHOOL,

LEXINGTON, MASS.,
DIO LEWIS, A. M., M. D., *Principal,*
ISAAC N. CARLETON, A. M., Assoc. Principal.

The School here announced has been in contemplation for many years. Hitherto Mrs. Lewis has not been able to procure the buildings and other facilities indispensable to its establishment.

A noble structure with every advantage of grounds, sunshine and ventilation, has been found, ten miles from Boston at Lexington, the site of the first Revolutionary battle field. It is a quiet, farm village, famous for its healthfulness, in a picturesque region, threaded by delightful rides and walks.

DR. and MRS. LEWIS will conduct the departments of Anatomy, Physiology and Physical Training.

MR. and MRS. CARLETON will have charge of Latin, Greek, French, Mathematics, and the Natural Sciences. For several years Mr. Carleton was Classical Instructor in Phillips Academy at Andover.

THEODORE D. WELD, for many years the Principal of the Eaglewood School in New Jersey, will give familiar lectures on Mental and Moral training, and take charge of Composition and Recitation, with the Critical Reading and Analysis of Shakspeare and other masters of thought and speech.

PHEBE HATHAWAY, a well-known member of the Society of Friends, will, conjointly with MRS. LEWIS, sustain to the pupils the relation of school-mother.

EXPERIENCED TEACHERS will conduct the exercises in every department.

Special attention will be given to Music and French.

While thoroughness in intellectual training, and accuracy in the acquisition of knowledge, will be the earnest aim of the school, PHYSICAL CULTURE will be its special characteristic—Among the most intelligent classes, thousands of girls with drooping shoulders, weak spines and chests, break down in the ordinary school training. To illustrate the marvellous effects of physical improvement in this numerous class, is Dr. Lewis's absorbing purpose in the establishment of this School. By gentle and wisely-managed training, such physical defects will give place to a vigorous and symmetrical development. All the advantages of the *Movement Cure*, the *New Gymnastics*, and the popular games of the English and German peoples, will be employed to secure the best results in bodily training.

So intimate are the relations between mind and body, that pupils, particularly those of delicate constitutions, will improve much more rapidly in mental and moral culture while enjoying a complete course of physical training.

It will be the constant aim of the Principals to provide for their pupils a pleasant home, whose genial and refined influence shall tend to the formation of an elevated and Christian character.

TERMS AND VACATIONS.

The School Year will consist of a single term, beginning on the 1st day of October and closing on the 1st day of June.

This gives the months of June, July, August and September for vacation. There will be no other vacation, with the exception of the Christmas Holidays.

Lexington, Mass, Sept. 26.

Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 3 o'clock P. M. on the 13th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10tos80

"A Wonderful Discovery."

DR. TEBBETS'S "PHYSIOLOGICAL HAIR RESTORATIVE" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new Hair in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "HAIR RESTORATIVE" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

☞ Lieut. Wm. J. Ladd, of this city, serving on the staff of Gen. Stannard, was reported in the New York Herald of Sunday, to have been mortally wounded Sept. 29th, during Gen. Butler's brilliant advance on Richmond. His father, Alexander H. Ladd, Esq., in response to a dispatch received on Monday, immediately went to him; and on Tuesday morning another dispatch, received by the family here, stated that there were hopes his wounds might not prove fatal, — in which every loyal reader will devoutly and sympathizingly join. The injury, which is very severe, was by a Minie rifle ball, which entered on the right side of the nose and passed out at the back of the neck.

☞ We don't blame Father Adam a bit—humanly speaking, you know—for accepting the fruit his Eve offered him; for if she was half so charming as the young lady who brought a handsomely-arranged basket of delicious apples, pears and grapes into our counting-room yesterday, for our delectation, he just couldn't help but "take and eat." So in the light of his example, *we* did so, and our eyes were opened too, when we saw the rich display; but, unlike the old gentleman, we shall not throw any blame on the fair donor. May the choicest fruits always hang within her easy reach!

EMPRESS AT WORCESTER.—The little flag-tail bay mare Empress, whose exploits the present season have made her the Queen of New England trotting parks, trotted at Worcester in a sweepstakes purse of $150, on the 23d, and won in three straight heats easily in 2:41—2:40—2:34. Of the race, the Worcester *Spy* says:

The principal interest centered in "Empress," owned by Peter W. Jones, of Amherst, N. H., who claims for his horse no less a rank than that of a second edition of the queen of the turf "Flora Temple," from whom "Empress" descended, and whom she much resembles. The announcement that she was to appear here created quite a furore among our horse fanciers, many of whom witnessed her splendid performances at the New England Fair at Springfield, a few weeks ago, and the drivers who were matched against her came near abandoning the race in despair when they heard of her arrival.

This, the great race of the day, was warmly contested. The other drivers seemed determined to do their best, even with the little Empress as competitor; but the little witch would take the lead, no matter where she was at the start, and having taken it, keep just far enough in advance to tempt the other drivers, but never losing her position or breaking her regular step. The race was splendidly trotted, and although won by Empress, the owners of the other horses have no cause to feel ashamed of their performance.

All of which is well enough,—but will the Spy or somebody-else tell us how many "descendants" Flora Temple has? We never heard of *any* before.

— The number of rebel prisoners at Point Lookout is fifteen thousand.

SOAP! SOAP! SOAP!—The Gold Medal Soap has no equal, but will go further and do much better work than any other Soap made. It works as if by magic. One trial, and our word for it you will never use any other. Go get a bar and find all we say to be true. 1

TO ARMS! TO ARMS!—The Citizen Soldier will find a more deadly foe in the brackish, muddy water and damp night air, than in the most determined enemy. HOLLOWAY'S PILLS so purify the blood and strengthen the stomach and bowels that the soldier can endure these hardships and be strong and healthy.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 230

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; it is saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

Ayer's Ague Cure,

For the speedy and certain cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the miasma of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the Army and the West, try it and you will endorse these assertions.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. R. Preston, David Kimball, and all druggists.

L. M. EMERY, ARTIST,

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "

and by all National Banks which are depositaries of public money, and

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves purgent and disagreeable, are by a new and scientific process of extracting (in vacuo,) rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant sensation will follow its operation. It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. There are now elements in purgative medicines.

The hard and compact manner in which pills are prepared renders them insoluble—and when taken, remain fixed through the stomach and bowels, half-dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

One pill dissolved, accomplishes, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is *equally diffused* there and throughout the whole circulation of the blood, imparting a healthy tone to the organs of life, as the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continued use for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS ATTACKS—which, by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted part, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the use of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the secretions by its mild diffusive action. It is an effective and painless aperient—has a decided, salutary action upon the Liver, and *there has been no medicine prepared for common family use which possesses equal merits.*

Trusted, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of the Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and which has stood the test now thirty years. He is a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1829.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be convinced that a good article has from, to refund to said person the amount which he paid for the same, by returning the unused bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Retention of Urine, Gleet, Gonorrhœa, and it especially recommended in those cases of Fever Albus (or Whites) in females, where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow full of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fever Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and stinging sensation which usually attends gonorrhœa; with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. WRIGHT'S REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life," so does this Elixir rejuvenate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the unfortunate suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water, also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The grate is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

"MAGEE'S PATENT" VENTILATING & AIR-WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and use of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot escape, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large quantity of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cheves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

RYE, N.H., Feb. 26, 1863. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness, a weak stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I CHESLEY, *Lee, May 30, 1841*
Dr. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No 1 High street, Portsmouth, N. H., promptly attended to. mav26

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof, and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning or evening dew.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 *State street, opposite Kilby street,*
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that since THE MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS; EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and he would respectfully ask (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the speediest remedies for those diseases offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Sore Throat, Nose, Tender Shin Bones, Cutaneous Eruptions, Blies, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a Gentleman to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. Teller, now in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures—Dr. Teller's great work for the Married or those contemplating Marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Michel's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

THURSDAY, OCTORER 6, 1864.

THE REBELLION.

Gen. Meade's operations south-west o Petersburg Friday and Saturday, were stopped on Saturday by the rain: which alone prevented complete success. As the line now stands we have extended or swung around our left toward the SouthSide road, although that road was not reached. Our army lost some hundreds of prisoners,—and it is reported that our cavalry retook a large portion of them. On the left of our army on Saturday, the rebel cavalry made a dash for an easy victory, but were repulsed with heavy loss. As soon as it was discovered that the rebels were falling back our men climbed their breastworks, and, with a cheer, charged the retreating rebels. Our loss was slight.

An order of Gen. Grant to Gen. Sheridan says: "Do all the damage you can to railroads and crops, carry off stock of all descriptions, and negroes, so as to prevent further planting. If the war is to last another year let the Shenandoah Valley remain a barren waste." Accordingly, the destruction was large. In one day wheat enough to subsist the whole rebel army a year was destroyed, besides collecting 1500 head of cattle and 300 sheep. The work continued.

It is reported that Gen. Terry has assaulted and captured a rebel battery on the Newmarket Road.

Saturday morning Sheridan's nfantry were at Harrisonburg, and cavalry east of the Blue Ridge reconnitering Charlottesville. The report of disaster to our cavalry is untrue; on the contrary, they had a victory, capturing prisoners and driving the rebels through Swift Head Gap, which they had fortified. Rock Fish and Brown's Gaps are fortified by the rebels and defended by considerable force; but if they attempt to stand they can be flanked on both sides.

Many refugees, some rebel soldiers and a large number of negroes arrive daily at Harrisburg.

SONS OF LIBERTY. — The Columbus (Ohio) State Journal gives the testimony of Felix G. Stridger, a detective, before a military commission at Indianapolis on the 27th, relative to the secret order "The Sons of Liberty." He joined for the purpose of learning its objects, and so gained the confidence of the members as to be made Secretary of the Grand Council of Kentucky The organization is military, and persons cannot be admitted without a password. Mr. Stridger testified that the murder of Coffin, a government detective, was determined on, and several plans formed for the purpose, but they miscarried. The Order was designed to resist the government by arms. They expected a time to be set for a general uprising, in which they were to seize the arsenals in Ohio, Indiana and Illinois. The rebel prisoners in the States were to be released and armed from the arsenals. The number of the Sons of Liberty was calculated 60,000 to 75,000 in Indiana. Illinois having a considerable number and Missouri believed to be almost unanimous. Ohio was not much counted on. The date for rising was not fixed, as the co-operation of rebel armies was necessary. At one time it was agreed that the outbreak should occur between the 3d and 17th of August, and should be finally determined by Vallandigham, the Supreme Commander of the order. It was intended to carry a portion of the States into the Confederacy. At a meeting of the Grand Council of Illinois it was resolved that, if Kentucky considered it advisable to resist the enlistment of negroes, the members of the order would prevent the Illinois regiments from being sent out of the State by the Government to enforce it. The commands of the chiefs of the order were paramount to all other laws or orders, and were to be obeyed in opposition to any civil laws or orders of the Government. The order extended over the States of Ohio, Indiana, Illinois, Wisconsin, Missouri, Delaware, Maryland, Pennsylvania, New York and Kentucky. Two of its members—a Dr. Bowles and R. C. Bocking—were engaged in contriving incendiary shells and hand grenades. Want of arms is the only reason assigned for the failure to inaugurate a revolt.

Wm. Clayton, who joined the order in July, 1863, testifies that the lodge in Warren County, Indiana, to which he belonged, was assessed $200 for arms and the amount collected. The testimony of this witness was interesting, and we quote as follows:

"The arms were to come from Nassau to Canada, and were to be brought to the Canada line by the Confederate authorities, but the order was to pay the cost of transportation from Nassau to the Canada line. It was understood in the order that the signal for the uprising would be given by the supreme commander, C. L. Vallandigham. There were lieutenants and captains, and colonels, and a major general for each Congressional district. The penalty for divulging the secrets of the order was death. Since the exposure of the order in St. Louis, and especially of this case, the order was disposed to be quiet and do but little. The present invasion of Missouri was made known to the order in his locality by one of Quantrell's men, who said that Price would be in Missouri by October 1st., and stay there until after the election, and as much longer as he could. The order in Illinois made no effort to assist him if he came in. The late exposures had stopped their operations. Their Temples met, but had quit drilling. The American Knights were organized in Illinois by P. C. Wright or Miegor Louisiana, who came to Springfield, Il., to a mass Democratic convention, June 17, and organized lodges, and instituted a general council, which appointed two officers for each county, to organized county temples. Wright is editor of the New York News now."

From the Amherst, N. H. "Cabinet."

TO OUR SUBSCRIBERS.

"You may stop my paper now, if you please.—I would like to continue it at the old price, if I can have it, but cannot afford to pay two dollars for it."

Such is the decision of two thirds of those who have called to settle for the Cabinet since our advance in the price. Well, gentlemen and ladies, it is impossible for us to comply with your generous wishes. We have furnished you the Cabinet for a year past at less than the cost of the raw materials with which it has been printed, and give on you our services, all hands, free. We should like our farmers' wood, butter, grain, potatoes, apples, and varieties all at the old prices, but you will not deal with us in this way. You want double, threble, and in some cases are not satisfied at that. We should like our tea at 87 cts., but our traders want $1.37; our coffee at 10, but they want 50; our sugar at 7, but they want 27; our molasses at 25, but they want $1.00 and upwards. We should like our beef for 9 cts., but our butchers want from 15 to 20, and all other meats in proportion. Our paper maker wants 35 cents a pound for paper, instead of 9; and ink and material has advanced in a like manner. We should like to be relieved from taxes, but we cannot, and printers are not especially favored in this matter.

Such are the necessities of the case—which in some way we must meet—and as appearances thus plainly indicate the desire and determination of our subscribers to practice economy in this department, we have decided, with our next issue, to reduce the size of our sheet to living proportions, at the old rates, and to test the practicability of the plan during the remainder of the year. We trust that our subscribers will be satisfied with this arrangement when they take into account the heavy loss we have already made in supplying them. With this reduced sheet we shall furnish our subscribers to the first of January; when, if it meets with sufficient favor, it will be continued; otherwise the Cabinet will be returned on the rolls as "missing."

Accordingly, the next week out comes our old friend the Cabinet, about one third less in size than this Chronicle—but far too cheap at $1 a year, even of that size. The editor says:

It is enough for us to say that war at last, has us in its grasp, with a grip that has most essentially reduced our fair form, but not a whit lessened our courage or hope. * * Well, friends, some of you may smile at our littleness, but there is one thing we are sure of, there are few that can despise our youth—and it is this feature that makes us cling the more to life. Newspapers are something like their editors, the longer they live, the more they desire life. If in making our editorial bow to-day we are compelled to uncover a small head, it is one that has always been true, and on which age sits loosely."

Hear the Cabinet talk of old age, at three score or so, when our Gazette scores 109 on its face; and the Cabinet actually boasts of a "loose" old age, too. But let him go on—and he too has got to using horse-imagery. Just look here, as he goes on:

"If providence denies us a 'four-in-hand' team, we mean to be content with two;" [two what—two 'fours-in-hand?'] "and 'go ahead,' grateful for that;" [yes, that's right we never saw a man who wasn't glad when he could "go ahead;" but its always safe to add, if you can;] and if the necessities of the war 'reduce us to a one horse shay,' or less still, to our very taps, so be it, heaven helping us we will not fail of our duty to loyality and right, nor without necessity yield our position."

Good pluck that—but we don't believe there was any necessity for the reduction in size; though, as to that matter, most newspapers are larger than is advisable for their own interest. The universal ambition of printers has been, to issue the largest sheet, of the best quality, filled with the smallest type, at the lowest price per year—and then to send it to everybody for ever, no matter whether they paid for it when they got ready or not. Is there any wonder, that the craft and the profession, should come to be pictured as needy and seedy?

But the Cabinet was not one of the overgrown, blanket newspapers, before; and while it is a very nice looking little paper now, yet we don't believe there was any real need of the diminution. At any rate, our experience has not been anything similar. We have *doubled* the price of both our Daily and Weekly within a couple of years—and our only regret is that we didn't do it one year sooner, when the paper-makers began to rise on us. We never yet know of a case where a buyer thanked the seller, for letting him have goods at actually less than cost, except as a special favor. And since nobody *ever* gets what a paper really costs in money and brains, it becomes at least the professors themselves of "the art preservative of all arts," to keep prices up to as near the relative cost of other things, as may be.

But so far from the experience of the Cabinet—but a very few of our subscribers have ever stopped their papers on account of increased cost and; the most of these few have come back again to our lists—though we have sometimes been minded not to receive them at all. Even as we write this, word comes from one of these recent stoppers: "I wish to order the Chronicle again, —I cannot get along without it;" but as in this case, it is a lady, and an old and prompt-paying subscriber, we shall accommodate her. And, always, while we are glad to supply our paper to all who want it, we never wish to send a single copy to any person who for any cause does not desire it.

But supposing some *do* stop and stay stopped—what then? Which is better—to sell at less than cost, or not at all? That depends upon circumstances, of course, you will say — the financial condition, &c. No doubt—and here again is where most of "the craft" are not half crafty enough. For instance, our eye just falls on this paragraph in the Nashua Telegraph:

How we stand.—For every dollar we owe, we have over five on our books due us. Our friends who are indebted, are kindly invited to reduce the ratio.

Now that may be pretty good "standing;" but a better rule we think is, one we have long found to work well, "Owe no man (or boy) anything," and not let other folks owe you any more than you can't help. And we don't believe men are any more thankful for long credit, then for your selling them goods at starvation prices for yourself.

But we are making this article three times as long as we intended. Perhaps it is the fact of our Weekly being the oldest paper in the country, that inspires us to give advice to our profession; or the other fact that we started the second oldest Daily in the State, and have for more than a dozen years conducted it with perhaps fair success. At any rate, we deeply regret to see on every hand, the talented conductors of able and valuable papers, meet with insufficient and unworthy remuneration—and usually because they don't stand up for their own. See one more extract from a later issue of the little Cabinet:

Our reduction in size and price, though regretted, (and by none more than by us,) meets with general approval, and has already worked a change favorable to the continuance of the old Cabinet. As soon as circumstances will allow of it, we shall resume our former proportions. We tender our thanks to those of our citizens who have liberally and generously come forward with proffered aid to prevent the necessity of the reduction, and who are always ready to promote the interests of this village and community. We shall, too, remember the generosity of those large souls that withdrew their names from our list because of the advance in the price — men who advanced in the price of every thing *they* had to dispose of, far more liberally than ourselves, but could not sacrifice half a dollar to sustain a local paper. That the Cabinet will outride the storm we have no doubt. That it will remain in its present locality, is a point the decision of which is for those who have *more* interest in it than ourselves.

That's just it — some people appreciate that a decent paper is of much more value to a town than to its owners, and others don't. "And again," as Capt. H. says, some folks are "afraid of half a dollar" (that is, afraid to lose sight of it), and others are not. It takes all kinds of people to make a world. But urging all printers not to cut down the price of newspapers, to less than half their cost and worth, we will give long life and success to the Amherst Cabinet. And thus endeth this lesson. F.

SOUTHERN ITEMS.—Rebel papers state that the Yankees are strongly fortifying Atlanta, probably for another movement ere long.

The Southern journals look for a reign of terror at the North and a great financial revolution.

The Montgomery Advertiser says the deportation of the citizens of Atlanta by order of Gen. Sherman, shows his extremity for supplies, and he had to adopt that course to save his army from starvation. It does not see how Hood could have retained possession of Atlanta; but thinks no punishment too severe for the miscreants who took the amnesty offered by Sherman to their property, and went North.

The Montgomery Mail says the Mississippi has issued orders for the preservation of worn-out grain bags, sacks, rope and other material, out of which paper can be made for public use.

NATIONAL SAILOR'S FAIR.—The Boston Board of Brokers have voted the liber al donation of $1000 to this Fair.

One hundred and eleven members of the Peace Society have since last April discontinued dealing with their pastry cook, on the ground that they believed he dealt in warlike stores, because of the inscription in his window, "Balls Supplied."

— Charles R. Fleming, of Newburyport, has been promoted to Acting Ensign, U. S. Navy.

— A soldier writes from City Point, Va. "If Lincoln is re-elected the people of the South will rise and drive Davis and his bogus government out of the country."

— There is a talk of reproducing Punch in New York, and selling it cheaply there, and also of reprinting many of the best articles from English daily papers, and issuing them in a cheaper form.

The Boston Traveller says: In 1861 Mr. J. F. Conant, grocer and fruit dealer in Chatham street, failed for about $75,000. He compromised with his creditors for fifty cents on the dollar, and continued his business. On Friday last he paid the full amount of all his indebtedness with six per cent. interest per annum.

☞ At the Boston riverside track, Tuesday, there was a trot between the black mare Blackstone Belle and the sorrell stallion Henry Columbus. Won by the mare in 2.40 1-2, 2.39 1-2, 2.40 1-2. The match was for $400, P. P., rain or shine.

LETTER FROM NEW YORK.

From our Regular Correspondent.

NEW YORK, Oct. 2, 1864.

Dear Chronicle:—

The shadow of coming events seems cast before, and a crisis less disastrous than that of '59, only from the more healthy condition of the banking interest, to have marshalled itself into the procession of things to be, sweeping adown the entry of time. Two houses with liabilities amounting to two million dollars each, led off the dance on Saturday, and the depreciation of over fifty per cent. on stocks greatly disproportionate to capital, with a two week's continuance of the present impossibility of disposal, will force one out of five of the business houses of New York into bankruptcy.

It is generally understood and well authenticated in prominent business circles, that the grand Mogul of the dry goods trade was compelled to ask an extension of twenty days on his thirty-day paper, maturing in the month of September.

Messrs. H. B. Claflin & Co., at the commencement of the panic, were carrying a stock of six millions dollars, the depreciation on which, to date, is in the neighborhood of two millions, and in addition to this, they are losing by cessation of business—which would average daily at this season $100,000 —15 per cent., or $15,000 *per day!*

A. T. Stewart at the same time carried, by outside estimate, a stock of eight millions, the depreciation on which would be nearly three millions, together with a loss of profits amounting to $15,000 or $20,000 per day.

Those who in times of prosperity say, ostensibly, "what enormous amounts of money this and that one is making," are apt to overlook these immense losses when the tables are turned, or else to say, "Served him right; we knew it would be so." If we see a horse driven at speed, we stand on the curb and say, "fine action—good time—splendid animal—well driven." If some one tells us, next day, that the horse stumbled and broke his own neck, and two or three others, we put our hands in our pockets, shrug our shoulders, and raise our eyebrows wisely, with a—"thought that 'ud be the result of careless driving!" Inconsiderate and unaccountable mortals are we surely.

I was pleased to receive on Saturday, from my friend Mr. Carl Meinerth, a beautiful photographic "View from Badger's Island of the launch of the Franklin," showing the magnificent craft just as she settles into quiet acquiescence with her sudden baptism and rears her majestic prow from its low obeisance to the element to which she must ever after look for support. The ship house stands beyond, with open doors, as if it would gladly welcome back its unhappy fugitive. The varied scenery of river and shore fills up the back-ground; a swarm of boats surround their noble rival, while in the foreground are groups of spectators and teams, prominent among which is a tin-ware vehicle, with its stock of brooms behind, and its rag-bags and kettles beneath—an institution unknown in the Metropolis, but prominent among the golden experiences of boyhood, from the many stolen rides behind, and rich stores of confectionery purchased by pennies accruing from sales of rags and paper. All these contribute to make this view of the launch a perfect little gem. Well may the pages of my album be gilded, when holding many familiar faces by Davis, and Meinerth's series of beautiful views of our beautiful home,—"the dearest spot on earth to me." And another pleasure I've had this week—that of shaking hands with your associate editor, Mr. J. H. Thompson, and Alderman Stavers of your city—and now I shall, no doubt, give you, your compositors and my readers one, by saving all the rest I have to say for another letter. N.

☞ The Richmond papers are very mad over the fact that the citizens of Atlanta, fraternized so generally and so cordially with our soldiers, after the possession of the city by Gen. Sherman. They see in the demonstration a rapid decay of faith in the Confederate cause. They are also very much chop fallen at the prospect of secession from the Confederacy by Georgia, the first to follow South Carolina from the Union. The N. Y. Daily News (a McClellan and Pendleton paper) groans thus over the probable event:

"The withdrawal of Georgia from her sister States of the Confederacy in this hour of their supreme trial, is a supposition that involves a depth of baseness which dispassionate witnesses must admit conflicts directly with all the teachings of the political history of the States of the South."

Honest, loyal men of N. H. what think you of such company?

THE CHICAGO PLATFORM.— Foote of Mississippi, known in former days as Hang man Foote, has an article in the Richmond papers, congratulating the rebels at the nomination of McClellan, and the sound views expressed in the Chicago platform. He assures his brother rebels that the triumph of the Chicago nominees will be the triumph of the Confederacy. Of the Chicago platform, he says it is "distinct and irreconcilable opposition to the further prosecution of the war for any purpose whatever;" though the most earnest desire is expressed for the restoration of the Union by peaceable means, there is not the least hint of intended constraint of any kind whatever."

— The Springfield *Republican* says: "The reason Greeley is so anxious to have peace and bit so eagerly at the bait held out at Niagara falls, is that he has announced a history of the rebellion in two volumes, and, having completed one volume, he is afraid he cannot get all the remaining matter into another if the war continues much longer."

FRESH BEEF AND VEGETABLES FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 2 o'clock P. M. on the 13th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds, with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10tds30

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

Local.

☞ The (Second) National Mechanics and Traders Bank of this city, having completed the repairs and improvements in their banking office on Commercial Alley, from which they temporarily removed for this purpose, have returned to their regular place of business, which is rendered far more pleasant and agreeable by the renovation.

☞ One of our Market street merchants lost his hat overboard a day or two since, from the wharf in rear of his store; and it sunk out of sight immediately, as if there had been a brick in it—which of course there wasn't when it was off the head at any rate. No, the wearer is a right-down good fellow, and his hat only followed his own example; or perhaps it was, that corn and flour were getting a little "heavy" that caused the chapau to sink so quick.

☞ We are glad that the High School Girls have collected subscriptions among the citizens, and purchased a new Piano for their room.

☞ The U. S. schooner Beauregard hauled off in the stream on Wednesday, and will sail in a day or two.

☞ We are pleased to notice in the list (published in the Rockford Register), of those who were awarded premiums at the Winnibago County Agricultural Society Fair, held at the city of Rockford, Ill., during the week ending Sept. 10, the name of Mrs. Wm. G. Nowell, late of this city, now a resident of Rockford. The articles which received the awards, are: Best Worsted Work, 1st pr. $2. Best Colored Paintings in oil, $3. Best Water Colors, $1. Best Fruit Piece in oil, $2.

NEW HAMPSHIRE ITEMS.

—— At the U. S. Convention of Universalist held in Concord, resolutions for temperance and in support of the war were passed without dissent.

—— At the Baptist Association, held in Hampton Falls, a strong Union sentiment pervaded the letters, and patriotic resolutions of the strongest kind were unanimously adopted. "No sympathy with traitors South or North!" was the unqualified expression of the Association. Providence had so directed the course of our National affairs, that the duty of the Christian minister under the constitution of his country and in relation to slavery, and the constitution of the word of God are both one—to seek by all means the complete emancipation of slaves throughout our country.

—— The extensive tannery establishment of John B. Chase, at Manchester, the largest in the State, burnt down a few weeks ago, is to be re built forthwith on a larger scale.

—— Our 14th regiment was in battle for the first time on the 19th of September, near Winchester, and they suffered terribly. They had 34 killed and about 120 wounded. Among the killed was Col. Gardiner, who went out as Adjutant, and had lately been appointed Colonel, in place of Wilson, resigned.

CASUALTIES IN THE TENTH N. H. REGIMENT.—By a young man direct from Petersburg, the Manchester Union learns that Capt. John M. Caswell of Co. A, 10th N. H. regiment, was fatally shot in the bowels in the charge at Chapin's Farm in the attack on the fortifications in the vicinity of Richmond on Friday last. Sergeant Black was also killed in the same action. Col. Donohoe while gallantly leading the regiment had his horse shot dead from under him, and leaping up he rushed forward, and while waving his sword was wounded in the hip. Lieut. Larkin was in command of the regiment at last accounts, all his superior officers being either wounded or sick.

EARLY RISING.—The following paragraph will be found worthy the attention of those who adopt the maxim of Dr. Franklin, that "time is money." That philosopher used to say "there will be sleep enough in the grave."

The difference between rising at *six* and rising at *eight*, in the course of 40 years, supposing a person to go to bed at the same time that he otherwise would, amounts to 29,000 hours, or three years, 121 days and 15 hours; which will afford *eight hours a day* for exactly *ten years*; which is in fact the same as if ten years were added to the period of our lives, in which we might command eight hours every day for the cultivation of our minds and the dispatch of business.

— The Maryland Democratic State Convention, which met at Baltimore on Thursday, voted to heartily acquiesce in the nomination of McClellan and Pendleton, announced their hearty approval of the platform adopted at Chicago, and voted to *oppose* the new constitution which will make Maryland a *free* State.

COAL ASHES.—Councils have at last hit upon a favorable plan of getting rid of the coal ashes without cost to the city. It has been found that ashes can be used as an excellent substitute for gravel in paving the streets and is not half so costly. Henceforth ashes will be used for that purpose.—*Philadelphia Ledger.*

— Peace is every way eminently desirable. It can be had only by fighting for it.

THE NORTH AMERICAN REVIEW for October is published as promptly as ever, by Crosby & Ainsworth, Boston. J. H. Foster is agent in Portsmouth.

List of contents: Baron Steuben; Recent Italian Comedy; The Conditioned and Unconditioned; The Indian System; The Life of William Blake; Ocean Steam Navigation; Goldwin Smith; Nathaniel Hawthorne; The Next General Election; Critical Notices.

— A jealous husband at St. Louis recently spied around his house, and rushed, as he supposed, upon his wife and a strange man in his garden. Just as he was about to open the stranger with a big knife, the lady revealed herself as his cook, and the young man was found to be her lover. He was spared.

SOCIAL GATHERING AT WATERTOWN. Rev. William L. Gage, of the 1st Orthodox Church, who has officiated for the past year, was invited to become the settled pastor, but was obliged to decline on account of ill health; and, being about to sail for Germany, his friends met him at the church vestry, Tuesday evening, to bid him farewell. A collation was served, followed by speeches.

— The banking house of the Western Marine & Fire Insurance Company, at Chicago, has failed. On Saturday the building was mobbed, the windows broken, and one of the officers assaulted, because it had received seven or eight thousand dollars on deposit on Friday, and it closed up on the next day. The mob dispersed, however, on a promise that the money should be returned on Monday. Several of the leading banking houses of Chicago have suspended, and there is considerable exitement there.

Why, Missus, just look at these nice white clothes. I never had such soap to wash with before, and as long as you are my mistress, I hope you will never buy any other but the Gold Medal Soap, it is so nice and pure, and washes so easy—just think of it—I am three hours ahead of the usual time, my clothes never begun to look half so well before, and thanks to the J. Monroe Taylor Gold Medal Soap. Tell all your friends to try it, and they will never use any other. Most all the grocers have it to sell. 2

WALTHAM WATCHES AND AYER'S PILLS are said to be the highest specimens of American art, each of their kind: one in mechanics, and the other in medicine. With a Waltham watch in one pocket and a box of Ayer's Pills in the other, you should be at your work in season, with the health to pursue it.—*Advertiser, Norway, Me.*

SMALL-POX HAS ALREADY SACRIFICED some of our best and bravest troops. Soldiers, listen to the voice of reason, supply yourselves with HOLLOWAY'S PILLS AND OINTMENT. The Pills purify the blood and strengthen the stomach, while the Ointment removes all pain, and prevents pit-marks.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 231

☞ Charleston, S. C., must be a pleasant place to live in. Incendiary fires are of daily occurrence, and are gradually consuming the city. The bombardment is kept up with more effective guns than have ever before been used; and to crown all, the yellow fever has appeared, and so many cases existed that it was declared an epidemic. All who could were leading the city to escape the scourge. Surely the day of retribution for the birth place of rebell ion has come.

☞ Capt. John Amazeen of NewCastle fell down the hatchway of the sch. Patrick on Wednesday morning, in Gosport harbor, breaking and disjointing his shoulder. His case was attended to by Dr. Beebe, and he is likely to do well.

— A man proves himself fit to go higher, who shows that he is faithful where he is. A man that will not do well in his present place because he longs to be higher, is fit to be neither where he is, nor yet above it.

☞ Dr. Geo. Beebe of Gosport, Assist. Surgeon U. S. A., has been ordered to the Depot Hospital in Concord.

☞ There have been false rumors of Grant's and Sheridan's defeat, Butler's death, &c.

☞ Great and small cotton speculators in England and France are coming to grief by the fall of the article.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 24th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "
and by all National Banks which are depositaries of public money, and

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual Cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results in medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves pungent and disagreeable, are, by a new and scientific process of extracting (vegetable) quintessence, MORE EFFECTIVE IN THERE OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicines. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicine.

The hard and compact manner in which pills are prepared renders them indigestible, and when taken are *forced through* the stomach and bowels, half dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

The pill dissolved, according to rule, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no parts action upon the bowels, but is *equally diffusive* there and throughout the whole circulation of the blood, imparting a *healthy and invigorating action* to the BOWELS AND BOWEL, LIVER, STOMACH, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the disease and bile from the bowels to the surface of the skin, and relieve or check SCROFULOUS AFFECTIONS—and by thus purifying and strengthening the blood, will remove the most inveterate

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted parts, and by the changes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various disorders which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the secretions by its mild diffusive action. It is an effective and painless aperient—has a decided, salutary action upon the *Liver, and there has been no medicine prepared for common family use which possesses equal merit.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and which has been in use over thirty years. He is graduated by the Medical Department Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1825.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the ullage bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street, Boston. aug7—3mecod ⅌

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience he has perfected what Dr. H. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed cure the most obstinate case of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Tumors, frightful Swellings, and all the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D.. devotes a great part of his time to the treatment of those cases named in his card, of solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by such habits are—Want of Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Disorder of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded, loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW's physicians are consulted daily, from 7 to 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system.—Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new method of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1835, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

CHEROKEE MEDICINES.

Cherokee Cure, the great Indian Medicine,

ROOTS, BARKS AND LEAVES.

An unfailing remedy for Impotentiality, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Hysteria, Nervous Debility, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the disgusting complaints created by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of assistance, we would say, despair not, the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an alter or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus (or Whites, as it is called in females), *soothing and demulcent;* removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain so long experienced with nearly all the *cheap quack Injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, in any address, a full treatise.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

"As the Phœnix rises from the ashes of its fire, animated with new life,"—so does this Elixir invigorate the system and OVERCOME DISEASE.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented. The castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes from the bottom of the grate is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the heapes is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The attention aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, rush off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The fire or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot escape until they are turned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large portion of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world.—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cheever, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

DOVER, N.H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her from labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla and Sarsaparilla, and Rheumatic Syrup, &c., but she obtained no relief until she procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Liniment or Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can claim Dr. Swett's in removing the various kinds of humors. I have sold a great number of my acquaintances, who were afflicted, and witnessed very full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with disease at my stomach, loss of appetite, and often troubled with a pain in my side. Your medicine, I find, is all you recommend it to be, that my daughter was afflicted with scrofulous humor, and that previous to your taking our house in the spring of 1860, she had been confined for a number of months, without any natural rest by day or night. She had applied to a number of physicians, but continued to be weaker till she commenced using your PANACEA AND HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it if do not agree with his case, or if not with the price. All orders directed to DR. SWETT, No 7 High street, Portsmouth, N. H., promptly attended to. may26

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, nor anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price Twenty Cents Per Bottle,**
at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving a net gain in the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unprecedented by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that no one HAS MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents, which are of great value to

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, has *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of whom was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, OCTOBER 7, 1864.

MEXICO.— Advices from Brazos state that the French who advanced from Bagdad, were badly whipped by Cortinas. The rebels appeared on the Texas side of the river and covered the retreat of the French.

Cortinas is confident of holding out against all opposition.

One of Juarez's special agents brings word to the Union commander that during the absence of Maximilian, Miramon, backed by the Archbishop of Mexico and the clergy, issued a pronunciamento declaring against Maximilian. Half the city of Mexico had been taken by Miramon, and he had appealed to the people to sustain him and drive out the invaders.

The French left Monterey to cooperate with the forces from Bagdad, leaving only a small garrison. The Liberal General Quiroga took the garrison prisoners and began to fortify. The French at Bagdad are fortifying within range of their ships.

The French have one frigate and two corvettes off the Rio Grande. Admiral Bosse refuses to allow a messenger to pass his lines to our Consul at Matamoras. His orders are to shoot everybody who approaches his lines after dark.

The English frigate Liverpool and corvette Buzzard, and U. S. gunboat Penobscot are off the mouth of the Rio Grande.

ATTEMPT TO DESTROY EIGHT HUNDRED SOLDIERS.—The Paris (Illinois) Blade says that on Wednesday night last the timbers of a bridge on the Terre Haute, Alton and St. Louis railroad were sawed nearly through, with the expectation that the next train, which contained about eight hundred soldiers, would break through, and a wholesale slaughter be the consequence. The train containing the soldiers, however, passed over safely, but the next, which was a freight, broke through, killing the engineer and badly scalding the fireman.

BULL RUN FOR MCCLELLAN. Everybody remembers, or has cause to remember, the General Patterson who did not make a flank movement at the first battle of Bull Run, and whose incompetency or treachery prevented the Southern Confederacy from being overturned in that engagement. We are happy to inform our readers that he has come out for McClellan, and certainly no man can, with greater propriety, go for "an immediate cessation of hostilities." Indeed, if an *ex post facto* law were passed in relation to that plank in the platform, General Patterson could prove that he had not offended.— *Traveller.*

— The Connecticut town elections thus far reported in the Hartford Press stand:— Union, 69; Democratic, 45; comprising three Democratic gains and nine Union.

Dear Chronicle:—As you are ever independent and generous in principle and practice, we trust if we are not intruding too much on your time and space, that you will allow a few comments on ar article in a recent number:

FAT.—We cannot quite agree with you, when you say that "children ought to be taught to love the fat parts of meats as the better portion." We who eat to live—whose appetites have not been very much perverted by an impure and deleterious article of food known as fat, which comprehends such substances of animals as suet, lard, tallow, grease, blubber, etc., — how can we love such indigestible condiments that are the least nutritious and most injurious portions taken from animals (except for lubricating purposes), particularly if from the filthy carcass of that scrofulous animal of so much adipose matter, viz. the hog; whose very abode is ever sickening to a sensitive nerve, and ever generating filth, poison, disease and death.

We believe if we must make use of animal food, the best is derived from those animals which draw their nourishment entirely from the vegetable kingdom; from the fact that the flesh of animals which subsist wholly on vegetable food contains a larger per. centage of nutritive matter, than the flesh of any other animals; and more than this the very best and most wholesome part of any animal, for any human being to eat, is the lean flesh. The sameness in chemical elements of pure blood and pure flesh, is a demonstrative argument in favor of muscular flesh as an article of food. A distinguished physiologist says, "And when we come to the matter of converting the different parts and structures of animals into the organs and tissues of our own bodies,—making them "bone of our bone, flesh of our flesh," there are a good many reasons for choosing the lean flesh, for muscular fiber is the best aliment any animal can afford, and this is also most wholesome when taken from animals neither much fattened nor emaciated."

Domestic economy moreover proves by chemical deduction, that more nutriment can be obtained for one shilling from vegetable food, than for four from the flesh of animals. Those who eat animal food, do not get a single element of nutrition, save what animals obtain from vegetables.

M. B.

LETTER FROM GEN. BUTLER.

The Military and Political Campaign—A Word to Loyal Democrats.

The following able and instructive letter from General Butler, on the political questions of the hour, is recommended to the attention of Democrats who love the Union:

"HEADQUARTERS DEPARTMENT OF VIRGINIA AND NORTH CAROLINA, IN THE FIELD, September 28, 1864.

My dear Cameron—You will deem me a most remiss correspondent. If you had been enabled to come here you would have found much of interest in answer to the question: What of the rebellion from your point of view?

We have been lying in front of Lee's army now for four months, which have been by no means spent in vain. From the examination of thousands of prisoners and deserters, and articles in southern newspapers, I am certain that these have been months of depletion to the southern army; that the whole arms-bearing population of the States within the rebel lines have been exhausted in the effort to recruit their forces, and the capability, if not the will, to resistance, is fast dwindling away.

The Confederate Congress, in December last, passed an act, the first section of which is in those words: 'The Congress of the Confederate States do enact that all white residents of the Confederate States between the ages of seventeen and fifty are in the service of the Confederate States.'

The act then provides how farmers, mechanics and others may be detailed by military authority to raise the provisions and do the work for the army in the field.

What would our Democratic friends, who are so blatant over 'Lincoln's tyranny,' say to such a draft as that on our side? I would like to see Governor Seymour's mild protest against it. I would not like to hear Voorhees' denunciations of it, for they would be vulgar.

Now when I read in the Richmond papers clamorous calls that the detailed men shall be all put into the ranks, how can I doubt the united testimony of deserters and prisoners, that the rebel means as to men are at an end?

Never having been a convert to the theory that the provisions at the South would be readily exhausted, I have not placed much reliance upon that result. Yet it is certain that the means of transporting those provisions from point to point by rail have given out, and the railroads are becoming so crippled in their equipment, that it is impossible for them to furnish the movement of men and supplies necessary to the extensive military operations required to meet our forces.

Add to this the concurrent testimony of prisoners, deserters and refugees, that the rank and file of their armies are in the confident expectation and belief in the promise of their leaders that they will be taken out of the campaign; that the nominees of the Chicago Convention will be elected in November; and that the independence of the Confederate States will be acknowledged and a treaty of peace be concluded; and you have an imperfect synopsis of the reasons why I believe the rebellion near its end.

It will be for the loyal men of the North to see to it that their treason does not end in the way proposed by the disunionists, by aided by the election of General McClellan and the Chicago platform.

Here is the only danger, if danger exists at all. Therefore, whatever may have been or may be the preferences of any man as to any person for the chief executive of the nation, or dissatisfaction with the course of the government upon matters of mere administration—yes, even in the important points of administrative policy, as laid down in the platform or foreshadowed in its acts—it seems to me the plain duty of every loyal man to support the election of Lincoln and Johnson.

The question now before the people is not as to the preponderance or fitness of Mr. Lincoln or General McClellan for the Presidency. Admit that neither or either one or the other is of himself the best man for the place. What then? One must be selected. No other result is possible. *We are then resulted to the class of political ideas which each represents*; and to what is still more important, *to the man and their affiliation by whom each will be surrounded*, and *controlled*, in fact, and by whom his administration will be shaped in the event of election. Can it be that any true man, especially any Andrew Jackson Democrat, will dare thus to put government into the hands of the Messrs. Vallandigham, Woods, Seymour, Pendleton, Long, Harris, Voorhees, and their surroundings, north and south? Let us see what their platform and their candidates mean: The war is to be carried on, or it is not; if not, then a disgraceful and dishonorable peace, which will be no peace, and which no true man wants, is to be the result. Or, if carried on, then both platform and candidates are pledged to the disbandment of two hundred thousand colored men, now doing duty as soldiers or serving the army, their places to be supplied either by volunteers, at an expense of hundreds of millions in bounties, or by a draft, which is the great ground of complaint by the opponents of the government.

Nay, more, if either the Chicago platform or McClellan's acceptance means anything, these negroes are to be returned to their masters, to fight or labor on the other side. Does any one doubt, if returned to their masters, they would be at once sent into the rebel lines, where alone such property has any real value? Upon the theory of the Chicago platform and McClellan's 'constitutional rights of State,' I think it would 'exhaust the resources of Statesmanship' to show why these men should ever be returned to their former masters, as, indeed, was the practice in McClellan's army.

Still further, does not General McClellan twice over in his letter and platform promise new constitutional guaranties to the rights of the South? Is it possible that all these concessions are to be forced from the North by secession and the point of the bayonet?

That which specially effects the mind of the old and true Democracy of the country in the Baltimore platform is its declaration as to slavery. In the view I take of this question it seems unfortunate that such a declaration was made, as it proves a stumbling block to many.

Why not treat the slavery question according to the fact that slavery dies and is buried wherever our armies march? No political action can aid, no resolutions of conventions can hinder that result. The war if prosecuted to the end, will accomplish all that the most ardent anti-slavery man can desire, so that if the war goes on to the bitter end for the restoration of the Union, than slavery is no more, and all declarations that the war shall or shall not be carried on for the extinction of slavery are futile and worse than useless. The war will extinguish slavery whether we wish it or not. Nay, it extinguished slavery by rendering the slave worthless. In Charleston to-day, a negro can be bought for $3000 in Confederate money, which sells for $30 for one in gold, making the value of the negro $100. And this too, with cotton at $1,75 per pound in New York. Before the war the same negro would bring $1000 in gold, with cotton at 12 cents in New York.

Some different system of labor must be devised for the Southern country in the future, and peace upon any terms, even the acknowledgment of the Confederacy, cannot prevent it. If I am right in this view of the subject—and upon this conviction I have acted since I saw the fact in Louisiana in 1862—then what is there in the Baltimore platform to which any true loyal Democrat, who loves his country, and is determined to fight, if need be, for its integrity and honor, can object? I see nothing. But in the changes, so rapid in administrative policy made by this war, no one will tie himself to any party cry or party platform.

I have but one article in my political creed at the present time. I am for a sharp, thorough and decisive prosecution of the war until the authority of the Union is acknowledged, and its laws obeyed upon every foot of soil ever within the boundaries of the United States.

Believe me, truly yours, B. F. BUTLER.

THE REBELLION.

New Orleans advices report that after several skirmishes the rebels were driven from the Atchafalaya and the vicinity of Morganza. One cannon, considerable stores and a few prisoners were taken. Losses in killed and wounded on each side trifling.

A dispatch from Mobile to a rebel paper, dated Sept. 25th, says that Sherman had sent out a heavy cavalry force in the direction of Montgomery, Ala.

All was quiet in Mobile Bay, Sept. 28,—the latest Union advices.

Gen. B. F. Kelley announces the withdrawal of the rebel raiders from Upshur county, West Virginia, their horses loaded with spoil taken from both rebel and loyal citizens.

The rebels are very restless in Gen. Butler's front, and show a disposition to take the least advantage offered them. Lee, on the 1st, sent a flag of truce to exchange the prisoners captured in the last movement, man for man. Gen. Grant refused to make the arrangement, and referred Lee to Gen. Butler, who is authorized to act as Exchange Commissioner. Lee is reported to have fortified Danville at all points, and recently had prepared temporary defences on the route thither, besides taking a number of heavy guns from Richmond to Danville. Jeff. Davis and his Cabinet have left Richmond for South Carolina. All the newspapers except the Whig are being removed, and the rebel Government archives, etc., have been taken to Danville, which is Lee's base of supplies.

NEW HAMPSHIRE ITEMS.

—— Companies D and E, 18th N. H. V., left Concord for the front, Wednesday. The officers of Co. D are Capt. Wm. S. Greenough, Chester; Lieuts. Wm. A. Haven, Portsmouth, and John Underhill, Chester. Co. E—Capt. Wm. A. Gile, Franklin; 2d Lieut. Geo. H. Thorn of Conway. Co. C left for Washington on Tuesday. Its officers are Capt. John O. Wallingford of Dover; Lieuts. Samuel S. Caswell of Dover and Wilson Gray of Strafford.

— The bills in the northern part of Grafton county, N. H., were white with snow last week.

—— Col. M. T. Donohue, 10th Regiment, has arrived at Fortress Monroe. He was wounded in the hip.

—— The house of Mr. Moses Thompson, 2d, in Wolfborough, was entered one night recently, and a quantity of clothing, bedding, a small amount of money, and other articles were stolen. Mr. Thompson is a member of the 12th N. H., and is with his regiment. Mrs. Thompson was alone in the house and heard the noise, but supposed it to be made by cattle feeding around the house.

— The Manchester Mirror says that some sixteen enrolled men left New Boston and fled "beyond the lines" to avoid the draft, to somewhere in the Queen's dominions. Word reached them a few days since that there would be no drafting for New Boston, and home they came through the equinoctial storm last Friday. That very day there was drafting for New Boston and one of the refugees was caught in the trap.

—— Ex-Gov. Jared W Williams, died at his residence in Lancaster, after a brief illness, Sept. 29. He was a delegate to the recent Chicago convention. He was 68 years of age.

—— The Wolfborough News states that thieving is becoming quite common in that vicinity. It "hears of instances in which corn has been gathered in the field, potatoes pulled up, the tubers picked from the stalk and the stalks set back in the hills. Pears, grapes and currants are taken to such an extent that the owners are talking seriously of cutting their fruit trees and vines down." And yet the News says public opinion is averse to enforcing the laws against offenders!

☞ The extensive petty thieving operations now being carried on in the country towns about us, are supposed to be committed by men with wagons. They must have got near to the end of their rope.

— The Augusta, Ga., Constitutionalist says the dreadful scourge of yellow fever seems to be extending its ravages along the coast. It is reported at Savannah and Charleston, and is certainly raging at Jacksonville and St. Augustine.

— The City Hall building in Lynn was burned on Thursday morning, and a prisoner in the lock-up perished in the flames. His name was Lee, and he was about 30 years of age.

— It is feared the steamer Roanoke has been captured and run into some Southern port by a body of men shipped on board of her at Havana.

— North Carolina papers deplore the loss of the blockade runner A. D. Vance as a severe blow to that State.

— Three Roman Cardinals have died since last Spring.

— The frigate Sabine sailed from Portland on Wednesday for Hampton Roads.

— David F. Jamison, President of the South Carolina Convention, which adopted the ordinance of secession, died on the 14th.

— Mr. Thomas Symonds, over 70 years of age, fell overboard at Salem, on Tuesday and was drowned. He was partially blind.

— The New Yorkers crow over the fact that their city has 179 men surplus on its quota.

— The funeral of Mr. Edwin Howland, a well-known Boston merchant, who died at Mt. Saint Bernard, Switzerland, on the 8th of August, took place in Boston Tuesday.

— Mrs. Mary Rennie of Manchester, Mass., was found dead in the street in Salem on Saturday. Disease of the heart is suppose to have been the cause. She was 66 years of age.

— The blockade running steamers Lynx and Night Hawk have been destroyed. The first was bound to Bermuda with 600 bales of cotton and $50,000 in gold on the rebel Government account.

— It appears that Captain Speke, the African explorer, whose death has already been announced, was killed while out shooting. He was getting through a hedge, when his gun went off and shot him through the heart.

— The Boston Post says: "McClellan writes the best English of any man in America; it wings his thoughts home to the heart of every lover of his country." But is the man who wrote such a sentence as that, a competent judge?

— New Orleans advices represent that the cotton crop, though badly damaged, is not destroyed. The average will be near half a crop. It is also stated that cotton was dull on the New York quotations of the 20th, awaiting further news. Cotton begins to come in rather freely.

WINTER'S METALIC BROWN PAINT is now considered one of the very best articles for painting railway cars, iron bridges, houses, barns, hulls, and decks of ships, tin and shingle roofs, &c., &c. H. N. F. Marshall & Co., 78 Broad street, Boston, are the sole agents for New England. See advertisement.

— The consumption of wines has gone down nearly 40 per cent. in this country, and the consumption of cigars one half. So says an exchange paper; and while we don't doubt that the wine goes down, we are also of opinion that cigars are answerable for much of the consumption and other diseases which afflict our country.

— Vallandigham, in a recent speech at Dayton, said his hearers could now join in the angelic song "Peace on earth, and good will to men." Thinking that this might include niggers, one of his "intelligent" audience shouted out, "White men; good will to white men!" Copperhead priests will please take notice and amend the New Testament accordingly.

PAINT! PAINT!

Winter's Metallic Brown Paint

RECOMMENDS ITSELF.

It is a pure oxide of Iron and Manganese. It mixes readily with Linseed Oil, taking two gallons less per 100 lbs. than any other paint, and possesses more body than any other paint. It forms a glossy, unfading, durable *metallic coat*, protecting wood from decay, and iron or other metals from rust or corrosion.

☞ It does not require grinding, and is warranted to give satisfaction for painting Railway Cars, Iron Bridges, Houses, Barns, Hulls and Decks of Ships, Tin and Shingle Roofs, &c.

FRESH BEEF AND VEGETABLES

FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 2 o'clock P. M. on the 13th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10tp30

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a pillow. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off, and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a dressing it has no superior. "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THE FIRST NEWSPAPER.— On the 7th of October 1756, just one hundred and eight years ago to-day, *Daniel Fowle* issued, in this city, the earliest paper printed in the province of New Hampshire. The office was located in the old wooden building yet standing, on Pleasant, corner of Washington and Howard Streets. We have before us a copy of that first number of the "New Hampshire Gazette," containing the "freshest advices, foreign and domestic." It is just about one quarter the size of this Chronicle; and the type is set, the first page in one wide column, and the other three pages in two columns each. The paper is darker brown even than some of our newspapers are obliged to use in these days; but it presents on the whole a very creditable specimen of printing.

The editor's salutatory is very sensible and well written, and it appears that even in those days he was sagacious enough to secure in advance, "the encouragement given by a number of subscribers agreeable to printed proposals"—which may in part account for the permanent success of his enterprise; which, as he says, "depends upon the favor of all gentlemen who are friends to learning, religion and liberty," so to encourage him "that he might go on cheerfully and continue this paper in a useful and entertaining manner."

The editor thinks "fondness of news may be carried to an extreme,"—which *his* paper, judged from to-day's stand-point, seems in no danger of encouraging; and "as liberty ought not to be abused", he promises that "no encouragement will be given by the publisher to anything which is apparently designed to foment disunion in church or State." Approving and endorsing all this, and revering the memory of New Hampshire's first printer, we are proud of being his successor.

CITY MARSHAL'S REPORT. — Marshal Dresser makes the following Report of the number of arrests made by the Police Department for the quarter from July 1st, to Oct. 1st. Whole number of arrests 497, for the following causes: Drunkenness 155, lodgings 194, larceny 13, assaults 24, vagrants 2, keeping disorderly houses 2, robbing gardens 3, house breaking 2, disturbance at the Temple 4, suspicious persons 1, insulting ladies 1, violating Sunday Ordinance 2, obscene language 1, breaking glass 1, deserting parents 1, cutting boat's painter 1; deserters from Navy 36, from army 5, from Reform school 1, house of correction 4; keeping nuisance 1, resisting officers 2, fornication 3, brawl and tumult 19, fast driving 6, horse stealing 1, night walking 7, lost children 1, pick pockets 1, insane persons 2, truancy 1.

☞ We are gratified that Lieut. Wm. A. Haven, of this city, was given and accepted a commission as First Lieutenant in the new 18th N. H. Regt., which has just gone to the front. Lieut. Haven served with Capt. Thacher, in the 16th N. H., through their fearful year's campaign in the swamps of Louisiana; and is a capable officer and a sterling man.

☞ Eight men, substitutes and volunteers, were accepted at the Provost Marshal's office in this city on Thursday, and four rejected.

AT THE TEMPLE.—The great play of *Ingomar the Barbarian* which was received with so much favor on Monday Eve, will again be presented this evening, at the urgent request of many citizens. As this is the last chance to see this beautiful play, let every one avail themselves of the opportunity. D.

— A dispatch from Indianapolis announces the death of a member of the Cushing Guard, Mr. Frederic G. Lunt of Newburyport. He was the son of Mr. Moody Lunt, and aged 29. He leaves a wife and child. The remains will be buried in Newburyport. We believe he is the first man who has died from that company while in service, though they were out three months, then nine months, and now are on their three months again.

☞ The author, who is one of the honored and honorable "Sons of Portsmouth," has favored us with a copy of the excellent patriotic sermon bearing this title:—

Is God on our side? A sermon preached in 20th st. Universalist Church in New York, the Day of National Thanksgiving, Sunday, Sept. 11, 1864. By E. G. Brooks, pastor of the society. Published by special request.

FADED LEAVES.

The hills are bright with maples yet,
But down the level land
The basils leaves rustle in the wind,
As dry and brown as sand.

The clouds in bars of rusty red
Along the hill-tops glow,
And in the still, sharp air, the frost
Is like a dream of snow.

The berries of the brier-rose
Have lost their rounded pride;
The bitter-sweet clusters amaranthus
Are drooping, heavy-eyed.

The cricket grows more friendly now,
The dormouse sly and wise,
Hiding away in the disgrace
Of Nature, from men's eyes.

The pigeons in black wavering lines
Are swinging toward the sun,
And all the wide and withered leaves
Proclaim the summer done.

His store of nuts and acorns now
The squirrel hastes to gain,
And sets his house in order for
The winter's dreary reign.

'Tis time to light the evening fire,
To read good books, to sing
The low and lovely songs that breathe
Of the eternal Spring.

—Alice Cary.

'Tis as if the benignant Heaven
Had a new revelation given,
And written it out with gems;
For the golden tops of the sims
And the burnished fringe of the ash,
And the scarlet lights that flash
From the maple's point of flame,
Like blazings in a scroll
Spell forth an illumined Name
For the reading of the soul!

MCCLELLAN'S PROSPECTS.—A Democrat of this city, in a candid sort of conversation with a Union acquaintance the other day, was asked by the latter what he thought of McClellan's prospect? "Well, he thought that if Grant should take Richmond before the election, Lincoln's chances would certainly be the best. If not, McClellan might be elected." "And you desire McClellan's success?" said the Unionist. "Certainly," was the answer. Then of course, you do not desire Grant's success, for that result will injure your party?" said the Lincoln man. The McClellan man saw the point which this last question brought him, but was candid enough not to dodge—he was for Grant's failure! He was mildly advised not to make his sentiments generally public, as in some places he might be taken for a rebel spy and put into a "bastile," while in this loyal community it might only subject him to the imputation of being a fool.—*Springfield (Mass.) Union.*

— William Kester, an errand boy, has robbed merchants in Cincinnati, Ohio, of $10,000, by unlocking Post Office boxes; $7000 was recovered.

— The report that Gen. Butler is dead is not borne out by his letter. Dead men tell no tales and write no letters, and indeed we would suppose from his style that he was more alive than ever.

— Thomas F. Marshall, formerly a member of Congress and a prominent but very erratic Kentucky politician, died at Versailles, Ky., lately, aged 94. Mr. Marshall was a man of rare natural abilities and gifts, but he deadened his brain and brutalized his whole nature by the excessive use of whiskey.

— Capt. Eister, a mustering officer at Columbus, Ohio, has been arrested, charged with being one of the Lake Erie conspirators. Eister was lately at Sandusky and Johnson's Islands, where he became acquainted with Cole, one of the leaders of the conspiracy, and several letters, which subsequently passed between them, strongly implicate him.

The proof of the pudding is not in chewing the string, but in eating and testing. The same rule will apply to the J. Monroe Taylor Gold Medal Soap. Our better half says it has no equal, and will do much better work, and go much further, besides leaving the clothes in a much better state after washing. We do not hesitate to pronounce it far superior to any soap in the market. Go get a bar and try it—most all the merchants sell it. 3

SMALL-POX HAS ALREADY SACRIFICED some of our best and bravest troops. Soldiers, listen to the voice of reason, supply yourselves with HOLLOWAY'S PILLS AND OINTMENT. The Pills purify the blood and strengthen the stomach, while the Ointment removes all pain, and prevents pit-marks.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit on them as other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 231

L. M. EMERY, ARTIST,

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "
and by all National Banks which are depositaries of public money, and

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in the city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S
BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, in accordance with results to medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves pungent and disagreeable, are, by a new and scientific process of combination, made inodorous, tasteless, MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no hypocrisy reaction will follow its operation. It also purifies

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicines.

The hard and compact manner in which pills are prepared render them indigestible—and when taking any one through the stomach and bowels, half-dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with the bowels, and

Only dissolved, *meaden-wise*, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is *equally diffused* throughout the whole circulation of the blood, imparting a healthy and invigorating action to the LIVER AND BOWELS, STRENGTHENING KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A dose will do, will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A dose or two of a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS ATTACKS—and by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It invites the various organs of the system to act their allotted part, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, Loss of Appetite, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the functions by its mild diffusive action. It is a concentrated vegetable specific—has a decided, sanitary action upon the Liver, and *then has been an medicine prepared for common use, so universally approved.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERBY WINE BITTERS, the best tonic medicine ever discovered, and which has stood the test of many years. He is a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1831.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who has used one-half of a bottle of his Elixir, and not benefitted, a good and satisfactory from, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 12 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street, Boston.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never failed, when all others, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the effects of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the region of processes, Inflammation of the Bladder and Kidneys, Hydrocele, Abcesses, Humors, frightful Swellings, and the long train of horrible symptoms attendant on the vice of disease, are made to become as harmless as the simple ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of these cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate victim for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Limbs and Stiffness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Pain in the side, Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, are some of the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, can be accommodated with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotine, warranted the best preventive. Order by mail. Price for the Capotine $3.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system, such as Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated on principles of science, and a speedy and perfect cure positively guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield to it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1835, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 10 P. M.

CERTAIN CURE

In all cases, or No Charge Made.

Dr. Dow is consulted daily from 8 A. M. to 9 P. M. as above, upon all difficult and delicate diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which attracts patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston,

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Families, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities at the

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle is a paper fac-simile of one dozen sheaves, the large and increasing sales of which convinces the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself to the

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon Whiskey.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Made with the rich flavor of the Bourbon are a number of other Bitters for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other art cles, combined as a whole into a free rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them.

CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished merit and extensive sales of these articles has induced the subscriber to seek and obtain the Sole Agency in this country.—They are sold only by the Bottles, *entirely pure, and without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of the finest wines can be without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offering for sale the finest CALIFORNIA WINES ever seen IN THIS MARKET, of four qualities, in splendid style of labels, bottles and corks, viz:

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have heretofore been accustomed to the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber.

C. A. RICHARDS,

99 Washington street. - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale by the subscriber. He has, in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety, and imported direct by him

RYE, N. H., Feb. 20, 1864. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have added it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to relieve any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No 7 High street, Portsmouth, N. H., promptly attended to. mav26

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness. For the ground is always more or less moist, either from rain or the morning and evening dew.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1857,)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but there its patrons have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." CHARLES MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for those diseases, offer inducements to the unfortunate, of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blles, Ulcers, Abscesses, and all other impurities of the system, cures are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsle and aid them in removing the secret difficulty, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that is to him desirable and make happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to any parts, sealed, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, how to choose a partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

DR. TELLER still remains the only Agency in America, for the sale of Dr. Michel's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 9 A. M. to 9 P. M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, OCTOBER 8, 1864.

THE REBEL DEBT is between two thousand and two thousand five hundred million dollars. If the Chicago candidates for the Presidency and Vice-Presidency of the United States be elected, and the Union reconstituted according to their ideas, the Transcript thinks this debt will most likely be assumed by the United States. General McClellan says to the South, "I want Union; I ask for nothing more." The South will of course, demand, as one condition, the assumption of its debt; and certainly the sale of what remains of its "independence," at the price of twenty-five hundred millions of dollars, would be the greatest bargain ever made. When capitalists support a nomination whose success would lead to such a result as this, one is led either to doubt their sagacity, or to feel a suspicion that they have some of the Confederate debt stowed away in their wallets, bought at the price of three cents on a dollar.

BIG HAUL BY STAGE ROBBERS.—The Salt Lake Telegraph of Aug. 24th reports that the stage from Virginia City to Salt Lake was stopped by four highwaymen a few days previously, and the following gentlemen robbed of the sums set against their names, which they had with them in dust and coin: John Hughes of Denver, $5960; M. K. Norris at Platte County, Mo., $2600; E. L. Stanley of Leavenworth, $10,800; Charles Besser, $3600. Total, $22,960. The robbers considerately handed back $500 or $600 to enable the travelers to pursue their journey. The victims were forewarned about robbers, were well armed, and but for cowardice might have defended themselves and saved their property.

VIRGINIA.—Col. Kinsman, Superintendent of negro affairs in Gen. Butler's department, has made a report on the condition of the freedmen; in the section of Virginia under Gen. Butler's control 112 abandoned farms have been taken for the freed negroes and cultivated by them. Thirty-nine schools established, ninety-nine teachers; attendance averaging five thousand nine hundred and thirty. The schools have success. On abandoned lands in the vicinity of Norfolk, rented to the negroes last season, ten thousand bushels of corn produced. Within our lines in North Carolina there is a negro population of 17,419, males and females nearly in equal proportion. 11,636 are employed, 5783 supported by government. As means of employment are furnished, the number supported by government decreases and new settlements are established for the unemployed.

☞ English papers relate a scene lately took place at the house of Colonel and Lady——, in the North. The daughter, a very lovely girl, fell in love with her tutor, a Presbyterian clergyman, and so far forgot herself as to make known to him her attachment. In honor bound, and to the credit of the Scotch clergy be it spoken, he reasoned with her, and then finding argument of no avail, went to her father and begged for his immediate dismissal. The Colonel was astounded, but when upon inquiry the truth transpired, he was so struck with the young man's deep sense of honor, that he told him he would give him an opportunity of going to Oxford, and taking orders, and that upon entering the English Church he would not only give him a living but his daughter also. We understand both parties are very happy under so kind and sensible an arrangement.

☞ The Emperor of the French recently caused the work on the new opera house to be suspended in favor of those on a new hospital. The storekeepers in the vicinity of the half-built opera house have offered to advance the money necessary for the prompt finishing of the latter edifice, leaving its reimbursement to the convenience of the Government. They declare that their commerce will be ruined if the works are not carried on. The Emperor, however, did not give a favorable reply, deeming it beneath the dignity of the state to accept offers of money from private individuals.

GENEROUS GIFTS.—The Hazard Powder Company have lately completed a beautiful Gothic church at Hazardville, Conn., for the use of their employees. It is perfect in all its details, including a solid silver communion service presented by the members of the company resident in New York. The church was consecrated on the 29th ult. by Bishop Williams of Hartford, assisted by several clergymen of the diocese.

The corner stone of a large Baptist church has been laid in Washington, D. C. Hon. Amos Kendall gave the lot, cost eight thousand dollars, and also gives thirteen thousand towards the building fund, and has stipulated to pay the pastor's salary for eight years.

— Gold ran up to 205 in New York on Friday, but at 2:40 was quoted at 199 3-4.

THE REBELLION.

Reinforcements for Gen. Grant are being crowded to the front. Our advanced positions are being strongly fortified.

Sec. Stanton telegraphs that satisfactory reports of the operations in progress before Richmond and Petersburg have been received, but their details cannot be published at present. Reports from Gen. Sheridan are also encouraging. He is still at Harrisonburg.

Gen. Sherman's measures to protect his communications from the rebel raiders have been successful. Maj. Gen. George H. Thomas was sent to organize the troops in his district and drive Forrest from our lines, while the attention of Gen. Sherman was directed to the movement of the main rebel army in the vicinity of Atlanta. On the 4th of October the rebels had captured Big Shanty, but were closely followed by Sherman. On the 6th a severe engagement was fought by our forces under Gen. John E. Smith, and the rebel forces under Gen. French, in which the rebels were driven from the field with heavy loss, leaving their dead and wounded in our hands. The enemy retreated from Altoona, moving in the direction of Dallas, leaving his dead and from 400 to 600 wounded in our hands. Later accounts show that the action at Altoona was very severe, and lasted six hours. French attacked with his division, 7000 strong, and suffered heavily, leaving 1000 killed and wounded in our hands, while we lost only 300. Accounts from Florence show that Gen. Morgan has cornered Forrest, and has captured his transportation, while our gunboats prevent all retreat across the river.

Official advices say Price's main army attempted to cross the Osage river at Castle Rock, Mo., on the 6th, but were prevented by our troops who were stationed opposite, between whom and the rebels fighting occurred, but with what result is not known.

Gen. Rosecrans reports that Gen. Ewing made a good retreat to Rolla, losing very few men. The number of wounded rebels will not fall much short of 1000. But affairs in Missouri are not very creditable to Union management.

YORK is said by some to be the town where permanent settlements were first made within the territory of Maine. It was formerly the most important town in the State, and until within a few years the shire town of York county. Its surface is varied; the soil quite good. The principal village is not large, but is rather pretty. A few miles from the seashore, on the banks of the York river, stand two block or garrison houses, which were erected more than 200 years ago.

One of them is in good repair, and is occupied by its proprietor, John M. McIntire. It appears that one of his ancestors built the house, and with his wife and laborers occupied it. At length he was seized with a fatal disease. As he drew near his end, he sent for a bachelor brother—Malcolm, and bequeathed to him his wife and estate. The newly married pair were blessed with issue, and from them sprang the McIntire race in this country. The estate has ever been in the possession of the family, and its present proprietor, John, has a son John, the sixth in descent from Malcom.

The other block house, which is going to decay, was built by Alexander Junkins, in possession of whose descendants the property still remains. There is another house in the same neighborhood, built 150 years ago, by Rev. Samuel Moody, the second settled minister of the parish. The house is now in good repair, and has always been occupied by descendants of Mr. M. Joseph H., the present proprietor, has a son living with him.

One neighborhood is called Scotland, the original settlers being Scots.—Two white headed eagles have made this spot their home for at least 60 years. They are seldom seen except immediately before a storm, when they appear and alight in a small grove near the banks of the river. What relation they have to the ancient aborigines who formerly dwelt here, or the honest old Scotchman who settled the country, is certainly not known by the present inhabitants. They seem however to be regarded as tutelar divinities of the place, and no wanton hand is permitted to harm them.—*Wolfborough News.*

— We have learned that there is a school district in the western part of York county, Maine, consisting of forty voters. Three of the forty are too poor to be taxed at all; thirty-three of the remainder are taxed only a poll each, and that has to be abated each year. These voters are excessively stirred up about the national taxes. Indeed, from our reports from that quarter we should think these Agamenticusses had been constant readers of the Saco Democrat, were it not for the fact that, although the whole party have decided McClellan to be the greatest general of the age, only one of their number can read. However, "it is of no consequence," as Toots says.—*Biddeford Journal.*

NAVAL.—The U. S. steam sloop-of-war Brooklyn sailed from Boston on Thursday, supposed on some important service.

The U. S. frigate Sabine, from Portland for Hampton Roads, and the Colorado, from Portsmouth, both passed Highland Light, Cape Cod, Thursday afternoon. A dispatch from Fortress Monroe erroneously states that the Colorado arrived there on Thursday and anchored in Hampton Roads. Some other vessel was probably mistaken or her.

— William C. Bryant, the poet, on the 3d of November will complete his seventieth year, and it is proposed to celebrate the event by a reunion of his brother poets at the rooms of the Century Club in New York.

— The price of iron has lately decreased $30 per ton.

— Admiral Farragut is still at Mobile Bay, despite other reports to the contrary.

— Col. McCluer is raising an independent battalion of sharp shooters in Maine.

— The number of sheep in Ohio is 4,300,000, whose fleece of 19,000,000 pounds of wool this year will be worth $15,000,000.

— Rev. J. C. Fletcher will soon return from his fourth visit to the region of the Amazon.

— Eight representatives and one Senator of the Vermont Legislature are clergymen.

— During the month of September nearly 400 soldiers died in the hospitals of Washington.

— Tom Thumb and wife are going to Europe in the steamer which leaves Oct. 29, on a private tour.

— Edward Everett is to speak on the issues in the pending canvass, at Faneuil Hall, Boston, on the afternoon of Oct. 19.

— Augusta, Bangor, Eastport and Portland have been designated as the money order offices for Maine, under the new Post office arrangements.

— Twenty four car loads of cattle passed over the Maine Central Railroad one day last week, for Massachusetts. Among the oxen was one pair that cost $400.

— A considerable amount of real estate situated in Alexandria, and seized under the Confiscation Act, is to be sold on the 22d of October.

— A Hoosier, who suspected unfair play in the drafting operations, asked to be allowed to draw the names from the wheel. He did so, and drew his own name the first time.

— The papers state that the "coal-at-cost" companies, who have made their contracts, are now embarrassed in their operations by the fall in price, which enables dealers to undersell them.

— An effort is in progress to raise funds to build a new hotel in Eastport, Me., suitable to the wants of the place. The business men on one day last week subscribed $2000 to the fund.

— Prof. Agassiz is on a scientific excursion down east. He is examining the celebrated "horseback" or gravel ridge, which runs from Orono, Me., to the Piscataquis river, a distance of forty or fifty miles.

— The little brig Vision, which left New York for Europe on the 27th of June last, and was spoken July 20th, when about midway across the Atlantic, has not since been heard from.

— According to an official document lately printed, there were, last year, 13,147 assaults on women committed in England and Wales, for which the parties were charged before the magistrates.

— The U. S. Marshal at San Francisco was arrested on Monday, on the charge of forging legal-tender notes in New York. He was sent East by the mail steamer Golden Age.

— A young man, formerly of humble circumstances, has an income of $7000 per day paid him as his share of certain oil lands in Pennsylvania. This amounts to $2,555,000 per annum. He may be able to live on it.

— The Shakespeare festival at Stratford-on-Avon has resulted in a deficiency of three thousand pounds, which the committee will have to make good. The musical and dramatic performances cost two thousand pounds.

— Extensive conflagrations, which have laid some towns in ruins and nearly destroyed others, have prevailed in Russia since April last. There have been four great fires in St. Petersburg. They are attributed to incendiaries and much alarm exists.

— Since the first of October the exhumation of bodies of soldiers buried in the Soldiers' Cemetery, at Washington, has been very frequent. Parties from almost every State are busy carrying home the remains of their loved ones. Such exhumation will be allowed until May, 1865.

— The U. S. iron-clad, double-turreted monitor Monadnoc, three thousand tons burden, made her trial trip on Wednesday. Her steerage was very successful, whether coming round upon her centre or on a circle. At her highest speed the engines made 62 revolutions per minute with 26 1-2 lbs. of steam.

LONDON ITEMS.— The New York correspondent of the Daily News represents that there is nothing to look for but war, whoever is elected President, there being no peace party to weigh in the contest, unless some great change comes over the public mind.

The Times' correspondent says there is little to choose between Lincoln and McClellan; one seeks to restore the Union by war and extermination, and the other by offering the South everything except independence. That offer failing, McClellan would be in the same predicament as Lincoln.

A MINISTER ON HORSES AND AGRICULTURE.—At the Springfield Fair, "the free church of New England,—the foundation of a high and Christian civilization," was the sentiment that called out Rev. Dr. A. L. Stone of Boston,—and he made a capital speech.

Mr. Stone said if he had the same excuse for not speaking as Gen. Burnside had, he should be content to keep still. Gen. Burnside has a history which speaks for him, and he could afford to be silent, though we could not afford to have him. The allusion to the Church by the president he believed to be sincere. Without it there could be no real prosperity. But he wished more of his brethren would attend horse fairs. Ministers are notoriously hard on horses; the reason is they don't understand how to treat them. Being driven to the utmost themselves, they naturally think a horse may be treated in the same way; and the onlyway clergymen have to learn how to treat horses, is to attend fairs, for in these days of inflated currency, when everything has gone up but preaching, but few ministers can afford to keep horses.

The effect of a horse show on every right-minded man, Mr. Stone thought could not but be beneficial. Whatever elevates the horse elevates the master, and he spoke of the sympathy, almost human, between the horse and his keeper, and said no one could know what it is till man and horse have been companions in a campaign.

But, said Mr. Stone, the vein of thought here to-night is earnest; the former speakers all have shown it in their remarks; the shadow of the war reaches to the most secluded hamlet in the country. And Mr. Stone related how while traveling in Maine lately he came to a man in a quiet, out of the way place, and remarked to him that he could not be much affected by the war out there. Sir, said the man, my oldest son fell at Gettysburg, and my youngest is at the front before Petersburg. Thus the war leaves its influence everywhere, and the gloom is only lifted by the realization of a triumph which shall scatter every cloud, and bring out every star undimmed.

But this is the time, said Mr. Stone, for the cultivation of agriculture. The time is coming when we shall need it. We have no gold or silver mines to depend on, and we have got to depend on the labor of our hands. Our soldiers now in the field will soon come back to gather the summer fruits of a long peace, after a few more pounding like that of Fort Morgan, a few more victories like that at Atlanta, and a few more moves by the left flank at Richmond.

☞ Twenty men were accepted at the Provost Marshal's office on Friday, and four rejected.

The successful bidders will be required, at the close of the sale, to deposit ten per centum of the amount of their purchase, or the articles will be re-sold to some other party. The remaining portion of the purchase money to be paid in Government funds before the articles can be removed from the Yard. If the articles are not removed from the Yard within the specified time, the amount deposited will be forfeited to the Government. JOHN WENTWORTH,

FRESH BEEF AND VEGETABLES

FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 3 o'clock P. M. on the 12th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10tes30

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off, and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if used according to directions. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THE LYCEUM.—The tickets will be on sale, at the usual places, on and after Saturday; and as they will surely all be taken up, and no more than 800 sold, those who wish them will do well to secure them early.

☞ The exceedingly unfortunate and dangerous accident to a lady, mention of which we copy from the Journal, we are informed was caused by the ball striking some unseen object after passing through a board, and glancing off almost at a right angle.

☞ Among a variety of auctions this morning are the following: Timber and plank at Sagamore Bridge, and three sales at the Navy Yard—by J. B. Adams; also, large sale of crockery ware, furniture, etc., by H. F. Wendell. See advertisements.

☞ We are indebted to Charles C. Cushman, Esq., formerly of this city, for late copies of newspapers published at Victoria, Vancouver's Island; also to James S. Peirce, Esq., for Panama papers.

☞ A Neat Thing—the new Lincoln badge brought out here yesterday by Harry Bunnell Kent, the "wide-awake" little 7-year-old son of Capt. J. Horace. All the loyal boys, big and little, will want them—so Mr. Shores is to have a lot, we hear.

☞ A Lady Artist and Card Writer, from Boston, is now in Portsmouth, and will furnish the Ladies with the most fashionable card, most beautifully written, at the low price of $1.25 a pack of fifty cards. She will be in the city for two or three weeks only, and will call on the ladies for their orders. 3t

☞ At the request of many persons, and to accommodate the transient public—and not for our own satisfaction—we shall hereafter allow our Carriers to sell single copies of the Daily Chronicle, at 5 cents.

☞ As the Lyceum tickets will certainly all be sold, and no more than the 800 issued—all who wish to attend, will save disappointment by securing tickets in season.

☞ We notice that Gov. Seymour has re-appointed William H. Hackett, Esq., of this city, a Commisioner for the State of New York.

☞ Meeting of Lyceum Committee at Chronicle Counting Room, this Saturday evening, at 7 o'clock.

NEW HAMPSHIRE ITEMS.

—— Israel Hayes, of Farmington, has obtained a patent for an improved shoe shave, and Lorenzo Horn of Wolfborough for an improved screw for music stools.

—— Hermon J. Smith of Dover, and Dr. A. M. Winn of Farmington, have been appointed Asst. Surgeons in the U. S. Army, and ordered South.

—— The National Guards, of Manchester, Capt. J. W. Griffin, will have their second Anniversary Ball in Smyth's Hall, in that city, on Friday evening, 14th inst. Arrangements on a liberal scale will be made; it will be a fine affair.

—— Francis H. Morgan of Francestown has been promoted in the 2d Auditors' office to a third class clerkship—salary $1600 per annum.

—— About 60 members of the 1st battery, who have not re-enlisted, arrived home in Manchester on Wednesday evening, and were most enthusiastically received.

—— 1st Lieut. George A. Wainwright, 1st Co. Heavy Artillery, has been promoted to the position of Major.

—— On Wednesday the shaft of a carriage entered the breast of a valuable horse in Dover, which was coming in an opposite direction, and the animal died almost instantly. The other horse was also badly hurt.

——The Amoskeag and Manchester mill companies at Manchester, held their annual meetings on Tuesday, and re-elected the officers of last year. The Manchester Print Works have been in full operation during the year, and their sales have amounted to $4,000,000. On their capital of $1,800,000 they have divided 40 per cent. and carried 8 per cent. to the reserve fund. The Amoskeag Company have been running about 25 per cent. of their machinery, and have made about 10 per cent. during the year.

THE N. H. THIRTEENTH.—We are permitted to make the following extracts from a private letter from Capt. Betton, of Co. K, 13th N. H.

Point of Rocks, Va., Oct. 2d.—I have now to chronicle the most glorious, although to us most disastrous event of the war. On the 29th of September, we started for Richmond, and steadily drove the enemy's skirmishers some three miles, until we reached their main lines, when we formed close columns by division, and charged their strongest fort. We advanced about three quarters of a mile, across an open field, under a fire that mowed down our men by dozens, and did not hesitate until we had scaled the walls of the fort, capturing 22 cannon, and quite a number of prisoners.

The casualties in my Company are as follows: killed David Locke of Rye. Slightly wounded, George Taylor, Henry N. Caswell, David Curry, Thomas Green, John Harmon, James McIntire.

The casualties among the officers of the 13th were: killed, Capt. Forbosh, Co F, and Lieut R. R. Thompson; severely wounded, Col. A. F. Stevens, W. J. Ladd; slightly wounded, Maj. Smith, Capt. Bruce, Capt. Saunders, Lieut. Wheeler and Lieut. Hall.

We held the works without opposition until the 30th at 2 P. M. I had just returned from City Point, where I had taken the remains of Capt. Forbosh and Lieut Thompson, by order of Gen. Stannard, when the Johnnies charged our lines, commanded by Lee in person. After two unsuccessful assaults, they were obliged to retire with the loss of 500 in killed and wounded left on the field. Our loss was about twenty in the Regiment.

My Company suffered as follows: wounded seriously, B. F. Wentworth, Charles W. Randall and James Winter; wounded slightly, Charles Powell and Peter Mitchell. I was in the ditch on the outside of the Fort, attending to the wounded of my Company, when a white Regiment, the 8th North Carolina (Rebs) came in, and gave themselves up, and as they marched past the ditch, they were fired upon by their own men, and it caused a panic among them.—They jumped into the ditch, one of them alighting upon my back, which injured me some, but I hope to get over it in few days. Our brigade took about 600 prisoners.

I tell you what it is, everything is working beautifully, and soon this war will be closed. I shall write more fully soon. I am all right, and shall rejoin my regiment to morrow. M. T. B.

THE GREENLAND UNION LINCOLN CLUB was organised Oct. 3d, 1864. The following are the officers: Charles W, Hatch President, G. Clement Weeks Vice President, John E. Holmes Secretary, Moses Mann Treasurer.

Rufus W. Weeks, George Weeks, G. M. Teague, Daniel Berry, John Munsey, John B. Lowd, William A. Poirce, Enoch H. Clark, William H. Brackett, Samuel A. Hatch, Executive Committee.

☞ The York county Agricultural Society's Cattle Show and Fair will take place, at Saco and Biddeford, Oct. 11, 12 and 13. Over $600 are offered in premiums. Trains will run at half price on the P. S. and P. railroad; and stock, fruit and all other articles for the fair will be taken free.

The J. Monroe Taylor Gold Medal Soap is one of those articles that should be in every household, and the lady who neglects to furnish herself or domestics with it, loses a boon which it will be impossible to find a substitute for. It takes less in quantity, and washes as no other soap can do. It makes rough hands smooth, and softens and whitens the skin, as well as making clothes look so white. Try it. 4

☞ Herrick Allen's Gold Medal Saleratus is manufactured entirely different from any other. Its chemical purity renders it as harmless as the purest flour, and its use will strengthen weak stomachs and cure dyspeptic persons. Use it with cream tartar instead of soda.—It is much better. Try it. Grocers and Druggists sell it.

SMALL-POX HAS ALREADY SACRIFICED some of our best and bravest troops. Soldiers, listen to the voice of reason, supply yourselves with HOLLOWAY'S PILLS AND OINTMENT. The Pills purify the blood and strengthen the stomach, while the Ointment removes all pain, and prevents pit-marks.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 25 cents, 88 cents, and $1.40 per box or pot. 231

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from he deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation*. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

and by all National Banks which are depositaries of public money, and

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

In accordance with the frequently expressed wish of the citizens of Portsmouth, the Rev. Mr. PATTERSON, as will be seen from the following correspondence, has consented to address the friends of the Union.

PORTSMOUTH, Oct. 4, 1864.

Rev. A. J. Patterson,
DEAR SIR:

Understanding that you have, in a good degree, recovered from the illness consequent upon your labors with the Army of the Potomac, we request of you the favor to address the friends of the Union in Portsmouth upon the topics suggested by your recent experience in Virginia, and upon the perils and duties of the times.

Hon. W. H. Y. Hackett, W. P. Jones and others,
GENTLEMEN:—

Your note inviting me to Lecture before the citizens of Portsmouth, "on topics suggested by my recent experience with the Army, and upon the perils and duties of the times," is received. I am always happy, when I can do so consistently, to gratify the wishes of my friends. I am also glad to do any thing in my power for the reclamation of our dear Country. Providence permitting, I will cheerfully comply with your request, at the time and place of your choosing. Thanking you for the courtesy you have shown me,

I am, dear Sirs, your friend and Obd't Serv't,
A. J. PATTERSON.

Mr. Patterson's address will be delivered in the TEMPLE on FRIDAY Evening, October 14, at 7 o'clock.

From the Journal.

"THE POETS OF PORTSMOUTH."

Compiled by A. M. Payson and Albert Laighton.

"Sweet are the memories of Home."

This work, we are informed by the editors, is now arranged and ready for the press. It will make an octavo book of probably 500 pages, giving specimens of the poetry of more than thirty writers who claim alliance with Portsmouth either by birth here or long residence.

It is intended to be printed in the best style that Messrs. Walker & Wise of Boston can issue it—fine paper, good type, and gilt edges, in the style of Annuals: making it a desirable gift book, as well as a valuable home remembrancer of the numerous sons and daughters of Portsmouth, who are scattered throughout New England, New York, Philadelphia, and everywhere.

The great expense attending the publication will not allow of gift copies to contributors. The subscription price is $3.00 per copy. But few will be printed beyond the number subscribed for, which will necessarily be sold at an advanced price.

It is desirable to have the work issued by the middle of December, in season for the holidays. Those who wish to secure copies should send their names immediately to the compilers, Messrs. Payson and Laighton, or leave them at the bookstores, or send them to the Journal or Chronicle offices. As it is a subscription book, it may not be expected to be found at the bookstores for sale.

Those who do not give in their name at once may not be certain of obtaining copies, as the edition cannot be enlarged after the printing commences.

LAW INCORRECT.—The State law on our first page respecting the taking the sense of the people on the Amendment of the Constitution, says in the official copy that the election is to be held on the *first Tuesday* in November. This is wrong. The day fixed by law is the Tuesday following the first Monday in November. So whenever the month commences on Tuesday, as it does this year, the election takes place on the *second Tuesday*,—the 8th.

DANGEROUS BUSINESS.—On Wednesday afternoon about 5 o'clock, the lady of Mr. Lafayette Laighton was sitting alone near a closed and curtained chamber window at their residence in Whidden street, when she felt a bullet strike her forehead on the right temple. The blood flowed, and she thought the bullet had entered her head. She opened the window, and seeing Mr. Charles L. Abbott in his garden in Franklin street, told him that she was shot. Mr. A. who is a Police Officer, had been heedlessly practicing with his pistol. He at once said, it was his work, and ran to her aid. A surgeon was called, and it was found that the bullet had passed through the glass and curtain, grazed her forehead, making a flesh wound, and had fallen in the room. This narrow escape should be a caution to those who use fire arms, and to policemen especially.

EXETER ROBBERS.—They do a wholesale business in this line in Exeter. Robbers go about the town by night with carts, and take any thing they can lay their hands upon. On one night they robbed a butcher of all his meat, and on another night entered his sleeping room and took his money and clothing. They clear clothes lines—take from cellars not only butter pots, but even dusting-pans and brushes.

Some ladies recently strolling in a wood on the western part of Exeter, passed a wagon unattended, loaded with stolen goods. While they went back to give information, the wagon was speedily removed where it could not be found. There is evidently several in the gang. The footprints show that one female is in the company.

REV. MR. BEEBE.—This devoted philanthropist, who has spent many years at Gosport, as pastor, physician and schoolmaster, for the low compensation of $250 per year, has found that sum inadequate for his support in these times. He was wishing to stay for $500 a year, but could not obtain it. He has therefore accepted a Chaplaincy in the army with a compensation of about $1300, which will enable him to discharge those debts which his limited means compelled him to contract while at the Shoals. He will be missed.

THE SECRETARY of the Treasury announces that he will receive Proposals, until October 14th, for forty millions of 5-20 Bonds. The 6-20s have always been so popular that a liberal premium is expected, and a considerable amount will probably be taken on foreign account. The 7-30 loan will not be interfered with, and remains the most convenient investment at par that is now in the market, while the "Proposals" may be desirable for banks and capitalists. The subscriptions to the 7-30s have already amounted to over forty-five millions.

DR. S. O. RICHARDSON'S

BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves powerful and disagreeable, are, by a new and scientific process of extracting (in vacuo,) rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that the unpleasant reaction will follow its operation. It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicines.

The hard and compact manner in which pills are prepared renders them indigestible, and when taken are *found* through the stomach and bowels, half-dissolved, causing only PARTIAL ACTION, thereby producing irritation and pain in the parts connected with their passage.

One pill dissolved, *secundum artem*, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is *equally diffused there* and throughout the whole circulation of the blood, imparting a healthy and invigorating medicine to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS APPEARANCES, by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted part, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a disarrangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the influence of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the system by its mild and passive action. It is an effective and painless aperient—has a decided, salutary action upon the Liver, and *does not, as so much prepared for bowel complaints are which possess some mineral.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are subjected to above from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of the Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the first medicine ever discovered, and which has been in use over thirty years. He is a graduate of the New Hampshire Medical College, and for many years a member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1826.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will try one bottle of the Blood Root Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

DR. W. R. MERWIN & CO.'S COLUMN FOR THE

CHEROKEE MEDICINES.

Cherokee Cure, the great Indian Medicine,

ROOTS, BARKS AND LEAVES.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in the practice of our firm for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the Cherokee Cure will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

Price—$2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an auxiliary or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites in females, or any other urinary *or genital* complaint; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain so generally experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION two medicines at the same time, all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from coming into the room. With the extension top there is a large copper Reservoir for hot water; also a large water front, in the same manner as in the MAGEE PARLOR STOVE, and can be operated day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and convenience in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would invite those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of air below the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large portion of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus materially lessening, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated, so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert E. Hotch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness at my stomach, want of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I CHESLEY, *Lee, May* 31, 1841
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No 7 High street, Portsmouth, N. H., promptly attended to. mav26

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less covered either from rain or the morning and evening dew.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years continue to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on Reasonable Terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no one other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made *on twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

MONDAY, OCTOBER 10, 1864.

THE REBELLION.

The Augusta (Ga.) Constitutionalist says Hood's army is now entrenched on the Macon and West Point railroad, 25 miles from his former position, near Jonesboro'. A rebel dispatch says Hardee has been relieved of his command in Georgia and assigned to Charleston.

The Richmond Whig of the 5th says Imboden, who has been ill for some weeks, is reported to be dead.

From Gen. Butler comes good news. Early on Friday morning the enemy attacked Gen. Kautz's cavalry in their entrenchments and drove him back. Our troops lost few men but all their artillery; the enemy suffered considerable loss. The rebels then swept down the entrenchments towards Gen. Birney, who awaited their approach and repulsed them with very heavy loss. In the afternoon, Gen. Butler took the offensive and sent Gen. Birney with two divisions forward. The rebels retreated, and Gen. Birney occupied the entrenchments which the enemy had taken from Kautz and were fortifying for themselves. A thousand at least of the enemy were killed and wounded, and many captured. It was a bloody repulse to them.

Sunday's dispatch states that Adm. Porter left Washington on the 8th, to assume command of the North Atlantic Blockading Squadron—relieving Adm. Dahlgren.

300 sick and wounded, some of whom received their wounds on Friday, Saturday and Sunday of last week, reached City Point by steamer on Saturday. The whole number in the hospital there is 4000,—only 1056 being wounded.

The official estimate of all appropriations made by Congress since the war commenced has just been completed, as required by law; and foots up a little over three thousand million dollars. With the estimate now being made for the coming year, the total amount is four thousand one hundred and eighty-one million dollars.

No news from Sheridan, Sherman or Grant.

The resident Democratic Committee in Washington on Saturday afternoon issued an address which they say is in reply to numerously signed petitions from the people of the West, declaring that fire arms and ammunition are being distributed in every village and city in the Western States and that it becomes all good Democrats to stand by law and order; and they appeal to all citizens not to violate the same.

HORSES.—The first horses brought into any part of the territory at present embraced in the United States, were landed in Florida, by Cabeca de Veca, in 1527, forty-two in number, all of which perished or were otherwise killed. The next importation was also brought to Florida, by De Soto in 1539. In 1608 the French introduced the horse into Canada. In 1609 the English landed at Jamestown, in Virginia, having seven horses with them. In 1629 Francis Higginson imported horses and other domestic animals in the Colony of Massachusetts Bay. In 1625 the Dutch Company imported horses into New York In 1750, the French of Illinois were in possession of considerable number of horses.

According to the census returns for 1850, there were 4,335,358 horses in the United States, exclusive of those in cities which were not returned. The number of horses in the United States at that date was more than three times as large as that in Great Britain. In France there were 3,200,000 horses.

MILITARY ARRESTS.—The military authorities have arrested J. J. Bingham, editor of the Indianapolis, Ind., Sentinel, Horace Heffron, ex-Colonel of an Indiana regiment, Andrew J. Humphreys and L. P. Milligan, who are charged with being connected with a treasonable organization. The evidence in the case of H. H. Dodd, Grand Commander of the Sons of Liberty, now on trial before a military commission, discloses some startling facts relative to the purpose of the organization throughout the Northwest. Dodd effected his escape from the third story of the prison on Thursday morning at 4 o'clock by means of a rope furnished by his friends outside,—who must be intimate with Gov. Seymour's "friends."—$2000 reward has been offered for his apprehension.

☞ The very absurd lie that President Lincoln receives his salary in gold is effectively refuted by L. E. Chittenden of Vermont, the late Register of the Treasury, who had charge of all payments of that kind. Mr. Lincoln and all his Cabinet receive the ordinary greenbacks, just like ordinary men in ordinary business, and the regular income tax is regularly deducted from Mr. Lincoln's salary, just as it is from every other salary. The only officers paid in gold are our ministers abroad, in places where our currency is not recognized.

☞ Rev. A. H. Quint, chaplain of a Massachusetts regiment, who recently wrote a letter in reference to McClellan, giving reasons why he could not vote for him, has yet been quoted by the opposition as being a McClellan man, and his letter garbled to make him favorable to McClellan's election. Mr. Quint has written a letter against this course, in which he says:

"That more than one democratic paper should print entire what I said in honest liking for the general, in such a way as to give the impression that I supported him as a politician, is so outrageously mean as not to only to show to what straits that party must be reduced for argument, but also to create wonder whether our old general really appreciates the company into which he has fallen."

☞ A party of rebel deserters who were lately sent from Harper's Ferry to Baltimore sang "The Star Spangled Banner" while on their way in the cars, and seemed delighted on recognizing familiar localities around Baltimore, where they belonged. Said one of them, "There's many a fellow lying on his back, looking upward at the stars, in Lee's army, who would give worlds to be where we are." The number of deserters giving themselves up to Sheridan is very large.

— The following paragraph, which was originally printed in the English Quarterly Review, in March, 1825, appears rather rich at the present time:

"We are not advocates for visionary projects that interfere with useful establishments. We scout the idea as impracticable. What can be more palpably absurd and ridiculous, than the prospect held out, of locomotives travelling twice as fast as stage coaches? We should as soon expect the people of Woolwich to suffer themselves to be fired off upon one of Congreve's ricochet rockets, as to put themselves at the mercy of such a machine, going at such a rate."

— A despatch of Thursday last from Erie, Pa., says: "The great work of more than twenty-eight years has been completed, and the waters of the Great Lakes are bound by iron bands to the classic Delaware. The excursion train from Philadelphia arrived here last evening, bringing many prominent Pennsylvanians, among whom are Gov. Curtin, Gen. Robert Patterson, and many others. All along the line the greatest enthusiasm was manifested and especially in this city."

— A gentleman at Augusta, supposed to be mortally sick with typhoid fever, in delirium, while his watchers happened to be nodding, got up in the night and walked into a graveyard, where he was found next day after long search. He had been there exposed to a cold September night, with no clothing on but a cotton shirt. "The most wonderful of all is," says the Farmer, "the patient got well."

—The Portland Argus thinks it interesting for a man to ornament the entrance to his domicile with a pair of majestic bronze lions, and find that the larger portion of the time they are bestridden by ambitious *gamins*, with seatless trowsers, from which floats proudly on the breeze a questionable flag of truce.

— While the City Council of Coburg, C. W., was in session the other night, an infant wrapped up in a basket was placed at the Chamber door. The paper making the announcement adds:—"This should be a warning to our City Fathers to avoid night sessions; for in the darkness the result of their sins might be brought home to them."

— About one million feet of "sugar-pine" are used annually in San Francisco, in the manufacture of sash and doors, and for finishing purposes. About one hundred and eight million of feet are used annually for building purposes. It has, in fact, almost entirely driven eastern pine out of the market.

— The Augusta Journal says that the "Fly" train, of a single car with an engine in one end of it, which has run this season between that city and Gardiner, Me., carried in the month of September very nearly seven thousand four hundred passengers, and has been a great convenience to business people.

— The North American Review argues, that profanity indicates a chronic weakness of intellect and a poor education, for it requires no genius to swear, while it does require some learning and talent to converse in genteel language. Let the profane make a note of this.

— A porter employed in an upper part of a building in New York, raised the hatchway after the store below had been closed, and by means of a long pole, with a hook attached, drew up bundles of shirts, which he afterwards sold.

— Prof. Agassiz proposes to give a course of lectures on Fridays, beginning October 14, at the Museum in Cambridge, on the "Natural History of Domesticated Animals." All farmers and dairymen will be admitted free.

— Hon. Ezra Cornell of Ithica, N. Y., now State Senator, is about to offer to the State of New York three hundred acres of valuable land at Ithica, and $300,000, to be appropriated to an Agricultural College to be located there.

— Gen. Grant has gone to Washington.

— Of the seven million Jews in the world, the United States has two millions.

— Potatoes are six cents a pound in San Francisco.

— They are again talking of annexing Roxbury with Boston.

— Admiral Lee retains his command on the James river for the present.

— Secretary Fessenden will make a brief trip North in the course of the next fortnight.

— A lad in Bangor, on Wednesday, had his eye destroyed by a stone thrown by a companion.

— Admiral Porter was in Washington on Friday, in consultation with the War and Navy Departments.

— One man in Salano county, California, is curing one thousand pounds of raisins this season.

— The Governor General of Nova Scotia is in Washington, and is receiving marked official attention.

— It is stated that the Portland Dessicating Company have a government contract to fill, amounting to $1,000,000.

— There are at the present time one hundred and sixty-six suits for divorce upon the docket of the Supreme Court for Suffolk County.

— The London Times says: "The battle in Mobile Bay will add one more lesson to those which we have received from the American war."

— A Catamount or "Indian Devil," has been seen in Weston, Aroostook county, Me., recently, and caused some excitement among excursionists.

— Jackson Haines, the American skater whose departure for Europe we mentioned not long ago, has issued a challenge to the skaters of England.

— The New York Chamber of Commerce proposes to raise $25,000 to be spent in medals and other testimonials for the officers and crew of the Kearsarge.

— A man in Norway (Me.) has secured a patent for clipping the hair of horses. The Gloucester Telegraph thinks his reward ought to be to go naked next winter.

— A woman in Michigan took hold of what she supposed to be a stove holder on the floor of her kitchen the other day, and found it to be a large rattle-snake. She escaped being bitten, but how is a mystery.

— It is stated that a single Eastern leg-factory has leased eight square miles of forest in Maine, for the purpose of obtaining supplies of timber for the manufacture of the artificial limb.

— Only sixty-five in a hundred marry, says Dr. Hubbard, and out of this number three are divorced, eight run away, fourteen live in open warfare, about thirty are indifferent, and only ten are regarded as happy.

— The English journals which have throughout our struggle shown their hatred for the Union and their sympathy for the rebellion, now vigorously support Gen. McClellan for the Presidency.

— The Brooklyn Union's correspondent states that he "has it on good authority that on Tuesday noon Gen. Sherman, and a delegation from Georgia, were in council with the President." Bosh.

— The offer of Gen. Lee to exchange troops captured in the fight before Richmond, is regarded as proof of his weakness. That he needs every man he can get is undoubtedly true.

— Gen. James H. Wilson, of Illinois, has been brevetted Major General for gallant and meritorious services in the Valley under Sheridan, and been sent to take command of all the cavalry in Gen. Sherman's army.

— In the United States District Court, the case of E. N. Fuller, editor of the Newark, N. J., Journal, charged with publishing an article violating the Enrollment Act of Congress, has been postponed to the December term of the Court.

— To meet the taxes, now imposed upon insurance companies, and the increased expenses of business, the several companies and agencies doing fire business in Boston and vicinity have held a Convention, at which a new tariff of rates was unanimously adopted, and took effect on the 1st inst.

— The Chicago Tribune says, "Gen. Grant's father was an old Henry Clay Whig. So was Gen. Grant himself, but he did not like Fremont, and refused to support him, and cast his vote for Buchanan in 1856, and Douglas in 1860, while the 'old man' voted for Fremont and Lincoln. But father and son will support the same ticket this fall."

— It is understood the naval Court of Inquiry in the case of the Commander of the U. S. steamer Pontoosuc, will report him guilty of negligence in remaining in Eastport harbor some hours after he was notified that the pirate Tallahassee was at Halifax. It was not proven that he was intoxicated. He will probably be broken.

CHANGE IN LANDLORD.—The partnership which has existed for some years between Corning & Dumas, proprietors of the Phenix Hotel, Concord, was dissolved and a new one formed under the title of Dumas & Thompson, on the first of the present month. Mr. Dumas has been the acting member of the late firm and has met with admirable success, during all the time he has been connected with the Hotel, and has made it a homelike place for guests, and has established the Phenix as a first-class house. Mr. Dumas now retires from the personal management of the hotel, and Jno. S. Thompson, Esq., who has lately been connected with the Pemigewassett House, at Plymouth, and the Crawford House, at the White Mountains, succeeds him. Mr. Thompson's popularity as a Landlord is well known, and from our own knowledge of him, we are safe in announcing that the Phenix will still continue, under his management, to be a first-class Hotel. L. K. Elliott, the accommodating and popular clerk, will still remain with Mr. Thompson, which the travelling public and the patrons of the Phenix will be glad to learn. Although Mr. Dumas may not be constantly about as usual, still we hope to see his pleasant countenance as often as may be in the Phenix.—*Independent, Democrat.*

— During the visit of the Japanese Embassy to this country, they were presented with gold medals. It seems the "Embassy" did not value the presents very highly, for they have some how or other found their way into an Industrial Fair, at San Francisco, where they are now on exhibition.

of public

LECTURES

under direction of this Association, commences at

THE TEMPLE, PORTSMOUTH,

TUESDAY EVENING, Oct. 25th, 1864,

and will continue through the winter, generally on Tuesday evenings.

THE OPENING LECTURE WILL BE BY

JOHN B. GOUGH, Esq.

SUBJECT—"Fact and Fiction."

This Lecture, and all others of the Course, will be preceded by a

Grand Instrumental Concert

by the full

PORTSMOUTH CORNET BAND,

CHARLES H. TOMPSON, Leader.

The Course will consist of Ten Superior Double Entertainments, comprising Lectures and Readings by the following eminent Speakers and Readers, with ten Concerts by the Band. We have engaged

JOHN B. GOUGH, Esq.,
REV. JOHN S. C. ABBOTT,
GEORGE W. CURTIS, Esq.,
DR. J. G. HOLLAND, (Timothy Titcomb),
JUDGE THOMAS RUSSELL,
WENDELL PHILLIPS, Esq.,
MISS EMILY SHAW, Reader,

The Committee are also in correspondence with REV. A. L. STONE, C. C. COFFIN, (Carleton of the Boston Journal) PROF. T. EDWARDS CLARK, REV. HENRY WARD BEECHER, and others.

TICKETS

FOR THE COURSE—TEN LECTURES—$2;

To be had at the Book Stores, Apothecary Stores, and of the Committee of Arrangements.

☞ No Single Evening Tickets.

The limited number of 800 Season Tickets only will be sold,—two hundred less than last year,—which will allow all ample accommodations. The Committee are obliged to increase the price of tickets, on account of the advance in the fees of speakers and other expenses.

☞ The managers have also decided to issue the tickets in 10 separate numbered cards, one to be given up at the door on each evening, and good only for the lecture which number it bears. And they urge all to remember and *bring their tickets with them*, as positively no person will be admitted on any occasion without a ticket!

Doors open at half past 6. Concert at 7, Lecture at half past 7.

Per order. JAMES H. HEAD,
Secretary C. L. Association.

FRESH BEEF AND VEGETABLES

FOR THE NAVY.

NAVY DEPARTMENT,
Bureau of Provisions and Clothing,
September 28th, 1864.

SEALED PROPOSALS, endorsed "Proposals for Fresh Beef and Vegetables," will be received at this Bureau until 2 o'clock P. M. on the 18th day of October next, for the supply of 40,000 pounds of Fresh Beef and 40,000 pounds of Fresh Vegetables, at the Portsmouth Station, as required. The Beef and Vegetables must be of good quality, and the best the market affords, and each article must be offered for by the pound. The beef must be in equal proportions, fore and hind quarters.

Bonds with approved security, will be required in one-half the estimated amount of the contract, and twenty per cent. in addition will be withheld from the amount of each payment to be made, as collateral security for the due performance of the contract, which will on no account be paid until it is fully complied with.

Every offer made must be accompanied by a written guaranty, signed by one or more responsible persons, that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the articles proposed.

No proposal will be considered unless accompanied by such guaranty, and by satisfactory evidence that the bidder is a regular dealer in the articles proposed, and has the license required by law.

The Department reserves the right to reject any proposal not considered advantageous to the Government. 10tds30

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off, and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HAIR" in New England can be restored in less than sixty days.

NEW HAMPSHIRE ITEMS.

—— Dr. E. L. Carr, of Pittsfield, has been appointed Assistant Surgeon in the Mass. 35th.

—— On Monday morning, Sept. 26th, the hills in Bethlehem were white with snow. The snow remained on the mountains nearly all day.

—— Mr. Geo. W. Fletcher, of Amherst, fell from an apple tree, on Wednesday, fifteen feet or more, seriously, and it is feared permanently injuring his spine.

—— Captain Chas. H. Long of the 1st company Heavy Artillery, has been promoted to Colonel. Capt. Ira Mc L. Barton of the 2nd company to be Lieut. Col.

—— Frank A. Fowler, Esq., of Concord, has been admitted, by the Supreme Judicial Court, as an Attorney in all the Courts of this State.

—— Charles C. Hartford, who was convicted at Concord of keeping a house of ill fame, has been sentenced to six months imprisonment in jail, fine of $100 and costs of prosecution.

—— Rev. H. Moore D. D., Milford, has put in a representative recruit. Dr. Moore is now in his eighty-sixth year—born during our revolutionary struggle he still retains the patriotic fire and love of country cherished by our fathers of that period.

—— Mr. James Prescott of Concord, retired from business on the 1st inst., and is succeeded by Mr. Charles H. Norton. Mr. Prescott, several years proprietor and driver on one of the stage lines to Portsmouth, has for thirty years kept horses and carriages for hire.

QUICK WORK IN CONWAY.—The Statesman says: "Mr. William H. Allen, a gentleman in an active business at Conway Corner, procured, at a very early time after the transaction, a list of men recently drafted to fill the quota of his town. It was late at night, but he proceeded forthwith to their several abodes, and before 5 o'clock next morning obtained the consent of enough of them to enlist to fill the quota of the town—about twenty or twenty-two.—These assembled at the Conway House the same morning, and so expeditious were their preparations for departure that they had all enlisted and left the town before the official notice reached Conway from Portsmouth that they had been drafted. Mr. Allen accompanied his townsmen to Concord, procured the appointment of one of their number—George H. Thom—to a lieutenancy, and the admission of all of them into Co. E, 18th N. H. R., and gave them an oyster supper, and each man an army table-knife and spoon in one instrument. He remained with them in camp in Concord until they were ready to leave for the army. He expended about three hundred dollars from his private funds in this patriotic service."

— A Georgia paper states that when Atlanta was evacuated there were 40,000 bales of cotton at Griffin, 43 miles south of Atlanta. Gov. Brown has succeeded in removing nearly all of it to a place of greater safety.

— Madame Demorest's Mirror of Fashion for October has been received. Besides a finely colored fashion plate, full size patterns, and the accompanying explanations, there is much valuable information for the housekeeper.

— A sad accident happened at the Riverside Park, Brighton, Mass., on Thursday morning, by which a very valuable colt belonging in Manchester, was killed. Mr. Stephen White, the trainer, was exercising the horse, when he kicked and caught his hind foot in the iron work of the sulky and thus threw himself, causing his death in a few minutes. Mr. White was thrown to the ground, and was carried off in a senseless condition and supposed to be internally injured. The horse was one of the most promising four-year old colts living, was sired by "Young Morrill" owned by Messrs. Nat. Perkings and L. M. Underhill, of Manchester. Eight thousand dollars have been offered and refused for him. He was reputed very fast.

☞ We will not send more than one copy of the Daily Chronicle per week to out-of-town Advertisers, unless paid for.

☞ A Lady Artist and Card Writer, from Boston, is now in Portsmouth, and will furnish the Ladies with the most fashionable card, most beautifully written, at the low price of $1.25 a pack of fifty cards. She will be in the city for two or three weeks only, and will call on the ladies for their orders. 3t

☞ Herrick Allen's Gold Medal Saleratus is manufactured entirely different from any other. Its chemical purity renders it as harmless as the purest flour, and its use will strengthen weak stomachs and cure dyspeptic persons. Use it with cream tartar instead of sodar, it is much better. Try it. Grocers and Druggists sell it.

SMALL-POX HAS ALREADY SACRIFICED some of our best and bravest troops. Soldiers, listen to the voice of reason, supply yourselves with HOLLOWAY'S PILLS AND OINTMENT. The Pills purify the blood and strengthen the stomach, while the Ointment removes all pain, and prevents pit-marks.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 281

The greatest discovery of the age is the new soap just come out, and known as the J. Monroe Taylor Gold Medal Soap; it not only saves time in washing, but does the work in a much superior manner to all other soaps now before the people. The makers claim it is manufactured on an entirely different principle, and that it is a great labor-saving article, besides going much further than any other soap. Our experience confirms all the inventor claims for it. Try it, and we think all will be convinced of the fact, and will ever have the Gold Medal or none. 5

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from he deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,

and by all National Banks which are depositaries of public money, and

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S
BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves pungent and disagreeable, by a rare and scientific process of extracting (in vacuo,) rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE TO THE TASTE,

and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation. It also possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicine.

The hard and compact manner in which pills are prepared renders them indigestible—and which taken are *forced through the stomach and bowels, half-dissolved,* causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

One pill dissolved, *secundum artem*, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is *equally diffused there* and throughout the whole circulation of the blood, imparting a healthy and invigorating action to the STOMACH AND BOWELS, LIVER, LUNGS, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A continuance for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS APPEARANCES, by thus purifying and strengthening the blood, will remove the most fearful

CAUSE OF CONSUMPTION.

It incites the various organs of the system to act their allotted part, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, LOSS OF APPETITE, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

THE BLOOD ROOT ELIXIR is entirely vegetable, no pernicious botanical element, no excitant, but stimulates the secretions by its mild diffusive action. It is an effectual and painless aperient—has a decided, salutary action upon the Liver, and *there has been no medicine prepared for* common family use since its introduction.

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, or water, or any other cause.

See the pamphlet around each bottle for a history of the Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and which has been in use over thirty years. He is a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1829.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-half of a bottle of his Elixir and not be satisfied of its good effect therefrom, to refund to said person the amount which he paid for the same, by returning the allurge bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 17 Market Square; and by Dealers in Medicine generally, and at Dr. Richardson's Office, No. 51 Hanover street, Boston.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, love of solitude, &c., are some of the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for any disease, by addressing the Doctor, or inclosing $5 to Dr. Dow, and stating your case. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. There for $1 and two stamps.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female, such as Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. He invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon feels no interior health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all chronic and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which has attracted patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

F. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in these cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is powerful and alterative in its action; purifying and cleansing the blood, causing it to flow its all of its original purity and vigor; thus restoring from the system, all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. *It are healing, soothing and inflammatory;* removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the ordinary injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all those dire discharges are stopped, and the weakened organs are speedily restored to full vigor and strength.

☞ For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

Sent by express to any address on receipt of price. Sold by all druggists everywhere.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and in fact, all the effects that spring from it.

Composed of the purest vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, except during the *first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling out of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be controlled day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, mild and wholesome—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass out into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of fresh air through the grate, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the best part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron R. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with diseases at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I CHESLEY, *Lee, May* 31, 1841.
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No 7 High street, Portsmouth, N. H., promptly attended to. mav26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secute Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents. R. H. EDDY.

Smith's Catarrh Snuff.
For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.
This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, OCTOBER 11, 1864.

FOREIGN.—English advices to Sept. 30, represent that the London stock market was very heavy. The Bank of England was purchasing gold. Money was dear and there was a general distrust. Several failures were taking place, entailing heavy losses to cotton and produce traders.

Alfred Teale, woolen merchant, has failed. Liabilities £100,000.

A. W. Marsden, an iron master, has absconded to America, having forged bills on Leeds Bank to the amount of $80,000.

The Coroner's Jury have returned a verdict of willful murder against Muller.

A barque-rigged rebel steamer has been spoken in the Malta Channel.

The rebel loan declined 6 1-2 per cent. on the reception of the news of Early's defeat in the Shenandoah valley.

Walter Savage Landor died in Florence Sept. 17.

The report that the announcement of the Franco-Italian treaty had been made to the Pope and that he asked for copies to examine, is confirmed. He asked time for deliberation before communicating his impression of the effects the new state of things might have upon the Papacy.

CHINESE OATHS.—The courts of California are much perplexed by Chinese witnesses who, to use the language of one the papers of that State, will "lie the legs off an iron pot." It is often the case that a dozen will appear on each side, and one party will swear point blank against the other. Various expedients have been taken to induce them to tell the truth, but with little effect. The oath administered is printed in Chinese, on yellow paper. It is as follows: "The witness (here his name is inserted) establishes this oath now in the presence of this tribunal. The evidence that I will speak shall be according to truth. Should I maliciously, or with malicious heart, speak falsely, may the Great Spiritual Intelligence crush me. Wherefore I burn this paper, invoking Imperial Heaven to regard the same." (Dated Third year of Tung Chee, the present Emperor of China, month and day.) The witness, after inserting his signature, burns the paper. A stronger form, (if any form can bind these people) is to cut off the head of a rooster, calling on all to witness that he shall tell the truth. The regular Christian oath is always administered in addition.

☞ Fredrika Bremer, the gifted Swedish authoress, so well known in this country by her writings, and to some extent by her visit in 1850, has not failed in interest for our welfare since. She recently wrote over to a friend here:

I cannot but believe with you that this war is providential, and, after its worst is done, its woes are past, will serve as a baptism for a new and higher life. A baptism of blood, true, and terrible it is; but the grace of God will turn the very wounds to eyes which see His will, to fountains of sympathy and charity. God bless America! My heart is there now more than ever; and were I more young I would be there soul and body, and mix among those who take care of the sick and wounded. But I am old, and shall hardly ever more cross the Atlantic except with my warm wishes.

— The climate of Virginia City, Montana territory, is reported to be the most unpleasant on the continent. On the 6th of July it rained and snowed as if had been mid-winter. There had not been six consecutive days of fine weather during the summer.

— The Boston Journal's correspondent telegraphs that the orders making changes in the Gulf and North Atlantic blockading squadrons were actually issued as stated, but at the request of Gen. Sherman, the order relieving Adm. Farragut from command of the Gulf Squadron was revoked.

— Take Rose 7th, which received the first prize as a two-year old Short-Horn heifer, at the recent show of the N. E. Agr. Society, has been purchased from Paoli Lathrop, of S. Hadley Falls, Mass., for $1,000, by G. T. Plunkett of Hinsdale, same State.

— The Firemen's Benevolent Association of Chicago has just erected, at a cost of $10,000, a very handsome monument in commemoration of the Lake-street calamity of 1857, when 30 persons lost their lives by a conflagration which destroyed an immense amount of property. The monument consists of a column 32 feet high, of Italian marble, and surmounted by a life-sized figure of a fireman in uniform. The marble was captured by a blockading vessel, having been intended for the State House in Columbus, S. C.

THE REBELLION.

The artillery which Gen. Kautz lost on Friday, were two batteries of four guns each. One battery was spiked, after all the ammunition had been used. We took about 700 prisoners, but the battle was desperate and came very near being disastrous. The object of the rebels was to recapture the ground lost by them ten days previous. Although at first successful, they were afterwards driven back, and the ground regained and held by our troops. Gen. Terry ordered a pursuit, which was kept up until dark. Our loss has been small, but the rebels suffered horribly. The rebel Gen. Gregg was killed at the head of his brigade. Saturday Gen. Meade advanced his 5th and 9th corps about half a mile, driving the enemy's skirmishers into their breastworks, but no general attack was made. Late Richmond papers state that the Union lines now enclose many residences never before within hostile lines; that all details for civil and other service have been revoked, and that every man, old and young, capable of shouldering a gun, is being dragged into the ranks. The Richmond Enquirer of the 6th says: "The enemy's position below Richmond is just 4 1-2 miles from the corporation limits, and 1 1-2 miles from our lines in that direction."

Rebel papers contain the following: All the Cadets of the Virginia Military Institute over 17 are called into the rebel reserve force. Those under 17 are requested to tender their services. The Federals appear to be making preparations for a determined attack on Wilmington. A number of vessels have recently been added to the blockading fleet. The occupation of Clinton, Ala., by the Union troops on Thursday last, after a severe engagement with the rebels under Scott, is announced. Jeff. Davis has returned to Richmond.

Dates from Gen. Sheridan to the 7th report that the rebels had been repulsed in two Cavalry attacks. Powell's cavalry division had been sent to Luray Valley to anticipate a flank movement. A Richmond letter (rebel) says Longstreet will relieve Early, and promises great things. Sheridan remains at Harrisonburg, regularly receiving supplies from Martinsburg.

The N. Y. Herald's Washington dispatch says intelligence has been received that Gen. Sheridan has won another victory over Longstreet, the successor of Early.

Gen. Burbridge with a small force attacked Saltville, Southwestern Virginia, and succeeded in taking 150 prisoners, together with horses and mules. Finding the enemy, under Breckinridge and Echols, in very strong force he withdrew, leaving his wounded. His loss was small. The rebels pursued for about eight miles. Gen. Burbridge passed through Covington Thursday afternoon, on the way to Lexington, Ky.

The rebel Gen. Lyon was repulsed in an attack on Hopkinsville, Ky., on Sunday, after a four hours fight.

Price on the morning of the 8th drew up his forces in line of battle before our works at Jefferson City, Mo., but was driven off by our batteries, and moved west.

—— Capt. G. A. Forbush, of Peterboro, of the 13th N. H. regiment, was killed near Richmond on Friday, Sept 30. A child of his died the day before at Peterboro. The 13th is in the 18th corps, Gen. Ord's, and was in the thickest of the fight.

—— On Friday morning, as the freight train was coming up from Portland, a man named George S. Blake, lying on the track near Seabrook Depot, was run over and instantly killed. Blake was a young man about 18 years old, of intemperate habits. He was not discovered until daylight. He was a son of Mr. Moses Blake of Hampton.

AMERICAN BOARD OF COMMISSIONERS FOR FOREIGN MISSIONS.—The annual meeting of the American Board was held the past week at Worcester, Mass. It convened on Tuesday p. m., and closed on Friday a. m. It was one of the largest and most interesting meetings of the Board ever held. About 4000 guests were provided for by the large hospitality of the people of Worcester, besides those visiting among friends; so that 6000 persons to a greater or less extent enjoyed the services of the occasion. The meetings were held in Mechanics' Hall, which is one of the largest and finest halls in New England. The hall is brilliantly lighted from the walls and ceiling; and the spectacle presented in the evening by the sea of over three thousand faces, filling every nook and corner of the fine auditorium, was one rarely if ever before equalled in Worcester. Hundreds were unable to obtain admission, and it was necessary to provide other places for the late comers, who were not to be disappointed of an intellectual feast. Washburn Hall (nearly as large as Mechanics') and Central Church were each crowded with eager listeners.

This was the third meeting of the Board in Worcester. First in 1811, second in 1844, and 1864. At the first meeting one parlor held the Board and one table fed them. In 1811 the income was $900; in 1844 one-quarter of a million; this year one-half a million.

The opening meeting commenced at 4 p. m. Rev. Dr. Hopkins, President of Williams College, presided. Prayer was offered by Rev. Dr. Childs of Vermont. The audience then united in singing the hymn,

"I love thy kingdom, Lord."

Rev. Dr. Worcester read the minutes of the last meeting, and an abstract of the annual report was presented by Rev. Mr. Treat.

The annual report of the secretaries of the Board present the following interesting facts:

Seven corporate members have died in the past year.

Twenty persons have entered upon the missionary work for the first time; and sixteen have returned to their respective fields of labor, after sojourning in the United States for a season. Only two young men are under appointment, who are expected to engage in this service.

The income of the past year is as follows: from donations, $428,511.14; from legacies, $89,610.79; from other sources, $13,861.84; making a total of $531,983.67. The expenditures of the year were $522,164.36. The debt with which the year began ($6,184.95) is cancelled; and there was a balance in the treasury, September 1, of $3,234.44.

The total number of missions under the control of the Board is 22; stations 111; out stations 313; number of ordained missionaries 150; and the whole number of laborers sent from this country, including 170 female assistants, 328. Number of native pastors 41; native preachers and catchists 251; school teachers 263; other native helpers 185; making the whole number of laborers connected with the missions 1068.

Pages of printed silice last year's report, 27,186,573.

Total number of churches, 166; church members (including all at the Sandwich Islands), 23,647; added during the year, 522.

Total number of training and theological schools, 12; other boarding schools, 14; free schools (omitting those at the Sandwich Islands), 345; whole number of pupils, 10,317.

There are 12 stations and 14 missionaries in Southern Africa, among the Zulus; the stations forming an irregular line at greater or less distances from the sea. There has been more than the usual missionary work done during the year. The ten churches contain 229 members. Of three missionaries on the ground, one has been there 22 years, one 20, and one 16.

The news from the Gaboon mission is favorable.

In the Western Turkey mission 47 have been added to the 19 churches, now containing 512 members. The native pastors are 7, licensed preachers 18, and the whole number of native helpers 73. The number of pupils in the schools is 1,098. The printing has amounted to 5,115,000 pages, in five languages. More than 9,000 copies of the Scriptures were distributed. Since 1840, 161,000 copies of the Scriptures, in eight languages and dialects, have been prepared and printed.

The mission in Central Turkey is in a highly encouraging state. The Eastern Turkey mission is also making good progress.

In Syria the signs of intellectual life continue to multiply.

The Madura and Ceylon missions are making good progress.

In China the year has been in some cases one of marked blessing to the missionary cause.

The Hawaiian Islands are now fully recognized as forming a part of the Christian world, and the peculiar work of the Board, as a missionary institution, has been accomplished upon them. A small number have been received into the church.

The missions in the islands of the Pacific are making progress.

Owing to the civil war the missions to the Indians of the Northwest have been less active than usual. Some of the Ojibways have joined the army of the North. The Senecas have cheerfully furnished a number of excellent soldiers to the Northern army, and have a prospect of healing up their own internal dissensions.

At the evening meeting in Mechanics' Hall the annual sermon was preached, by Rev. Dr. Condit, of the Auburn Theological Seminary. The text was Phillippians 2: 15, 16, "Among whom ye shine as lights in the world, holding forth the word of life. The sermon was very able.

The meeting in Washburn Hall on Tuesday evening was addressed by W. E. Dodge, Esq., of New York, Rev. H. Jessup, from the Syrian mission, and Rev. Mr. Walker, from Eastern Turkey. Mr Jessup, from Beirut, Syria, spoke particularly of the terrible outbreak in 1860, which threatened destruction to the entire Christian population. Eleven thousand people were massacred, and despair seemed to reign everywhere. Beirut was a city of refuge, and tens of thousands of people came there, and came under the influence of the missionaries, and were thus prepared to receive the missionaries when they visited them in their mountain homes. A most wonderful desire for Christian education has been awakened. On Mt. Lebanon before the outbreak there were not 700 children in school, now there are 3000. Now they are educating their daughters, a thing almost unheard of before the war. There have been great physical changes also. The telegraph has been widely extended there, and is completely overturning former business habits.

Rev. Mr. Treat, one of the secretaries of the Board, in behalf of the Prudential Committee, on Wednesday read a report on finances. He said God had wrought a great deliverance for the Board and its work. Three or four months ago its prospects looked dark. The pressure of the claims of our soldiers, and other charities growing out of the war, had reduced the contributions to its funds, the greater portion of which are spent in foreign lands, and with the high price of exchange of course realized very much less than the amount contributed here. In July the Board needed $175,000, and there were dark fears that it could not be obtained. An appeal was made to the churches. July showed $60,000, but it was indecisive; and the middle of August passed with the same result. But in August it seemed as if all the water-courses were turned towards Pemberton Square, until those who "sat at the receipt of customs" were wearied and faint with their work. The most effective blow in this work was struck in Providence. A liberal man there gave a blow which is still felt. He referred to some individual instances of generous liberality, and also made acknowledgment of the smaller contributions, which were valuable as showing the spirit which prompted them. Before the close of the financial year the sum required and more was received and paid in, and the Board is now out of debt, and has a balance in the treasury.

Rev. Dr. Anderson said that with the exception of about $30,000, the whole of the $135,000 given in August was given in small sums, and from all over the land.

During the year half a million dollars were received. This result shows the deep interest which the Christians of America who contribute to the funds of the Board feel in the cause of foreign missions.

The sum proposed to be raised during the next year was stated to be $265,000 in gold, for foreign expenses, and $70,000 in currency, for home disbursements, amounting in the total to $600,000 in our currency.

Wednesday p. m. Rev. Dr. George Wood, a corresponding secretary of the Board, gave an interesting account of his visit of fifteen months in Turkey, from which he has just returned. He made his home in Constantinople, where he had formerly acted for eight years as a missionary. During his recent stay he made journeys to several stations in Western Turkey, and attended the annual meetings of the Central Turkey and Syria missions. Dr. Wood gave a most encouraging account of the progress of the missionary cause in Turkey. The 6 missions he left in 1850 had increased to 24, and the 6 out stations to 101. The 20 native helpers had increased to 171; and the 7 schools with 112 scholars to 121 schools with 3844 pupils. He left churches with 229 members, and found on his return 49 churches with over 1800 members. The Protestant civil community had increased over 9,000 souls. Many other gratifying signs of progress were given. He also spoke of the progress of religious freedom in Turkey, and of the difficulties which the work encounters. The address occupied over an hour.

Rev. Dr. Jonas King, who has been engaged in the cause for forty-two years, and for thirty-seven years a missionary in Athens, was then introduced in terms of high eulogy by Dr. Anderson. His appearance was greeted with cordial applause. Dr. King's remarks were exceedingly interesting, relating to the terrible trials of persecution and almost martyrdom through which he had passed in Greece. He bore testimony to the faithfulness, devotion, and self-sacrifice of the missionaries — all of whom are eminently loyal and interested in the welfare of their native America. Five sons of these missionaries are in the American army — two have died in the service. He spoke also of the high position occupied by the American Union in the eyes of foreign nations, and of the heavy loss to missions as well as to freedom if we suffer it to be severed by the hands of rebellion. He made an earnest appeal for faithfulness and devotion and sacrifice for the cause of missions. His address was brief, and was listened to with intense interest.

At 3 p. m. a children's meeting was held in Union Church, which was crowded. Addresses were made by Rev. Messrs. Jessup and Doane, returned missionaries, and others.

Wednesday evening the report of the finance committee was under consideration. W. E. Dodge of New York, R. B. Chittenden of Brooklyn, Rev. H. Jessup of the Syrian mission, Rev. Drs. Adams and Thompson of New York, and Judge Taylor of Canandaigua, N. Y., took part in the discussion, — advocating the resolutions presented, and in favor of calling for the sum recommended. The resolutions were adopted.

The meeting in Washburn Hall on Wednesday evening was addressed by Rev. Drs. King and Wood, and others. At Central Church among the speakers were Dr. Joel Parker of New Jersey, Dr. Wilkes of Montreal, and Rev. Mr. Herrick of the Madura Mission.

At the Thursday a. m. session various reports and addresses were presented.

Rev. Mr. Herrick, of the Madura mission, showed some curiosities, which were presented by a native Christian society in Madura to its "grandmother," the American Board. He gave an account of the heathen worship to some of their gods.

Mr. Webb, of the same mission, made an interesting address, showing the interest which the native Christians feel in the operations of the Board, and the great progress which the cause has made, — the mission being thirty years of age. There are two hundred churches in the mission, and thirteen hundred communicants. Various difficulties of the mission work were stated. No Christian idea in the language. There are but eleven missionaries to the two millions of people there. More men are wanted — more sympathy and more earnest prayer. He closed with reciting the Lord's Prayer in the beautiful Tamil language.

On the report of the committee on the mission to Greece, Rev. Dr. King was introduced and made an interesting address. He had distributed 400,000 copies of the scriptures and other books and tracts. He had aimed to establish schools, and men instructed in them are occupying important positions, and their influence is felt for Protestantism. Other methods were by preaching the gospel and by the Socratic method of going into the streets and shops and conversing with the people. He had published eighteen volumes of religious books, and had written nine or ten volumes in answer to attacks made on him, and the first of these like to have cost him his life. By request he told the story of his preservation by the American flag, which story was received with applause. Dr. King then gave an account of his administering the communion service to the King.

When the report on the China mission was made, Dr. Anderson said he had just received this morning the painful intelligence that Rev. Mr. Bonney died on the 27th of July.

The afternoon services consisted of the administration of the Lord's Supper in the four Orthodox churches, which were filled to overflowing with communicants.

A business meeting was also held at 4 1-2 p. m. in Mechanics' Hall.

The evening session commenced at 7 1-2 o'clock. The hall was packed before 7. Resolutions of thanks to the citizens of Worcester and to other parties were passed.

It was stated that there were on record 90 corporate members, 550 honorary members, and 12 missionaries, all being in attendance.

Rev. Dr. Bacon submitted an eloquent and able report on the Sandwich Islands mission.

Rev. Albert Barnes, of Philadelphia, introduced a series of patriotic resolutions, which were adopted by the whole audience rising and singing

"My country, 'tis of thee."

A report on the Turkey mission was presented by Dr. Walter Clarke.

Rev. Dr. A. L. Stone delivered an able speech, which was heartily applauded.

A "mother's meeting," composed of pastor's wives and mothers, was held in Washburn Hall, which was crowded. It was conducted by the ladies, and was of great interest.

On Friday morning Mr. Doane, missionary from Micronesia, was introduced, and spoke of the work in those Island. Mr. Jessup, from Syria, was also introduced.

Rev. Mr. Treat announced the reception, since it was voted to raise $600,000, of three contributions of $1000 each, from a lady in Hartford, from a gentleman in Rochester, and from Rev. Dr. O. E. Wood, a corporate member of the Board.

Remarks of appropriate character were then made to the people of Worcester by Rev. Dr. Hopkins, President of the Board, and responded to by Rev. Dr. Sweetser. In all the spiritual music of this great festival there was no discordant note, and its influence cannot but be vast and of the happiest character upon the great work of Christian missions in the world.

"A Wonderful Discovery."
DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

☞ The Eastern Railroad Co. have made some changes in regard to conductors upon their long trains. The Portland trains are now run by three Conductors, Messrs. E. A. Towle, B. H. Cram and Geo. Bachelder, who will each make four round trips per week between Boston and Portland.—Mr. Geo. West runs the second Portsmouth (9.10) train, and Mr. Johnson, late of this train, runs the Newburyport train, succeeding Mr. Skinner, who goes to Boston to take charge of the Station, &c., in that city. Mr. Hatch, the former Station Agent, is to run the Amesbury trains.

The Portland trains over this road are now run in a great degree as express trains, thus obviating the necessity of numerous stoppages, as in former times. For example, these trains do not stop between Portsmouth and Newburyport, except at Hampton for water, unless they have passengers taken east of Eliot; and this rule applies to signal stations on the road. The through passenger traffic on this road has largely increased of late, and the public seem to appreciate the express trains over the Eastern, when compared with the innumerable stoppages one is compelled to endure on the Boston & Maine.

PORTSMOUTH, Oct. 7th.

Mr. Miller; I suppose you have not heard of that shooting affair that happened here Wednesday noon? Of course not, because the man that did it was a Republican; if it had been a copperhead, you would have had an extra sheet out to publish the news. I thought we were not allowed to keep firearms on our premises; but one of the City pets, can go out in his garden and shoot his neighbors at will. He went into his back yard, Wednesday, to practice, to see if he could hit a mark; but instead, he sent a ball through the window of a neighbor opposite, wounding his wife very severely in the head. He was practicing so as to be ready to shoot the Democrats, Election day; but if he don't come any nearer hitting them than he did his target, I don't think they have any cause for fear.

I take your Daily because I like to have the news — not because I approve of all it says. I like fair play on both sides, but we don't always get it. I will close by hoping in the future, you will be as ready to condemn a wrong act on your own side as you are on ours. Respectfully, JUSTICE.

Reply.—This anonymous screed, which comes through the mail from we don't know or care whom—puts us in mind of the guilty prisoner who was making a great fuss because he must be tried; and the sympathetic Judge soothingly assuring him that he should certainly have justice done him, replied, "Ah that's just what I'm afraid of!"

Now we don't think *we* are much afraid of *this* "Justice," whoever he is, any more than of some others of his always-growling tribe, who have had their flings at us, private and public.—Neither do we pretend or desire to treat all men whether good or bad, or all parties whether right or wrong according to *our* ideas, alike. But we have and shall speak of any and all, as we feel disposed; and no man can say us nay, seeing we ask no favors of any party, clan or individual. This is *our* "independence," and those who don't like it, can leave it.

As to the accident referred to—we had already chronicled it before hearing from Justice—having forgotten it for a day or two, until reminded by the Journal; but we see nothing in it for anybody to work themselves into a passion about. The Officer who, perhaps rather carelessly, was the unhappy cause of the mishap, is one of our most faithful and reliable Police—and these officials we believe are specially authorized by the City to go armed. And we never have heard that any other man was not allowed to carry arms about his lawful business, either. Our correspondent says, "we are not allowed to carry firearms." Who does he mean by *we?* Is he one of the fellows (of whom we have the list for future reference,) whose names were inscribed on those "copper and copperheads" guns?

Nobody can regret the accident so much as the officer referred to, of course—not even the lady sufferer herself, since she was not blameable, while he was—and such must be the case with any gentleman under similar circumstances. And the other parties immediately concerned, talk far more reasonably and calmly about it, than does our critic and adviser. The fact that the pistol was not aimed at any house, and could not be aimed at the one struck, from where the man stood; and that the ball must have glanced or rebounded unaccountably, and was almost entirely spent when it struck the victim—would go far with any reasonable person, if not in excusing, at least in palliating the unfortunate offence.—And we advise people on all "sides," to keep as cool as our old friend L. himself does, on this and all other subjects. F.

☞ As the Lyceum tickets will certainly all be sold, and no more than the 800 issued—all who wish to attend, will save disappointment by securing tickets in season.

☞ A Lady Artist and Card Writer, from Boston, is now in Portsmouth, and will furnish the Ladies with the most fashionable card, most beautifully written, at the low price of $1.25 a pack of fifty cards. She will be in the city for two or three weeks only, and will call on the ladies for their orders. 3t

☞ The Lyceum Tickets go like hot cakes—and the public may rest assured that there will be no second batch. And further, should all the limited number be sold before the opening, the Temple ticket-office will not be occupied, nor will a person be admitted into even an outer door of the hall, without a ticket. One thing more. We understand that it is the determination of the Committee, that all who pay for accommodations, *shall* have them; and as a considerable part of the jam at the last course was no doubt occasioned by that very patriotic and public-spirited class who (like those who steal their newspaper reading) either slip by the doorkeeper without tickets, or wait till a little late, when the doorkeepers themselves having gone up, the coast is clear—the arrangements are so made this year as to effectually prevent all this. 1000 tickets were issued last year—and it was thought that fully 1200 people were present generally, somehow or other. This time, 800 is the number decided on—as it is believed that number can be comfortably accommodated.

A soft or green Quaker would be as great a curiosity as a dissipated Hebrew; but not so great a one after all as to find the woman who did not prefer the J. Monroe Taylor Gold Medal Soap to any other the world can produce. Wife says it makes old clothes look as well as new, and a cross man the pleasantest and most lovely creature on the globe.—Try it, and our word for it, you will always patronize the Gold Medal Soap. 6

SMALL-POX HAS ALREADY SACRIFICED some of our best and bravest troops. Soldiers, listen to the voice of reason, supply yourselves with HOLLOWAY'S PILLS AND OINTMENT. The Pills purify the blood and strengthen the stomach, while the Ointment removes all pain, and prevents pit-marks.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they can not make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 231

Portsmouth, Sept. 24, 1864.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from he deposits.

Special Advantages of This Loan.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discount.

Convertible into a 6 per ct. 5-20 Gold Bond

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, or the interest on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in different parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the Government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, s pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the Government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Up to the 74th of September, the subscriptions to this loan amounted to over

$40,000,000.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

1st National Bank of Portsmouth, N H,
Nat. Mech. & Traders' Bank, "
and by all National Banks which are depositaries of public money, and

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

DR. S. O. RICHARDSON'S
BLOOD ROOT ELIXIR

Has been thoroughly tested and proved in his medical practice, for a period of THIRTY YEARS, and is now presented to the public as an effectual cure for

COSTIVENESS,

and the best remedy ever prepared for

Diseases of the Liver,

SCROFULA,

All Humors and Impurities of the Blood, and Diseases of the Skin.

The preparing and combining the Blood Root Elixir, is attended with results to medical science next in importance to the inhalation of ether in surgery. Roots and plants, in themselves purgent and disagreeable, are, by a new and scientific process of extraction (in vacuo), rendered MORE EFFECTIVE IN THEIR OPERATION, entirely divested of the griping and distressing pain which attends the action of all other purgative medicine. They are also made to become HIGHLY PLEASANT AND AGREEABLE to the taste, and by their peculiar combination work so perfectly in HARMONY WITH NATURE that no unpleasant reaction will follow its operation if a dose possesses

A Diffusive and Alterative Effect,

which can only be attained by medicine in a fluid state. These are new elements in purgative medicine.

The hard and compact manner in which pills are prepared renders them indigestible—and which taken are found through the stomach and bowels, half-dissolved, causing only PARTIAL ACTION, thereby creating irritation and pain to the parts connected with their passage.

One pill dissolved, *secundum artem*, will produce more medicinal and physical effect than five in a crude state.

The BLOOD ROOT ELIXIR has no partial action upon the bowels, but is *equally diffused thro'* and throughout the whole circulation of the blood, imparting a healthy invigorating action to the STOMACH AND BOWELS, LIVER, KIDNEYS, and gently stimulating dormant and morbid secretions through the whole system.

A single dose will produce a cheerful and exhilarating COMMOTION, which will inspire the patient with confidence and assurance of IMMEDIATE RELIEF. A few doses for a short period will DRIVE the obscure and hidden humors to the surface of the skin, and relieve or check SCROFULOUS ATTACKS, and by thus purifying and strengthening the blood, will remove the most fruitful

CAUSE OF CONSUMPTION.

It invigorates the various organs of the system to act their allotted part, removing the causes which induce RHEUMATISM AND NEURALGIA, HEADACHE, PRIVATE DISEASES, DYSPEPSIA, COSTIVENESS, and the various diseases which arise from a derangement of the Stomach and Bowels, and restricted circulation of the Blood.

COUGHS and COLDS, in their early stages, will immediately yield to the effect of the Elixir.

The BLOOD ROOT ELIXIR contains no mineral, no pernicious botanical element, no excitant, but stimulates the secretions by its mild diffusive action. It is a most valuable and delicious aperient—has a decided, salutary action upon the Liver, and *there has been no medicine prepared for common family use which so promptly relieves that organ.*

Travellers, both by sea and land, will find the Elixir a complete antidote for the evils which they are obliged to endure from a change of climate, of water, or of diet.

See the pamphlet around each bottle for a history of this Elixir.

The proprietor of the Blood Root Elixir, (Dr. S. O. Richardson,) has been long and favorably known to the public by his celebrated SHERRY WINE BITTERS, the best tonic medicine ever discovered, and which has been for several years the lead a graduate of the New Hampshire Medical College, and many years associate member of the Massachusetts Medical Society, and has made the study of medicine his profession since 1820.

And so fully convinced is the Doctor of the wonderful curative effects of his Blood Root Elixir, that he hereby offers to each and every person who will use one-third of a bottle of his Elixir and not be conscious of a good effect therefrom, to refund to said person the amount which he paid for the same, by returning the village bottle to his office.

Price $1.50 per Bottle.

Sold in Portsmouth by J. H. THACHER, opposite the Post Office, and No. 18 Market square; and by Dealers in Medicine generally, and at Dr Richardson's Office, No. 51 Hanover street, Boston.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate victims of his skill, who have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, fright ful Swellings, and the long train of horrible symptoms attending this class of diseases, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Pulmonary Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, nervous apprehensions, aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contracting matrimony, consult a physician of experience, and be at once restored to perfect happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotine, warranted to cure in a few days. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, continues to be consulted for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual obstructions, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the success of this treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of Women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases. Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of a skillful experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD.

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or so-called manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and others who have used it as medical prop erties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

DR. W. R. MERWIN & CO.'S COLUMN FOR THE

CHEROKEE MEDICINES.

Cherokee Cure, the great Indian Medicine,

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; and as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ Persons who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the Cherokee Cure will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

Cures in from one

to three days.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Gravel, Strictures, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all else had nauseous medicines were failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites, or Female Weakness, *Ulceration, Menstruation*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain they have experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

CHEROKEE PILLS!

Health Preserver!!

CERTAIN AND SAFE.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their functions being so substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE COOKING STOVE,

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, and see how far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelfuls of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT" VENTILATING & AIR-WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe as much as possible.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases have little time in the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, but are returned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of heat, and generally, making the chimney the hottest part o. your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

Resolved, etc., That the claims, vouchers and statements, of the various cities and towns in the State for reimbursement from the State Treasury for aid furnished the families of soldiers, and persons in the naval service, etc., under the existing laws of the State, which have been allowed, be and hereby are referred to the Governor and Council, to be by them, in connection with the State Treasurer, finally adjusted, and that the same be paid out of any money in the Treasury not otherwise appropriated, and the Governor is hereby authorized to draw his warrant therefor.

Approved July 16, 1864.

Resolved, etc., That the subject of a complete revision of the taxation [laws] of this State be referred to a select committee of two on the part of the Senate and three on the part of the House, if they shall so elect, to sit during the recess; that said committee prepare such a bill as to them shall seem expedient, and present the same to the next session of the Legislature for its consideration, and that they prepare an abstract of such bill and cause said abstract to be published in each newspaper printed in this State, three times successively, the last publication to be before the second Tuesday of May next.

Approved July 16, 1864.

Resolved, etc., That the State Treasurer be and is hereby authorized and instructed to pay to the Portsmouth Savings Bank the sum of eight thousand dollars, and interest, in satisfaction of a debt contracted with that Bank by the Trustees of the House of Reformation, under the provisions of the fifth section of the act of June 26, 1858, entitled, "An act in relation to the House of Reformation," in bonds of the State, at a rate not less than their par value.

Approved July 13, 1864.

Resolved, etc., That to the families and friends of the gallant men who have fallen from the battle-field, or died of disease in the service of the country, we sincerely tender our deepest sympathy, assuring them that no efforts on our part shall be wanting to render them free from destitution and want, and that we will always tenderly cherish the memory of our heroic dead, and ever labor to preserve and perpetuate the history of their truly noble deeds.

Resolved, That to our soldiers in the field we extend our most sincere thanks, for their gallant bravery, their patient endurance and fortitude, their honor and fidelity, all of which assure us that New Hampshire soldiers know no superiors, and that our State will never want noble defenders, who, like the ancient Spartans or the dwellers of Switzerland, "can die," but will never surrender her liberties. When this war is ended (as we all pray it soon may be), and by the blessing of heaven our country is once more united and prosperous, with their arms joined in common with those of our sister States, we will be invincible against the world.

Resolved, That the Secretary of the State transmit to the officers commanding the several regiments, and other organizations from this State now in the service of the country, copies of the foregoing resolutions with a request that they be read to their respective commands.

Approved July 16, 1864.

Resolved, etc., That the Governor, by the advice and consent of the Council, is hereby authorized to accept the services of so many volunteer surgeons and nurses to proceed to the seat of war, there to care for the sick, wounded, and disabled soldiers from this State, as the exigencies and emergencies of the times may demand: *Provided*, That no salary or compensation shall be paid to such surgeons or nurses, except their reasonable and necessary expenses while employed as aforesaid; and the Governor and Council are authorized to allow the claims of such surgeons and nurses after the same have been passed upon by the Auditor of accounts, and the Governor is hereby authorized to draw his warrant upon the Treasury therefor, out of the money hereinafter appropriated.

Resolved, further, That the Governor is hereby authorized, in his discretion, with advice and consent of Council, to secure the services of suitable assistant commissioners or military agents in the cities of New York, Philadelphia, and Baltimore, to care for the comfort and interests of our soldiers, and to aid them in returning to their homes, and to fix the compensation of such commissioners or military agents.

Resolved, further, That the Governor, by and with the advice and consent of the Council, is hereby authorized to refund such expenses as they deem expedient, incurred by the Sanitary Commission and by the New Hampshire Soldiers' Aid Association, in sending to their homes disabled, sick, and wounded soldiers, and discharged soldiers who are destitute of means of support. And the Governor, by advice and with consent of the Council, is hereby authorized and empowered to make other and suitable arrangements for sending to their homes and friends discharged, disabled, sick, and wounded soldiers. To carry out the aforesaid provisions of this resolution the sum of nine thousand dollars is hereby appropriated, and the further sum of one thousand dollars is hereby appropriated to be expended under the direction of the Governor and Council in such [other] manner as may best conduce to the welfare and comfort of the soldiers from this State, and the Governor is authorized to draw his warrant therefor for the purpose herein specified.

Resolved, further, That the sum of ten thousand dollars hereby appropriated shall be a separate fund, and distinct accounts kept by the Treasurer of all the expenditures made under the authority of this resolution; and a report in detail of all expenditures made in accordance therwith, distinguishing what amounts are paid for personal services be made to the next Legislature. Chapters 2652, 2775, 2777, and 2786 of the pamphlet laws are hereby repealed. App July 16, 1864.

Resolved, etc., That the State Treasurer request Col. Louis Bell, Lieut. Col. J. D. Drew, and Martin W. Willis, to immediately pay into the State Treasury the above sum, $825.62 and interest, $125.00, and $125.00, found due from them to the State, and if on a failure to comply with said request within a reasonable time, that the Governor and Council be hereby instructed to institute such proceedings against them as in their opinion will most quickly secure a speedy payment. App July 16, 1864.

Resolved, etc., That the action of His Excellency the Governor and Honorable Council, in expending the sum of four thousand five hundred eight dollars and seventy-three cents, as shown by vouchers submitted, in the erection of a temporary building for Hospital purposes, and for medical attendance, nursing, care and transportation of the sick and wounded soldiers, and for the conveyance to their homes of the dead of the 15th and 16th, and other returned N. H. regiments, be and the same is cordially ratified, approved, and confirmed. Approved July 13, 1864.

Resolved, etc., That the U. S. Sanitary Commission commends itself to our hearty support, and that we hereby testify, in behalf of the soldiers and people of this State, to the benevolence of its principles, and efficiency of its plans, as a means of promoting the welfare of the army.

Resolved, That we especially esteem the nationality of its views and declarations, by which all our soldiers, without distinction of place, are regarded as U. S. soldiers and treated as such in all respects.

Resolved, That the Ladies' Aid Societies of New Hampshire, acting as they do in co-operation with the U. S. Sanitary Commission, are heartily commended to the continued support of our people, as the most suitable tributaries through which the contributions of New Hampshire may be distributed to the hospitals and camps of the army. Approved July 16, 1864.

Resolved, etc., That the Treasurer of this State be and is hereby authorized to borrow for the temporary use of the State, at such times and in such sums as he may consider necessary and proper, any sum not exceeding one million five hundred thousand dollars, at the lowest rates of interest, not exceeding six per cent. per annum, and to reimburse the same by the sale of bonds authorized at this session of the Legislature. Ap July 16, 1864.

Resolved, etc., That the sum of five thousand dollars be and the same is hereby appropriated for the completion of the work of repairing the steam boiling apparatus at the Asylum for the Insane, and to reimburse the Asylum for the amount advanced by it to meet the deficiency of the appropriation last year; and that the further sum of two thousand dollars, in addition to the annual appropriation now provided by law, be and the same is hereby appropriated for the benefit of indigent insane; and the Treasurer is authorized, from time to time, as occasion may require, to draw his warrant on the Treasury for the purposes of this appropriation.

Approved July 1, 1864.

Resolved, etc., That His Excellency the Governor be and he is hereby authorized to employ a clerk in the Executive Department the ensuing year, and fix the compensation for the same, not to exceed one thousand dollars, and he is hereby authorized to draw his warrant on the Treasury therefor.

Approved July 16, 1864.

Resolved, etc., That the sum of seven thousand dollars be and the same is hereby appropriated for the use of the House of Reformation for the current year, and the Governor is hereby authorized to draw said sum from the Treasury, by warrant, out of any money not otherwise appropriated.

Approved July 12, 1864.

Resolved, etc., That the sum of one hundred dollars be and the same is hereby appropriated for the purchase of books and stationery for the use of the prisoners at the New Hampshire State Prison, to be expended under the direction of the Warden and Chaplain for the purposes above named, and that His Excellency the Governor be authorized to draw his warrant on the Treasury for the above amount.

Approved July 13, 1864.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Venereal Warts, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly cured in a few days by of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of the subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures! Its Enlargement and Diseases of the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a beautiful picture on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. These pills are those on which the Doctor establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 1 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Portsmouth, N. H.

WEDNESDAY, OCTOBER 12TH, 1864.

SEVENTH N. H.—We have been permitted to read three letters from Adj. Henry G. Webber, 7th N. H. regiment, to his brother, Col. Webber of this city. The items of news contained in them have been anticipated by telegraph, but the following statements may be of interest. The letters are dated before Petersburg, Va., Sept. 15, 22 and 23. Two of the letters contain sketches with the pencil neatly and graphically done—representing "Headquarters in the trenches,—a shell on the roof," causing a *general* skedaddling of the occupants; camp chairs and beds; *in the trenches*; and, an incident of the fight June 16, when our troops made a raid on the Petersburg and Richmond railroad. In relation to the last sketch the writer says:—

"Our small force had advanced in the morning across several lines of works abandoned by the rebels, but were met near the railroad by the advance of Lee's whole army, pushing down to head off Grant. So we fell back fighting, after making a stand in one of their old breastworks. Gen. Foster, finding himself flanked, retreated across an open field to the woods. Just as we halted and faced about, the rebels came cheering and yelling into their works and sent a shower of bullets after us. Our color sergeant, as we cheered back and commenced firing at them, sprang upon a stump and waved our old flag defiantly at them, to show that we had not gone far; and we stayed there and fought it out till dark, when we withdrew still further, and finally before morning to our own lines—having delayed Lee nearly a day, under the impression that we were Grant's advance, and torn up a lot of railroad for him to repair before he could get supplies along.

"We are getting woefully reduced in numbers, and I hope are to be filled soon. We have only 233 reported for duty in the regiment now (Sept. 15) having a very large sick list, both of officers and men."

Again, under date of Sept. 22, he writes:

"It is a dismal, dark, foggy morning, and raining heavily, as it has been all night.—The enemy have been pitching shells thro' camp ever since our bugle blew this morning, fortunately without injury to any of us. It would astonish you at home to see how much lead and iron is flying round, with so few wounds. Last Saturday, while I was at the front, a shell came down on top of the 'splinter proof' that serves for Headquarters, and, bursting almost immediately, one piece came through between the logs, and smashed the seat that I had just sprung from. Going into camp for my supper, I found a large hole in the side of our tent, near the head of my 'bunk,' a good deal of confusion among my things, and a piece of shell about as big as my fist lying on the floor.

"Having had the news of Sheridan's victory night before last, we fired one of Grant's salutes at sunrise yesterday.—that is, with shotted guns pointed at the enemy—10 rounds each gun. How many there may be along the lines I do not know, but on the front of our brigade there are about 30 cannon and mortars. As you may suppose, the guns and shells made a tremendous uproar, and the enemy hardly fired a shot in reply, but have showed their sense of the attention by throwing shells at our camp at intervals of 15 minutes ever since.

"The three years of the regiment are out Nov. 20, but whether the remaining men, who have joined since its formation, will retain the organization and be filled up, or be consolidated with some other regiment, does not yet appear."

And under date of Sept. 23 he writes:—

We are all feeling fine here over the victory in the Shenandoah Valley; and to judge by the vicious way in which the rebels have shelled our camp for the last two days they are irritated about something.—We treated them yesterday at sunrise to one of Grant's salutes, from every gun on the lines, shotted—10 rounds from each gun.

I have been out on the lines since dark with a detail, (getting one ball within a foot of my head,) and on returning, coming thro' the camp of the 3d N. H. V., who had just been relieved, found the officers having a pow-wow over the news, and "defining their political position." There was only one who wasn't for "Lincoln strait," and I left them marching around him and proposing to shave his head and drum him out. It seems as if McClellan stock must be low in the market just now, though I am sorry to see the names of so many men who *ought to be respectable* among the officers of the Faneuil Hall Convention. Here in the army it is all one way, and with one or two coppery exceptions every one declares they will vote for *no man* who stands on the Chicago Platform.

Our Brigade Commander, Col. Hawley, 7th Conn., has just got his Brigadiership.—He is at home, and Col. Abbott is in command of the brigade, and Maj. Rollins of the regiment. Our sick list is large just now;—we report this morning 197 for duty, 135 sick.

— The Richmond Enquirer of the 6th inst. favors the making soldiers of negroes, and giving such soldiers their freedom, if they escape the casualties of battle. It urges upon the Confederate Congress to purchase 250,000 negroes, present them with their freedom, and arm and drill them. What will the copperheads say? It ought to have more regard for the Constitution.

— A chemist in Liverpool, who sold strychnine by mistake and killed a man, was sued by the widow, and compelled to pay her $7,500 damages.

— A lady who sings in the choir, says she will marry a small man, because short metre hims are the easiest to get along with.

THE REBELLION.

Gen. Sherman reports that Atlanta is perfectly secure, and that his army is abundantly provisioned and better off than in camp. Hood had moved rapidly back to Dallas and Van Wirt, and Sherman was watching him in case he tried to reach Kingston or Rome. Forrest crossed the Tennessee river near Florence and escaped, on the 6th, while Gen. Rousseau was detained by high water in Shoal Creek and Elk river.

Gen. Burbridge reports his recent operations, in which he drove a largely superior force of the enemy from Clinch Mountain and Laurel Gaps, and on the 2d drove him to his works at Saltville, a distance of three and-a-half miles. There the enemy was strongly entrenched, yet Gen. Burbridge at once attacked him and drove him from his works on our left and centre, held him in check on the right, and finally, in spite of artillery and superior numbers, whipped him at every point—the occupation of the works themselves being prevented by the failure of the ammunition. A detachment sent to Pound Gap forced its way through, and drove Prentice with a superior force from his works at Gladville, capturing several prisoners, a number of small arms, and one piece of artillery. Our loss in all is about 350; that of the enemy greater. On the 3d Gen. B. received orders from Gen. Sherman to return.

Gen. Steele is moving in force upon the rear of Price, toward Missouri.

Gen. Grant reports that 300 will cover our entire loss in killed, wounded and captured, on Friday—150 being captured; while the enemy's loss could not be less than 1000 or 1200.

Gen. Sheridan reports that on the 7th he had moved to Woodstock, Va. McNeil, "the most daring and dangerous bushwhacker in that section," was mortally wounded in an attack on a small portion of our cavalry, and fell into our hands. Gen. Sheridan says:—

In moving back to this point, the whole country from the Blue Ridge to the North Mountain has been made untenable for a rebel army. I have destroyed over 2000 barns filled with wheat and hay and farming implements, over 70 mills filled with flour and wheat, have driven in front of the army over four herds of stock, and have killed and issued to the men not less than 3000 sheep. The destruction embraces the Duray Valley and Little Fort Valley, as well as the main valley. A large number of horses have been obtained. Lieut. John R. Meigs, my engineer officer, was murdered beyond Harrisonburg, near Dayton.—For this atrocious act all the houses within an area of five miles were burned.

Gen. Sheridan also reports that on Sunday night he was at Strasburg. On Saturday a large force of rebel cavalry appeared in his rear, and Gen. Sheridan, to use his own words,

"Being satisfied that it was nearly all the rebel cavalry of the Valley, commanded by Rosser, directed Tarbett to attack at daylight Sunday morning, and finish this "Saviour of the Valley." The attack was handsomely made. Merritt captured five pieces of artillery. Custer captured six pieces of artillery, with caissons, battery forge, &c. The two divisions captured 47 wagons, ambulances, &c. The number of prisoners will be about 330. The enemy, after being charged by our gallant cavalry, were broken, and ran. They were followed by our men on the jump 26 miles through Mount Jackson, and across the North fork of the Shenandoah. I deemed it best to make this delay of one day here and settle this new cavalry. The 11 pieces of artillery captured make 30 pieces captured in the valley since the 19th. Some of the artillery was new and never had been fired. The pieces were marked "Tredegar Works."

GEN. DIX'S VIEWS.—Maj. Gen. John A. Dix has defined his political position, in a letter expressing his inability to address a public meeting in Philadelphia. He says there is but one question now before the people, viz.: Shall we prosecute the war with unabated vigor until the rebel forces lay down their arms; or shall we, to use the language of the Chicago Convention, make "immediate efforts" for "a cessation of hostilities, with a view to an ultimate convention of all the States," &c.? Believing that the latter measure would lead directly to the independence of the insurgent States, he should oppose it in every possible form. But on this vital question Gen. McClellan is silent—he does not meet it with "manly frankness"—and either the war or the peace Democrats are to be deceived. Gen. Dix says that the action at Chicago has made the Democratic party "what it has never been before, a peace party in war, degrading it from the eminence on which it has stood in every other national conflict."

MASONIC.—The corner-stone of the new Masonic Temple, corner of Tremont and Boylston streets, Boston, is to be laid on Friday, with the highest form of ceremonial known to the Order. Fifty lodges have already signified their intention to take part in the grand ceremony. The ceremonies of consecration will be performed by M. W. Grand Master William Parkman, assisted by the Wardens and officers of the Grand Lodge. An address by Hon. Robert B. Hall, of Plymouth, Mass., will be delivered on the occasion. A dinner will be given in Faneuil Hall. Various individual organizations will celebrate separately.

☞ The annual State elections occurred yesterday in Pennsylvania, Ohio, and Indiana. From the first of these States returns will be looked for with special interest, bearing as they do upon the relative success or failure of the rival candidates for the next Presidency. Advices were received in or passed through Portsmouth until a late hour. Returns were very slowly received, but indicated that the Republicans had triumphed throughout the State. In some districts there were Democratic gains over last year; but the soldiers' vote, when it is received, will restore the equilibrium, it is thought, — and the Republican majority may exceed that of last year, which was about 15,000. Philadelphia has given a Republican majority of from 2500 to 3000 above that of last year, which will give nine or ten thousand for the Union. Fifteen out of eighteen Assembly-men are Republican. We doubt not sympathizers with rebellion and treason will find but little to console them when complete returns from Pennsylvania are received. Indiana may give her strength to the Democracy; but Ohio, we confidently trust, will pledge herself anew to sustain the freedom, the integrity, the honor of our country.

NEW HAMPSHIRE ITEMS.

——Rev. Rowland Connor, of Kingston, has gone on a mission of christian kindness to our soldiers in the field, especially to the sick and wounded. He goes out for a month or more, using his parish vacation for that purpose, and paying his own fare.

—— A confidence operator, calling himself George R. Morgan, of New Haven, Conn., and pretending to be a government agent for the purchase of horses, has been cutting up shines in Keene. Having procured the signature of George W. Ellis of Swanzey on a slip of paper, he wrote a note for $280, got the money from the Chester Co. Bank, and left.

—— Another prize dance is coming off at the McClellan House, Kingston Plains on Thursday evening next. The Exeter News Letter states that Gen. McClellan has been invited to attend.

—— Lieut. Col. Richard E. Cross, 5th N. H. regiment, has been sentenced to be cashiered for disobedience of orders and breach of arrest.

—— Adj. N. B. Boutwell, 18th N. H. regiment, has been exempted from dismissal from the U. S. service, the military commission instituted by the War Department having reported that satisfactory defence has been made in his case for the offence alleged to have been committed.

☞ The Lebanon Press states that on Monday evening last, Mr. Jackson, the colored gentleman who escaped from slavery two years since, and who has since been traveling in Europe, went to Littleton to lecture, but the copperheads determined that he should not be allowed to do so. Accordingly the class ready to do the low and disgraceful work, were filled with rum and set on by the leaders of that party in that place. Small boys were first sent in to disturb and break up the meeting; but, notwithstanding the noise, he proceeded with his lecture. But at length the copperheads became more desperate, and filled the hall, uttering threats and the most vulgar and disgraceful language possible for a set of fiends to devise. Finally it was deemed useless to proceed with the meeting, and Mr. Jackson, accompanied by several gentlemen, attempted to leave the hall; but before he reached the door, he was surrounded and immediately seized, and received the most inhuman treatment, some of them shouting "kill him," and others, "mob the d—d nigger." The ball was well filled with ladies and gentlemen, but no respect was shown the ladies, and the most degrading and demoralizing proceedings were carried on by this mob. Is this the class of men crying peace? What kind of a land would we have if such devils had the control of our government?

In these times of high prices, it is well to remember that children can be supplied with shoes for less than half the usual annual cost, by wearing Metal-Tipped Shoes, to say nothing of stockings destroyed and health endangered by wet feet, arising from the childlike habit of wearing out their shoes at the toes first.—*Boston Journal.*

LADY'S BOOK.—The November number of Mr. Godey's popular magazine has come to hand. It is a magnificent number. Plates and illustrations elegant. Price hereafter, $3 single, $5 for two copies.

— The U. S. steamer Kearsarge was spoken Sept. 10, in search of the pirate Florida.

— Joshua Bates, the eminent Anglo-American banker, died in London, Sept. 24. He was born in Boston.

— The Alliance Insurance Company of Boston have voted to wind up their business, on account of some recent very severe losses.

— Orders have been issued to suspend all requisitions upon the Treasury until the soldiers are paid to October 1.

— The venerable mother of John C. Breckinridge died at Baltimore on Saturday night.

— There is a company of miners at Washington Hill, Plumas county, California, engaged in running a bed rock tunnel, who have been at work upon it for the past nine years. They have run over seventeen hundred feet already, and have about three hundred feet more to cut out before they reach pay dirt. That company deserves success.

However mean your life is, meet it and live it; do not shun it and call it hard names. It is not so bad as you are.

— One of the effects of Dr. Bellow's visit to Oregon has been to increase the manufactures of the State. He told the ladies that woolen socks were a necessity to the soldiers of the union army, and they are now all knitting, knit, knit, knitting, and, doubtless, before this, there are socks enough under way to supply half a regiment.

Cotton having abdicated, Iron is king; but it is not yet settled whether in plates or balls.

— A race 600 yards, for $25 a side, was run at Portland, Oregon, recently, between a bay gelding, "Jeff Davis," and a grey mare, "Clara Lincoln." The mare beat her competitor fourteen feet. Good for the Lincoln mare—we like her name.

A man is rich in proportion to the number of things he can afford to let alone.

— The first mail overland from the Pacific coast since the interruption caused by the Indian troubles on the plains, arrived at New York on Saturday morning. There will now be regular daily mail communication with the Pacific coast until about the first of January, when the snows fall heavily upon the Sierra Nevada.

— Yellow fever had broken out again at Bermuda, on the 5th. A panic existed.
